CHARLES ALEXANDER RICHMOND, D. D., Chancellor

## UNION COLLEGE, SCHENECTADY, N. Y.

The College offers undergraduate courses as follows:

- 1.—CLASSICAL COURSES—Leading to the Degree of A. B.  
A. Greek is required for admission to this Course.  
B. Greek is begun at entrance and is required for four years.
- 2.—LATIN-SCIENTIFIC COURSE—Leading to the Degree of Ph. B.  
This Course offers Latin without Greek.
- 3.—SCIENTIFIC COURSE—Leading to the Degree of B. S.  
In Courses 1, 2 and 3 the greater part of the work of the last two years is elective.
- 4.—GENERAL ENGINEERING COURSE, of four years, leading to the Degree of B. E.  
During the third and fourth years two alternative options are offered in this Course.  
Option A—In which the fundamental principles of advanced technical subjects receive emphasis.  
Option B—In which studies are offered which give a preparation for engineering positions of an executive or administrative nature.
- 5.—GENERAL ENGINEERING COURSE, of six years, leading to the degrees of B. E. and Ph. B.  
This Course provides college and technical training by combining Courses 2 and 4.
- 6.—SANITARY ENGINEERING COURSE—Leading to the Degree of B. E.
- 7.—ELECTRICAL ENGINEERING COURSE—Leading to the Degree of B. E.  
The College offers also graduate courses in Engineering of one year's resident study, as follows:
- 8.—Graduate Course in General or in Sanitary Engineering, leading to the Degree of M. C. E.
- 9.—Graduate Course in Electrical Engineering, leading to the Degree of M. E. E.

For catalogue, address

FRANK COE BARNES, Secretary Union College,  
Schenectady, N. Y.

## DEPARTMENT OF MEDICINE

ALBANY MEDICAL COLLEGE—Instruction by Lectures, Recitations, Clinics, Laboratory Work, Practical Demonstrations and Operations.

Hospital and Laboratory advantages excellent.

Catalogues and circulars containing full information, sent on application to

WILLIS G. TUCKER, M. D., Registrar,  
Albany, N. Y.

## DEPARTMENT OF LAW

ALBANY LAW SCHOOL—This department of the University is located at Albany, near the State Capitol. It occupies a building wholly devoted to its use. The course leading to the degree of LL. B. is two years, each year is divided into two semesters.

EXPENSES—Matriculation fee, \$10; tuition fee, \$110. For catalogue or other information, address

ALBANY LAW SCHOOL,  
John J. Hughes, Secretary, Albany, N. Y.

## DEPARTMENT OF PHARMACY

ALBANY COLLEGE OF PHARMACY—Exercises held in Albany Medical College building. Graded course of instruction comprising two terms of six and one-half months each. Fees, eighty dollars per term. For catalogue giving full information, address

THEODORE J. BRADLEY, PH. G.,  
4 Lancaster St., Albany, N. Y. Secretary.

## There Must Be a Beginning

## FOOTBALL.

### Wesleyan, 24; Union, 3.

In a hard-fought game, Wesleyan defeated Union at Middletown Saturday, October 30, by the score of twenty-four to three. Although the score may not indicate it, nevertheless it was a good game, and one which no Union man need be ashamed of, for our team played steady, consistent ball. Moreover, Wesleyan this year has the best team that she has turned out in years, as is shown by the fact that Joy, their great fullback of last year, whose stature and playing drew so much attention here last year, has been replaced by a better man, and is now playing on the line. One may judge for himself the comparative weights of the two teams, when he learns that Wesleyan, from tackle to tackle, averaged one hundred and ninety-five pounds, and that their fullback, who carried the ball for them almost every time, must have weighed over two hundred and twenty, according to the estimate of one of our men. Therefore, for our team we have no excuses to offer, nor apologies to make, for they were simply outplayed and outweighed.

Before the game, the announcement went out that four of Wesleyan's best players would be unable to participate in the game. The faculty reconsidered this, however, and allowed the men to play.

Most of Wesleyan's gains were made around the ends by White, their fullback. As "Heckie" said in College Meeting, their interference was so strong that it was almost impossible to break it up, and when this was done, it was even then a hard task to down the runner. White also made three of their four touchdowns.

