UNION COLLEGE, SCHENECTADY, N. Y.

The College offers undergraduate courses as follows:

- 1.—CLASSICAL COURSES—Leading to the Degree of A. B.
A. Greek is required for admission to this Course.
B. Greek is begun at entrance and is required for four years.
- 2.—LATIN-SCIENTIFIC COURSE—Leading to the Degree of Ph. B.
This Course offers Latin without Greek.
- 3.—SCIENTIFIC COURSE—Leading to the Degree of B. S.
In Courses 1, 2 and 3 the greater part of the work of the last two years is elective.
- 4.—GENERAL ENGINEERING COURSE, of four years, leading to the Degree of B. E.
During the third and fourth years two alternative options are offered in this Course.
Option A—In which the fundamental principles of advanced technical subjects receive emphasis.
Option B—In which studies are offered which give a preparation for engineering positions of an executive or administrative nature.
- 5.—GENERAL ENGINEERING COURSE, of six years, leading to the degrees of B. E. and Ph. B.
This Course provides college and technical training by combining Courses 2 and 4.
- 6.—SANITARY ENGINEERING COURSE—Leading to the Degree of B. E.
- 7.—ELECTRICAL ENGINEERING COURSE—Leading to the Degree of B. E.
The College offers also graduate courses in Engineering of one year's resident study, as follows:
- 8.—Graduate Course in General or in Sanitary Engineering, leading to the Degree of M. C. E.
- 9.—Graduate Course in Electrical Engineering, leading to the Degree of M. E. E.

NEWS ABOUT THE GYMNASIUM

The following is a letter recently received from C. L. Mead, '09, to let the students know what is actually being done in the work for the new Gym. This letter is an encouraging one and will be read with interest by all.

Sault Ste. Marie, Mich., Sept. 17, 1909.

Editor Concordiensis,

Schenectady, N. Y.

Dear Sir—It has occurred to me that the following facts in connection with the progress of the gymnasium project will be of interest to the student body. You may publish them as you see fit.

Since college closed in June, Potter and I have been able to see personally between two and three hundred Alumni. Of this number but three have refused to do something to help the project along. It has happened that the larger number of men seen have been members of the more recent classes. These subscriptions have averaged something over \$50 per man, in many cases entailing great sacrifice on the part of the subscribers, thus duplicating to a large extent the spirit shown in the college meeting of last December.

The encouragement met with on all sides seems to point to the certain success of the project. The Alumni in the Western cities are at the present time being seen personally by enthusiastic graduates of their locality who have kindly volunteered for the work. The Alumni of the more isolated towns have been, to a very large extent, written to personally, and there is every reason to believe that the responses from these will be most satisfactory.

I am planning to leave for Duluth the end of this week and see the Alumni there and in Minneapolis, St. Paul and Milwaukee, meeting Potter in Chicago about the 26th of this month. In the meantime he is seeing the Alumni in Nebraska, the eastern part of Kansas, St. Louis and Illinois. After Chicago has been gone thru we are planning to gradually work back East, covering southern

Michigan, northern Indiana and Ohio. From there we expect to come to Schenectady and make arrangements to receive the first payments on subscriptions which are due the first of November.

Hon. W. T. Foote, '85, has shown much interest and enthusiasm in the project, and as he is a man of considerable means, this is a source of much encouragement.

Too much credit cannot be given to the untiring energy of Professor Opdyke and Dr. MacComber, who have been behind us every minute. President Richmond, too, has given us every possible aid, as has Dr. Barnes and several other members of the faculty.

We are meeting with enthusiasm from the Alumni on every hand, and I believe that June, 1912, will see the new Gym completed, or at least well under way.

It might be well, for the benefit of the present Freshman class, to publish the printed matter contained inside this letter.

Sincerely yours,

C. L. MEAD, '09.

As suggested by the last sentence in the above letter, we take the opportunity to print the matter which is printed on the letter paper as sent to all the Alumni in request for aid in this movement.

"A GREAT GYMNASIUM FOR UNION."

The Gymnasium Project in a Nutshell.

