2. Course Leading to the Degree of B. S.
3. Course Leading to the Degree of Ph. B.
4. General Course Leading to the Degree of B. E.
5. Sanitary Course Leading to the Degree of B. E.
6. Electrical Course Leading to the Degree of B. E.

This differs from course 4 in substituting special work in Electricity and its applications, in place of some of the General Engineering Studies. This course is offered in co-operation with the Edison General Electric Company, under the immediate supervision of Prof. C. P. Steinmetz

7. Course Leading to the Degrees of Ph. B. and B. E.—A six-year course covering all the work of Course 4, and including much of Course 3, the literary studies being distributed through all except the last year. The qualifications for admission are those required in both courses, and at the conclusion the two degrees are given.

8. Graduate Course in Engineering Leading to the Degree of C. E.—A course of one year offered to graduates of courses 4, 5 or 6.

Commencement

Commencement this year bids fair to go down in history as one of the finest that has ever been held at Union College. The campus will be so much improved that even the men of last year will find it difficult to recognize the erstwhile fences and beaten paths wandering hither and yon across it.

Many distinguished alumni of Union will be here, as well as alumni of other colleges. Gov. Hughes will deliver an address at the Alumni Dinner. The program for the week follows:

Commencement week will begin with the Baccalaureate Sermon on Sunday at 7:30 P. M. at the First Reformed Church. The sermon will be preached by Dr. Raymond.

On Monday, June 10, at 3 P. M., the Grove exercises will be held by the Graduating Class under the Old Elm Tree in Jackson's Garden.

At 7:30 Monday night in the chapel will occur the extemporaneous prize speaking and the Junior and Sophomore Prize Oratory. Those who are going to compete in the extemporaneous speaking are King, Tiffany, and Weyrauch. The subject is: "The International Complication in the Congo." The Juniors who will compete are King, La Crosse, Shelley, Hanigan. The Sophomore contestants are A. Ury, R. Ury, Brunet and Mould.

On Tuesday, June 11, the following meetings and exercises will occur: At 9:00 A. M., meeting of the $\Phi B K$ and ΣE in No. 4 Washburn Hall and Silliman Hall, respectively. At 10:00 A. M., meeting of board of governors. At 10:30 A. M., meeting of the board of trustees in Silliman Hall, at which meeting there will be balloting for one trustee to succeed Prof. Franklin H. Giddings, whose term of office has expired. At 1:15 there will take place in the Armory the annual Alumni Dinner, which is provided and served by the ladies of Schenectady. At 4:00 P. M., the Senior Class will hold its class day exercises. At 8 P. M. the college Musical Clubs will give an entertainment at the Van Curler Opera House.

On Wednesday, June 12, at 10 A. M., will occur the Commencement exercises. The Chan-

cellor's address will be delivered by the Hon. Joseph E. Ransdell, '82, Congressman from Louisiana.

At 8 P. M. the President will hold his reception and after that the Senior Class will hold its reception and dance.

The classes will hold their reunions in the following rooms on Tuesday afternoon and evening:

'47—No. 6, S. College	'87—No. 6
'57—No. 5, S. College	'92—No. 8
'67—No. 2	'97—No. 7
'77—No. 3	'02—Phy. Lab.
'82—No. 5	'04—Chem Lab.

During the week the separate fraternities will entertain their guests.

$\Psi K A$ on Monday after the grove exercises will give a tea at the Chapter House.

$\Psi B \Theta \Pi$ will entertain their alumni at a supper Monday night at the chapter house.

$\Sigma \Phi$ will hold a dance Monday night.

$\Psi \Upsilon$ will give a tea Monday after the grove exercises.

$A A \Phi$ will hold a dance on Friday night, June 7th.

$\Phi F A$ will hold an alumni reunion on Tuesday.

$A T$ will give a banquet and reception in honor of Gov. Charles E. Hughes at the Chapter House Tuesday evening, June 11.

$X \Psi$ will entertain on Friday afternoon, the fourteenth of June, with a dance at their chapter house on the campus.

The Seniors who have been appointed for the stage are Bennett, Guardenier, Girvin, Parsons, White, Avery, Bishop, Nicht, Osborne and Searns.

DEAN RIPTON AT ELMIRA

Guest of Honor at Union College Dinner

Dean B. H. Ripton went to Elmira on Monday last to attend a dinner given in his honor by the alumni who reside in Elmira and vicinity. The dinner was one of the most enjoyable and successful ever given by the Alumni Association of Elmira and served its purpose in further cementing the ties of good fellowship among the men who have left the old college to follow various walks of life.

