## UNION COLLEGE

ANDREW V. V. RAYMOND, D. D., LL. D., President.

### UNION COLLEGE, SCHENECTADY, N. Y.

1. **Course Leading to the Degree of A. B.**—The usual Classical Course, including French and German. After Sophomore year the work is largely elective.

2. **Course Leading to the Degree of B. S.**—The modern languages are substituted for the ancient and the amount of Mathematics and English studies is increased. After the Sophomore year a large list of electives is offered.

3. **Course Leading to the Degree of Ph. B.**—This differs from the A. B. course chiefly in the omission of Greek and the substitution therefor of additional work in modern languages and science.

4. **General Course Leading to the Degree of B. E.**—This course is intended to give the basis of an Engineering education, including the fundamental principles of all special branches of the profession, a knowledge of both French and German, and a full course in English.

5. **Sanitary Course Leading to the Degree of B. E.**—This differs from Course 4 in substituting special work in Sanitary Engineering for some of the General Engineering studies.

6. **Electrical Course Leading to the Degree of B. E.**—This differs from Course 4 in substituting special work in Electricity and its applications, in place of some of the General Engineering studies. This course is offered in co-operation with the Edison General Electric Company.

7. **Graduate Course in Engineering Leading to the Degree of C. E.**—A course of one year offered to graduates of Course 4, 5 or 6.

There are also special courses in Analytical Chemistry, Metallurgy and Natural History. For catalogues or for special information address

BENJAMIN H. RIPTON, Dean of the College,  
Schenectady, N. Y.

### DEPARTMENT OF MEDICINE.

**Albany Medical College.**—Term commences last Tuesday in September. Three years strictly graded course. Instructions by lectures, recitations, laboratory work, clinics and practical demonstrations and operations. Clinical advantages excellent.

**Expenses.**—Matriculation fee, \$5; annual lecture course, \$100; perpetual ticket, \$250; graduation fee, \$25; dissecting fee, \$10; laboratory course, each, \$10. For circular address

WILLIS G. TUCKER, M. D., Registrar, Albany, N. Y.

### DEPARTMENT OF LAW.

**Albany Law School.**—This department is located at Albany, near the State Capitol. It occupies a building wholly devoted to its use. The course is one year, divided into two semesters.

**Expenses.**—Matriculation Fee, \$10; Tuition fee, \$100. For catalogues or other information, address

J. NEWTON FIERO, Dean.  
ALBANY LAW SCHOOL, Albany, N. Y.

### ALBANY COLLEGE OF PHARMACY.

Exercises held in Albany Medical College. Annual lecture term commences Monday, Oct. 5. For catalogue and information address

DE BAUN VAN AKEN, Ph. G., Secretary,

## The Game with Hamilton, 4-4.

The first of the scheduled games for the football championship of the New York State Intercollegiate Athletic union, was played on the campus last Saturday afternoon, between Hamilton and Union. The game was close and exciting throughout and was witnessed by a large number of spectators. The result of the game was a tie, each side scoring a touchdown and each side in turn failing to kick a goal.

The two teams were pretty evenly matched but the wearers of the garnet in weight averaged lighter than their opponents, but nevertheless put up a much faster game. Especially was this evident in Union's offensive play, while our defensive was far inferior. The game was characterized by clear, fair playing and the impartial decisions of the officials. Hamilton worked with much success a long pass from one half back to another, and it is this play that cost Union the game, for in all other respects Union's playing was superior to her opponents.

Both teams are anxious to meet each other again, and if the managers can arrange a satisfactory date the teams will probably line up on neutral ground.

As was the case in the game two weeks ago, the score at the end of the first half was 4-0 against Union, but this fact did not seem to depress the "rooters" whose hearty support did much to encourage the eleven.

The game was called at three o'clock. Hamilton won the toss-up, and chose to defend the south goal. Hoxie started the game with a long kick which went behind bounds. On the second attempt the ball was caught by a Hamilton back who was downed on their twenty-yard line. Union soon got the ball on downs and started to advance it towards their opponent's goal. Hamilton took the ball but were unable to gain and lost it to Union. When only five yards from the

line Union fumbled and then had to bring into practice her defensive play, for Hamilton began to steadily push the leather back across the field. Several times they fumbled, but it was always a Hamilton man who fell on the ball. When only one yard from Union's goal line, Hamilton fumbled and when the mass of players had been untangled, "Trout" Bookhout was found on the ball. Hoxie kicked, but only for twenty yards, and soon by a series of rushes, Hamilton had made up the lost ground and scored a touchdown. Cunningham failed to kick a goal, and before the players could line up, time was called for the first half.

