## UNION DEFEATS ROCHESTER NINE IN INTERESTING GAME ON CAMPUS

Shaw to Fairbairn to Bische Was the Combination That Made Three Double Plays  
—Rochester Also Made One.

The winning of the baseball game Saturday was not a complete surprise to Union supporters, although it is the first time in some years that the Garnet nine has beaten Rochester in the spring sport. Union was picked to win in spite of the fact that Colgate, who had taken a game from Union, had been defeated by them earlier in the season. The fact that Hamilton had easily won from Rochester the day before, considerably raised the "local hopes," inasmuch as Union defeated Hamilton by a large score this season.

The game was witnessed by a fair-sized crowd, composed of alumni and townspeople, and every student, as far as could be judged, was on the bleachers with his lungs in excellent yelling condition. O'Keefe was in the box for Union and did his usual stunt by holding his opponents down to three hits. The feature of the game was the fast playing of "Tommy" Fairbairn, Shaw and Bische. This combination accomplished the unusual feat of making three double plays during the game. Rochester also made a double play.

Dennis, the speedy leftfielder, made a sensational catch in which he ran for what looked like a sure hit and managed to scoop it up from the ground just before it struck. He made a fine recovery with the ball safely in his hand. Don Hutchens had his characteristic nerve with him behind the bat and received Dan's speediest with perfect ease. Mackey had his throw from third to first under perfect control. Captain Dunn pulled down two hot ones in center field, and Nauman did creditable in right field.

Rochester had first bat and were quickly retired. Union squeezed in a run in this inning when Brown, Rochester's catcher, let a ball get by him with a Union man on third. There were few critical moments when Union was in the field

and these were safely bridged and crossed by Dan's consistent work. In the second inning Union failed to cross the platter, but pulled in two runs in the third. The fourth again failed to show a score, but twins were the result of the fifth inning. This ended the scoring during the game.

The summary of the game follows:

| ROCHESTER.             | A. | B. | R. | H. | O. | A. | E.    |

## FIRST ANNUAL SENIOR BANQUET A SUCCESS BEYOND EXPECTATION

Affair at Keeler's, Albany, Attended by Forty  
Members of Class—The Toast List.

The Senior class held last Friday night at Maiden Lane Keeler's a most successful banquet, and much credit should be given to the committee for their untiring efforts. At 9 o'clock, when the banquet opened, forty members of the class were present. Several of those who attended were former members of the class, most of whom came a considerable distance in order to once more greet their old classmates.

Toastmaster Beakley called upon the following to respond:

|                  |       |                     |
|------------------|-------|---------------------|
| Vernon A. Travis | ..... | "The Red"           |
| T. J. Berry      | ..... | "The Ponies"        |
| M. L. Mackey     | ..... | "Nothing"           |
| J. M. Clowe      | ..... | "The Gay White Way" |
| A. D. Brown      | ..... | "N. S.'s"           |

In addition to the toasts Coffin and Simmons gave their song and dance act, which scored such a success in the Dramatic Club last winter.

The following attended:

T. B. Baker, W. C. Lincoln, Louis R. Bennett, E. H. Dewey, B. A. Gray, H. F. Brumm, H. C. Blodgett, H. G. Goodman, O. A. Faust, W. R. H. Dick, M. W. Bray, H. B. Keckelely, C. I. Mohair, E. J. |                       | 49 $\frac{1}{2}$ | 67 $\frac{1}{2}$ |

On a heavy track which made fast time impossible, Union easily defeated Hamilton in their dual meet by the score of 67 $\frac{1}{2}$  to 49 $\frac{1}{2}$ .

Union was somewhat handicapped by the absence of several of the Albany men who were unable to compete owing to their examinations. Hull was also in poor form in the shot put due to a broken finger. For Union every man ran well and the points were evenly divided. Colson and Wenigmann were the individuals stars for Hamilton, the latter making 21 points. Eggleston of Hamilton surprised every one in the two-mile by winning the event very handily and breaking the Hamilton record by 21 seconds. Summary:

## The College Meeting.

For some time back a noticeable restlessness and lack of interest on the part of the students has been exhibited in the Monday noon college meeting. These are conditions that should not exist. The weekly meeting is the one time when the students come together as a body, and it is the only and best means of keeping the college spirit up to the standard, which has always been characteristic of Union. It is true that many of the meetings are of rather long duration and the time for holding them is such that a lengthy discussion encroaches upon the lunch hour. However, this is the most important student activity and the time spent in its work should not be begrudged. Matters of vital importance are brought up at this time. They are matters that affect the students and college life in general, consequently haste in disposing of the motions that are presented for consideration will bring about disastrous results if continued. Sufficient time should be taken for general discussions and each member of the studentbody should feel at liberty, and furthermore should consider it his duty, to state his views on important questions.

The track team and those who have developed it deserve unstinted praise for the results of the spring season.

There will be one more issue of the Concordiensis. It will appear during commencement week.

