This morning between three and four hundred students from the Albany departments of Union University will arrive in Schenectady to take part in the exercises of University Day.

Before leaving Albany the Albany students will parade through the principal streets of that city, headed by a band, which will accompany them

to Schenectady. The Albany parade will begin at the Albany Law School building, where the band will assemble, and at 9 o'clock the one hundred and fifty embryo lawyers will march to Eagle Street, where they will be joined by the students of the Pharmacy and Medical departments. It is expected that about ninety Pharmacy students and two hundred Medical students will be in the parade. Each class will be headed by its president, and each department, by a grand marshal.

The students of each department will wear bands of garnet and white about their sleeves, which will all bear the letter "U" at the top, with the word underneath: "Pharmacy," "Law," or "Medical," to designate the department to which each belongs.

The parade will end at Lark Street, where five chartered cars will be in waiting to convey the students to the college proper at Schenectady.

They will proceed immediately to the chapel, where they will find seats reserved for the exercises. Besides the address of Dean Kirchwey, there will also be informal addresses by Hon. Alden Chester, vice-president of the Board of Governors of the University, and Dr. Vander Veer, of the Medical department. After the exercises the Albany students will be entertained for luncheon at the fraternity houses, while the speakers will be entertained by Dr. and Mrs. Richmond.

### The Freshman Pageant.

The freshman pageant will be one of the features of the day, and will be run under the supervision of the junior class. This pageant, which was adopted as a permanent feature of University Day by the student body of Union College in the chapel exercises on Monday, will be included in the University parade at 1:30 o'clock. It will consist mainly of impersonations of characters of local and national interest. There will be "take-offs" on T. R. and the political candidates, Dr. Crippen and Miss Le Neve, Cook, Peary, and Jack Johnson. The suffragettes

will, of course, be represented, and the faculty will all receive their fair share of the representations.

#### Route of the Parade.

After forming at the "gym" at 1:30, the parade will proceed over Nott Terrace, down State Street to Centre, up State to Jay, over Jay to Union, thence to the college campus, where all will find seats on the bleachers with the exception of the freshmen, who will parade before the grand-stand, and then have their pictures taken for the Press Club. The tickets for the football game will be given out to the visiting students in Silliman Hall, and to the speakers and other guests at the luncheon at Dr. Richmond's.

#### The Football Game.

The football game with Wesleyan promises to be the best one of the season. The Garnet team is now in fine shape. "Tommy" Fairbairn is now in shape again and is expected to play quarter. None of the regular players are laid up by injuries of any sort, and after the practice which Coach Regnier put them through during the past week, are prepared to play a fast, snappy game.

### ROCHESTER WINS.

#### BUT UNION TWICE CROSSES HER OP- PONENTS' GOAL LINE.

Although Union was defeated by Rochester at that place Saturday by the score of 8-0, the Garnet after the first period showed that they were equal to the Yellow. Union also made two touchdowns but neither could be counted, while Rochester carried the ball over but once and kicked one goal from placement after a fair catch. Brown, Sarvey and Griffin were the individual stars for Union, while Brown and Dunn did stellar work for the Yellow team.

After the first period, the Union team seemed to brace up and especially during the last two periods had the Rochester aggregation on the run. At this point Rochester substituted numerous men in an ineffectual attempt to stop the Union plays, but were unsuccessful. Both teams worked the straight football for the most part,

but Union made a couple of successful attempts at the forward pass, meanwhile blocking every try that Rochester made. End runs were the greatest ground gainers for the Yellow, while Union held to skin-tackle plays and straight bucks. The Garnet line was able to open a hole almost every time and at the same time kept up a good defense.

O'Connor opened the game by kicking to Rochester, who advanced the ball fifteen yards. By a series of end runs and line bucks they advanced the ball to Union's five yard line, where they lost on a fumble. Captain Brown punted to Otis, who heeled the catch on Union's forty-yard line. Brown of Rochester, on a placement kick, scored the first blood by getting the three points for his team. With the way paved by a Union fumble, Rochester again advanced the ball to the Garnet goal line and then sent Slocum over for a touchdown. The goal was missed.