Hamilton opened the second half with a kick-off. Hoxie caught the ball and made a pretty run to the centre of the field. Crichton then took the ball around the left end for twenty yards, but Union, after another short gain, lost the ball and Weber for Hamilton made a splendid run of fifteen yards around the right end. Union got the ball on downs and then started toward the Hamilton goal. Time and again they went through the Hamilton line, which seemed totally unable to resist the onslaughts of Capt. Crichton's men. On the ten-yard line Hamilton got the ball and kicked, but it took only a few more rushes on the part of Union to score a touchdown. Hoxie tried for a goal but the ball struck the side of the goal-post and glanced off.

The ball was again put in play by Hamilton but after a few moments' playing time was called, with the ball on Union's twenty-yard line.

Two halves of twenty and fifteen minutes each were played, and the officials were: Linesmen and timekeepers, Messrs. Pollard and Towner; referee, first half, Mr. Wilson, second half, Mr. Richards; umpire, first half, Mr. Richards, second half, Mr. Wilson.

The two teams lined up as follows:

HAMILTON (4)	UNION (4)
Millham.....	right end.....Price
Stowell.....	right tackle.....Schmitter
Finn.....	right guard.....Fenton
Redman.....	centre.....Bookhout
Drummond.....	left guard.....Thomas
Cunningham.....	left tackle.....Carver
Warner.....	left end.....Weed
Heyl.....	quarter back.....Smith
Rogers.....	right half back.....Crichton
Weber.....	left half back.....Robinson
Robertson.....	full back.....Hoxie

### Intercollegiate Athletics Discussed.

The advisory board of the New York State Intercollegiate Athletic union held its annual meeting Saturday afternoon at Bagg's hotel, Utica. The following representatives were present from the four colleges composing the union; From Union, Prof. Howard F. Mosher, F. E. Cullen; from Hamilton, Prof. W. H. Squires, C. J. France, George E. Dunham; from Hobart, Prof. J. C. Fernand, J. M. Johnston, J. C. Jager; from Colgate, Prof. J. F. McGregory, W. E. Weed, E. H. Smith.

The finance committee reported that \$558.14 had been received at the athletic meet last May, of which \$281.30 remained in the treasury. Of this amount, \$50 was appropriated for each college and turned over to its representatives.

The following officers were then elected for the ensuing year: President, W. E. Weed, Colgate; vice-president, F. E. Cullen, Union; secretary, J. C. Jager, Hobart; treasurer, George E. Dunham, Hamilton.

The following committees were named by the president: Finance—Prof. Fernand, Hobart, Prof. Mosher, Union, Prof. Squires, Hamilton, Prof. McGregory, Colgate; athletic—E. H. Smith, Colgate, Prof. McGregory, Colgate, Prof. Squires, Hamilton, C. J. France, Hamilton, F. E. Cullen, Union, J. C. Jager, Hobart; judicial—J. M. Johnston, Hobart.

Union's representatives attempted to change the rules so that the power of arranging schedules and deciding on a uniform system of guarantees should be transferred from the captains and managers to the advisory board. After some discussion the resolution was tabled until the next meeting in March.

There was considerable discussion concerning the existence or non-existence of a baseball and football league. The constitution was interpreted to provide only for a track athletic league, thus leaving the question of the other two leagues to the discretion of the managers. If they arrange a complete schedule of games, the league has then a tangible existence but only to the extent that it is responsible for the payment of guarantees.

Utica was again fixed upon for the Memorial day games of 1898 and the board then adjourned.

### Union's Musical Interests.

Now that the regular college work has gotten into good working order, attention is turned to the various undergraduate organizations and not the least among these is the musical association. The managers are confronted daily with the question, "What are the prospects for the year?" To all such questions an indefinite reply is received.

The brilliant reputation, however, made by the clubs last year is not yet forgotten by the students, the alumni, nor the audiences which listened to their concerts. Some of the members of last year were lost by graduation but there is still ample material in college for clubs of the first rank.