WHY—Union's present gymnasium was one of the first college gymnasiums built in America. It was constructed when modern ideas of physical training and development were practically unknown, and was intended to accommodate perhaps one hundred students. At the present time it is not only far inferior to the gymnasiums of other colleges of Union's size and standing, but it is also inferior to the gymnasiums of most first-class preparatory schools. It is a source of shame to every Union man and to every friend of the

college. It is one of the greatest handicaps to be overcome in securing new students.

The development of the body as well as the mind has come to be recognized as of vital importance in a college education. The opportunity for systematic physical exercise is at the present time very inadequately provided for at Union. This is a serious condition, and it is due entirely to the lack of proper facilities—which only a modern gymnasium would secure.

A college should by no means be advertised by its opportunities for physical development or its athletic prowess, but at the same time a college, nowadays, can ill-afford to ignore these things. Men who are choosing colleges prefer those where all sides of their lives are going to find the best expression.

HOW—The Union College Gymnasium Association has been organized for the purpose of providing for Union's greatest present need—a new Gymnasium. It is the result of a student movement in which the undergraduates started a Gymnasium fund by subscribing the sum of nearly nine thousand dollars. This is an average of about \$30.00 per man. Many of these subscriptions mean much real sacrifice and hard work.

Two members of the Class of '09 have been appointed to make a systematic canvass of all the Alumni of the college to secure additional subscriptions to the fund, until it reaches the sum of \$100,000—the necessary amount to complete the project. As far as practical the Alumni will be seen personally and the remainder will be asked to subscribe through the mail.

The organization was completed and the canvass begun in June, 1909. There are about 2,300 Alumni—more than half of whom will be seen personally. In order that the project may succeed, the average subscription per Alumnus must reach \$50.00.

There are many, perhaps, who cannot afford to meet this average, but there are also many more who can well afford to give considerably more than this amount. Each Alumnus is urged to do all that he possibly can, in order to make up for those who fall short. The walls of the Trophy

Room are to be lined with bricks which are to bear the names and classes of the contributors. These bricks are to be sold at \$5 per brick.

A systematic canvass of the Alumni of Union College has never been made. Heretofore, contributions for the upbuilding of the College have been made by the few rather than the many. Union's new Gymnasium is to be built by *all* of her sons, working together.

WHERE—Action has been taken looking toward the landscaping of the campus as a whole by competent architects. Consequently the exact location of the Gymnasium building is at present undetermined. It is probable that the College Pasture will be chosen as the site. Wherever the new Gymnasium may be situated, however, provision will be made for the later construction of a thoroughly modern Athletic Field within a convenient distance.

WHEN—If the plans of the Association materialize, as there is every reason to believe they will, the new Gymnasium will be completed by September, 1912. It will be a thoroughly modern building, amply able to accommodate five hundred students. It will contain a large exercise hall, running track, plunge, etc., and will provide room for Alumni dinners and other social functions.

In short, it will be a building of which Union may be justly proud and will be a fitting example of Union's progress.

FOOTBALL TRAINING TABLE.

The following men are at present eating at the training table at No. 48 Glenwood Boulevard. Shutler, '10; Hequembourg, '10; Kriegsman, '10; Vedder, '10; Stewart, '10; Anderson, '10; Brown, '11; O'Connell, '11; Fairbairn, '12; Sellnow, '12.

A CORRECTION.

In the article on the present endowment of the College, as printed last week, the statement was made that the fund is \$400,000, which is incorrect. The endowment is \$400,000 more than it was four years ago, and about \$800,000 in all at present.

COLLEGE MEETING.

Prof. Opdyke Reports on "Gym."—"U" Track Awards—Freshmen Rules.

Monday's college meeting was probably one of the most important of the fall term. Prof. Opdyke reported for the "gym" committee; the announcement of the "U" track awards was made; and the freshmen rules committee gave its report.

Prof. Opdyke gave a short sketch of the work done by Messrs. Mead and Potter during the summer. Immediately after the close of college the Alumni in this city were canvassed and only one or two refused to contribute. Also at commencement cards were sent out to Alumni reminding them of the plans for the "gym" and asking for their support. The middle of August, the committee started out again. Mead went through Michigan and Minnesota and so around to Chicago. Potter canvassed from Omaha to St. Louis, swinging around to Chicago from the south. From Chicago the two will come East, reaching Schenectady some time next month and then canvass Troy, Albany and the remainder of New York State. Thus far, about two hundred Alumni have been seen personally. From these, subscriptions have been received averaging about fifty dollars each so that the amount at present pledged by Alumni totals about \$10,000. Subscription blanks have been sent out to Alumni who cannot be seen personally and the future of the whole proposition looks bright.