The toastmaster, Colonel D. C. Robinson, '65, introduced Dean Ripton in a characteristic humorous speech that is making Union dinners famous gatherings for the promulgation of wit and wisdom.

Dean Ripton spoke in part as follows: "Union College is making great progress along all lines at the present time. We are especially proud of her standing as an engineering school, which is being strengthened by the gift of \$100,000 from Andrew Carnegie and large gifts from alumni and friends for the erection of a new general engineering building." The Dean also spoke of the many improvements now under way and in contemplation and mentioned the fact that the financial condition of the college is now better than at any time in its history.

His cheering and optimistic report was received with great applause and he was compelled to repeat a goodly portion of his address to many of the graduates who were interested in the welfare of the college, at the close of the dinner.

The Elmira Daily Advertiser for Tuesday, May 14th, speaks as follows:

"Following Dean Ripton, Dr. A. W. Cowles, the beloved president emeritus of Elmira Col-

lege, and one of the oldest living graduates of Union, spoke. Dr. Cowles' address was of a reminiscent nature and in many ways was truly remarkable. Dr. Cowles, who entered college in 1838, went from Geneva to Schenectady in a canal boat, the trip taking five days. Incidents of the trip, and of his college days were recounted by the venerable divine with perfect clearness and even zest. The characters of that long ago period are nearly all gone, but Dr. Cowles, at the age of 88 years, recalled names and events as though they had been yesterday. As he entered college as a sophomore, he was graduated with the class of 1841.

"I will not stay here a great while longer," said Dr. Cowles, in closing, "but while I remain, I shall continue to remember and love Old Union and all that it stands for and represents." Applause and a heartfelt cheer greeted the Doctor as he resume his seat."

The other speakers were Rev. Mr. Dougal, '92, Attorney Mandeville, '88, Mr. Parker, Mr. Preston, '91, and the Rev. Mr. MacIntyre, '88.

The guests were as follows: Dean B. H. Ripton, '80; Dr. A. W. Cowles, '41; Col. D. C. Robinson, '65; Rev. Arthur Dougal, '92; H. C. Mandeville, '88; Henry W. Preston, '91; Prin. F. R. Parker; S. G. H. Turner, '98; Donald C. Hawkes, '02; Charles Brand; the Rev. G. Cameron Mackenzie, Pres. of Elmira College, of Elmira; Thomas H. Reddish, '92, of Owego; H. C. Bothwell, '02, of New York; Rev. Joseph MacIntyre, '88, of Bloomingbury, N. Y., and F. E. Hawkes of Waverley, N. Y.

The Alumni Association of Elmira is doing a great work for the college, and that it is a live and interested body is attested by the number of Elmira men at present in college.

Interclass Meet

This afternoon the Annual Spring Interclass Track Meet will take place on the College Oval. The different class teams will consist partially of the 'Varsity track team and the meet will be very close, as the winning team will probably win by only about 5 or 6 points. The class team captains have been choosing their teams this week and handed in their entries yesterday. The classes are expected to come out and yell for their respective teams. The events to be run off are as follows:

100 yards dash, 220 yards dash, 100 yards hurdles, high jump, hammer throw, pole vault, shot put, broad jump, half mile run, 440 yards run, 1 mile run, 4-lap relay.

Rutgers-Union Debate

In the fourteenth consecutive victory for the Rutgers first debating team, the Union four met defeat at the hands of their New Brunswick opponents on Friday evening last. It was a close decision and the judges were out half an hour before effecting an agreement as to the awarding of the honor. Union may feel proud of the showing made by her representatives and may look for better times at subsequent events of a like nature.

The debate started at 8:30 in the College Chapel. After a brief address of welcome by President Raymond, La Cross opened the debate for Union on the affirmative side of the question "Resolved, That the growing tendency toward centralization of power in the national government is a menace to the welfare of the United States." La Crosse defined the question from the affirmative standpoint and said that the growing tendency of centralization was tending to place the balance of power in the hands of the national government; that such a course was dangerous because it took away from the people their inherent right of self-government through the individual states and because their interest in government would thus be lost.

