## UNION COLLEGE, SCHENECTADY, N. Y.

The College offers Undergraduate Courses as follows:

### 1.—CLASSICAL COURSES—Leading to the Degree of A. B.

A. Greek is required for admission to this Course.

B. Greek is begun at entrance and is required for four years.

### 2.—LATIN-SCIENTIFIC COURSE—Leading to the Degree of Ph. B.

This Course offers Latin without Greek.

### 3.—SCIENTIFIC COURSE—Leading to the Degree of B. S.

In Courses 1, 2 and 3 the greater part of the work of the last two years is elective.

### 4.—GENERAL ENGINEERING COURSE—Of four years, leading to the Degree of B. E.

During the third and fourth years two alternative options are offered in this Course. Option A—In which the fundamental principles of advanced technical subjects receive emphasis.

Option B—In which studies are offered which give a preparation for engineering positions of an executive or administrative nature.

### 5.—GENERAL ENGINEERING COURSE—Of six years, leading to the Degrees of B. E. and Ph. B.

This Course provides college and technical training by combining Courses 2 and 4.

### 6.—SANITARY ENGINEERING COURSE—Leading to the Degree of B. E.

### 7.—ELECTRICAL ENGINEERING COURSE—Leading to the Degree of B. E.

The College offers also graduate courses in Engineering of one year's resident study, as follows:

### 8.—Graduate Course in General or in Sanitary Engineering, leading to the Degree of M. C. E.

### 9.—Graduate Course in Electrical Engineering, leading to the Degree of M. E. E.

### EASY VICTORY OVER MIDDLEBURY.

#### Garnet Team Wins by Score of 17-5.

Redeeming herself for the defeat at Williams and playing real football, the Garnet team defeated the Middlebury aggregation in the first home game of the season, the score being 17-5. Union earned every one of her three touchdowns, while the one credited to the visitors was gained on a fumble. King intercepted a forward pass and ran eighty yards for a touchdown. McDermott at quarterback ran the team well and crowded the visitors every minute. Middlebury

made but three first downs, while Dewey and Sarvey ably aided by the quarter and the full, ripped off ten yards at a clip. Unfortunate fumbles also reduced the possible score of the Garnet team although Union made no attempt to run up a spectacular score, reverting to new plays after securing a good lead.

The game opened with the kick-off by Sarvey. Cassavant ran back fifteen yards. Middlebury was unable to gain and punted. Finally toward the end of the period, Union with the ball on Middlebury's thirty-yard line tried a forward pass. King intercepted the pass to Morgan and ran town the field for a touchdown. Middlebury failed to kick the goal. In the second period Union resorted to line bucking plays and end runs, in all of which, owing to the strength of her line and the speed of her backs, she made substantial gains. Finally Dewey was pushed over for a touchdown and then kicked the goal, making the final score at the end of the first half, 6-5 in favor of Union. Throughout the entire half the Garnet team had demonstrated their superiority and had been kept from making two more touchdowns only by a scant margin. Several costly fumbles had been made. During the second period, O'Connell took Jasalowski's place at guard.

The third period opened auspiciously and within five minutes, Sarvey had carried the ball over for a touchdown. Dewey missed the goal and the score was 11-5. During these five minutes, Middlebury had the ball but once and then, unable to make first downs was obliged to punt. On the kick-off, after Union's second touchdown, Smith, who had takken Cassavant's place at quarterback for Middlebury carried the ball back ten yards. Union, however, got the ball on downs, lost it and got it again. Then with scarcely a hitch, they again carried it over for a touchdown. The kicked goal added another point and the score was 17-5. Straight football netted all of Union's gains in this period. Shortly after the second touchdown, time was called for the period.

A couple of costly fumbles, a muffed ball and a blocked forward pass prevented the Garnet eleven from adding more points to its score although in the fourth period Union was playing more for practice than to score. Long runs were again made by Dewey and Sarvey and a forward pass to Morgan netted fifteen yards. Near the visitor's goal line, King again intercepted a forward pass but was stopped before he got away.