The trustees have given permission to have the building located in the pasture and the plans committee, of which Dr. "Mac" is chairman, is constantly trying to improve the specifications of the building.

Prof. Opdyke also gave notices as to the payment of notes due on October 1.

T. D. Walser urged every man in college to subscribe for the Concordiensis.

Particulars as to the parade were announced by A. C. Potter, who also urged the fellows to support the Press Club as the club had done much to advertise Union last year, and should have the support of the students. He also urged

the freshmen to come out and try for the club.

For the Glee Club, Smith stated that the success of the club depended upon the men being prompt and faithful at rehearsals. Slutter spoke for the Mandolin Club along the same line.

President Cavert announced a campus meeting for Friday evening and urged it upon every man as a duty to get out and be ready for the game on Saturday.

Ferguson gave the report of the Athletic Board on the "U" awards for tracks work last year as follows:

Track U—'09: Rankin, Finch; '10, Dennis, Paul, Walser, Lee (Law); '11, H. Huthsteiner, Travis, Van Aernam; '12, Coward, Case, Ruprecht, Riley, Marsh, Smith, Hand.

S. V. Travis, 2 mile run, 10 min. 36 2-5 sec., May 29, '09.

Also the rules were adopted as reported by the freshman rules committee.

J. W. Faust, Union, '09, leaves Schenectady this Wednesday to go to Baltimore, where he will attend the Johns Hopkins Medical Institute.

Whiteside, '11, has been elected by the Athletic Council as assistant baseball manager.

C. A. Esmann, a graduate of the Baltimore City College is taking a special course at Union in Sociology.

Faust, '11, and H. Baker, '11, have been nominated as junior members of the executive committee for the erection of a new "gym." The election will be next Monday.

Everybody turn out to the campus meeting Friday night and support the football team in every way possible.

Freshmen Rules

At the college meeting last Monday noon the matter of freshmen rules was again brought before the three other classes and a set of such rules, which appear at another place in this issue, was adopted by those classes. These rules do not contain a provision that has not been in vogue in previous years here on the Hill, but for some reason they have not been strictly enforced. So it became necessary that some definite rules should be put into use. It may seem to the freshmen that some of these regulations are rather strict, but when the spirit of them is appreciated they will not appear so. They are all meant for the good of the freshmen, which they will realize when they become upper-class men. The one point for the freshmen to bear in mind is that these are not ideas of the sophomores, but have been gotten together by the Seniors. The sophomores are to see that they are strictly enforced, with the consent and aid of the upper classes.

In this issue we take the opportunity to issue the regular call for freshmen members of the Concordy Board. Every year it is customary for several freshmen to register for the positions of reporters on the board, the ones who have shown themselves to be of ability to be chosen at the time of the annual board election. This year we want about ten freshmen to try for the board. In this way we will be able to put out a better paper than otherwise, and we are trying to make the paper as good as possible. Those who do this will not only be helping the paper and the college, but will be deriving a personal benefit therefrom. We also wish to have two more men from the sophomore class and one more from the junior class on the board. These men

may register at any time with the editor. Also registration for the position of Assistant Manager is now open to all sophomores. This is a position which needs a man of good business ability, and a very good chance is given to anyone with such ability. Those who desire may register with the manager at once.

Freshman Football In all the usual college activities we here at Union have always been lacking in one respect, namely, a good freshman football team. At most colleges the freshman team is one of the most important and most cherished teams of the college year. While here at Union there may not be enough material to spare from the 'Varsity to have a really first-class freshman team, still there are surely enough fellows who are not of 'Varsity calibre in the freshman class who could form a team which would be a credit to themselves and to Old Union. This year an attempt will be made to produce an excellent team from the freshman class, which may show up some men who may later be of great help to the 'Varsity. So let every freshman who possibly can turn out for the team and try to wipe out the disgrace of a defeat in the cane-rush by an overwhelming defeat of the sophomores in the much more manly diversion—football.

