## FOOTBALL.

### GAME WITH HOBART AT GENEVA, SATURDAY, OCTOBER 16.

Hobart, 5; Union, 3.

Officials—Umpire, O'Neil, of Williams; Referee, Cadigan, of Syracuse. Time of halves, 25 minutes.

### UNDERCLASS GAMES.

Albany High School, 21; Union, 1912, 0.

Albany Y. M. C. A., 9; Union, 1913, 0.

The Sophomore and Freshman football teams last Saturday made a trip to Albany, where they played the Albany High School and Ridgefield elevens, respectively. Both teams left on the 1 o'clock limited, the Sophomores being able to gather only twelve men who had sufficient energy to make the trip, and the Freshmen a squad of

In the second half of the 1912 game the team suddenly became organized and held the High School to no score.

The Freshmen were scored upon twice in their second half, by a fluke touchdown and a placement goal.

Although both teams were defeated, the games were clean and gentlemanly throughout, and the Albanian spectators were shown that the Union underclassmen excelled in courtesy and game-ness, if not in football science.

The game the Freshmen put up was especially commendable, considering their weight and experience. They gained ground easily, but their use of the forward pass was unfortunate.

Such trips as this should be encouraged, whether the teams win or not, as promoting good fellowship between underclassmen, and as a good advertisement for the college.

The Sophomore line-up was as follows: Fisher,

### "SKE-DADDLE TO HAMILTON."

eighteen.. Walser, '10, and Webb, '12, accompanied the teams. After a noisy trolley ride and a cross-country walk, the teams reached the Ridgefield grounds at 2 o'clock. It was decided to "sandwich" the halves, the Sophomores playing first. The twelve hastily collected Sophs must have been dismayed at the size of the High School squad, for in the next twenty minutes the Albany players rolled up a score of twenty-one! This may be attributed to lack of organization and inexperience in defence, their ends being played for large gains. The college team gained easily through the line, but always managed to lose the ball by a fumble.

The frosh lined up against the Albany Y. M. C. A. team, composed of men averaging 165 pounds, but in the first half of fifteen minutes the frosh not only held the fast Ridgefield team for downs on their five yard line, but nearly scored, encouraged by the remarkable spectacle of "sophs" yelling like mad for "frosh!"

The Freshmen team was: Kittson, R. E.; Royce, R. T.; Stewart, R. G.; W. Clarke, C.; Ulrich, L. G.; Klein, L. T.; Morgan, L. E.; Kimberley, Q.; Wilcox, R. H.; McMahon, F. B.; Spearman, L. H.

## SONGS AND CHEERS FOR THE ROCHESTER GAME.

University Day, Oct. 23, '09.

Monday at chapel a collection of songs and cheers, published by the Musical Association, was passed out to the students. These are to be used at the Rochester game and it is essential that everyone learn them all as soon as possible. For the benefit of those who did not receive copies of the songs and cheers we print the whole collection.

## NOTE TO FRESHMEN.

In times past the singing of "Alma Mater" at crucial moments has won many a game. When this grand old song is called for, put all the energy you can muster into it. Remember that you're a Son of Old Union and that she has the reputation throughout the country for college spirit **second to none**. It's up to you to help perpetuate this reputation!

No. 7. "Union Rally Song."

By Kline, '08.

1. All hail to thee, dear Alma Mater,  
Union cheer for aye.  
Each day will bring us ever nearer,  
To the parting way.  
Still as we linger near thy terrace,  
The scene of many a fray,  
We'll meet once more, then Union cheer  
For ever and for aye.  
Rah, Rah, Rah.

Chorus—

Rouse the echoes, let them peal  
O'er every land and sea  
To myriad voices may they answer 'till eter-  
nity.  
Dear Alma Mater may thy loyal sons  
E're raise this song to thee.  
And wake the echoes with the paen  
Union and victory!  
2 Tho years may pass and fortunes alter,  
We'll still be true to thee.  
And as sweet memories grow older,

Our love shall stronger be.  
 Thy sons in life have done thee honor,  
 And spread afar thy name.  
 Then ever may thy glory shine,  
 And thy undying fame.  
 Rah, Rah, Rah.

