## Editorial.

It is very gratifying to note the greatly increased interest in athletics. When before it has been impossible to hold a successful College Field Day, we have this year been able to hold both a Freshman and a general University Field Day and to break some College records. For the last four or five years the annual Field Meet has been neglected, but at last a decided step has been taken in the right direction, and the advance thus made should be followed up. With the increase in students Union must also increase in all those branches that tend to spread abroad the fame of the undergraduates. If we take our share of the prizes at the Inter-Collegiate Field Day, this will undoubtedly tend to influence men to come here next year. The art of advertising or "booming" a College may be sneered at by some as unworthy of the position taken by an educational institution, but the fact remains, whether acknowledged or not, that the more prosperous Colleges of the country owe a large part of their prosperity to the efforts of the students and Alumni to keep the name of their *alma mater* before the public. This is largely done by means of athletics, and thus an increased interest in athletics means not only physical benefit to the students but also more attention called from outside to the College.

\* \*

A CHANGE whose wisdom appears more and more is the substitution of

compulsory "gym" work for the old system of military drill in vogue during '92's Freshman year. This was considered an abomination by all but the officers and it showed no good results in the condition of the students. Since "gym" work has been substituted, however, there has been more interest in the work than there was in military drill and the results begin to show in the work done in training for base ball and foot ball, and in the revival of the Field Day. As the time approaches when all the classes will have experienced the benefits of the work through at least a part of their course, this work will show in the various athletic sports and in the general physical condition of the men.

\* \*

THERE is a large number of subscriptions unpaid, and we wish to urge upon our subscribers the necessity of prompt payment. We rely largely upon subscriptions for the expenses of publishing THE CONCORDIENSIS and it thus becomes to the editors not only a favor but a necessity that these subscriptions be paid promptly. The college year is nearly over, and we hope that we shall not be again obliged to call for subscriptions due.

#### FIELD DAY.

The annual Field Day was held on the Fair Ground, May 18th. The weather was all that could be desired. The track was in excellent condition. A good showing was made and several of the college records were broken. The officers of the Athletic Association are to be complimented on the satisfactory

manner in which they made the arrangements in the short time at their command. The spirit shown by the men shows that the interest in general athletics is increasing.

The following is a list of the events:

Throwing base ball—Won by S. Braman; E. W. Daley, second. Distance 298 feet.

Kicking foot ball—Won by G. Daley; Perkins, second. Distance, 138.4 feet.

### Base Ball.

#### UNION 9--J. W. PAULEY'S 8.

The game played with the J. W. Pauley's on the Campus, was the second game of ten innings on the Campus this year and great excitement prevailed. The teams seemed to be quite evenly matched. First Union would be ahead and then the Pauley's until the end of the ninth inning when the seven was tied at eight. The batteries were Tallman and Sullivan for Union, Collins and Heyer for Pauley's. In the ninth inning Trainer began to catch. Heyer took his place as shot stop. The Pauley's could not hit Tallman and ten of them struck out. However, when they did hit they placed the ball better than Union and made more base hits. When Union went to bat in the last half of the ninth the Pauley's were one run ahead. A run was scored, and the score tied. In the tenth the Pauley's were shut out. Union went to bat and Mulligan made a hit and went to first, then owing to wild throws he made the other bases and came in home, making the score 9 to 8.

#### UNION 1--ONEONTA NORMAL 8.

On Saturday, May 7, a game was played with the Oneonta Normal team. This team was made up largely of professionals. Their playing was excellent, and they succeeded in shutting Union out in every inning except the fifth when an earned run was made by Thatcher. Oneonta was shut out in the first, fourth and seventh. The batteries were for Union, Brookins and Sullivan; for Oneonta, Beebe and Chase. Not an error was made by Oneonta and only seven by Union. In batting Union did better than their opponents, but did not

succeed as well in base running. Below is given the score

## UNION 0--VERMONT 6.

By far the best game of the season was that played with the University of Vermont on the Campus, May 12. Every man on the team did his best and the result showed that our team is capable of playing a good game of base ball. The batteries were White and La Belle for Union, Pand and Stewart for the University of Vermont. The fielding by the Union team was the best done by them this season. They could not hit Pand, however, and only two base hits were made, by Mulligan and LaBelle. Nevertheless they did well to keep the score

down to six. The University of Vermont team is unquestionably the best that the Union has crossed bats with this year, if they are not the best college team in the state. Following is the score:

## UNION 16--COLGATE 6.

The return game with Colgate was played on the Campus, May 17. It was a one-sided game and if it had not been for costly errors in the ninth inning Union would have sent them out easily as they secured no runs up to that inning. The feature of the game was the fine pitching by White. Thirteen times he sent a Colgate man to the bench without having made a hit. Bustard was Colgate's pitcher at the beginning of

the game. F. Monroe took his place and Bustard caught. P. Monroe who caught Bustard went to third base and Applegate played short stop.

## THE BASE BALL TRIP.

The team started on the trip to play the return games with Glens Falls and the University of Vermont, May 19. Owing to bad weather only the Glens Falls game was played, the rain making it impossible to play either day with the U. V. M. The team, however, received the full guarantee, and were much pleased with the good treatment accorded them at Burlington. The game at Glens Falls was lost through costly errors. White did good work in the box, striking out eleven men to eight

struck out by Marshall of the Glens Falls team. The following is the detailed score:

Hereafter Syracuse students will wear mortar boards.

Prof. Schurman of the department of Philosophy in Cornell has been elected president of that institution.