FOOTBALL ASPIRANTS

List of men who are out for the football team:

1910—Anderson, Hequembourg, Irish, Kriegsman, Slutter, Stewart, Vedder.

1911—Micks, Atkin, Dowman, Houk, Robinson, Brown, O'Connell.

1912—Fairbairn, Hardenbergh, Mann, W. J., Sellwood, Tiebout, Riley, J. E., Smith H. S.

1913—Bouton, Coleman, Dewey, Kittson, Morgan, Stewart, Ulrich, Wilcox.

Law School—D. O'Connell.

AN OLD UNION CUSTOM—ITS ORIGIN.

"Perhaps one of the most distinguished institutions of Union is the Idol. Its early home was China, from which country it was sent to Union by the distinguished missionary, Dr. John L. Nevius, Union, '48. It first appeared upon the campus in 1874. The place assigned to it was in the rear of the President's house, in the center of an avenue leading to the Nott Memorial Hall, now used as the college library. It became at once an object of great interest, and for a time was treated with respect as a heathen god. One morning, however, as the President was hurrying to chapel, he glanced at this foreign deity, stopped suddenly raised his hands and exclaimed (so it is said), "Oh, my God!" During the night the "god" had been painted white, or perhaps had only been whitewashed. At all events it had changed color, but by whose hands was a mystery. "The Vandalism of College Students" was the subject of a lecture delivered soon after in the college chapel. The offence was not repeated immediately, but a precedent had been established, and many years did not pass before midnight decorators were again at work. After that all attempts to protect the "graven image" were in vain, and in time it became as certain as sunrise that some morning each year would find a freshly painted "idol" back of the President's house. It might have been for the purpose of removing from the sight of every passer-by such evidence of student lawlessness that, after the Powers-Washburn Memorial Hall (the Red Building) was built, the Idol's shrine was changed to a hidden and unfrequented spot back of the hall."

The foregoing appears in the first volume of "Union University," a history of Union published some years ago by Dr. Raymond. The undergraduates need no further information in regard to the present use of this painted deity. The exact date, when the Idol and vicinity were made the scenes of underclass contention, is not known, but the fact remains that this is one of the many distinctive customs of "Old Union."

THE CLASS OF 1909—THEIR WORK AND ADDRESSES.

A canvass of last year's seniors shows that the class of 1909 is already pretty well scattered. As might be expected, the majority is engaged in engineering work of some form.

Brown and Scutt are engaged in civil engineering work. Tapscott, Brunet, R. P. Clark, Starbuck, Streibert, Foote and Simpkins are in the General Electric Testing Department, while Finch, Harkness and Allen are employed in the Locomotive Works. The teaching profession has claimed several men—Mould, instructor in Latin, and mathematics in Mercersburg Academy; Welles, principal of the High School at Morris, and Wachter, instructor in English at R. P. I. and head of the modern language department at Troy Academy.

Wilson and McCormack have entered Albany Normal College. Millias and Faust are to enter the medical profession; the former being a student at Albany Medical College, while Faust will enter Johns Hopkins this fall. Failing has entered Albany Law School.

The following are the addresses of the men so far as obtainable at the present time:

- F. A. Allen, M. S. N. C.

RESOLUTIONS

By the Student Body of Union College in Memory of Eben Joseph Long of the Class of 1910.

Whereas, During the past summer, our Heavenly Father has called from our midst one of the respected and beloved members of our college; therefore be it

Resolved, That at this first college meeting of the student body, we desire to express the sense of loss we feel at the death of one who, during his years with us, had won the affections and the esteem of all with whom he came in contact; and be it further

Resolved, That we extend to the family of our deceased brother our heartfelt sympathy, and that a copy of these resolutions be sent to them, and that a copy be preserved on the records of the student body.

S. M. CAVERT, A. E. KRIEGSMAN,
H. H. GROVER, Committee.

THE CARNIVAL PARADE.