Chorus—

No 8. "Sons of Old Union."

(Written for the Union College Football Team  
 by the Misses Corbin and Simpson of Bingham-  
 ton, N. Y.)

When foes are come and courage stands  
 To face the battle's gleam;  
 When every man stands hand in hand  
 To back Old Union's team;  
 When cheer on cheer rings o'er the field,  
 And as one man we stand,  
 We'll voice the thought, we'll never yield  
 And sing to our Alma Mater grand.

Chorus—

Union, Union, our college fair,  
 Old Alma Mater beyond compare,

"SKE-DADDLE TO HAMILTON."

Tried and true stands every son,  
 Pledging his loyalty to Old Union.

When college days are long since past  
 And youth has gone its way,  
 When all men vow things do not last,  
 And heads are bent and grey,  
 We'll prove them wrong,  
 We'll sing our song,  
 On sea—in any land,  
 We'll ne'er forget, we love thee yet,  
 And dream of our Alma Mater grand.

Chorus—

No. 9. "Song to Old Union."

Fitzhugh Ludlow, '56.

Let the Grecian dream of his sacred stream,  
 And sing of the brave adorning  
 That Phoebus weaves from his laurel leaves,  
 At the golden gates of morning;  
 But the brook that bounds through Old Union's  
 grounds  
 Gleams bright as the Delphic water.  
 And a prize as fair as the gods may wear  
 Is a 'dip' from our Alma Mater.

Chorus—

Then here's to thee, thou brave and free;  
 Old Union smiling o'er us;  
 And for many a day as thy walls grow gray,  
 May they ring with thy children's chorus.

Could our praises throng on the waves of song,  
 Like an Orient fleet gem-bringing,  
 We would bear to thee the argosy,  
 And crown thee with pearls of singing.  
 But thy smile beams down beneath a crown,  
 Whose glory asks no other;  
 We gather it not from the green sea-grot—  
 'Tis the love we bear our mother.

Chorus—Then here's to thee, etc.

Let the joy that falls from thy dear old walls  
 Unchanged brave time's on-darting;  
 And our only tear fall once a year  
 On the hands that clasp ere parting;  
 And when other throngs shall sing our songs,  
 And their spell once more hath bound us,  
 Our faded hours shall revive their flowers,  
 And the past shall live around us.

Every Union man, no matter where he may be  
 sitting, is urged to join in the "Forming of the  
 Block U" between halves. Line forms in front  
 of west bleachers as soon as time is called at  
 the end of the first half.

"For Union, for our country and the right."

THE CHRISTIAN ASSOCIATION.

Ex-President Alexander to Speak Oct. 31.

Last Sunday afternoon was held one of the most interesting and best attended vesper services of the fall. At this meeting Prof. C. E. Franklin of Long Island gave a talk on "The Christian College Man in Educational Work." Mr. Franklin has for a long time been identified with educational work in New York city and was well qualified to treat a subject of this kind.

The meeting was opened by the singing of Prof. Franklin's own song, "Old Union Beside the Mohawk Vale," which, in the presence of its author, was sung by the student with a spirit seldom manifested except on such occasions.

Mr. Franklin, in speaking to the students, said: "Teaching has well been called the noblest of professions, and the sorriest of trades. Let me plead with you who intend to teach merely as a temporary occupation, to abandon the idea. No one should think of teaching unless he is a person of fairly good scholarship and has an aptitude for the work, or unless he is a person of in-

"SKE-DADDLE TO HAMILTON."

dependent means, who wishes to do what he can towards bettering the conditions of humanity."

In the last part of his talk he digressed somewhat from the main subject and closed by advising everybody to join with some church. "Join a church," said Mr. Franklin, "stick to it, and work for it, for the sake of yourself, your country and your God."

At the meeting on Tuesday evening Dr. George R. Lurn spoke to the students. He took for his general subject the circumstances attending the strike at McKee's Rock, at which he was present.