Throughout the entire game Union stuck more closely to the old rules and played straight football. Middlebury, unable to gain by line plays, resorted to fake plays and criss-crosses, none of which worked. King and Cassavant were the Middlebury stars, the latter especially playing a fine game. For Union, the whole team worked well. Dewey, Sarvey, Congdon and Tasker, being perhaps the most prominent. McDermott ran the team very well and was excellent at running back punts. The line-up and the score are:

UNION (17).		MIDDLEBURY (5).	
	Right End.		
Morgan .....		Barnes	
	Right Tackle.		
Branson .....		Bump	
	Right Guard.		
Griffin .....		Hedges	
	Center.		
Atkin .....		McConnell	
	Left Guard.		
Jasolowski, O'Connell .....		Woodward	
	Left Tackle.		
Sellnow .....		Fisher	
	Left End.		
Tasker .....		Smith	
	Quarterback.		
McDermott .....		Cassevant, Smith	
	Left Halfback.		
Dewey .....		Trigg	
	Right Halfback.		
Sarvey .....		Leonard	
	Fullback.		
Congdon .....		King	

Several mild cases of diphtheria have broken out at Hamilton College, and as a result a number of the students are under quarantine. This has seriously affected the football team and other student activities.

## UNION vs. ROCHESTER

### CAPTAIN BROWN AND "PADDY" O'CONNOR IN GAME—ROCHESTER FAST.

This afternoon the Union eleven will meet the Rochester team in one of the hardest games of the season. However, the Union team is in good condition now, and should be able to put up a much better exhibition of football than they gave in either the Williams or Middlebury game.

"Paddy" O'Connor, a student from the medical department, who played a star game as guard on the Cornell team two years ago, will be in the game and add a great deal of strength to the line. Captain Brown's shoulder is now well again, and he will be in the game to-day for the first time this year. Morgan is out of the game for the season, due to having his upper jaw caved in during practice last week. Brumm will fill his place at end. It is doubtful whether Coach Regnier will consider "Scipio" O'Connell in suitable condition to go into such a hard game. Hugh Reilly from the law department will, also, be allowed to play. McDermott, Sarvey, Dewey, Sellnow, Branson, Vedder and Jasalowski are all in condition to put up a good game.

#### Rochester Fast.

Rochester's team is unusually fast this fall. She won from George Junior Republic, who always puts out a snappy team, by the score of 19 to 0. Syracuse was able to score but one touchdown on Rochester, the score being 6 to 0. It may be seen that the latter team played remarkably well in this game, when we consider the fact that Yale had difficulty in defeating Syracuse by a 12-6 score.

#### FOOTBALL GAMES TO-DAY.

 University of Chicago vs. Illinois, at Champaign.

#### UNIVERSITY DAY OCTOBER 22.

University Day will be celebrated on the Union College campus on Saturday, October 22d, when the Albany departments of the university will be the guests of the student body of Union College.

The students of the Law, Medicine and Pharmacy departments will be conveyed to Schenectady and the "Blue Gate" in cars chartered for the occasion by the college, and from a recent letter to Prexy Richmond from General Amasa J. Parker of the Albany Law School, it is learned that a large attendance may be expected from the Albany branches.

The exercises for the day will be formally opened in chapel at 11 o'clock when the Albany visitors will be welcomed by Prexy, after which Dean Kirchway of Columbia Law School will deliver the principal address, followed by short addresses from different members of the faculty.

The fraternities on the hill have made arrangements to entertain the visiting students at lunch immediately after chapel services on Saturday, after which the visitors will be given ample time to become acquainted with the fellows and to inspect the buildings and grounds.

Before the game in the afternoon with Wesleyan, there will be a parade by the students of the university through the streets of "Dorp" to the accompaniment of two bands—one which the Albany departments expect to bring over and the band which the freshmen of the college will be prevailed upon to hire.