Notwithstanding the fact that the parade on Monday night was held in the midst of a steady drizzle of rain, the spirit of the students was not materially dampened. They had been planning on a very interesting and pleasant time and were not to be easily done out of it. There were about one hundred and fifty or more of the students in line, attired in all sorts of "evening dress" marching four abreast with the float of the "Idol" leading the line. The worst part of the parade was the waiting before the line started but during that time they amused themselves with songs and cheers so that the rain was scarcely leeded. And all the way from Jay Street to the park the singing and cheering was kept up, much fun being created by the antics of several of the students who were very effectively dressed. When the line reached the park, the students were very glad to get the hot coffee and sandwiches which were provided through the "kindness" of Caterer Goodman.

Although the weather was very unfavorable and the students were in the rear of the line, it is admitted that they made the hit of the whole parade.

RECEPTION TO FRESHMAN CLASS.

Last Friday evening the freshman class was entertained by the Lambda Epsilon Society of the State Street Presbyterian Church. The committee in charge of the program had provided an interesting evening of entertainment, which was greatly enjoyed by the students. Not as many of the fellows turned out as was hoped for, but in view of the fact that most of the freshmen are as yet unfamiliar with city streets a goodly number found their way to the reception.

A lad there was, and he went to school
(Even as me and you),

But he called it a "college," by rote and rule,
So he started right in to play the fool,
And he never took in that dunce's stool
Was waiting to find a crew!

A kid he was, but he led the van
(Even as kidlets do),
He whooped and he yelled like a bleacher fan,
As brash and as cold as an empty can;
But he thought he was really a great big man,
And leading the bunch, a few!

A dream he was, in his roaring socks
(Even as all must see),
A dream that awakes and alarms and shocks,
With sweaters that howl for a block of blocks,
And charming the creatures of frills and frocks
With swagger of deviltry.

A drone he was, like a lazy Turk
(Even as one might guess),
He worked at his play and played at his work,
He settled his books with a slam and a jerk,
And lit on a thousand ways to shirk,
A little bit less and less!

A chump he was, with a cigarette
(Even as flows the tide),
With a cuss word ready and cash to bet,
But waiting a lesson he won't forget,
When the wind is cold and the rain is wet
And the world will tan his hide!

Munson, '12, has been elected manager of the sophomore track team.

T. D. Walser, '10, is coach of the freshmen football team.

The foundation of the Delta Upsilon house has been completed and the framework is now being erected.

COLLEGE BRIEFS.

A meeting of the Bible study committee was held Tuesday afternoon.

The freshman class picture was taken Monday afternoon.

"Prexy" Richmond was in New York during the first part of the week.

The student body of Columbia College recently petitioned their faculty to again be allowed to participate in intercollegiate football. The faculty, however, refused to grant permission, no intercollegiate football having been played there since the death of a Union College man on their field.

The junior class election which was scheduled for Wednesday noon was postponed until Friday.

Robinson, ex-1910, has returned to college with the class of 1911.

After a year's absence from college, Hardenburg has returned with the class of 1912.

Rogers, '13, finished first in the mile in the meet held by the Hilton A. C. recently.

Mr. C. D. Puglsey, through the Lake Mohonk Conference on International Arbitration, offers a prize of \$100 for the best essay on "International Arbitration" by an undergraduate of any American college or university. Particulars are posted in the library.

Ashy—Is Butler present?

A voice from the rear—I am here.

Ashy—Oh, excuse me, I thought you were something else.

THE CHRISTIAN ASSOCIATION

Dr. Yamaguchi Speaks at Sunday Vespers.

At the regular Y. M. C. A. vesper service Sunday afternoon, Dr. Minosuke Yamaguchi of Japan spoke on the subject, "From Buddha to Christ." Dr. Yamaguchi, who is a Yale graduate, and is now studying medicine preparatory to returning to his native land as a missionary, contrasted in an interesting and humorous way the customs of Japan and America, and then took up the religious conditions in his native country. He said that Japan was still far from being a Christian nation, for only one out of every 800 persons is a Christian. He also showed how great is the need of

Christian workers, there being only 700 missionaries to fifty million people, and said that if any one wished to go as a missionary to Japan, he did not need to wait until the missionary board had money enough to send him, for by applying to the Tokio Y. M. C. A. a person can secure a position with an adequate salary, as teacher in the native schools.