Union worked the forward pass and end run with fairly good success. When the ball was once lost, however, it was almost impossible to regain it.

In the first half Wesleyan made two touchdowns, the second coming just before the whistle blew, making the score twelve to nothing.

At the beginning of the second half, Union got the ball, and made considerable gains, bringing the ball to the thirty-five-yard line. Doran Brown then made a field goal, which was Union's only score. Wesleyan then made two more touchdowns, kicking the goal in each instance.

The lineup was as follows:

| Union.                    | Wesleyan.      |
|---------------------------|----------------|
| Anderson .....            | Schlee         |
|                           | Left end.      |
| Sellnow .....             | Bernhardt      |
|                           | Left tackle.   |
| O'Connell .....           | Wilcox         |
|                           | Left Guard.    |
| Vedder .....              | Mitchell       |
|                           | Center.        |
| J. Stewart .....          | Joy            |
|                           | Right guard.   |
| Brown .....               | Durling        |
|                           | Right tackle.  |
| Irish, Dunbar .....       | Boyd           |
|                           | Right end.     |
| Shutler .....             | Pazetti        |
|                           | Quarterback.   |
| Dewey, Riley .....        | Rice           |
|                           | Left Halfback. |
| Hequembourg (Capt.) ..... | McCafferty     |
|                           | Halfback.      |
| Micks, Smith .....        | White          |
|                           | Fullbacks.     |

Score—Wesleyan 24; Union, 3. Touchdowns—White, 3; Rice. Goals from touchdowns—Pazetti, 3; Boyd. Field goal—Brown. Umpire—Davis, of Wesleyan. Referee—Savage, of Columbia. Head linesman—Debow, of Wesleyan.

#### FRESHMAN-SOPHOMORE FIELD DAY.

Last Tuesday the Freshmen defeated the Sophomores in a spirited contest on the campus by the score of 45 to 55.

The first event was the 100 yds. dash. The entries were: for 1912, Riley and Slade; 1913, Stockwell and Spearman. Riley got away in good style and steadily increased his lead all the way down the field, winning by a safe margin in 11 2-5 sec.

The one mile was a tame affair, there being only two entries and both of them Freshmen: Rogers and LeBarron. The event was won by Rogers.

Wrestling furnished some hotly contested bouts. There were nine bouts scheduled; 3 in the heavy weight class, 3 in the light weight and 3 in the middle weight classes. In the light weight the Sophomores had the better of the argument winning one match and getting one by default. Dennis was declared winner over Schulman after a stubborn contest. Chapman won by default. Cronin defeated Riley in what was probably the most spirited bout of all. The pair were about evenly matched as to height, but Cronin had a slight advantage in weight.

In the middle weight class the Freshmen made a clean sweep although none of the bouts was won without a hard fight. Stoller defeated Slade. Blodgett won from Shaw, and Braman from Coward.

The heavy weight seemed to have failed the Sophomores for Westcott was the only one entered in that class. Jasper Stewart was his opponent. Despite the much greater height and weight of the freshmen, Westcott made one of the pluckiest fights of the afternoon before he was thrown. The other bouts went by default to Bryere '13 and Kline '13.

By the system of scoring adopted, each wrestling bout counted 5 points. First place in the 100 yds. dash and the mile also counted 5. Thus 1913 now had 40 points; 1912, 15 points.

Next was the relay race counting 10 points. The race was run on the football field. Each class had eight men entered, each man to run one stretch of 110 yds. The names of the men in the order of running follow. 1912: Hand, Ruprecht, Van Aernam, Mann, Lawsing, Slade, Coward, McDermott; 1913: Cronin, Tiedeman.

**"SKE-DADDLE TO HAMILTON."**

Daly, Rogers, Dewey, Mayham, Spearman, Stockwell.

Although the teams were very evenly matched as a whole, 1912 was able to gain ground slowly but surely and won by 20 yds. This event brought '12 up to 25 points, still 15 behind the Freshmen.

Interest now centered in the "tug-of-war." Twenty-five men from each class lined up opposite each other on the rope. At the crack of the pistol the tugging and straining began. For the first moment or two it was nearly even, then the rope began to creep toward the Freshmen inch by inch and at the end 1913 had won by a safe margin.

