## WITH THE DEBATERS

Postponed until next week by the action of the executive committees of the two debating societies, the subjects assigned for this week will be the topics for debate at the regular Wednesday evening meeting.

The Philomatheans have for the subject at that time "Resolved, That Intercollegiate Athletics should be Abolished." The speakers will be, for the affirmative, Hanigan '08, Faust '09, and Cavert '10; for the negative, Wright '08, Walrath '09, and Lent '09.

The Adelphic topic is, "Resolved, That College and University property should be Taxed on the Same Conditions as Other Real Estate." The affirmative will be composed of Weyrauch '08, Grover '10, McGill '10. The negative will be composed of La Crosse '08, Millias '09, Carmichael '10.

There has been considerable agitation relative to the holding of several intercollegiate debates this season. If possible, the Rutgers Debate will be held earlier this year than has been the custom, and in addition to this it is hoped that arrangements can be made with some of the near-by colleges for debates. Arrangements will soon be completed by the Adelphic Society for their debate against the Parker Society of Albany Law School.

As an off-shoot of the Parker Debating Society in the Law School the Bates Debating Society has recently sprung into existence, and it is rumored that the members desire to meet one of the college organization in the near future. Negotiations have as yet not been opened.

Students at a number of the classes on the day of the Hamilton football game were rather a minus quantity. That did not prevent a number of recitations from being conducted as usual, however.

## COLLEGE DANCES

By special action of the student body two weeks ago, it was decided to change the Sophomore Soiree, as the principal dance of Junior Week to a Junior Promenade. Since then arrangements have progressed to such an extent that a chairman has been appointed for the committee of Juniors that will have charge of the function. Corbin will serve in that capacity, and his colleagues on the committee will be, representatives of the various fraternities and the neutral body, selected by their organizations, from the class of 1909.

The Prom. will in all probability take place on the Friday night of Junior Week—that is, on the fourteenth of February next. If the present plans are carried out the dance will be held in the Ten Eyck Hotel, in Albany.

As yet the Sophomore class has taken no definite action on the matter of electing a chairman of the new Sophomore Hops Committee. The class finds difficulty in determining on a plan of concerted action on the matter, owing to the fact that all of the men who have been considered as being capable of filling the position, seem to consider that there is a burden of odium connected with the chairmanship of the hops committee. Without doubt the underclassmen will come to some sort of an agreement upon the matter during the coming week. If they do not the Junior Class has expressed its willingness to continue the series of minor dances, as has been the custom of that class heretofore, so that a hop will doubtless be scheduled for the near future.

There will be an election of a captain for the Freshman baseball team early in the week. 1911 is bound to retrieve the loss at football by getting out on the diamond first in the Spring. There is much good baseball timber in the entering class this year, if rumors are true.

## THE ROCHESTER GAME

'Varsity meets Rochester on the Campus this afternoon. The Rochester team is said to be a strong aggregation and Coach Tenney expects that the wearers of the garnet will be compelled to exert themselves to their utmost to win. The Rochester team defeated Hamilton early in the season by a score of 26-9, and held the strong Army team to 30 points, although they did not score. There is no doubt that Hamilton has improved greatly since the Rochester team, so victory ought to go to Union.

Rochester this season has played seven games, each with such a different score, that it can easily be seen what a problematical quantity Union will play against to-day.

The scores are:

Sept. 28.—Rochester 6, Syracuse 40.

Oct. 5.—Rochester 7, Niagara 16.

Oct. 8.—Rochester 0, Colgate 41.

Oct. 12.—Rochester 5, St. Lawrence 0.

Oct. 19.—Rochester 26, Hamilton 9.

Oct. 25.—Rochester 0, Army 30.

Nov. 2.—Rochester 11, Hobart 6.

Rochester's line-up against Union to-day will probably be as follows:

Rochester.	Position.	Union.
B. Ramaker .....	Left End.	Tompkins
Jordan (Capt). ....	Left Tackle.	W. Brown
Goodsell (Smith) .....	Left Guard.	Berry
Hunt .....	Center.	Lefferts
Quinn .....	Right Guard.	Knight
Wood .....	Right Tackle.	Bennett
Park .....	Right End.	Wright
Jay .....	Quarterback.	Jewell
Fowle .....	Left Half.	Potter
Pierce .....	Right Half.	Hequembourg
G. Ramaker .....	Fullback.	Streibert

A. Brown and Captain McNab, of the Union team, received injuries at Hamilton that will probably keep them out of the game to-day. Potter is back in form again and will probably stay in at left half for the entire game.