## COMMUNICATIONS.

The name and address of contributors to this column must accompany all communications, but they will not be published if so requested. The board assumes no responsibility for opinions expressed in this department.

Editor of Concordiensis:

May I take a little space in your publication to state the views of myself and many others with whom I have talked on the subject? It relates to the price of admission to the baseball games which seems to me to be exorbitant. I am at the present time engaged in office work at the General Electric works and on Saturday afternoon like nothing better than to witness a game of college baseball. As I am not yet president

of the concern I have not the income that will permit me to spend my money carelessly and furthermore I have a wife, who likewise is economically bent, but enjoys baseball. To have us both enjoy an afternoon of the sport it means a dollar expense under your present charge of admission. I know of no other of the smaller colleges that has such a high admission price and feel sure that you are injuring yourself by putting an almost prohibitive price on the baseball games. Many of the office men have spoken about this and have said that they would enjoy seeing the games on the campus, but they think that fifty cents is too much to pay.

As I am not a Union graduate I hesitate a little to be so bold as to write this letter to you. However, I feel sure if you knew the ideas of many of the General Electric men on the subject you would seriously consider putting the price of admission at twenty-five cents, which was the price two or three years ago, I believe.

In publishing this letter will you kindly not use my name?

Very truly yours,

### MacDONALD INELIGIBLE.

---

Dr. MacComber recently received a letter from President R. Rhees of Rochester, stating that MacDonald, who competed in Rochester-Union track meet on May 13, was ineligible. MacDonald was a strong factor in the Rochester score. He won points in the dashes, hurdles and jumping, and without him the victory for Union would have been still greater.

---

The record of the awarding of the degree of LL. D. to Abraham Lincoln in 1861 by Columbia University has recently been found by one of the library staff of that institution. This record is an old catalogue of Columbia college, printed in the fall of 1861, the year in which Lincoln was inaugurated President of the United States. This was the first college degree Lincoln received.

## IDEAL VACATION AT NORTHFIELD WHERE SOME TWENTY UNION MEN

**Will Represent Their Alma Mater in Athletics and Participate in Great Student Conference.**

On June twenty-third about twenty Union men will start for Northfield, the place of the intercollegiate student conference. For the past several years Union has been represented at Northfield, but this year it is planned to increase the size of the delegation in order that more men may be enabled to take advantage of this opportunity.

The conference combines a vigorous athletic two weeks' vacation in the company of the finest men of all the eastern colleges with an opportunity to see what religion means to such a group of men, and to get **yourself** into the spirit of a manly christianity.

The speakers at the conference include the leaders in religious activity in the whole country, every one of them well worth hearing. They are men who are crowding the churches of our large cities every Sunday, and they have something to say which is sure to make a man's life count for more. They include Mr. John R. Mott, Mr. Robert E. Speer, Rev. Henry Sloan Coffin, Bishop A. S. Lloyd, Prof. Harlan P. Beach, Prof. Philip M. Rhineland, Rev. Sam Higginbottom, Rev. Harry Emerson Fosdick, Rev. Artley E. Parson, Rev. H. Roswell Bates, Prof. J. L. Gilmore, Mr. Clayton S. Cooper and Mr. E. C. Carter.

In the afternoon no religious services are held, and the "studes" devote themselves exclusively to athletics. Each delegation has a baseball team which enters the series and a tennis tournament for a handsome cup takes place on the spacious courts of the conference, while the Connecticut river affords ample opportunity for boating, fishing and bathing, a large float being provided for the purpose. Near the close of the conference an intercollegiate track meet and field day is held, and in the evening a general celebration which is alone worth going to see.

The Union delegation will camp in tents in a fragrant pine grove overlooking the Connecticut river. All the college men eat together in the large dining hall, which resounds with college yells during meal times.

The total expense of the conference is twenty

dollars, including carfare, and with such facilities for a superb vacation, the return from the money invested will be ten-fold.

## UNION CELEBRATES HER ONE HUNDRED FIFTEENTH COMMENCEMENT.

**Present Plans Call for Usual Functions—Payne Gate Dedicated—New Trustee to Be Elected.**

The week of the one hundred and fifteenth commencement begins on Sunday, June 11, with the baccalaureate sermon delivered by President Richmond. On Monday afternoon the board of trustees hold their meeting in Silliman hall and at two-thirty o'clock the graduates have their class day exercises under the Old Elm in Jackson's gardens. In the evening the extemporaneous prize debate takes place as well as the junior and sophomore oratoricals.

### Payne Gate Dedication.

Tuesday morning the Phi Beta Kappa and Sigma Xi societies hold their meetings after which the board of governors meet. The new Payne memorial gateway will be dedicated at this time, and the board of trustees meet in Silliman hall to ballot for one trustee to succeed Charles B. McMurray.