The return march of the parade will end on the college campus where the students will find places on the bleachers to practice the yells and songs together before the game. Words appropriate for the occasion have been written to the popular airs and copies of these songs will be sent over to the Albany students early in the week so that the students will know the songs in time for the game with Wesleyan.

Tickets to the football game will be furnished to the visiting students at Silliman Hall during the morning and before the game in the afternoon.

### DR. ANGELL TO LECTURE

#### SUBJECT—"SOME PHASES OF MODERN PSYCHOLOGY."

Dr. James A. Angell, head of the department of psychology in the University of Chicago, has been secured to deliver a course of lectures before the student body during the coming winter.

The general subject of the lectures will be "Some Phases of Modern Psychology." There will be at least six, and, perhaps, seven or eight lectures in the course. The series of lectures which Dr. Angell is to give will be known as the Ichabod Spencer lectureship series, in accordance with the endowment of \$75,000, which was recently made to the college by Mrs. Catherine Leavitt in memory of her father, Ichabod Spencer.

Dr. Angell is one of the most noted psychologists in the country. His coming arouses special interest among the students in the academic courses, as his text book on psychology is used in the class room work with Dr. Hoffman during the winter term of the junior year.

#### CIVIL ENGINEERING CLUB.

The civil engineering club was founded last spring for the purpose of promoting engineering knowledge among its members. H. Baker was elected president; C. Duchscherer, vice-president; Van Patten, secretary, and D. Brown, treasurer.

The club adopted the name of "The Gillispie Club," after an organization of similar character and name which existed at Union in the seventies and eighties. This club was first named after Prof. Gillispie, who was the founder of the engineering school at Union in the year 1845.

The completion of the new engineering building gives a suitable place for the meetings of the members who are either juniors or seniors in the civil engineering course. The meetings take the form of prepared papers, discussions and lectures from members of the faculty and prominent men outside of the college who are engaged in engineering work. The first meeting of the year will be held Tuesday evening, October 18.

A rule at Amherst preventing freshmen from playing on varsity teams until after their mid-year examinations goes into effect this fall.

**AN IMPORTANT ANNOUNCEMENT.** It is with much interest and gratification that The Concordiensis learns of Dr. Richmond's announcement that Prof. Angell of Chicago University has been secured for a course of lectures on important subjects of psychology, during the winter. In making her gift to the college Mrs. Leavitt could hardly have done a more important thing for the college than to make possible such a lectureship. The fact that a scholar of such distinction is a Union College lecturer should give no small prestige to her standing in the world of scholarship for few are the colleges of Union's size that can offer so valuable a lecture course.

President Richmond is to be congratulated upon his success in securing one of the foremost psychologists of the country as the first lecturer under the new endowment. It ought to be unnecessary to add that no student in college can afford to miss these lectures. Certainly, no one will do so who realizes the real value of college training and is seeking after a depth of mind and breadth of view in life.

**UNIVERSITY DAY** One week from to-day will be held the annual celebration of University Day. On this day college work will be suspended in all of the departments of the university and the college will act as host to its sister departments in Albany. The object of this day is to draw the Schenectady and Albany students closer together and to fill them more deeply with feelings of love and loyalty for their department and the whole university. With this end in view a suitable and interesting program for the day has been made out by those who have the affair in charge.

Owing to the character of the Albany departments, which are mainly professional schools, it is but natural that the spirit of brotherhood among the students and of loyalty to their respective departments and to the university, should not be developed to such an extent as in the college proper. The fellows on the "hill" should consider it their duty to do everything possible for the comfort of the visitors and give them an example of true loyalty to the university.