## HAMILTON 6, UNION 0.

Accompanied by one hundred and fifty students as rooters, 'Varsity went to Clinton last Saturday to meet Hamilton on the gridiron. It was a miserable, rainy day and a wet, muddy field that greeted the Garnet warriors as they came out for the contest. The cheering and singing of both bleachers was superb, although if anything the supporters of the Garnet were a little bit more in evidence with their yells. The exhibition of college spirit shown by both crowds was one that would be hard to excel.

The game began by Hamilton's kicking to Potter who advanced the ball ten yards before he was downed. The Hamilton line was found invincible and Streibert punted to Capt. Holley in mid field where he was downed in his tracks by Wright. Hamilton then attempted two line plays but failed to gain because of the agility of Tompkins. Hamilton then attempted a field goal from Union's 40-yard line, but this failed, and Union punted out from her 20-yard line. Hamilton advanced the ball to Union's 30-yard line by a forward pass, the runner being downed by Capt. McNab. Capt. Holley again missed a field goal. Union again kicked out and when Hamilton tried the forward pass Potter caught the ball and advanced it ten yards. By an exchange of punts Union forced the ball into Hamilton's territory. In a series of line plunges Hequembourg and Striebert advanced the ball to Hamilton's 20-yard line. Potter, though very weak from illness, played a plucky game and made several good gains. On a forward pass Tompkins advanced the ball ten yards, then Hequembourg advanced the ball on a line buck to Hamilton's five-yard line. Here with victory in sight, Union was held for downs, having advanced the ball hardly more than three yards.

Hamilton punted out of danger and immediately got the ball on a misjudged forward pass. Union then became as a stonewall and forced Hamilton to punt. With renewed vigor Union

plowed down toward Hamilton's goal. Near the posts a costly fumble lost the ball to Hamilton, and Holley started to punt, being afraid of Union's aggressiveness. The punt was blocked by Wright and Hamilton's end was downed for a loss of 15 yards. The second attempt was more successful and Capt. McNab, who received the punt, advanced for a good gain. Again Union ran away with her opponents and when time was called the ball was but a few yards from the Buff and Blue's goal line.

#### The Second Half.

In the second half Union kicked off to Hamilton. For a time the Buff and Blue seemed to be running away with Union, but in a few moments everything was changed and the Union line threw Hamilton back time after time. This half was almost a repetition of the first. Streibert made a good tackle by throwing Harper for a loss and averting a possible touchdown. Once on a blocked punt A. Brown advanced the ball ten yards. About the middle of this half the Hamilton team, by a series of forward passes and end-runs had advanced the ball to Union's 20-yard line. Here they were held for downs, and Streibert punted to Capt. Holley who was forced to the edge of the gridiron. Several Union men thinking he had gone out of bounds, allowed him to pass through, and make the touchdown. The goal was kicked by White. Score, Hamilton 6, Union 0.

On the kick-off Union received the ball and had rushed it to Hamilton's 20-yard line when time was called.

The game was well played on both sides, although Union gained almost twice as much ground as Hamilton and tore up Hamilton's line for fine gains nearly every time. Of the players, all the Union team were at their best. The ends were the stars if there might be any choice in the players. Capt. Holley of Hamilton was easily the most spectacular player in the game.

The line-up was:—

Union	Hamilton
Tompkins, Miller .....	Leavenworth
	Left End.
A. Brown, Riggs .....	Osborn, Kellog
	Left Tackle.

Berry .....	Gloser
	Left Guard.
Lefferts .....	Williams
	Center.
Peck, Knight .....	Cady
	Right Guard.
W. Brown .....	McLean
	Right Tackle.
Wright .....	Harper
	Right End.
McNab, (Capt.) Jewell .....	Holley (Capt.)
	Quarterback.
Potter, Walser .....	Sidle
	Left Half.
Hequembourg .....	Welch
	Right Half.
Satreibert .....	White
	Fullback.

Score: Hamilton 6, Union 0. Referee, Herman, Hamilton. Umpire, Dorticos, Maine. Field Judge, Bennett, Hamilton. Linesmen, Barrows, Hamilton '07, Parsons, Union '09. Time of halves 30 minutes.

## IN THE MEDICAL DEPARTMENT

(Dr. Tucker's Address).