On the last Sunday in the month, Dr. George Alexander, ex-president of the college, will speak at the vesper service. On this day President Richmond will go to New York and preach for Dr. Alexander in his church on University Place. Dr. Alexander will take as his subject, "The College Man in the Ministry," this being another in the series of life work talks.

TRACK NEWS.

Cross-Country Run With Vermont.

Cross-country work is now the order of the day. The squad is working steadily in preparation for the cross-country meet with Hamilton which will be held here on October 30. Negotiations have been entered into with the University of Vermont looking toward a cross-country run some time early next month. Although nothing definite can be given out as to the personnel of the team, it is probable that Travis and Coward of last year's team will run. Rogers of the Freshmen will undoubtedly run. Wallace, '13, has been showing up well and should make a good man. There are also several other men who have been working persistently so that there will be plenty of good material from which to choose.

Track prospects in general are excellent. There is a large amount of good material in the Freshman class. With Wallace and Rogers in the distance runs and Rose and Klein in the weights, in addition to the men in the other classes, the track pennant should come to Union next year.

## Freshman Spiel

During the past week there has been noticed much agitation among the students concerning what is commonly known as the "Freshman Spiel." Therefore, it is not irrelevant to discuss here the question from a broad viewpoint. First, we will ask the question, "What can be said against it?"

In answer, *first*, it is not (contrary to current opinion) an old tradition of our Alma Mater. We at Union have many traditions which should be kept inviolable and intact, but the Freshman Spiel has not taken rank among them. The custom has been in vogue only about ten years, and during that time has suffered several relapses, as in the case of the class of 1910. Therefore, it cannot be argued in favor of the Spiel that it is a tradition to be kept sacred, for, as a fact, it is not a tradition.

*Secondly*, It harms the good name of Union among the Alumni and in the college world. Alumni down in New York City and elsewhere say that every spring lately they have heard of the Spiel, and we ask, Is such a thing going to make our Alumni and friends more or less willing to contribute to the "New Gym" and support the other interests of Union? And, fellows, now when Union is so prosperous and thriving, do we dare risk keeping one iota of new strength and power from being granted her by any hasty and unreasonable act?

*Thirdly*, It hurts the fellows themselves. This fact seems self-evident. How fellows can improve mentally, morally or physically by such a practice passes comprehension.

Now, what can be said in favor of it? Only this: it perhaps promotes good feeling. Yet this good feeling can be promoted, and to a far greater degree, without resorting to such a scheme. It might be done in many ways, but we suggest one that seems particularly feasible and practical.

Why can't we have a college smoker in

the Gym? How would this be? Let the Freshmen provide the "makings" for smoking and a "feed," and let them decorate the interior of the building with flags, banners, etc. Then have some wrestling bouts, boxing matches, quartet and college songs, with "vaudeville stunts" by the fellows; and a general good time.

Now, let's all give the matter serious thought, **ESPECIALLY THE FRESHMEN**, and let's do the right thing from every standpoint, and something that will add to the present strength and influence of Old Union, for that is what we should think of in all such matters.

One of the topics that is being very much agitated at present is that concerning the coming trip to Hamilton College. This comes Saturday, November 13, and will give every man in college plenty of time to prepare for it and to save up all of the money needed for that purpose. This is something which everyone should consider seriously and which every student, with the right kind of college spirit, will be heartily in favor of. There will be no excuse for not going, excepting in the case of those men who have to work or who are absolutely compelled to stay away. Those of us who made the trip two years ago know how much we enjoyed it, even though we had some disagreeable weather. On that occasion we had nearly as many men at the game as Hamilton herself had. Not only that, but the cheering and singing from our bleachers was far better and louder than that which came from the opposite side of the gridiron. It was a source of satisfaction to us all to feel that we had, every man of us, helped our team to the best of our ability. We want to repeat these conditions this year, and even improve, if possible. At present the football management is making plans whereby we may get reduced rates going to and coming from the game, and it is certain that

we will have several special cars for those who go with the team. So the matter of price and convenience will be fixed so as to be suitable to all. And, beside the fact that so many are going from these departments of the College, it seems probable that many of our students from Albany could be able to make the trip also. We offer this as a suggestion and think it would be well for the management to attempt some such arrangement. It would not only increase our attendance at the game, but would also strengthen the friendship between the several departments. One thing further in connection with the trip—learn all of the songs and cheers that will be given out for use at that game, so that we shall be able to use them successfully.