With a score of 8-0 against them the Garnet players took a brace and held the Yellow team during the second period and at times even crowded them toward their own goal. Then Brown of Union was kicked in the head and was rendered partially unconscious. Sarvey took his place. With Rochester backed up to their thirty-yard line, Sarvey carried the ball over on a skin-tackle play. The touchdown was not allowed, however, as the runner touched one of the side lines in his dash. Time was called with Union on the verge of a touchdown.

In the second half, Union again asserted her superiority and threatened the Rochester goal time and again. At the beginning of the third period, Brown came back into the game, while Sarvey took H. Reilley's place at right halfback. With this line-up, Union continued to plow up Rochester defence and in the last minute of play Captain Brown carried the ball over for a touchdown. This too, could not be allowed, the referee holding that Brown slid the ball over the goal line after he was down. The line-up of the teams was as follows:

UNION (o).	ROCHESTER (8).
	Left End,
Brumm -----	Melen (capt.)
	Left Tackle,
Sellnow, Branson -----	Forsythe, Abbott
	Left Guard,

Griffin ----- Abbott, Guthrie

#### FRESHMEN FOOTBALL.

Much enthusiasm is being shown by the freshmen towards forming a football team. By putting the team through daily practice, Captain Anderson hopes within a short time to put a good team in the field. Manager Baker announces that he has a game scheduled with Amsterdam for Saturday, October 20.

#### UNION'S DEBATING RELATIONS

##### MAY BE EXTENDED THIS YEAR.

#### Cornell and Rochester Both Wish Debates.

An unusual degree of interest is being shown in debating work this year, and it is probable that Union's debating relations will be considerably extended. Cornell and Rochester have taken the initiative in attempts to arrange contests with our debaters.

Heretofore Cornell has restricted her debating relations to the tri-league with Columbia and Pennsylvania. She now feels, however, that she has been following a short-sighted policy and this year will take on debates with other colleges in the State. During the past few years Union has earned a high reputation for debating ability, and the Cornell orators feel that a contest with us would be an interesting one. The debate is not yet definitely settled, but if arranged, it will be held at Union early in the winter term.

Rochester, also, wishes a debate this year. The Debating Council, while not as anxious to debate Rochester as Cornell, will probably agree to the contest if a suitable date can be arranged early in the spring term, and other arrangements can be made satisfactorily. There is, also, a possibility of debating the Albany Law School in the latter part of the fall term.

If these debates should be arranged, Union's debating schedule will be the largest in her history. The annual triangular debate will be held this winter on the last Friday in February under practically the same conditions as last year. The question will be decided upon before the close of the fall term. The annual Allison-Foote debate between the Adelphic and Philomathean societies will be held on January 13. Regular weekly meetings are now being held by the two societies in preparation for that event.

#### NEW BOOK BY DR. HALE.

"The Life of Seward," a new book by Dr. E. E. Hale, is now listed in the college library. This book is a biographical sketch of William H. Seward, one of Union's greatest alumni. Dr. Hale has referred extensively to original sources, and has spent two years in writing the book. A review of it will appear in a later issue of this paper.

**A WORD OF TRIBUTE.** It is announced that Prof. Ashmore, who was taken ill October 8th, will be unable to meet his classes at least for the rest of this term. A temporary arrangement has been made by which the work in Latin will be continued until an instructor can be secured.

Prof. Ashmore has long been the cultured representative and champion of classical study at Union. He has kept the standard of his college work high, and his books have made Union known and respected throughout the country. We greatly regret his illness, and wish him a quick and complete recovery, with as early a resumption as possible of the work to which he is so devoted.

**COLLEGE SPIRIT IN JOURNALISM.** In the last issue of the Campus, the official publication of the students of Rochester University, there appeared an account of last Saturday's game between Union and Rochester. The article is so unfair to Union and its whole tone is so uncomplimentary to our team that the editor cannot refrain from speaking of the affair in these editorial columns.

In criticising the Campus, the Concordiensis wants its readers to realize that it is not itself assuming infallibility in matters of journalism, for no one appreciates more keenly than the editor the fact that the Concordiensis is not yet a model college publication. But whatever criticism may be made of the Concordy, this much, at least, may be said to its credit—the Concordy accords fair and charitable treatment to all rival colleges. The Union spirit is one of fair play and a square deal at all times.

The Rochester publication does not give the Garnet team credit for playing even a creditable game or making even a decent showing against the Yellow, whereas the game was really a very close and hard fought one during every minute of play except, perhaps, in the first period. No mention whatever is made of the brilliant run and touchdown made by Sarvey, or of the one made by Captain Brown, neither of which, however, could be allowed.