**A WORD TO THE FRESHMEN** On another page of this paper will be found an article concerning the Honor System which was adopted at Union College in the spring of 1909. The Freshmen are requested to read this carefully in order to get a clear understanding of what the Honor System really is and how it is conducted. Last year the system was considered a decided success. It lies especially with the class of 1914 and with each succeeding entering class to determine its success in the future.

#### LEADER IN NEW YORK PHILANTHROPIC WORK TO SPEAK.

##### Christian Association Announces Wilbur C. Phillips.

Next Sunday afternoon promises to be the occasion of one of the largest meetings that the Christian Association has held, for Wilbur C. Phillips, secretary of the New York City Milk Commission, is to be the speaker. Mr. Phillips is a young Harvard graduate connected with that department of the New York Charities Organization that has charge of the work of seeing that the milk supply is pure and wholesome. Mr. Phillips is an enthusiastic and able speaker. Some Union men will remember hearing him at the student conference last summer or at the conference of Christian Association presidents last spring. Mr. Phillips will tell of the interesting and valuable work that college men are doing for the civic and social betterment of mankind in our great cities.

##### Mr. Cooper's Visit.

Last Sunday Clayton S. Cooper of New York, the distinguished advocate of fraternity Bible study, spent the day on the hill and was entertained at Silliman Hall and several fraternity houses. In the afternoon he spoke to a large audience on "The Bible, the Book of the Nations." In the evening a group of representative men, two from each fraternity and the Pyramid Club, met with Mr. Cooper. In an informal way he presented forcefully and convincingly the value to fraternity life of frank, open-minded study of the Bible in small discussion groups. The whole gathering expressed themselves as in favor of the plan and after a vote of thanks to Mr. Cooper and a motion that a committee be elected, to consist of

one man from each fraternity and the Pyramid Club together with the president and general secretary of the association, the gathering broke up in an informal visit with Mr. Cooper.

On Tuesday evening the committee met in Silliman Hall. Travis, '11, acted as temporary chairman till H. W. Baker, '11, was elected permanent chairman. Each fraternity was represented in the committee and each reported that a group Bible class would in all probability be organized. After discussing plans for beginning the work the committee adjourned for two weeks.

#### ROBERT E. SPEER.

##### Distinguished College Speaker to Visit Union.

Through the help of President Richmond the Christian Association has just succeeded in getting Robert E. Speer to come to Union to address the student body some time about the middle of next February.

Mr. Speer is one of the most distinguished graduates of Princeton in the last two decades. As a speaker to college men on vital subjects no one is better known. At Princeton he was prominent as one of the greatest undergraduate leaders and as football tackle on the famous team of '89. Mr. Speer is also a widely known author, having written many books dealing with the problems of college men, such as "A Young Man's Questions," "Memorial of a True Life," "Christ and Life," "Politics in Asia," and many other works.

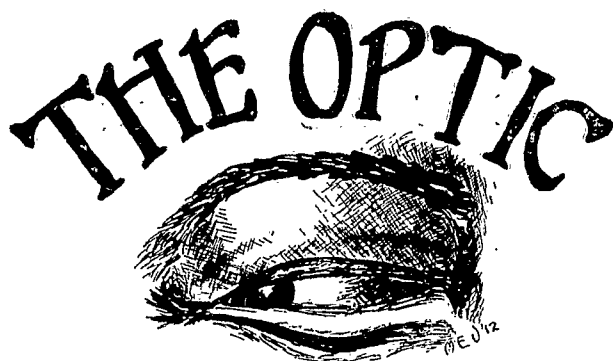

For several weeks the association has been enlisting the assistance of President Richmond and Mr. Dalton, chief consulting engineer of the American Locomotive Company and chairman of the advisory committee of the association, in persuading Mr. Speer to come to Union.

#### SOIREE COMMITTEE APPOINTED.

The soiree committee which has been appointed by President Hanigan of the sophomore class is as follows:

Joseph McMahon, chairman; DeForest Garnsey, William Rogers, Stephen Mayham, D. Roy Finley, Douglas Whitney, Don K. Hutchens, Alfred Oppenheim, Hartley Dewey, Clarence Hall, Norman Davis, John Cronin, Charles T. Male Charles Murray.