This week Saturday occurs that custom which has come to be an annual affair in our University—"University Day." Through the intercourse between the men of the several departments which this day affords us we are brought into closer relationship with the members of our University whom we do not ordinarily meet. It is an excellent plan and one which we hope will always continue and always receive the hearty support of all. Several years ago the relationship between the several departments was not especially pleasing, but in recent years, very much due to University Day custom, we have been brought closer together and have profited thereby. This year we are to be the hosts of the other students, and it is "up to us" to show ourselves to be real sociable and capable hosts, for in this we can, as students, promote the interests of our Alma Mater. Let every man get into the spirit of the day and manifest the true Union spirit—it will pay.

*Rochester Game* One of the most important games of the season comes Saturday, that with Rochester on our own campus. It is a game which we must win, to wipe out the defeat of last Saturday and to get our team in condition to win the pennant this fall. That is what we should anticipate. Just a word about that day—to make the result of the game a victory we must all get behind the team, and to do that we must learn the songs and cheers that have been gotten up for that game. We will have plenty of students to help us in cheering, which will be a great advantage, and it is certain that the cheering and singing at the game will be the best that has ever been heard on the campus. We must help the team win, and everyone is needed.

#### UNIVERSITY DAY.

On Saturday the college will have as its guests the Albany departments of the University. Free transportation will be given the Albany departments, who will arrive in this city about 10 o'clock in the morning. At 11 o'clock there will be addresses in the college chapel by Dr. Richmond as chancellor of the University; Dean Smalley of Syracuse University; Hon. Simon W. Rosendale, president of the Board of Governors of the University; Dr. Samuel B. Ward, dean of

the Albany Medical School; George Lawyer, Esq., professor of laws of contracts of the Albany Law School; Dr. Lewis Boris, director Dudley Observatory, and Dr. Willis G. Tucker, dean Albany College Pharmacy. The college Glee Club will render at the close of the meeting, some college songs.

Members of the Albany School will be entertained by the various fraternities on the hill for lunch. When the register at Silliman Hall they will be given tickets for the afternoon's game, which is with Rochester, on the campus. It is understood that the Albany departments intend to bring with them a band which is to play at the game. After lunch the students will form in line and march through the principal streets of Schenectady previous to the game.

#### UNION UNIVERSITY.

#### Founding and Organization of the Different Departments.

With the approaching celebration of University Day on Saturday, we become unusually interested

in the conditions which first led to the founding of the different departments and their organization into a University.

But little need probably be said about the beginning of Union College itself. Every student should already know of its past history,—of the motives which inspired the old Dutch burghers of Dorp to desire for their city an institution of higher learning; that it was incorporated by the Regents of the University of the State of New York on February 25, 1795, thus making it the second oldest college in the State, and the first north of New York city and west of the Hudson, and finally that it received its name from the circumstance that several religious denominations co-operated in its organization, making it the first college in the United States not strictly denominational.

Although Union College acquired by its charter full university privileges, the creation of graduate institutions at Schenectady was not found practicable. Such institutions, however, soon were founded at Albany and in 1873, during the administration of Dr. Potter, these schools were

brought together under one head with Union College, and Union University was incorporated. At that time there were but three departments at Albany—the Medical College, the Law School and Dudley Observatory. It was not until 1881 that the College of Pharmacy was founded and made a part of the University.