At the formal opening of The Albany Medical College this year, the address was delivered by Dr. Willis G. Tucker, registrar of the college. He chose as his subject, "Educational Democracy," and delivered his address not alone to the entering class, but to all of the students of the college.

Dr. Tucker began by speaking a few words of welcome to the new students and the old. His address in part was as follows:

"I have been connected with the Albany Medical College for nearly forty years, and have had as my associates, the numerous great men of the college who have helped make it famous in the annals of American Medical Colleges.

"Let me remind you that the buildings we possess are not very impressive, and they do not, perhaps, compare very favorably with the showy exteriors of many of the larger colleges. But the student should keep in mind the fact that surroundings are not as important to his education as is the knowledge he acquires. Small colleges are by far the best for educational facilities.

"Now, to carry on the great work of education, extraordinary facilities are not required, and the employment of geniuses on the faculty is not an essential to efficient work. Size seems to be the main idea in the public mind, and this idea has been carried into education, for philanthropists, instead of giving to the smaller and more needy institutions of learning, give more to those that already have much. Thus the big universities are made like trusts, and often fail in their real purpose because of their vast size, and the increased cost of education to the student.

"The State Universities as conducted in the West have many advantages over the ordinary universities, and we should have more conducted on this plan in the future. Money cannot be better expended than for the education of the people of a given community, and the taxes cannot be put to better advantage."

Dr. Tucker told of the disadvantages resulting to the medical profession through the power of the State Examining Boards, and stated that al-

though new legislation regarding the subject was constantly being agitated, and that the examining boards were constantly striving to raise the standards of knowledge of medical institutions the profession is no better now than it was twenty-five years ago.

He advanced the opinion that new fads in the line of special subjects relating to medicine, more or less closely, ought not to be added promiscuously to the curriculum, for such fads only crowded out some of the older and more important work of the course.

He advised the omission of a regular college course for the medical student and entrance to the medical college direct from high school.

In closing the educational part of his address Dr. Tucker advised the students to think for themselves and that each one devise some scheme for the raising of the standard of the college course and the betterment of the medical profession.

Then ensued some words of advice to the beginners. He disapproved any class hostility in the college and any boyish frivolities and pranks such as are carried on by the ordinary college students. He advised deep, hard study without fear of dangers resulting from too strenuous application and too little recreation.

Dr. Tucker then spoke a few words on the advantages of the Albany Medical College and the positions held in the world of science by its graduates and closed his address with a repeated welcome to the students on behalf of himself and the faculty.

## UNUSUAL HAZING

Members of the Sophomore class at Nebraska having exhausted all the cut and dried stunts, sprang the sensation by herding the under classmen into a large room, where a heart-to-heart talk on the evils of ignorance and the value of education was made.

The effect was seen a day or two later, when every Freshman made a perfect score in lecture and study, every man was present at chapel and every man cut out tobacco. It was unheard of, and, while the punishment was a little harsh, there has been no indication of relenting on the part of the Sophomores.

## FRESHMEN ARE BEATEN

On Friday last the Freshman football team was defeated by the Sophomore eleven, in a very hard and well-played game. The Freshmen, though clearly outplaying the Sophmores, had hard luck in the second half when on a poor punt Anderson received the ball on their fifteen-yard line and carried it over for a touchdown.

During the first half the Freshmen broke through the Sophomore line at will, and worked around their opponents' ends for substantial gains. Baker made a nice drop-kick which resulted in a goal.

In the second half the Sophomores took a brace and by punts advanced the ball to the Freshman ten-yard line, where they were held for downs. When 1911 punted out Anderson received the ball and made a touchdown, Potter afterwards kicking the goal. The rest of the game resulted in no further score being made, the score standing Sophomores 6, Freshmen 4.

The game decided the result of the cane rush which was a tie.

The line-up was:

1910	1911
Lent, Dunbar .....	Tobin
Right End.	
Ladue .....	Huthsteiner, Micks
Right Tackle.	
Whiteside .....	Dunn
Right Guard.	
Conklin .....	Bentley
Center.	
S. Kelly, Limmer, Scheper.....	Atkins
Left Guard.	
Vedder .....	Clowe
Left Tackle.	
Dennis, Irish .....	Hubbard
Left End.	
Potter .....	Hawley
Quarterback.	
Dillingham .....	Winkemeier
Right Half.	
Anderson .....	Baker
Fullback.	
Stewart .....	Chadwick
Left Half.	
Touchdown, Anderson; goal from field, Baker;	

goal kicked on touchdown, Potter; umpire, Tenney; referee, McNab '08; field judge, Potter '09, timer, W. Brown '09; linesmen, Hequembourg '10, Lefferts '11. Time of halves 15 minutes.