The first man up for Rutgers was F. Marmaduke Potter. It immediately developed that Rutgers would refuse to meet the subject from the Union definition and that they would attempt no refutation in the opening speeches. Potter started in and delivered a fine oratorical effort for his side and stated that Rutgers would take the position that centralization was necessary for the social, the economic and the political interests of the country. The first topic he developed at some length by showing that past acts of legislation had always been for the best social interests of the nation. He also stated that centralization was the natural tendency of the times and was not to be stopped arbitrarily, citing most of the modern nations as examples of successfully centralized powers.

Hanigan, '08, next took up the debate for Union, and after briefly taking exception to Potter's arguments, took up his topic—that centralization is distinctly inadvisable, because it would take away from the people the right to legislate for themselves. If all power were centralized at Washington, he said, the government would be too far removed from the needs

of the people to legislate for them in a proper manner.

Luman Shafer was the next Rutgers speaker. He dwelt upon the economic side of the advisability for further centralization, making no effort to refute any of Hanigan's arguments. His speech showed very careful preparation and was well delivered.

King, '08, finished the argument for Union in dwelling upon the inadvisability of centralization, by lessening the field for experiment and thus stunting our national development. King first very carefully refuted all of the negative's points and made a strong effort for the affirmative.

George A. Leukel, the last Rutgers speaker, was by far the strongest man the negative had. He made an excellent speech upholding his side of the argument.

Rebuttals followed in regular order and the decision was left to the judges. Throughout the debate the Rutgers team consistently declined to meet the affirmative upon any mutual line of procedure, and continued in their adopted policy without swerving an iota. There is not the slightest doubt that they exhibited excellent team work and they stuck consistently to their argument throughout. The Union team put up a good defence and were especially strong in the rebuttal. In the decision the judges announced that the award was made with a full comprehension of the ambiguity of the question as to just what was meant by the word "tendency," around which the two teams built up their separate arguments. Considering the team work and the presentation, the award was given to Rutgers.

No stigma rests upon the losers, as they put up a plucky fight on the apparently wrong side of a question that was directly opposed to popular opinion. Next year the team will go to New Brunswick and it is hoped that with the training of the intervening year will manage to carry off the laurels.

College Meeting

College Meeting Monday morning settled automatically into the regular rut of the passing of athletic by-laws, after the ordinary Monday display of eloquence by the undergraduate members.

Captain Harvey opened the proceedings in a characteristically enthusiastic manner, in spite of the fact that the team had lost a home game,

and was repeatedly cheered before he could make himself heard. He said that Davis (who pitched at the Rochester contest) deserved the compliment of the entire student body in the way that he handled the game in spite of the discouraging feature that the team lacked its usual snap and did not give him the support he deserved. The yelling, Captain Harvey said, was fine and greatly helped the team, and stirred up their sluggish blood to a considerable extent.

Dr. MacComber spoke next. He seconded what Harvey had just said and then announced the Class track meet for the following Saturday. He had gone through the "dope sheet" very carefully, according to his statement, and he declared that the meet would be a close one in every event. A banner would be awarded, he said, to the winning class, and individual ribbons to the winners of all events.

Doc also announced the interscholastic meet on Friday, and urged the student body as an example to the young contestants, to keep entirely off the oval during the meet, both for a matter of safety and of general order.

One more fraternity game was announced before the pennant could be awarded—the game between Phi Gamma Delta and Psi Upsilon. The Junior and Freshman game also was still unplayed, and would have to take place soon to let the winners take the pennant.

Waldron, '07, continued the talk about the interscholastic meet. He said that there were eleven schools registered. It was the intention to hold a good campus meeting to arouse enthusiasm among the boys, and everybody was urged to come out Friday evening after the meet to make the affair a success.

Wright, '08, spoke on the Northfield Convention to be held in July. He said that all the colleges and large schools were represented there. The conference is religious in nature, but athletics take a very prominent part in affairs. The object is to make the attending students feel not so much like members of a certain college as like members of the American University as a whole. Men were urged to attend if they could in any way do so.

The athletic laws that were passed concerned the Athletics use of the college name; that class teams must be bona fide; that the manager should hand reports of games and meets to the athletic secretary; that only men having received awards were entitled to have their pictures taken with the teams.

In the balloting for Assistant basketball man-

ager, Clark received the election over Huntington by a vote of 94 to 76 in the final ballot.

Roosa carried the football assistant managership from his nearest competitor, Tapscott, by a final vote of 112—64.

Franchot, Senior Cheer Leader, introduced a novel feature in leading yells:

"Are you ready?—Hip! Hip!" instead of the old "1, 2, 3."