Dr. Alden March, a graduate of the Brown Medical School, who settled in Albany in 1820 was the moving spirit in the founding of the Medical College. As early as 1821, he began a course of lectures, which were attended by many of the young practitioners of Albany, and continued with this fork for many years. In 1831, Dr. James H. Armsby, one of Dr. March's most earnest co-laborers, came to Albany, and these two men soon bent their energies toward establishing in their city an institution where young men could receive instruction along medical lines. In 1838 several meetings were held at which the friends of the project took active steps towards organization and on January 3, 1839, the first course of public lectures by the Albany Medical College was begun with a class of fifty-seven students.

### "SKE-DADDLE TO HAMILTON."

The Albany Law School was the result of an act of the State Legislature of April 17, 1851, which legally expressed the desire to make Albany a seat of higher learning. In this same year the Law School was founded and organized by Ira Harris, LL. D.; Amasa J. Parker, LL. D., and Amos Dean, LL. D., distinguished lawyers and public-spirited citizens who wished to exalt their profession and adorn their city. This school, which is famous in the annals of American education, is the fourth oldest law school in the United States, being antedated only by Harvard, Yale and Cincinnati.

The immediate impulse that resulted in the establishment of Dudley Observatory is supposed to have been received from a course of astronomical lectures delivered in Albany by Prof. Ormsby Mitchell, then in charge of the Cincinnati Observatory. Large contributions were immediately raised for the new enterprise. The largest donor to the original institution was Mrs. Blandina Dudley, in honor of the memory of whose husband the institution was named. The next largest single contributor was Thomas W. Olcott, an Al-

The last department of the University to be founded was the Albany School of Pharmacy. In 1878 it was decided that a meeting should be held for the purpose of determining whether a Pharmaceutical Association should be formed with the view to the establishment of a School of Pharmacy. So little interest, however, was shown in the project that it was dropped until 1880. It was then decided that a better plan than the one previously proposed would be to establish a Department of Pharmacy under Union University. This idea was carried out and on June 21, 1881, the Albany College of Pharmacy was founded to form the pharmacy department of Union University, thus giving to the University the last of the present departments. By the combination of these several departments the enrollment of Union University reaches nearly 800 students.

#### COLLEGE MEETING, OCT. 18, 1909.

The meeting was formally opened by President Cavert, after the singing of Alma Mater.

Dr. Mac spoke for the football team and about the Hobart game. He said that the team came

Club to remain for a few minutes after college meeting.

President Cavert announced that the senior class picture would be taken in front of the Red Building at 1:15 Tuesday if the weather permitted. He said also that the President of the Honor Court wanted the Freshman class to remain after college meeting.

Chaffee, '10, asked all Sophomores who desire to register for assistant business manager of the "Concordy" to register with him some time between then and Tuesday noon.

#### DR. NOTT'S MEMORY TO BE HONORED

##### Dr. Nott's Great Work.

Ashford, Conn., the native town of Dr. Eliphalet Nott, for sixty-two years Union's president, is to especially honor his memory at its two hundredth anniversary next year. The general facts of Dr. Nott's administration are familiar to all Union College students, but few realize the long years of hard work he spent in building up this college until it was recognized as the equal of Harvard

back from Geneva downhearted and discouraged and that the best team did not win the game. He also urged the students to cheer on the team and that a good scrub be out working hard every day. He made the announcement that "Stub" Potter is to be here this week to help coach the team.

Leon, '10, announced a song and cheer practice Wednesday and Thursday on the west bleachers and especially urged the Freshmen to be present.

President Cavert said that 300 students from the Albany departments are expected next Saturday. They are going to have a band and the whole University will parade the streets. He urged all to come out for the campus meeting Friday night.

Ferguson, '10, asked for a short song practice during college meeting. Faust, '11, led the singing.

Ferguson, '10, announced a regular meeting of the Glee Club for Monday night at 7:30 sharp. Fines for absences began at that time.

Smith, '10, asked the members of the Mandolin

and Yale in the size of its graduating classes. Nor do many of us appreciate, in this twentieth century, the great importance of his determined stand for advanced ideas in education; ideas, which resulted in the founding in 1809 of a modern language course, in 1828 of a scientific course and in 1845 of the first engineering school in America. Added to his farsightedness was a strong personality that commanded the respect of every man who knew him and was one of the factors of his great success in the classroom. In recognition of Dr. Nott's valuable services to the college, it is probable that Union will be represented at the anniversary by one or more members of the faculty.