### Alumni-Varsity Baseball.

At one o'clock on Tuesday the alumni dinner will be served in the Second Reformed church, corner of Morton avenue and Union street. For the past five years this function has been held in the armory, but this year it was impossible to secure it for this day and the committee of the Second Reformed church kindly offered their edifice for the day. The dinner will be served by the ladies of Schenectady, assisted by some of the students.

A ball game between Union and the alumni will be called at two-forty-five o'clock. From four-thirty till six President Richmond will hold a reception at his house.

### Commencement Exercises.

On Wednesday morning the commencement exercises will be held in the First Presbyterian church. Hon. James Bryce, British ambassador to the United States, will deliver the chancellor's address.

Commencement week will come to a close with the senior ball to be held at the Mohawk Golf club on Wednesday evening.

# Alumni News.

EDITED BY GRADUATE COUNCIL

## SOME FIGURES.

In March the Graduate Council held a meeting of our alumni engaged in newspaper work and published the result of the amount of interest this appeal for help disclosed. In round figures a little less than fifty per cent. of these men replied.

This month a similar appeal was sent to our alumni engaged in secondary school work. We invited them to return for a conference on matters of mutual interest and provided a day's entertainment which was planned to be of professional value as well as general pleasure. Invitations were sent to 116 alumni and the following program was inclosed:

### Program.

10:45—Address by Arthur B. Brubacher, Ph. D.:  
"Why Is the Greek Question?"

11:45—Inspection of buildings.

12:30—Lunch served in Silliman hall.

2:00—Conference in Room 206, Engineering Bldg. Ten-minute addresses by:

Dr. Olin H. Landreth—General Engineering.

Dr. C. P. Steinmetz—Electrical Courses.

Dr. Edward Ellery—Science Courses.

Prof. John I. Bennett—The Classics.

Dean B. H. Ripton—Union as a Whole.

3:00—General discussion.

4:00—Track meet on oval. Rochester vs. Union.

This letter was followed by a second urging their attendance and finally a third letter, containing a list of three questions bearing on the question of securing their co-operation, was sent out. The second letter was not sent to those men who lived too far off to justify their attendance, so while the figures given will not exactly state the amount of interest indicated by this test, they serve for a general statement.

|                                  |     |
|----------------------------------|-----|
| Alumni invited .....             | 116 |
| Alumni attending .....           | 20  |
| Alumni answering .....           | 57  |
| Per cent. of interest shown..... | 49  |

Those men who answered were enthusiastic and it seems fair to assume that they are all willing to lend their aid to the progress of the college. The men travelling the greatest distance to attend this meeting were from the very recent classes, but there were several superintendents of schools among those present and other older graduates.

The amount of assistance the teacher can give the college is very great. If the council can bring him to a definite support of Union it will have justified its existence.

Our aim is to have every alumnus do his share to bring the college prosperity and fame.

## SIXTEEN MEN TO FIGHT FOR UNION ON THE TRACK TO-DAY.

### Seven Colleges to Participate in Annual Intercollegiate Meet at Rome.

Union is one of seven track teams that participate in the annual intercollegiate track meet to be held at Rome to-day. The team leaves with unusually bright prospects. Two of her opponents will be Rochester and Hamilton, both of whom have been decisively defeated by the Garnet in dual meets this season. Vermont, another of the colleges entered in the meet, is looked upon to do big things and it is with this team that Union will doubtless find the greatest opposition. Colgate, also, is looked upon as a likely winner and is always represented by a fast track squad. The colleges included in the entries are: Union,

Hamilton, Colgate, Hobart, Rochester, St. Lawrence and Vermont.

The members of the Union team to make the trip are: Captain Travis, Bentley, Riley, Marsh, Streever, La Barron, Rogers, Dewey, Daly, Vedder, Dickinson, Jepson, Baker, Folensbee, Elmore, Jasolowski and Hull.

Chi Psi held their formal dance last night at their chapter house.

## IN THE SPHERE OF COLLEGES.

Wrestling teams at Columbia are so numerous that seven coaches are employed to take care of them.

Figures from "Who's Who in America," shows Harvard first with 813 names, Yale second and Michigan third.

The University of Wisconsin has organized an advertising club with the idea of securing more ads. for the daily paper.

Harvard has made a radical change in its entrance requirements. Formerly admittance could be gained by examination only. Hereafter entrance may be obtained by a method which requires a detailed preparatory school report and four examinations on fundamental subjects.

The combined musical clubs of the University of Pennsylvania are planning to erect a building to be devoted to the study of music. The profits of the past season amounted to \$600 and it is hoped that at the end of five years a sufficient sum will have accumulated to erect the building.

The Amherst Dramatics Association left recently for an extensive tour during which they will give ten performances of Romeo and Juliet. The association will play at Mt. Vernon, N. Y.; Montclair, N. J.; Brooklyn, N. Y.; Painesville, Ohio; Chicago, Ill.; Champaign, Ill.; Lafayette, Ind., and Utica, N. Y. The Amherst club is annually allowed a long trip at Easter and the tour has proved uniformly successful.