## UNION'S EARLY ALUMNI

William H. Seward.

✓ William H. Seward, class of 1820, is without question one of the most illustrious of the alumni that has ever gone forth from the halls of Old Union during her progress of over a century.

Soon after his graduation he was admitted to the bar and in his profession quickly won an enviable reputation for originality of thought, independence of action, and industry in his legal work. Early in his career he turned his attention to the political questions and problems of the day. He showed pronounced opposition to slavery and devoted much of his time, often free of charge, to the cause of its abolition.

During his political career Seward was elected to the Senate of New York State, and was the youngest man that had ever been elected to that office. He was governor of the State for four years, a member of the United States Senate for twelve years, and Secretary of State under Lincoln for two terms. This office he filled with almost unparalleled industry, energy, and success. Only such a man as Seward could have piloted the Ship of State through such perilous times.

A magnificent tribute has been paid to Seward and to Union College by Charles Emory Smith in his speech at the Centennial Anniversary in 1895. He said:

"It is almost a proverb that in earlier years Union had a larger proportion of representatives in public life than any other institution." And then he continues, "William H. Seward was at once the most conspicuous and most characteristic product of the federal Union; in the galaxy of American statesmen he was a star of the first magnitude."

Truly Seward was an alumnus who has reflected lasting credit on his Alma Mater. Old Union has had glorious days in the past, and her prospects are now daily growing brighter. So there is reason for the hope that her best days are not in years gone by, but in the future just ahead.

Hamilton goes on record as having achieved another victory over Union's gridiron warriors, and to the outside world last Saturday's game spells nothing but "defeat" for Old Union.

Shall we say for an instant that such is the case with the undergraduate body? Is there a man of that hundred and fifty that went to the enemy's stronghold, and saw the game that was played, who can say it was a defeat in the true sense of the word?

True, by a technicality of the game, the Buff and Blue are accredited with the victory of a score. But every one of the Garnet supporters, sitting on the side lines, and watching that heart-rendering struggle for supremacy, knew that the ties that bind the sons of Old Union into a solid brotherhood, was a reality. Not one saw that thrilling plunge of our splendid team down to within a fraction of victory, but knew that the true spirit of Old Unionism is still a living, vital thing in our midst.

Is it then a defeat that we received at Hamilton?

No. Any occasion that could arouse the feeling of spirit that was there manifested is worthy of being called a victory. And the victory of student spirit, team spirit and faculty spirit that accompanied the Hamilton game is bound to reap rewards of far greater moment than the score of a football game.

Student support of the Christian Association has not been very enthusiastic for a long time.

Still, Silliman Hall is a favorite trysting place of many of the students. The management has provided for their

amusement, and has on file a number of periodicals.

Whether the students appreciate this or not is hard to determine, owing to the fact that the magazines are frequently maltreated or lost entirely.

It would seem as if a college man with any sense of decency whatsoever, should take care of public property in a way that would at least reflect credit upon himself.

We hope that this Freshman trick of defacing the common reading matter of the college will be stopped.

#### CHRISTIAN ASSOCIATION

Vesper Services, Sunday, 5 P. M. Speaker, Rev. B. W. Tayler, D. D.

Prayer Meeting, Tuesday, 7 P. M. Leader H. W. Bell, '08 Subject, "The Price of Poverty."

Last Sunday Dr. Adams completed his series of talks on "Friendship." The series was a most interesting one, and although not well attended by the students, greatly impressed those that were present at the meetings through which it extended.

Dr. Tayler, the speaker for to-morrow, is well known to all of the older college men. The Christian Association has hopes of rousing enough interest to have a good representation present at the meeting.

Tuesday evening Bell '08, will complete his series of talks on the "Price of Poverty." In these talks the speaker has dealt with the conditions of the exceedingly poor people of New York City. Tuesday evening's talk will concern itself with the moral aspect of the situation.

The Dean's Bible Class will meet as usual Tuesday evening at 7:30 P. M., when the study of the life of Christ will be continued.

Fourteen regular football men partook of training table fare this week, besides Coach Tenney. Those at the table are: 1908, McNab, Knight, Peck, Wheadon, Wright, Shutler; 1909, Potter, Brown, Streibert; 1910, Hequembourg, Tompkins; 1911, Berry, Lefferts, Miller.