President Chas. K. Adams of Cornell, has tendered his resignation to take effect at the close of this college year.

Harvard students are considering the advisability of wearing caps and gowns at all the lectures and exercises of the college.

The Dean of the General Faculty of Cornell has also resigned.

A meeting will be held at Chicago, in May, by representatives of college fraternities to perfect plans for a collective exhibit at the World's Fair.

The students of Syracuse University have protested against the new honor system and other matters connected with the management of that institution.

The *Palo Alto* is now published simultaneously at Leland Stanford Jr. University and the University of California. It is the only instance of a college paper started at the same time with the college.

The Rensselaer Polytechnic Institute is about to publish a Spanish edition of its Catalogue for the benefit of the many South Americans who desire to attend technical schools in the United States.

Lieut. Totten, whose prophecies regarding the speedy "consummation of all things," has been recalled to his regiment, and will leave Yale at the end of the present term. This is accomplished none too soon.

The Hudson river has been abandoned as a race course for this year by the Intercollegiate Rowing Association, which is composed of Cornell, Columbia and the University of Pennsylvania, and the races will be rowed on Cayuga Lake, at Ithaca, N. Y., the home of Cornell. Cornell proposed Cayuga Lake, its own training ground, which it claims is the finest course in the country. Cornell will pay the expenses of the other crews to Ithaca and do all the work incidental to the successful management of the races.

We desire to correct the mistake in our last issue concerning the Octagon-Press club game. The Octagon club scored the signal victory. On May 14, however, in a very interesting game the Press club was victorious by a score of 11-10.

Our authority for the following derivation is a daily newspaper, but we give it for what it is worth in the hope that some zealous student of the English Department may profit by it. The word "Corker" is a much abused one. While it now has a debased signification, in ancient times its Greek equivalent was in polite usage. "It is derived through the French *corquer* and the Latin *corcare* from the Greek *korka*, meaning 'incomparable one.'" According to this, it is probable that in the palmy days of Greece many a gilded youth of Athens softly whispered in the ear of his *dulcinea* that she was a "corker."

**A DORPIAN LYRIC.**

Oh! have you seen a quaint old fellow?  
When the shadows of night fall darkening down,  
Who eagerly searching, bearing a lantern  
Roams through the streets of Schenectady town.

Whenever he meets a girl or a woman  
Upraising his lantern he searches their face,  
Then lowering it sadly and deeply sighing  
He onward continues his slow weary pace.

His face is lined with disappointment,  
His visage is wrinkled with lines of despair,  
Hopeless, despondent, he slowly plods onward,  
And moans like a man with a dark troubling care.

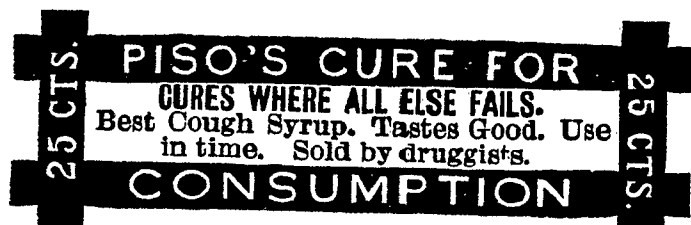

Who, do you ask is this queer old fellow,  
Whom so often we see in the evening's dim light,  
What is his quest and what is he searching,  
Patiently searching night after night.

Who can he be but ancient Diognes?  
And now his mission I'll to you unfurl,  
He is walking now and has ever been walking  
Schenectady's streets to find one pretty girl.

**TENNIS.**

The spring meeting of the Union College Tennis Association was held on the courts of the Association on Thursday, May 19th. The grounds have been put in perfect order, and are surrounded with back stop nets, which is a great improvement.

About seven years ago I had Bronchitis, which finally drifted into Consumption, so the doctors said and they had about given me up. I was confined to my bed. One day my husband went for the doctor, but he was not in his office. The druggist sent me a bottle of Piso's Cure for Consumption. I took two doses of it, and was greatly relieved before the doctor came. He told me to continue its use as long as it helped me. I did so, and the result is, I am now sound and well—entirely cured of Consumption.—  
Mrs. P. E. BAKER, Harrisburg, Ills., Feb. 20, 1891.

A most excellent and agreeable tonic and appetizer. It nourishes and invigorates the tired brain and body imparts renewed energy and vitality, and enlivens the functions.

CHARLES DORING, Leader,

TO THE fastidious person whose recognition of the beautiful in nature and art is inborn there is a certain something which abhors the sight of the incongruous, the loud or the flamboyant. It is in keeping with the feeling which impelled Sydney Smith in speaking of a certain quarrelsome person to state that "his very face was a breach of the peace." It is the same feeling which rebels at the actions of an effeminate man, and is shocked by the antics of a coarse woman; it is on a par with the disdain which the refined and cultured feel for the brutal and the illiterate, and is in consonance with the lack of regard shown the man who does not regard himself sufficiently to want to appear in manner, dress and education like a gentleman. The schools and colleges seek to instruct their students as to the means best employed to make scholarly men and educated women of those under their tutelage; in one particular we can assist them, and that is to keep them informed of the styles in dress which the teachers in fashion declare to be the best. We have an immense stock of spring and summer goods on hand, and are willing and anxious to add to your store of knowledge, outside of that which can be acquired within the college walls, so that when you return to your several homes your dress at least will not justify the old law:

There's many a lad returns from school,  
A Hebrew, Greek or Latin fool,  
In arts and knowledge still a block,  
Though deeply skilled in hie, haec, hoc.