I 9 0 2

Rika! Raka! Rika! Raka!

Rik! Rak! Roo!

UNION! UNION! 1902!

Fellow Members of '02—

Commencement time, Reunion time, and a rousing, cheering time for every son of the good old College, those rare days in June—far too rare, for we would all like to have more frequent gatherings on the old CAMPUS and by THE BROOK THAT BOUNDS,—COMMENCEMENT DAYS are near at hand, when we SHOUT FOR ALMA MATER ONCE AGAIN.

Now for a renewal of undergraduate memories, a banquet!—once more the SONG TO OLD UNION, the "Rah! Rah! Rah! U-N-I-O-N, Hikah! Hikah! Hikah,"—and then a return to the cares of business and to professional responsibilities, with lighter hearts, greater energy, and with strengthened affection for the GRAND OLD SEAT OF STONE and OLD UNION BESIDE THE MOHAWK VALE.

Let us have the best Class representation and the most enthusiastic reunion that we have had since Prexy handed us our dips and we passed out through the OLD BLUE GATE for the first time as graduates.

Yours in the bonds of '02,

ADDISON H. HINMAN,
Secretary.

College Briefs

The football management, through the efforts of "Bill" Smith, have almost completed arrangements with Harrol S. Tenney, the famous Princeton quarterback, to coach the Garnet team for next season. Mr. Tenney will be here the twenty-sixth to look over the field and to make final arrangements with Captain McNab.

* * *

Plyant, '08, and Grover, '10, attended the District Convention of Delta Upsilon held last week at Syracuse.

The baseball team started on its eastern trip on Thursday afternoon. Yesterday they played Trinity at Hartford, and today the game with Wesleyan will be played at Middletown. The student body escorted the team to the car when they started the trip. Davis pitched against Trinity, and Hildreth will be in the box today against Wesleyan.

* * *

At a meeting of the Junior Class during the week it was decided to dispense with the usual Junior canes this year, as the committee had been unable to make satisfactory arrangements with the manufacturer.

* * *

Yesterday the interscholastic track meet was held on the college oval. Eleven competing teams were registered for the meet. In the evening the visitors were entertained by the college men with a rousing campus meeting.

* * *

Kiessling, '08, who had the misfortune to break his leg last week at the campus fire, is able to make classes on crutches. Simkins, '09, who was laid up with water in the knee, is also able to be about again.

* * *

The work of improvement is progressing apace. The cinder roadbed from the Blue Gate entrance is almost completed and will prove much more attractive than the former dirt road. The trees have all been trimmed and the lawns are being resodded where the grass has become thin. By commencement time the grounds will be in first class shape.

* * *

Last Saturday's game scheduled to occur on the campus had to be cancelled on account of the miniature blizzard and the consequent soggy condition of the diamond. As a result our only game with Hamilton during the present baseball season will be played at Clinton on the thirty-first.

* * *

With the advent of warm weather the track has become hard and firm. In trials during the week very good time was developed in several of the runs, notably the 440 yard run. The baseball diamond has also become fast and sure and the practice games are very interesting.

* * *

Manager Bishop of the track team is still conducting negotiations with R. P. I. to fill in a date for a meet to take the place of the one cancelled on account of inclement weather. If

the matter receives favorable consideration from both sides the meet will probably take place the first of June.

* * *

Only one more edition of the Concordiensis will make its appearance this term—the one following Commencement Week. This has been thought best on account of the work entailed upon the management and the board just prior to commencement.

* * *

"Doc" Moon, '06, who is working in the General Electric Works, on Wednesday afternoon received a "flash" that badly burned him about his face. At present he is recovering and will soon be around again.

* * *

Owing to lack of space the entire revised list of Athletic By-Laws could not be printed in the Concordiensis, as the Board desired.

Christian Association

At the Vesper Services on Sunday afternoon, Dr. Raymond will deliver a short address to the members of the Association, on a topic to be announced at that time.

Wells, '10, with the subject "Are We Our Brothers' Keepers," will lead the Tuesday evening service.

In view of the fact that this is the last issue of the Concordiensis, but one, it has been thought well to publish the leaders for the remaining meetings of the term. They are as follows:

Sunday Vesper Services May 26, Rev. Dr. Lunn, of the First Reformed Church.

June 2d, Wright, '08.

The last Tuesday evening meeting will be held May 28, with Faust, '09, as leader.