#### COLLEGE MEETING

College meeting was held as usual Monday morning directly after chapel exercises. Kline '08, acted as presiding officer.

The meeting was the first student gathering since the Hamilton game, which practically every one had attended. Consequently, when Captain McNab arose to speak, he was greeted with an outburst of applause. "Scotty" got up slowly, and it was evident that he was very much moved by the loyalty of the students. After a few words he was obliged to sit down. The student body gave the long yell to express their sympathy.

Kline gave a short talk on the showing the Union delegation made on the Hamilton College field, in the line of cheering and singing. He said that for a visiting college to hold its own on an adversary's field was rare, and was most worthy of commendation.

No further business arising, the minutes were read, and the meeting was adjourned.

#### 1907 BASKETBALL

Preliminary basketball training started this week, and the 'Varsity team has been called out for practice four times a week—Tuesday and Thursday afternoons at four o'clock and Wednesday and Friday at five.

"Bill" Hardman has again been secured to coach the team, and he expects to turn out a winning five for Union this season. The schedule as announced two weeks ago has been ratified, and everything is in readiness to start work in earnest.

The official basketball guide, which has just made its appearance has two changes worthy of note, from last year's rules. The first rule orders the referee to disqualify a player who pushes an opponent in the act of throwing a basket. Roughness, it is hoped, will thus be reduced to a minimum.

The second change provides that in a tie game play shall be continued for a period of five minutes extra. It is hoped that this will work out to a much fairer conclusion than the old system, under which prejudiced officials could easily "throw" the game by calling fouls.

Besides the 'Varsity basketball squad there will

be a number of the regular gym classes established immediately. The volunteer class will be made up of students who desire to take physical training not prescribed on the regular curriculum. Doctor McComber expects to pay particular attention to those persons in the class that are trying to remedy some physical defect by exercise. The volunteers will meet Wednesdays and Fridays at four P. M., and Tuesdays and Thursdays at five P. M.

A PLAINT

The Idol Offers a Prayer on His Own Behalf.

O great and mighty potentates and ye rulers of the universe, gaze not down upon me with scorn. O mighty Baal! pity me, an outcast far removed from mine eternal shrine. Oft do I recall the odor of the incense perfumed with the most delicate aroma, the feasts spread before me, and the blood of the soul, and the rarest of wines poured over me to satiate my appetite and to appease my anger.

O fond recollections! Now all is changed. Instead of the incense, the blood, and the wine, an uncleanly black pillar towers above me and breathes down upon me nauseating exhalation laden with the odors of Tartery.

On each day of the full moon, and many days thereafter, I am smeared with a malodorous substance which clings to me even closer than the silken gauze of my ancestors, and which is fast obscuring my sardonic mien.

O Ameterasu! restore to me my native beauty, cleanse me of this heathen pollution before my features are obliterated forever. Protect me from the maledictions hurled at me by those who come to take my likeness.

Direct my prayer, O mighty One, to him who sits exalted, presiding over this great college, and to whom sacrifices of gold and silver, after the custom of my ancestors, are so bountifully given. May he heed my prayer and have compassion on my sufferings.

Dr. Martin has finished classifying the specimens of Union's museum. All of the cases are now situated in the first rotunda of Nott Memorial Library.

## UNION 12, COLUMBIA A. C. 0

Because St. Lawrence cancelled the game they were to play here on Election Day, the management found it expedient to arrange a game with the Columbia Athletic Club of this city. The game was well played, although the visitors greatly out-weighed the Garnet team. The game ended with nearly a whole scrub team for Union on the field.

Riggs kicked off for Union but the ball went over the goal line. On the next kick the Columbia team received the ball on their 20-yard line where they were held for two downs. They then punted to Jewell, who ran the ball back about fifteen yards. An end run brought the ball to Columbia's forty-yard line, and Hequembourg made a fine run for a touchdown. Potter kicked the goal. Score Union 6, Columbia A. C. 0.

Riggs kicked to Columbia and the runner was downed on his own fifteen-yard line. The ball wavered back and forth in Columbia's territory, and time was called with the ball close to Columbia's goal.