Mr. Frank MacMahon and Clarence Stewart, who conducted the glee and banjo clubs respectively last year, will again fill those positions. The place of Mr. O'Neill as leader of the mandolin club will be filled by Prof. Henry McClure, the director of the famous Capitol City Mandolin club of Albany.

The managers have undertaken some new departures and it remains with the student body whether they will or will not co-operate and make the association what it should be, the exponent of the refined side of college life as found at Union.

A review of these facts will make it evident that the "prospects" of the association are encouraging and it will be a cause of regret if minor and personal advantages are sought in preference to the success of an organization which has done the college so much good and of which every student has a reason to feel justly proud.

To create and maintain a successful club, competent leaders are required and their services cannot be secured for a mere pittance. Until the reputation of the clubs is better established they are compelled to travel on new ground for actual expenses, therefore for the present the financial support of the students is necessary.

Bray, 1900, of Williams college, spent Monday among friends on the hill.

### Track Athletics.

Although football is taking the greater part of our attention at present, we are soon to have an inter-class track and field meet in which the freshmen are expected to show their colors and in which we can get a forecast of the athletic strength and skill that we expect to hold up the colors of old Union next spring. In this branch of sport we have always been strong and while present appearances do not point to a team of such record breakers as we have known formerly, yet we can expect consistent all-round results of a high class.

Several entering freshmen have won renown in their preparatory schools. Weed, who has made the football team, has records in the high hurdles and pole vault better than those of the college which have stood for eleven years. He has also won several quarter mile races in fast time. Bennett won mile and quarter mile in the spring meet of the Amsterdam High school. Harran is well known as a good quarter miler, and Keller's reputation as a pole vaulter and sprinter has preceded him. Cooper is a fast bicyclist, has a pole vault record equal to that of the college, and is a good shot putter. Merri-man is expected to do well in the half mile. Other freshmen are taking parts in the cross country runs, and the outlook from the class is encouraging; the more so if they take as much interest in track athletics next spring as they are now taking in football.

It will be seen that we have in embryo, material that will supply O'Neill's place in the quarter. But Cotton in the walk will be sadly missed. He made an enviable record in this game, solely through perseverance; beginning with a touch of consumption and ending with fourth place at Mott Haven, no small honor for any athlete.

In the approaching meet many of the events lack champions and the men who work best will probably win their events. The sprints will probably go to Price, the broad jump to Davis, the bicycle to Hild, the low hurdles to Captain Sylvester, and the half to Hartnagle; this is all of which we can be fairly certain,

leaving eight events to be won by the man who works hardest. Captain Sylvester and manager Cox are doing all in their power; let us show that we feel how much "college spirit is public spirit for college men" and make a success of the meet.

### President Raymond in Tennessee.

President Raymond left this morning for the Tennessee centennial at Nashville. Dr. Raymond and the party from New York state will go by special train to the exposition, stopping off at Lookout mountain and Chattanooga. October 12 will be New York Day at the Centennial and the exercises will be presided over by Lieutenant Governor Timothy L. Woodruff. Several prominent men from the state will take part, but the main address of the day will be delivered by Dr. Raymond. The president expects to be back by Oct. 14 or 15.

An Associated Press despatch from New York says:

The New York state commissioners to the Tennessee Centennial at Nashville, held a meeting yesterday afternoon and decided upon a program for New York state day, Tuesday, October 12. The people from New York will go in carriages from the city to the exposition grounds, escorted by the provisional battalion from Kings county. The exercises will be in the auditorium building and will include an address by Lieut. Gov. Timothy L. Woodruff, who will also preside. There will be short addresses by Robert R. Hefford of Buffalo; Hon. Titus Sheard of Herkimer, and Stephen B. Corliss of Albany. The main address will be delivered by Dr. Raymond, president of Union college, Schenectady.

### Stewart Wins Out.

The final singles in the tennis tournament were played off Tuesday afternoon between Hoxie, '98, and C. Stewart, 1900. After a fine series of games the championship was won by Mr. Stewart.

THE attention of every undergraduate is called to the statement of the manager of the musical organizations in another column of this issue. The matter is of as vital importance to Union's welfare as any department of athletics.