Last but by no means least was the football game. The Freshmen had won the meet in any event, since the 20 points for the game could not overcome their lead of 30 points. But this fact in no wise detracted from the zeal of either team.

In the first half the Freshmen defended the south goal. Ripton kicked off to Wilcox who returned the ball ten yards. The remainder of the first half the ball was kept in 1913's territory the greater part of the time. For 1913, Spearman, Stockwell and Cronin were especially strong; while Bische, O'Laughlin, Hequembourg, McDermott and Griffin played a good game for the Sophomores. The first half ended with the ball on the Freshmen's 40 yd. line.

During the intermission a Freshman parade was started and resulted in a couple of wrestling matches that were not on the schedule.

In the second half McMann kicked off and the ball was returned to the center of the field by an inside kick, '12 getting the ball. A forward pass was tried but the Freshmen got the ball. By an exchange of onside kicks and punts the ball was finally brought to the center of the field in the possession of the Sophomores. From this point Bische and O'Laughlin gained 10 yds. each. 1913 got the ball on their 35 yd. line but Westcott captured it on a fumble. An exchange of punts gave the ball to 1912 on '13's thirty-eight yd. line. Here Webb was put in for O'Laughlin. The Freshmen line held and Webb punted to their 15 yd. line. From this point the ball was advanced steadily until close to 1913's goal and Webb went through the left side of the Fresh-

men's line for the touchdown and afterward kicked the goal. Score 1912, 6; 1913, 0.

Ripton kicked off to '13. The Sophomores secured the ball on a fumbled pass and punted to '13's 10 yd. line, but on the next play were penalized for being offside. 1913 punted and at the end of the game the ball was near the 40 yd. line.

Final score: Sophomores 6, Freshmen 0.

The game was marked by fumbles on both sides. The Sophomores used the forward pass to slightly better advantage and excelled in placing their punts. The right side of the Sophomore line was especially strong. The line-up follows:

| 1912                    | Position      | 1913                   |
|-------------------------|---------------|------------------------|
| Ripton, .....           | Left end.     | Morgan, Redinger       |
| Mann .....              | Left tackle.  | Kline                  |
| Coykendall .....        | Left guard.   | Menand                 |
| Griffin .....           | Center.       | Clarke, W.             |
| Peckham .....           | Right guard.  | Ulrich, Anderson       |
| Untermeyer .....        | Right tackle. | Royce                  |
| Westcott, Lowrie .....  | Right end.    | Cronin                 |
| McDermott (Capt.) ..... | Left half.    | Wilcox                 |
| O'Laughlin, Webb .....  | Right half.   | Spearman               |
| Bische .....            | Fullback.     | McMann (Capt.), Wilson |
| Hequembourg .....       | Quarter back. | Riley, D. W.           |

#### BRIEFS.

Oberlin College has inaugurated the honor system this year. The system has been tried previously but not until this year has it been voted by the faculty.

A new building for the dental school of Harvard has been opened recently. It is connected by an underground passage with the medical school. The building contains an infirmary, three operating rooms and connecting wards.

The Students' Lecture Association of the University of Michigan has engaged Dr. Cook, the famous explorer, to give a lecture. They will have to pay him at least \$3,000.

"SKE-DADDLE TO HAMILTON."

## THE HAMILTON TRIP

It is less than two weeks now before the annual football game with Hamilton is to take place and everyone should keep it constantly in mind. Because of the fact that the game is played off of the campus, the team will not have as hearty actual support as it had last year but we are able to help it very greatly by going with the team when it makes the trip to Hamilton. That will be the only way we can aid them and we can surely do that. All the students should plan on going with the team and should not only think about it but also make definite arrangements to do so. We should go up there with at least two hundred fifty men and we can if each one will take it upon himself to think seriously about it. The team is constantly being strengthened and the injured men are getting back into the game so that the team will be in excellent condition to roll up a good score against the Buff and Blue. Let us do our part by showing that we are behind them every minute.

## UNDERCLASS CONTESTS

The annual contests between the two underclasses have again been held and much interest was shown by all from start to finish. They were carried off very much more systematically than before and much credit should be given Dr. Mac for the manner in which he conducted them. If such a scheme of contests can be substituted for the more harmful rushes and scraps the college will be greatly benefited and a more friendly feeling will grow up between the classes. They also serve as a means of bringing out some material for football that might not get out otherwise for every year the annual game makes the men carry on regular practice for some time before. The whole effect of the sports is especially helpful and they deserve support from all.