**WHO WILL WIN THE TRIPS?**

The contest is on. The greatest enthusiasm is being shown in the race to determine the handsomest freshman. THE OPTIC office is literally swamped with coupons, so that it will take some time to get the vote up to date. Hand in your ballots promptly. Don't let false pride restrain you from voting for yourself. You may be handsome and don't know it. Far be it from such.

The trip to be given to the three winners will be well worth a little effort to win out. Hustle and be the handsomest freshman when the last ballot is cast. The contest ends next week. The final details of the trip will then be made public.

**Standing of the contestants:**

(This list is still incomplete).

\*After searching the records we have been unable to find a freshman by this name. If there is such a person in this class will he kindly make himself known?

**BALLOT**

After due consideration I truly believe that Master:

is the handsomest member of the class of 1914 and for him I hereby cast my vote.

**HOFFMANS GETS A SCARE.**

(Special to THE OPTIC.)

HOFFMANS, N. Y., Oct. 12.—A gang of men, thought to have escaped from Union College, passed through this city this afternoon. They were headed for Wolf Hollow. A well-dressed and good-looking gentleman, apparently a man of some education, led the band. The sheriff and chief-of-police were notified.

**LATER.**

HOFFMANS, N. Y., Oct. 12.—Word has been received here that two girls, daughters of a prominent farmer on the Wolf Hollow road, were approached by members of the strange band that

passed through here to-day. The girls, 17 and 19 years old, respectively, were washing their pet dog, Aristotle, in the front yard when the gang passed the house. Several of the men left the highway and started for the young ladies, who arose and ran screaming to the house. The barks of Aristotle reached the ears of the girls' father, who was shingling the roof of the smoke house. He hurried to the front yard but the young men had fled.

**STILL LATER.**

HOFFMANS, N. Y., Oct. 12.—Marybelle Lucinda Tinklepaugh, a daughter of a well-to-do farmer near here, has recognized one of the band as James Henry Potter, whose home is in Glenville, near Wolf Hollow. In an interview with THE OPTIC correspondent Miss Tinklepaugh said: "I am positive that one of the members of the gang is James Potter. I have known Jimmy for years, in fact, he used to call at the house occasionally—at this point Miss Fielding blushed perceptibly—I really believe that I could recognize him in the dark, so there is no doubt in my mind as to the identification of this man."

**DITTO.**

WOLF HOLLOW, N. Y., 4:45 P. M.—After spending the afternoon in earnest consultation the gang of strangers that has aroused the neighboring country left here on the road to Hoffmans. The men are armed with rocks, which fill their pockets and hats, while many are carrying like missiles in their hands.

**DITTO AGAIN.**

HOFFMANS, N. Y., 5:30 P. M.—The gang of strangers that arrived here during the early part of the afternoon boarded a trolley car for Schenectady at 5:15 p. m. They carried quantities of stone, that bulged from every pocket. Word was telephoned to the Schenectady police to be on the lookout for them.

(It is needless for THE OPTIC to state that the strange gang was a geology class on a trip under Professor Stoller.)

**STOLEN—A FALL.**

Susanna, whose last name is Hall, Took a most beautiful Fall.

A cop ran her in

But a mark on her shin

Proved it was hers after all.

Do the trees leave in the Spring because the leaves leave in the FALL?

IDOLVILLE, OCTOBER 15, 1910.