LAST Saturday's game while it did not result in the much desired victory was not without its bright features. In fact, the students and the team, the alumni and the friends of the college are to be congratulated; not on the score of four to four, for that was of course, a disappointment. But they are to be congratulated upon a splendidly played game, and on the spirit that was manifest throughout its progress. The contest was one to delight the soul of Casper Whitney or any other lover of college sport at its best. The most carping critic could have found no cause for complaint. The Hamilton team also played an excellent game and won their honors fairly and honorably. They well merited the good treatment they received from their friends in Union.

THE game with Hamilton showed such a marked improvement in the team, that the members of the "scrub" should ask no additional evidence as to their prime utility. We hope that this week will be characterized by a larger and heavier second team than ever. No other one factor enters more extensively into the ultimate success.

WHILE football is properly attracting so much attention, there should also be kept in mind the existence of our track athletics. Those athletic undergraduates who will not or can not play football, should be getting in some good practice in anticipation of the annual fall meet. This meet always presents a splendid opportunity for new men to show of what stuff they are made, to say nothing of the honors to be won for one's class.

FOR the benefit of those who have registered for positions on The Concordiensis and The Parthenon editorial boards, we will state that the fundamental requisite is proof of ability to work. The fact that a man has secured a place by work in his freshman year, by no means insures him a position in his junior year if he ceases his efforts during his sophomore year. This rule has always been in vogue where athletics were concerned and shall rule all future literary appointments. If a man, by hard practice, 'makes' the football or baseball teams one year, it would be absurd to give him a place on the succeeding team merely because of endeavor in former years. The truth of this should appeal to every student. Furthermore, if some candidate for editorial honors should prove his excellence and worthiness during his sophomore or junior years, even if he had not previously entered the contest, he will be accorded a fair opportunity.

It should not be forgotten, however, that preference shall always be shown those who have entered by regular registration in the freshman year. And the cases of fitness developed later than the sophomore year are so rare, that they should have little or no place in the plans of prospective editors.

### For Editorial Candidates.

In the first place, the position of editor on a university daily serves, as nothing else can do, to put a man into touch with everything that concerns the welfare of his college, and also brings him into personal contact with many who hold positions in its administration. As a consequence, there is cultivated in him a strong and loyal interest in everything affecting his alma mater, and a broader view than he can otherwise obtain of her relation to her students and organization, and to the educational world in general. In the second place, such a position serves as an invaluable aid in enabling one to cultivate a clear and concise English style, a priceless possession throughout life.—Ex.

### Manager and Captain Elected.

A meeting of those men eligible to vote for captain of the baseball team was held Saturday morning, and Warren W. Thatcher, 1900, was unanimously elected to that position. Mr. Thatcher pitched all last season on the 'varsity and was one of the best pitchers Union has ever had. The selection was a fortunate one and a successful season is assured.

At the college meeting held last Monday, Leroy T. Bradford, '99, was elected assistant track athletic manager.

### Psi U. Dance.

A most enjoyable dance was that given by the Psi U.'s in their chapter house last Friday evening. Gioscia furnished the music, which, as usual, was excellent. Dancing continued until long after midnight, when "Joe" accompanied those present in some of Union's good old songs. Among those present from out of town were: Misses Beecher and Mrs. Hall of Balston, Miss Anderson of Los Angeles, Cal., Miss Hulty of Brooklyn, Miss Mason of Baltimore, and Messrs. White, Smith and Ganger of Hamilton college. The chaperones were Mesdames Price, Truax and Mosher.

### Class Officers Elected.

The political atmosphere of campus and chapel has been decidedly clouded during the past two weeks, and not without reason.

All of the classes have now chosen their officers for the ensuing year. The seniors held their meeting Monday afternoon in the chapel at 2 o'clock, and elected officers as follows: President, Ralf Bradford; vice-president, Malcom G. Thomas; secretary, John G. Putnam; treasurer, Frederick W. Closs; toastmaster, Fred W. Hild; ivy poet, W. L. Fisher; ivy orator, Francis E. Cullen; grand marshal, John P. Mabon; pipe orator, Walter M. Swann; class orator, William D. Reed.