A quotation from the closing paragraph is illustrative of the tenor of the entire article: "The game was delayed by constant arguments between Union men and the officials. What they

lacked in football ability, they more than made up in forensics." Whether these two statements are true or not, a proper regard for college spirit should accord a rival team fair play rather than treat them in a sarcastic and "mud-slinging" fashion.

Whether we win or lose, let us never fail to stand for the well-known Union spirit—a spirit of fairness and justice even to keenest rivals. We are deeply anxious for athletic victories; we are more concerned for the good name of our college spirit.

### THE FRESHMAN PARADE.

This afternoon will be held the first freshman parade that has been held at Union in recent years. The class of 1914 has taken up the idea with enthusiasm, and with the aid of a committee appointed from the Terrace Council and the junior class have planned an affair which promises to be as successful as that of any parade given by the entering class of any of the larger colleges.

For many years it has been the custom at Williams, Columbia, and many other colleges for the freshmen to hold a parade early in the fall at one of the most important home football games, but the Union parade will be something unique for both the students and the people of Schenectady. Many favorable comments on the idea have already been heard from the friends of the college throughout the city, and if all of the plans for making the parade successful mature, the freshmen will bring the college to the notice of the townspeople in a new and unique way, and will deepen the interest which they have already shown during the past few years.

The parade will also show our visitors from the Albany department that the Union spirit is as alive as ever. It is understood that the Albany students themselves have planned a parade for the occasion, and it would have looked exceedingly bad for the college students to be outdone by their visitors. It is planned to have the freshmen parade an annual occurrence on University Day, and this should become an affair around which a great deal of interest will be centered. The Concordiensis is glad that this institution which has become so popular at many other active colleges is to become a regular custom at Union.

### NEWS FROM SILLIMAN HALL.

At a meeting of the Advisory Committee of the Christian Association held Wednesday afternoon, "Chuck" Waldron, '06, secretary of the Graduate Council, was unanimously made a member of the committee. The Advisory Board, as now constituted, is one that cannot fail to command the confidence and esteem of the entire student body. Its members are William Dalton, chief consulting engineer of the American Locomotive Company; Dean Ripton; O. G. Cocks, '98, of New York; Charles MacCulloch, '00, Dr. A. R. Stevenson, C. N. Waldron, '06, S. M. Cavert, '10, Otto A. Faust, '11, E. H. Branson, '11, and J. H. Potter, '12.

SILLIMAN HALL

Never before has the Association building been so attractive as this fall. Last spring the walls were re-decorated, new mission furniture, sofa pillows, and curtains were added, and a new rug purchased for the assembly room. During the last week a fine new rug has been placed on the floor of the reading-room. Andirons for both fire-places have been given to the Association, and a supply of logs has been laid in for use in the fire-places during the winter.

The library table has an unusually fine array of current literature. There are about forty publications, including the local dailies, two New York dailies, college papers, "Life," "Scientific American," "Leslie's," "Saturday Evening Post," "Harper's Weekly," "Collier's," "Outlook," "Independent," "Literary Digest," "Scribner's," "Century," "Everybody's," "McClure's," "World's Work," "Cosmopolitan," and many other leading publications.

#### W. WINSLOW WAITE WINS.

W. Winslow Waite, a member of the class of 1914 and a dark horse in the race, is the winner of the great beauty contest by obtaining 23,462,444,216 votes, which is seven votes more than his nearest competitor, Alexander Darby, who got 23,462,444,209 votes. Arthur Loeb was third. On Sunday afternoon at Silliman Hall at 5 o'clock Mr. Wait will be crowned King of the College, provided that the winner presents himself there at that time. On Monday evening will be awarded the three prizes in the form of an illustrated tour of Schenectady. Messrs. Waite, Darby and Loeb are asked to meet at Blue Gate at 11 p. m., at which time and place they will find a guide to conduct them about the big city. The tour will start down Union Street. From there to Jay to State to Church (and Sunday School) to Union to Washington Avenue to the car barns to Dock Street to State to Centre to Edison Avenue to the General Electric Works to Bellevue to Schenectady by the shortest route.