**OPTORIALS.**

It is FALL. One may see it on every side. The mercury FALLS; the leaves FALL; and UNION took a FALL out of Middlebury. There are FALLS and FALLS. Niagara FALLS and the baby FALLS. Which is the greater spill is difficult to determine, for each is accompanied by a deafening roar in which water plays the leading "roll." Yes, there is another class of FALLS, namely, water-wagon FALLS. But, gentle reader, if such you be, the longest FALL is the FALL of the year. It is longer by much than the Alice in the well precipitation, for this FALL, as have previous FALLS of this nature, continues three months. It is a privilege to be alive at this time of year for many reasons. One may enjoy the weather, at times cool but not cold, and again warm but not hot, and call to mind how one sweltered beneath the August sun; and then by a slight protrusion of one's mental faculties one may shiver at the thought of the blasts of winter. As we (optorially speaking) sit before our (optorially speaking) typewriter we (same as above) think of many other FALLS; but—believe THE OPTIC—the FALL of the year is greatest.

**ADVICE TO THE LOVEWORN.**

My Dear Miss Squarefacts:—

I have had a FALLING out with a real nice chorus girl, whom I met some time ago, when she was a guest at the Mohawk. I am at my wits end to know just what to do. She has not answered one of my dozen or two letters that I have sent expressing my love and devotion. I wrote you before of this FALLING out, but thought that you might not have received the same. What course would you advise me to pursue?

**DESPERATE.**

Yes, Desperate, I received your letter tending of your FALLING out, but decided to reserve the answer until the FALL number of THE OPTIC. The only course to pursue, I think, is to pursue the course\* girl if you cannot find another whom you can love with the same devotion.

\*course, a typographical error, should have been chorus.

Why is it that a crow can't crow and a tomato can?

## TALKING.

The simplest matters are often overlooked because of their very simplicity. Most Union men will agree that they would like to help the college but many get no further for fear that it will prove too expensive. Money no doubt has been called for too often while other means of helping are unmentioned. We feel this to be a mistake and from time to time will point out these other means of service.

When did you mention Union to a friend last? It is said, though we cannot vouch for it's truth, that two of the pall bearers of the late Mr. Kennedy were Union graduates. This gentleman left many millions to various institutions and it is natural to believe that he would have included Union among them, if his friends had kept him informed as to the good work we are doing.

In spite of the conventional irony about talk, it is of the greatest value in creating an interest in one's cause. If you will but consider the amount of publicity every newspaper gives on the larger colleges, you will know one of the main reasons for their being large. Men with sons are thus influenced, and their sons very decidedly so. We do not hope to gain this newspaper notoriety for various reasons; we can, however, gain all the attention we wish through the personal words of our graduates. Nothing equals the influence of friend upon friend, and there are few colleges offering to their graduates greater cause for the loyalty that is in them.

See that your friends know why you take pride in Old Union; make it clear that she is today offering great educational opportunities to boys; and when you have done this, you will have most truly served her best interests.

1870.—Rev. C. W. Backus, D. D., is president of the Kansas City Branch of the Bible League. He is one of those men who left school to serve through the Civil War and returned to graduate later. Dr. Backus became blind in 1903 but thanks

to a skillful operation performed at Johns Hopkins, recovered his sight in 1909.

1878.—W. P. Rudd has been nominated by the Republican party for justice of the New York Supreme Court.

1875.—Dr. A. V. V. Raymond attended the great missionary convention held in Edinburgh, Scotland, during July. "Old Prex" preached the sermon in St. Giles Cathedral on convention Sunday.

1878.—Seymour van Santvoord was a prominent figure at the Democratic convention at Rochester. He helped to frame the platform and was elected to present it to the convention, his presentation arousing considerable interest and enthusiasm. C. M. Culver also took an active part in the proceedings as a representative of the Progressive Democrats. Dr. Alexander Duane was prominent as a delegate at the meeting of the Democratic League in Rochester, on the eve of the convention.

## Those Who Have Gone Before.

It is always a matter of sorrow to record the thinning ranks of the older classes. Among them are found our most distinguished alumni and those from whom the college has received loyal support. Among the following will be recognized many of whom much could be said about their work in the world and their love for Alma Mater. To us who follow may well come thoughts of the work they have left, and a new resolve to increase our service to Old Union.