The officers of the junior class are: President, William J. Smith; vice-president, Robert M. Huntley; secretary, F. Roy Champion; treasurer, Joseph Mark; toastmaster, James N. Vander Veer; captain of class football team, Havilah Beardsley; manager of football team, Harold J. Hinman; captain of class baseball team, Stephen C. Medbery; manager of baseball team, E. LeC. Hegeman.

The officers of the sophomore class are: President, Lester T. Hubbard; vice president, Emil Winterberg; secretary, C. H. E. Reilly; treasurer, Douglas W. Paige; toastmaster, John D. Edwards; football manager, Howard P. Dunham; captain of class football team, D. W. Paige; track athletic manager, Seward H. French; captain of track team, Frank Miller; assistant business manager of the Concordiensis and Parthenon, to succeed as manager in the senior year, G. Ernest Raitt.

The officers of the freshman class are not supposed to be known to any one except the freshmen themselves until after their class banquet, but it is supposed the officers elected by the freshmen at their meeting last week are as follows: President, Richard F. Warner; vice president, Leroy Shelly; secretary, Arthur H. Robinson; treasurer, Louis C. Kuker; toastmaster, Clayton J. Heermance.

Orson Richards of Sandy Hill, visited college friends during the past week.

### Personal Notes.

Hiram C. Todd, '97, was the guest Saturday of fraternity friends on the hill.

Walter L. Huggins, '96, was the guest last week of his brother, B. E. Huggins, '99.

In place of Mr. Lynes, Instructor Webster will have the sophomore class in English history.

The class in field geology went to Little Falls last Saturday, under the direction of Prof. Chas. S. Prosser.

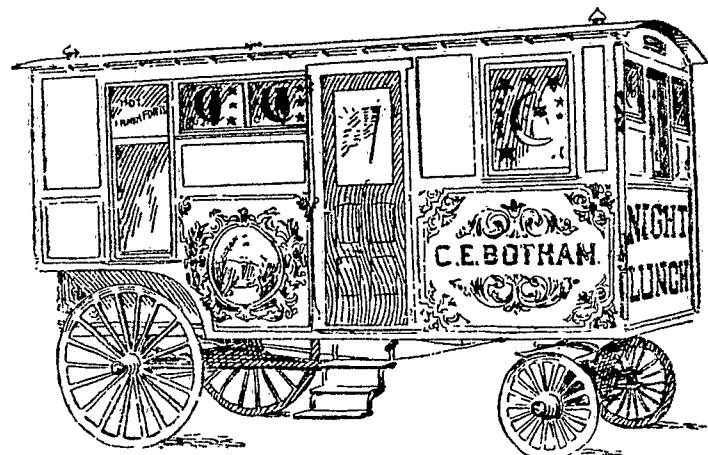

Messrs. Phillips and Swan of the New York university were guest of friends on the hill, over Saturday and Sunday.

✓ S. Elmer Slocum, '97, has entered Clark university, Worcester, Mass., where he will take a three-year's course in mathematics.

✓ William A. Johnston, '97, of Canajoharie, with Willard J. Stone, of Gloversville, have gone to Ann Arbor university, Mich. Mr. Stone has been at the university for a year, but Mr. Johnston enters this year to take a post-graduate course in medicine.

J. W. Ayrault, 1901, who has been ill for several days, was removed from his room in North college to the city hospital Tuesday afternoon.

The many friends of W. L. Terry, '96, former manager of track athletics for the college, will be delighted to hear of his most recent success. Mr. Terry has been elected professor of science in the Kentucky State Military institute with the rank of captain. His old associates extend congratulations.

### Neerology.

JOSEPH A. LOCKWOOD, '67.

Joseph A. Lockwood of the class of '67 died recently at Stamford in the Catskills. He had been suffering from acute tuberculosis for some time and was taken from his home at Yonkers in the hope that the mountain air might improve his health, but all attempts were useless.

Mr. Lockwood was born in Poundridge, Nov. 5, 1847. He graduated at Union in 1867, having taken the engineering course. He then went to Yonkers and engaged in engineering work. In 1873 he was appointed assistant engineer of the water works and in 1886 became superintendent. He was a director of the Citizen's National bank, trustee of the Yonkers Savings bank, and a member of the First Presbyterian church, the New England Water Works association, Nepperhan Lodge, F. and A. M., and Hope Hook and Ladder Co. He is survived by a widow and three children.