At the next Tuesday evening meeting Dr. George R. Lunn of the Second Reformed Church will speak on social problems.

RESOLUTIONS

By the Class of 1910 of Union College in Memory of Eben Joseph Long of the Class of 1910.

Whereas, Our Heavenly Father has seen fit to take from our midst our loyal and beloved classmate; therefore be it

Resolved, That we greatly mourn the loss of one who has not only been one of our number three years but has also, by his earnestness as a student and by his clean and upright character, done so much to honor his class and his college; and that we extend to his family in this time of their bereavement our sincere sympathy and express to them our deepest sorrow at their great loss, which is also in a very real sense our loss; and be it further

Resolved, That a copy of these resolutions be sent to our classmate's family and that a copy be preserved in the records of his class.

TRACK.

Regular track practice is being held every afternoon. A large squad is trying for the cross-country team, and many of the other men are keeping up regular training.

Besides the cross-country run with Hamilton, it is expected that several preliminary runs may be held with the students of the Albany departments.

Novice and handicap meets will also be held later in the fall. In the handicap meets which will be open to everybody, liberal handicaps will be allowed and everyone will have an equal chance whether having had any track experience or not.

It is hoped that many, especially members of the freshman class will begin training for these events. There are numbers of freshmen who are not on the football squad who should go out for track work and Captain Dennis is anxious to have them begin training at once. He is not only looking for the men with high school records to come out but also everyone who is at all able to engage in athletics.

FRESHMEN RULES.

The committee consisting of Ferguson, '10; Zimmer, '10; Faust, '11; Coffin, '11, and Webb, '12, have drawn up the following freshmen regulations which were adopted at the college meeting on Monday:

1. Freshmen caps must be worn on all occasions in this city (Sundays included) until the end of the fall term.
2. Pipes and cigars are forbidden on the campus and streets of Schenectady until "moving up day."
3. Every freshman must always greet an upper-classman or sophomore first when meeting him on the campus or street.
4. No freshman is to sit in the front row or box of any theater of this city under any conditions.
5. No freshman is allowed in Glenn Bros. or the Crown unless accompanied by an upper-class man.
6. Freshmen must remain seated in chapel until the three upper classes have passed out.
7. Freshmen must show proper respect to upper classmen at all times.

Mrs. Richmond sailed Monday for Europe.

J. B. Stewart, '13, has been elected captain of the freshman wrestling team.

Rogers, '13, has been appointed temporary captain and manager of the freshman track team.

A song and cheer practice was held on the bleachers Tuesday afternoon at 4:30.

The following article appeared in the New York Tribune for June 14, 1909. It was written by George H. Daley, who is a Union man of the class of 1892:

"The importance of a baseball team or a football team making a natty appearance on the field was called to my attention in a rather forcible way at a college baseball game last week. The team in question played fast, snappy baseball, but the effectiveness and cleanness of the work were almost lost sight of because of the slovenly appearance of the men on the field. Grace and freedom in action are heightened to a large extent by the neatness with which a player is dressed, and there is absolutely no more excuse for sloppiness and carelessness in appearance than for sloppiness or carelessness in the execution of plays. If a lot of men or boys offend the sight or any of the other senses of the onlookers they cannot expect to have the proper support and good feeling that are so essential to success. It matters not that the suits are soiled or old or show the marks of hard usage, there could still be neatness and a general natty appearance. This pleasing effect is lost, however, when the trousers hang half way between knee and ankle, while one man wears a jersey cut low in the neck, another one high and a third perhaps a baseball shirt or a sweater. There are some, perhaps, who may think that all this is much ado about nothing, but it is deserving of the close consideration of the manager and captain of every football, baseball or any other athletic team, whether in amateur or professional ranks. All the senses must be appealed to, and harmony and good taste on the field are quite as important as in the drawing room."

Brilliant (?)—The forms of expression in conversation might be expected. To explain—The remarks of a native of the plains of Russia would, perhaps, be rather flat, while the conversation of the inhabitants of peaked Switzerland might be pointed.

A number of students from other colleges have entered advanced classes at Union this fall.

Polly—Does the topography of a country influence the character of the inhabitants or their mode of living? Contrast, with that in view, Russia and Switzerland.