Owing to the fact that Scotia and Alplaus are closed for repairs these side trips will not be included in the tour. Don't forget the time, 11 p. m., Monday night, October 24. Oh, yes, one thing more—bring an extra pair of shoes and a light lunch.

#### AMENDMENTS TO THE FOOTBALL RULES.

1. Players must have their nails manicured before each period.
2. Each player must wear a buttonhole bouquet which if disarranged shall cause the removal of the player from the game.
3. The game shall not begin until the captains of the respective teams shall sign a written statement to the effect that his players are prepared for the contest to start. The referee shall then say: "Are both aggregations ready to participate?" The affirmative is shown by courtesies by the respective captains. The field judge must then play a selection from Chopin on a mouthorgan, after which he shall say, "Shall we play?" and the cap-

tains shall reply together, "Pray do." The ball is then put into play.

4. For making faces at their opponents players shall be subject to one slap on the wrist per face at the discretion of the referee.

5. All players wearing artificial teeth shall remove them before entering the game.

6. Each team must rush to the sidelines and give three Rahs following a good play by its opponents.

7. Co-educational institutions may use girls for substitutes only after all male members of the squad have been tried out.

8. The ball shall be passed to the quarterback on a sterilized tray.

9. Permission to stop him must always be asked before interfering with a player carrying the ball.

10. Lady spectators at a game shall have the right to stop the play at any time to have the intricacies of the game explained.

#### AS MOTHER SEES IT.

Oh, football is a nasty sport,  
It's full of knocks and scratches;  
And after every game the men  
Are just a bunch of patches.

A uniform so nice and clean  
Each player wears when starting.  
But soiled and torn it's found to be,  
When from the game departing.

But that indeed is not the worst—  
For, as the game progresses,  
The men are carried from the scene  
In evident distresses.

At intervals the doctors run  
Upon the field with plaster,  
To bandage up a bleeding cut,  
While coaches yell, "Play faster."

Mingled, mangled, madly mauled,  
'Midst many maddening meanings,  
The players plow the sod and from  
The injured issue groanings.

I'd rather see a prizefight fought  
Where only toughs are bloody,  
Than see a field made red by men,  
Who are sent away to study.

I told my boy he mustn't play;  
And I really wasn't mean—  
For I'd rather have him come back  
whole,  
Than have him halfback on the team.

IDOLVILLE, OCTOBER 22, 1910.

#### OPTORIALS.

To be or not to be—that is the question. *With* many more changes in the rules some authorities say that it will not be, while those opposed to it say *without* many more changes it will not be. There you are. Taking the lesser of two evils it will not be. Good-bye. But it is yet and so why kickest thou?

Permit us to thank our readers for the warm reception accorded the first two issues of THE OPTIC. We are given to understand that, after perusing their contents, many of you became decidedly heated under the collar; and the result was that the sheet—yes, both sides, though THE OPTIC occupied but one—was consigned to the flames. It was indeed a warm reception, in fact, you made it hot for us; but we fain would forfeit fame by facing fire for the cause of fostering fun.

THE OPTIC C C C C (note there are four of them) a victory over Wesleyan to-day.

#### THE OPTIC A WIT.

The pun is the lowest form of wit.  
THE OPTIC is a pun.  
Therefore THE OPTIC is the lowest form of wit.  
We comfort ourselves in that we are at least a form of wit.

#### THE OPTIC STANDS CORRECTED.

Editor of THE OPTIC:

EDITED BY GRADUATE COUNCIL

## THE OCTOBER MEETING.

The first regular meeting of the Graduate Council was held in Schenectady, Friday, October 21st. The following are a few of the important matters that were to come up:

Comm. on Class Records, Rev. W. N. P. Dailey, Chairman: Ways of keeping classmates informed as to each other and the college as to their work since graduating.

Comm. on Alumni Associations, Thomas H. Feary, Chairman: Plans for two kinds of Associations and a plan of campaign to increase Union organizations of this sort.

Comm. on Preparatory Schools, Dr. J. R. Harding, Chairman: The schools supplying Union with men and plans for extending this field.

Comm. on Undergraduate Activities, Frank Cooper, Chairman: Fields in which alumni support is needed and the ways it can best be supplied.

Comm. on Publicity, Louis Oppenheim, Chairman: Need of keeping our name before the public and the means we have for doing this.