1853.—Dr. Benjamin H. Detwiler died on August 9th at Williamsport, Pa. He was the founder of the Williamsport Hospital and for years trustee of the Danville State Hospital.

1856.—George C. Bragdon died at his home in Rochester on August 7th. Mr. Bragdon was a well known newspaper editor and a man of scholarly character.

1856.—John L. Brownell died at Nyack, N. Y., August 14th. Mr. Brownell was president of the New York Open Board of Brokers, when it com-

bined with the New York Stock Exchange and became vice-president of the latter, after this change.

1858.—Henry C. Harter died September 10th in New York City. For many years Mr. Harter was master of ancient languages in the Potsdam Normal School.

1859.—Major George C. Harrington of Watseka, Ill., died at Mackinac Island on September 3rd. Major Harrington was a well known figure in the Democratic circles of Illinois.

1859.—William F. Smalley died at Wilmington, Del., March 12th.

1865.—Frank J. Hoag died at Toledo, O., March 20th.

1868.—Patrick H. Gunckel, the leading patent and trade mark attorney of Minneapolis, died on September 7th.

1873.—Col. A. C. Smith died at his home in Rochester, August 3rd. For many years he lived in Brooklyn where he was prominent as a lawyer and militia officer. From 1894 to 1900 Col. Smith was in command of the 23rd Regiment of N. Y. S. N. G.

1885.—Marcus C. Allen died January 20th at Rockledge, Florida.

#### THE HONOR COURT.

Inasmuch as many Freshmen have not had the opportunity of knowing the history of the honor system at Union and the regulations governing it, the Concordiensis will attempt to summarize the history of this movement which has done a great deal for the college in the past year and which, with proper support, will do a great deal more in the future.

The honor system was not forced upon the student body by the faculty. Several students, prominent on the hill, suggested it; the Terrace Council recommended it; a constitution was drawn up and presented to the student body and the faculty, by both of whom it was heartily adopted. This occurred in the spring of 1909.

*Robson & Adee*  
*Bookmen*

With the unanimous support of the student body the system proved a genuine success last year, and should continue to be a Union institution forever. Every student, when he enters college, becomes subject to the rules and regulations of the honor system.

The following inserts are parts of the constitution:

#### Article I.

Section 1.—In order to make his examination or test valid, each student shall sign the following declaration: "I pledge my honor as a gentleman that during this examination I have neither given nor received assistance."

Section 2.—Fraud in an examination or test shall consist in any attempt to receive assistance from any person, or his paper, or from written or printed aids; or any attempt to give assistance similarly. This rule shall apply whether the student has completed his paper or not, and shall hold within and without the examination room during the entire time in which the examination is in progress, that is, until the time specified has expired.

## Article II.

Section 1.—The instructor may be present in the examination room at his option.

Section 3.—During the examination each student shall have freedom of action and conversation, but quiet and good order shall be preserved in the room as in ordinary recitations.

Section 4.—During the time allotted for the examination the examination paper of the student shall in no case be taken from the place designated by the instructor for the examination.

## Article III.

Section 3.—Every student detecting fraud, as described in Art. 1, Sec. 2, shall report the same to the president of the court; or shall immediately warn the man under suspicion not to hand in his examination paper, and if the suspected paper is handed in, shall report the case to the president of the court.

## Article IV.

Section 1.—Penalty for the first offense:—

- (a) For men in the first year in college—warning.
- (b) For all others, suspension for a term or more (to be recommended to the President of the College).

Section 2.—Penalty for second offense:—

(To be recommended to the President of the College): Indefinite suspension in all cases.

## Article V.

Section 1.—Every student of the college shall lend his aid in maintaining this constitution.

## Members of the Court.

The members of the court for the ensuing year are as follows: Charles F. Duchscherer, president; C. H. Hubbard, H. B. Keckley, H. W.