Members are urged to make every effort to attend the Northfield Convention during the summer. Eight men have already promised to go, and Union will have a good representation.

A Joke and a Fact

The professor and his pet pupil had passed through the blue gate into the college grounds. The new road bed met the pupil's eye.

"Oh, see what's here, Professor," he said.

"Yes, I see what's here—but you'd see it a whole lot longer if it were undrained by tile, and cobble gutters were put alongside to carry off the water."

How about it, Engineers?

OUR CAMPUS

Within the memory of many an old alumnus, Old Union's campus was truly "Beside the Mohawk Vale." The old Terrace Wall commanded a view up the river that was rivaled nowhere. Before the encroachments of a smoky industrial plant, with its attendant tenements, blotted out the river, the grand old classic elms formed a grove from the Terrace Wall to the very river's edge.

About this environment were built Union's traditions—the traditions that stir the heart; the traditions of veneration and love for a truly great Alma Mater.

Of late years Commercialism, the Spirit of the Age, has invaded the land, and Our College, the place of all places that should have been held from its blighting touch, has fallen prey to it.

The Grand Old Campus has been compressed more and more by the tightening bonds of a modern city, until now its former acres are decimated. No one can feel the loss as can the old grad, returning after years of absence. Instead of being greeted by the magnificent sweep of scenery up the Mohawk Vale, his eyes are prone to fill with tears at the sight of the glaring new frame houses situated on the Campus as he knew it.

Sad as our loss has been, we still have a Campus of which to feel justly proud. We still have Captain Jack's Garden—we have beautiful groups of elms, and our fine old buildings are yet here.

But the Spirit of Commercialism is not yet satiated. Of late it has again demanded a portion of the Campus; and ground is being sold right next the College Garden. Now the proposition of turning the Pasture into a City Playground has arisen. True, it is explained, it would only be on a lease. But a lease would mean practical abandonment of all the College grounds below the Terrace Wall.

We are constricted enough. We want our Campus kept as it is. What profit would it be to have our treasurer's coffers gold-filled were there no further room for the natural expansion of the College?

For who doubts that the College will expand? Our grounds, viewed in the light of the future, are now limited enough. Is it not a short-sighted policy to sell our future welfare for a temporary gain?

So we appeal to all that is fine and grand and noble in the Spirit of old Unionism. Let us, as undergraduates and alumni, arise to the defence of OUR COLLEGE. Let us raise the battle-cry against Commercialism—"OUR CAMPUS INTACT!"

THE CONCORDIENSIS BOARD

With the exception of the Commencement issue, this is the last appearance of the Concordy until next fall. Our work thus far, though brief, has been rife with interest.

One of the most interesting things to note was the discovery that we were supposed to get out the paper every week entirely on our own resources; that the members of the board were not supposed to hand in any work unless it would suit their own pleasure at any particular given time.

Now all this has been very gratifying to our sense of our own personal responsibility and importance. We have also, by this token, enthroned all former editors in the niches of our Lares.

It may be, we concede, pleasing to certain undergraduates to see their names in print on the editorial page of the college publication, and it makes a nice thing to send to the folks at home to show what big men they are in the institution. So to satisfy their ambition and our curiosity, we have let these superfluous names grace our pages thus far.

Next fall, however, we shall organize

ourselves into a fanning-machine and we shall endeavor to winnow the chaff from the few kernels of grain that are really present. This is to let our readers know that there is actually some wheat there.

As we announced in Vol. XXX, No. 23, "We will condemn with vigor those measures we consider wrong." We think it wrong for a man to shirk his duty when appointed to any office of trust in the college. So we'll proceed to condemn.

Honest!

NORTHFIELD CONVENTION

The Christian Association is making a very laudable effort to get a large number of men to attend the Convention at Northfield in July. The Convention is one of the most striking phases of our Colleges, as a whole, and nowhere else is there such opportunity to mingle with men from every section of the American College territory. The time spent at the meeting would more than repay for itself, and anyone that can in any way make connections should go.

Correspondents' Column

(The Editors do not assume responsibility for anything that may appear under this head. No anonymous communications considered).

Editor Concordiensis:

As a frequent visitor to, and a friend of Old Union, I take upon myself the liberty of making a few suggestions to the student body.