Comm. on Finance, Dr. J. N. Vander Veer, Chairman: The important question of a business way of getting funds to run the Council and secure alumni support for the College.

## THE ROCHESTER ALUMNI ASSOCIATION.

After several years of inaction the Rochester Alumni have come together again to support Union. This Association has been one of our most prominent in the past and for years set an example of loyalty of the greatest value to Alma Mater. Because of the failure of the college to follow up their suggestions, interest ceased and it is one of the many signs of a new feeling among our alumni that this Association should once more become active.

On Wednesday night they give a reception to Dr. Richmond at the University Club and we are sure Prexy will give them cause for new enthusiasm.

## NOTES.

1835.—John Bigelow has recently published a new edition of the Autobiography of Benjamin Franklin. It was while Minister to France that Mr. Bigelow came into possession of the original manuscript and he was the first to give the world an authentic version of this important work.

1880.—Dean B. H. Ripton has been in White Plains during the past week. During the summer the dean has had active charge of the college, which made a vacation impossible.

1858.—Rev. Walter M. Swann called recently upon Dr. Hale at the college. Mr. Swann has a church in Montevideo, Minn., where he also takes an active part in social and political affairs. He will be remembered by many as the valedictorian of his class.

1895.—Harold J. Hinman has been renominated by the Republicans as candidate for the Assembly from Albany. During the past session he gained considerable attention by his work for the reform of the legal procedure in the city courts.

1906.—Philip L. Classen was married October 10th to Miss Huldah May Lundgren of Schenectady. The best man was L. R. Barnes, '06, and the ushers, Arnold Chapman, LeRoy Reeder, George Newbery, '06, and Raymond Shelley, '08. Mr. and Mrs. Classen will live in Albany where Mr. Classen is practicing law.

1907.—William S. Speir is a member of the contracting firm of Reeder & Speir. At present he is engaged in laying four miles of cement sidewalks for the city of Bloomfield, N. J.

1908.—A. V. V. Raymond, Jr., is in the New Brunswick Theological Seminary. During the summer he preached in the Dutch Reformed Church at Manheim, N. Y..

1910.—H. K. Hutchens is with Hampton's Magazine in New York. "Hutch" is passing judgment on short stories, thus finding a profitable use for his course in that subject junior year.

1910.—Burr M. Stark is with the New York State Water Supply Commission, stationed at Canaseraga Creek improvement project in Liv-

ington County. Mr. Stark has recently passed the highest examination in the United States for junior engineer in the Reclamation Service. He makes another of the many Union men "Pop" Landreth has equipped for success in his profession.

1856.—Daniel Carey died at Rochelle, Ill., on September 28th.

1857.—Col. Henry Reede Rathbone died this month in Germany. He is the last of that ill-fated party at Ford's Theater, at which President Lincoln was shot. In trying to prevent Booth's escape, Col. Rathbone was wounded. At graduation he took the Blatchford prize and in 1861 entered the army as captain of the 12th Regular Infantry. The Colonel was a great personal friend of Lincoln and shortly after his death was appointed consul to Hanover.

1860.—James Archbald died October 5th, at Venice, Italy. Mr. Archbald was a Civil War veteran, serving as captain of the 132nd Pennsylvania Infantry at the battle of Antietam. After the war he succeeded his father as chief engineer of the D., L. & W. and was an engineer of wide reputation through the country. Since 1907, Mr. Archbald had given up active business and had lived at Scranton, Pa. As director in business, social and philanthropic organizations, Mr. Archbald occupied a leading position among the prominent men of Scranton.

1868.—Fred E. Norris for many years an orange merchant of Florida, died at Batavia September 3rd. After leaving college Mr. Norris studied for several years in Germany and always kept an active interest in scholarly affairs.

1884.—Cyrus W. Burhaus died during the past summer. Mr. Burhaus was a teacher in the Long Island Business College.

#### STUDENT VOLUNTEERS TO MEET HERE IN DECEMBER.

The Union College Y. M. C. A. has invited the annual convention of the Student Volunteer Union of Central New York to meet in Schenectady some time during the latter part of the fall term. The date has not yet been definitely settled, but it will probably be held on December 9-11.