Columbia kicked to Bennet, in opening the second half, and he made a good gain. In a short time the ball was carried into Columbia's territory. Union was finally forced to punt and the Columbia runner was downed on his own five-yard line. On a blocked punt, Columbia again secured the ball near her goal line. Union then secured the ball and Hequembourg carried it over for another touchdown. Potter kicked the goal. Score Union 12, Columbia 0. Union then kicked off to Columbia after a number of substitutes had been put in. The rest of the half was a repetition of the latter part of the first half, Columbia if anything playing somewhat better. When time was called the ball was in Union's possession near the center of the field.

The line-up was:

## FOUND!

## On the Campus.

Union College, Schenectady, Nov. 3, 1907.

Dear Father:—

I want to thank you for the check received Friday. The text-books seem to be very expensive this term, and your check was very welcome. I feel sure that if you look up the rates again you will find that the trip to Clinton is really quite expensive, and that my estimate was not too great. Hotel expenses were very high indeed, and the game cost us a good deal—the price of admission being exorbitant in the extreme.

As you probably saw by the papers, we were defeated, but do not feel at all disgraced, as it was a fine game and Hamilton played well. Yes, the chapel and the Y. M. C. A. are very fine places, though I really did like some of the places in Utica better. I presume you know all about them so I will not tire you with a description of the interiors.

My work is progressing well, but I am afraid I must be cautious about studying as several doctors have said that my eyes should not be used too much. I do hope that this will not lower my grades.

The new text-books for Bible-study, Rhetoric and Hygiene will come soon, and I may have to ask for another check then. Hoping to hear from you soon, I am,

Your Loving Son,  
HENRY.

## Too Much

First College Graduate—"I hear you have a job. What doing?"

Second College Graduate—"Oh, running errands and cleaning inkwells and so forth."

"Like it?"

"First rate; that is, until my employer had the nerve to ask me out to his house to dinner. It's pretty tough to have to associate with your social inferiors out of business hours."—Life.

Dr. Raymond, ex-president of Union, spent a few hours on the Hill Thursday morning, and had chats with several of the professors and students.

## THE ENGINEER

Who comes with saber sharpened keen,  
With profile long and sober mein,  
With transit, level, book and tape,  
And glittering axe to swat the stake?  
The Engineer.

Who sets the level, bends his spine,  
Squints through the glass along the line,  
Swings both his arms at rapid gait,  
Yells, "Hold that gol-darned rod up straight?"  
The Engineer.

Who says he'll charge "an even ten  
For stakes destroyed by laboring men;"  
While on all fours he tries in vain  
To find the vanished stake again?  
The Engineer.

Who saws the air with maddened rage  
And turns with hate the figured page,  
And then with patience out of joint,  
Marks in another reference point?  
The Engineer.

Who deals with figures most profuse,  
And tells you solid rock is loose,  
That hard pan is nothing more than loam,  
While welch rarebit's lighter than sea foam?  
The Engineer.

Who, after all, commands our praise,  
In spite of his peculiar ways,  
While others harvest all the gains  
That spring from his prolific brains?  
The Engineer.

## COLLEGE BRIEFS

Owing to the unfavorable weather conditions and the lack of interest in the work, the inter-class track meet scheduled for Thursday has been postponed until next spring, when it is hoped that a revival of track spirit will make good work possible.

—o—

Hotchkiss '10, who had his foot broken by a falling fire grate several weeks ago, has so far recovered as to be able to get around the campus by the aid of crutches.

—o—

Powell ex-'08 has re-entered college, and is busy making up back work. Powell will, hereafter, be a member of the class of 1909.

—o—

'Varsity football practice this week was rendered difficult because of the soggy condition of the gridiron. Signal practice and detail in offensive play were the features of the week.

—o—

Wilbur, '10, who has been ill for some time, will leave college and take up his residence in California in the near future.

—o—

The football game against the Columbia Athletic Club, of local fame, attracted the largest crowd to the campus that has been seen at any game in a number of years. It is estimated that there were fully 2,500 persons at the game.

—o—

There has been another addition to the ranks of the Freshman class, in the person of E. M. Fink, of Schenectady.

—o—

His worthiness the Idol is a brilliant green hue at present.

—o—

The first concert of the present season's work of the Glee Club has been scheduled to take place at Green Island on Wednesday next. Care will be taken to avoid passing through Castleton.

Rehearsals of the various musical organizations have been very gratifying to the leaders. The Glee Club is getting better all the time, and will beyond doubt beat its record of last year. The Mandolin Club shows signs of great activity, and can be counted upon to furnish its share of entertainment at the concerts of the season.