Union has, until lately, been the center of attraction for all visitors to Schenectady, and always was the first object of interest pointed out to strangers. There are thousands of people coming here now who never have heard of the college. There are many who like to see a baseball game and who would welcome the opportunity to see a good college game, but who do not get to your campus because you do not advertise your games adequately. You seem to be afraid that someone may hear you if you make a noise outside your own gate. The town has swallowed up the college and you are playing up stage. I do not wish to appear as butting in, but would like to call attention from

my experience with other colleges no larger than your own, and similarly situated, to the apparent carelessness of the students. Advertising is the life of trade and if your own city doesn't know where you are, who under the sun will? Schenectady owes a great deal to Union and will not resent it if you call her attention to the fact. Get busy and advertise; let the visitors know you are alive! With very best wishes I remain, sincerely yours,

"CHECKERS."

Glee Club Trip

Last Wednesday night the Union College Glee Club gave a very successful concert in the First Reformed Church of Cohoes. Although several of the club found it impossible to take part, the remainder sang with a spirit that more than made up for the lack in numbers.

Marx, '08, and Ferguson, '10, made an excellent showing in trying out for the position of first bass on the quartette.

Carl Wachter, '09, received his full share of applause, as usual.

Fuller, '08, scored a hit in his sketch entitled "A foggy morning on the raging Erie." The programme was as follows:

1. (a) The Jolly Blacksmiths.
(b) April and November.
Glee Club.
2. Reading—Selected.
Wachter, '08.
3. Cornfield Medley.
Fuller, '08; Corbin, '09; Ferguson, '10; Kline, '08.
4. (a) Fishing.
(b) Attack.
Glee Club.
5. Vocal Solo.
Corbin, '09.
6. Union Marching Song.
Glee Club.
7. "Dave" and "Van."
8. (a) War Song.
(b) The Story of a Bee.
Glee Club.
9. Reading—Selected.
Wachter, '09.
10. While I Have You.
Fuller, '08; Corbin, '09; Marx '08; Kline, '08.
11. Piano Solo.
Mr. Mausert.
12. The Winter Song.
Glee Club.

The following men made the trip: Stearns,

'07; Davies, '08; Fuller, '09; Coplon, '10; Corbin, '09; Hutchins, '10; Walser, '10; Ferguson, '10; Keith, '08; Marx, '08; Fairbairn, '07; Robinson, '10; Faust, '09; Kline, '08; Vandegrift, '08; Wachter, '09, and Bernard Mausert, coach.

BASEBALL

MIDDLEBURY DEFEATED

Union 8, Middlebury 2

Middlebury met defeat on the home diamond last Wednesday at the hands of the Garnet team. The much-vaunted aggregation from Vermont arrived with their incomparable battery, but somehow that battery petered out at critical points and the Union team touched up Fisher for six hits that resulted, through the subsequent errors, in runs for the Garnet.

The game throughout was very loosely played, especially from the Middlebury side. No glaring errors were made by the Union team, and the entire field supported Stewart in a good, consistent manner. Stewart, while a trifle wild at times, had great control at critical periods, and through the course of the game he struck out eleven men. Only four hits were made off his delivery. The second inning started the rout for Union, when Middlebury muffed a fly, the Garnet got a hit, and a ball past the catcher let in three runs.

Hoffman distinguished himself by shutting out a man at home plate by a fine throw from right field. Middlebury was erratic and had an "off day," as is evinced by the fact that this was the first defeat they met in six games.

The long pending question of whether Harvard would be permitted to engage further in intercollegiate sports was disposed of March 13, when the board of overseers of the college voted to authorize intercollegiate athletics, though in a restricted form.

The Track

The track schedule has, unfortunately, almost entirely fallen through this spring. The only meet left of the original list is the one against Trinity on the thirtieth of May, to be held at Hartford. The meet with R. P. I. has been indefinitely postponed on account of the disagreeable weather that prevailed on the scheduled date, and definite arrangements have not yet been made to settle the question. May 25 is a favorable date and Manager Bishop is trying to get Colgate to come to terms and have a dual meet on that day on the College oval. We will in all probability meet R. P. I. on the first of June, or, in the event of a failure to make connections with Colgate, on the 25th of May.

The team, as it was entered for the postponed R. P. I. meet, is as follows:

100 yard dash—Wheeler, Medic; Dwyer, '08; Hendricks, '09; Burleigh, '09; McManus, '10.

220 yard dash—Same as above.

440 yard run—Parsons, '08; McCormick, '09; Burleigh, '09; Kelly, '10.

880 yard run—Raymond, '08; Parsons, '08; Weyrauch, '08; Dillon, '07.