Ralph B. Colson is now president of the organization and will have charge of securing the

speakers and making other arrangements. Mr. Colson is captain of the Hamilton track team this year and is also president of the College Christian Association. A local committee will soon be appointed to have charge of furnishing entertainment for the delegates and to arrange for a place in which to hold the meetings. The majority of the delegates will be entertained by friends of the college in the city, and the meetings will probably be held in one of the local churches.

There will be between one hundred and fifty and two hundred delegates at the convention. Nearly all of the New York State colleges, with the exception of those in New York City, will be represented. Among them will be Union University, Cornell, Syracuse, Hamilton, Colgate, Rochester, Hobart, St. Lawrence, Buffalo Medical College, Vassar, Wells, and Elmira.

F. P. Turner of New York, who is the executive secretary of the Student Volunteer Movement, will be present and have general supervision of the affair. The delegates will probably be given a trip through the General Electric Works during their stay in the city.

#### WIRELESS STATION BEING ERECTED.

By Thorne and Huthsteiner for Senior Thesis Work.

A wireless telegraph station is being erected on the college grounds by Thorne and G. Huthsteiner as a part of their senior thesis work in electrical engineering. The structure is being built just east of the electrical laboratory and will be one hundred and eighty feet high. The concrete foundation has already been laid, the pole has been secured and the supports are now being forged by the General Electric Company.

When completed the station will be connected with Pittsfield. The apparatus is being furnished by the college, and the station is to become a part of the regular equipment in the electrical engineering course. It will be all completed in a few weeks.

Until an instructor can be secured to take up the work of the Latin department, Prof. Bennett is taking charge of the senior and junior work, while S. M. Cavert has charge of the sophomores and freshmen.

## PRIZE CONTEST ANNOUNCED.

**Best Essay on "International Arbitration" Will Win \$100.**

The Lake Mohonk Conference on International Arbitration offers a prize of \$100 for the best essay on "International Arbitration" by an undergraduate student of any American college or university. The donor of the prize is Chester Dewitt Fugsley of Peekskill, N. Y., Harvard, '09, and the judges are Hon. Elmer Ellsworth Brown, United States Commissioner of Education, Hon. Joseph B. Moore, Justice of the Supreme Court of Michigan, and George Winfield Scott, Ph. D., Professor of International Law and Diplomacy at Columbia University.

Further information concerning the contest may be obtained from H. C. Phillips, secretary of the Lake Mohonk Conference, at Lake Mohonk, N. Y.

**INTERCOLLEGIATE NOTES.**

The musical clubs at Cornell are planning a long western trip for the Christmas vacation. The trip will last ten days and concerts will be given in Chicago, Omaha, St. Louis and New York among other cities.

Some radical changes have been made in the Cornell University calendar for the forthcoming year. The Easter vacation has been cut from twelve to five days, and Decoration Day and Washington's Birthday do not appear as holidays.

Two prizes have been awarded for two designs, out of a hundred and fifty which were submitted for a new seal for Cornell University. The committee is still unsatisfied, however, and the search for a more suitable design is continued.

Don't forget that Prexy and Mrs. Richmond are at home to the students every Sunday afternoon from 3:30 to 5 o'clock. This is a privilege of which everyone should be glad to take advantage.

## THE MUSICAL CLUBS.

The outlook for the musical clubs this year is very promising. Most of last year's members have come out again and there are many new ones.

An alteration may be made in regard to the quartette, which will probably be double instead of single as heretofore. Miller and Whitney will be the soloists. So far, no trips have been announced except the one to Altamont.

**NEW ENGINEERING INSTRUCTOR.**

James V. Howe, a graduate of West Virginia University in 1903, has been engaged by Dr. Landreth as an instructor in the civil engineering department. Mr. Howe was formerly an instructor in civil engineering at Cornell University and at the Mission School of Mines.

### NOVICE TRACK MEET.

Much interest is being shown in the novice track meet, the first part of which was run off yesterday afternoon. The following events were run off: 50-yards dash, running high jump, 440-yards run, 12-pound shot. A cross-country run was held after the meet. The meet will be finished on next week Thursday. The following events are still to be run off: 100-yards dash, one-mile run, running broad jump, 100-yards low hurdles, and the pole vault.

On Saturday afternoon the first cross-country run of the season will be held with Colgate. The run will be approximately four miles, and will be mainly through the outskirts of the city. Colgate is especially strong in cross-country this year and the run will undoubtedly be a close one.