#### ATHLETICS AT R P. I.

Owing to alleged rowdyism by certain students at the Rensselaer Polytechnic Institute intercollegiate athletics have been made a thing of the past at that institution. Director Ricketts posted the following notice upon the bulletin board recently:

"Notice is hereby given that in consequence of the recent defacement of institution property, no

student will be permitted to use any portion of the athletic field. No student will be permitted to take any part in any intercollegiate games in Troy or elsewhere under penalty of suspension.

**"PALMER C. RICKETTS."**

As a result of this notice a mass meeting of the students was immediately called by the grand marshal and the following resolutions were adopted:

"Whereas, The defacement of the Institute property was done without the sanction or the knowledge of the student body and is not approved by it; therefore be it

Resolved, That the notice suspending the use of the athletic field is unjust; and be it further

Resolved, That the Director of the Institute be hereby requested to rescind the notice that appeared upon the bulletin on October 12, 1909, before noon Thursday, October 14, 1909, in order that the athletic schedule might not be interfered with; and be it further

Resolved, That the Director be presented with these resolutions immediately after this meeting by the Grand Marshal."

**"SKE-DADDLE TO HAMILTON."**

These resolutions were presented to Director Ricketts and brought by him before the Prudential Committee composed of members of the faculty. The order has not as yet been rescinded and as a result the institute football schedule is in danger of not being carried out. As it is several games have already been cancelled.

**GARNET BOARD.**

The first meeting of the board for the 1911 Garnet was held in Silliman Hall Tuesday evening October 5.

Officers were elected and plans made for getting out the Garnet earlier than has been the custom of late.

Many new ideas were advanced by the various members of the board, some of which if carried out will insure a good live publication.

A box will be placed on the bulletin board in a short time where all contributions in the way of literary efforts may be left.

It is hoped that the board will receive the cooperation of the entire class and of all the classes

in making a success of this book which aims to be representative of all college activities.

The personnel of the board is: Editor-in-chief, John Beakley, Delta Phi; literary editor, H. B. Keckeley, Sigma Phi; art editor, R. R. Micks, Alpha Delta Phi; athletic editor, A. Allyn, Delta Upsilon; business manager, T. M. Townsend, Phi Gamma Delta; secretary, S. C. Miller, Chi Psi.

Associate editors: Tristram Coffin, Kappa Alpha; H. W. Baker, Psi Upsilon; B. Houck, Beta Theta Pi; A. A. Patterson, Phi Delta Theta; N. D. Hyde, Pyramid Club; P. J. McCullough, B. I. W. Club.

About thirty foreign students at Syracuse University recently met and organized a cosmopolitan club. The movement, after being organized about five years, has about 2,400 members and also has clubs in Europe. Its purposes are to provide a home for foreign students and to better their social standing here.

**COLLEGE BRIEFS.**

The sleeping apartments on the second floor of Silliman Hall were all retinted and thoroughly cleaned last week.

"Prexy" Richmond and Dr. Hoffman attended the inauguration of Dr. Abbot Lowell as president of Harvard University.

Commence to save up your pennies for the Hamilton trip. November 13 is not far off and you will soon need the "chink."

O. A. Faust has been elected vice-president of the Y. M. C. A. to fill the vacancy caused by the resignation of A. L. Maxon.

We can now prove to Dr. Pond that this college is not a national bank or any other kind of bank. Tuesday, Oct. 12th was a legal holiday yet our college did not close its doors but was open for business the whole day.

According to the Dean it does not make much difference how we spell words. A good illustration is his use of one word twice in the same sentence with two different spellings but with the same meaning—"principal" and "principle."

The October number of American Education under the head of Current Educational Thoughts contains the following of interest to us: "A college man has no right to be an idler, or a selfish scholar, or a mere money getter. He is to be the