Mile run—Flowers, '08; Kriegsman, '10; Finch, '09; Wright, '08.

120 yard high hurdles—Fullerton, '08; Streibert, '09.

220 yard low hurdles—Fullerton, '08; Roosa, '09.

One mile relay—Dwyer, '08; Wheeler, Medic; McCormick, '09; Hendricks, '09; Roosa, '09; Streibert, '09.

Running high jump—Weyrauch, '08; Dunn, '10; Anderson, '10.

Running broad jump—Streibert, '08; McCormick, '09; Dwyer, '08.

Pole vault—Streibert, '09; Dunn, '10.

16-pound hammer throw—Rankin, '09; Dunn, '10; Weyrauch, '08.

16-pound shot put—Rankin, '09; Bell, '08.

This team was picked without trials, upon the estimates of Captain Flowers and Doc MacComber, and the work of next week, and especially the results of the interclass meet this afternoon, will bring about many changes in the team as it now stands.

The most noticeable thing about the work of the past week has been the development of the 440 men. Raymond, who has hitherto attempted nothing but the half mile, tried the 440 and ran it easily in 57. Weyrauch has also shown up well, running a close second to Strei-

best when he made the event in 55 2-5. Levi Parsons reeled it off in 54 1-5 without the slightest exertion, and taking into account Hendricks and Dwyer, who made good against R. P. I., and Wheeler, who has done the event in 53 2-5, we have an unusually fine bunch of material to develop into a mile relay team. The interclass meet will show what the relay material is worth, and if a strong team can be picked we should enter a team on Pennsylvania's Relay Carnival next spring. It will advertise the College if nothing more, and besides we must get out of the rut of dual meets—get into something worth while to show that we are alive and kicking, even though it may not be successfully.

Alumni Notes

✓ '64. Anson D. Fessenden died at his home in Townsend, Mass., last week. Mr. Fessenden entered Union with the class of '64, but left during his sophomore year to take up arms in his country's defense. He became first lieutenant of Co. D., Fifty-third Massachusetts Volunteers, and later was promoted to the rank of captain in the same company. He received his discharge from the army in 1863 and took up his residence at Townsend, Massachusetts, where he engaged in the cooperage and wood-ware business. Mr. Fessenden was a member of the Massachusetts House of Representatives and a director and president of the Townsend National Bank.

In December, 1865, he married Miss Thisa Boutelle. Mr. Fessenden was a member of the Delta Upsilon Fraternity. Before his death he had been confined to his bed for three years.

✓ '67. Dr. Milton G. Planck, a Schenectady Alumnus of Union, died at his home May 13th. While in college Dr. Planck ranked among the highest men in his class and was graduated a member of Phi Beta Kappa. After graduation from Medical College, Dr. Planck settled down to the practice of medicine in Schenectady and stood high in his profession at the time of his death.

✓ '92. Mr. and Mrs. William McCleery of 1228 Garden Street, Hoboken, N. J., announce the engagement of their daughter, Isabel to Stephen G. Doig. Mr. Doig was graduated from Union in the class of 1892, and was a member of Beta Theta Pi Fraternity.

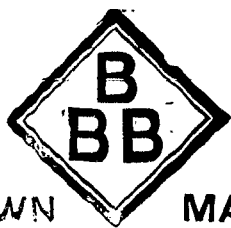

AFTER COMMENCEMENT, WHAT?

Time for the young college man to decide what line of work to take up. Employers are already taking their pick of 1907 graduates. You can't afford to delay, if you intend to begin work in the early summer or fall. "The College Man's Opportunity" tells what we have done and are doing for college men—what we can do for you if you intend to enter business, teaching or technical work. Write for it to-day. The College Man's Favorite Store

"Varsity" chaps hereabout are deucedly partial to Holtzmann's doughter-know—they like the little "quips" and turns (if we may be allowed the expression) in Tailorcraft that makes their ready-for-wear gorments for fresh, middler, soph and seniors so typically collegian. Boys, we just want to say that your favorite store is ready to make you look every inch the college man. You know quite well that college cut clothes are the characteristic of the College spirit. No young man can be said to be thoroughly inoculated with the indefinable exuberance who is lax in this particular. The rah! rah! rah! cannot be evoked with the same gusto in an ill-fitting suit, so get ready to "holler" in a Holtzmann's Perfection fit college tog. Hats—Haberdashery.