## OUR ADVERTISERS

Very seldom do we make any mention, editorially, concerning the business men and companies that advertise in the Concordiensis. But it seems but fair that we should do so, for it will help the merchants and will also help the Concordy. It is, to a very great extent, far

more than is ordinarily realized, due to the help which we receive from the advertisers that we are able to publish the paper, and it is but right that they receive some recognition on our part. During the course of the year the students do a great amount of trading with the various stores in the city, and so we have a right to expect them to help us in the matter of advertising. We ask all the students to look over carefully the advertising section and become familiar with those who advertise, so that they will patronize those who are most willing to help the paper. It is hardly right to ask anyone not to trade with a merchant who does not advertise, but it is right to ask all to do most of their trading with those who do advertise with us. If that condition can be understood, as we are sure it will be, the students will be doing the Concordiensis indirectly a very great good and one that will enable us to publish a better paper than we could otherwise. Just bear it in mind and trade with those whose ads you find in the paper.

#### THE MUSEUM IN THE ROUND BUILDING.

The museum is open to visitors every Monday from 2 to 4 P. M., and every Saturday from 11 A. M. to 1 P. M. There are many interesting specimens here, including the Wheatley collection of minerals, which is the second best collection in the country, and a collection of Vermees, which is second to none. There is also a large collection of Mollusks, Pisces, Aves, and Mammals and many specimens of historical interest, national and college, such as a ball fired in the battle of Lake Champlain, the stove invented by Dr. Nott with the patent, and even the three-wheeled chariot used by him while President here. All these prove to be extremely interesting, and the department not only invites the students and the friends of the college to inspect them, but urges them to make many visits to the museum and become familiar with the many interesting and valuable things to be seen there. Great labor and expense have been expended in putting the museum in its present good condition and it is hoped that many will avail themselves of the opportunity of seeing these collections and specimens.

#### COLLEGE MEETING, OCT. 25.

After singing of Alma Mater, President Cavert called the meeting to order.

"Hecky" gave an account of the game with Wesleyan, saying that the team played well, and are not disgraced by being beaten by such an opponent. He told of the difference in weight of the two teams, and the style of football played by the Wesleyan team. The Union team made a better showing than Hamilton did against Wesleyan, and thus much encouragement is given for next Saturday's game.

Mead, '09, then gave a detail account of the progress being made on the "gym" movement.

Chaffee spoke concerning "Concordy" subscriptions and extended the time of payment until Wednesday noon.

Cavert appointed Charest, '10, as the senior member of the committee on class caps, and asked the different class presidents to appoint a man for this committee.

The Freshmen were held a moment after the regular meeting when a committee from the Terrace Council spoke to them concerning important matters.

#### WEEKLY CALENDAR.

- Nov. 4—4:30—Faculty meeting.
- 5:30—Meeting of Concordiensis Board.
- 7:00—Bible Study Committee.
- Nov. 6—3:00—Union-Middlebury football game on campus.
- 3:00—Union-Vermont cross-country run at Middlebury.
- Nov. 7—5:00—Y. M. C. A. vesper service; speaker, Dr. Vander Veer of Albany.
- Nov. 8—5:00—Y. M. C. A. Cabinet meeting.
- 7:00—Philomathean Society.
- 7:30—Glee Club rehearsal.
- Nov. 9—7:00—Y. M. C. A. meeting in Silliman Hall.
- Nov. 10—7:30—Adelphic Society
- 7:30—Press Club meeting.
- 7:30—Mandolin Club rehearsal.

Ground has been broken at the University of California for Boalt Hall. The Hall will be used as a dormitory for students of the law school. The building is a gift of Mrs. Boalt in memory of her husband, Judge John H. Boalt.

## STUDENT VOLUNTEER MOVEMENT.

## Sixth International Convention, Rochester—Three Delegates From Union.

In the great Convention Hall in the City of Rochester, at three o'clock on the afternoon of December 29th, Mr. John R. Mott will call to order the Sixth International Convention of the Student Volunteer Movement for Foreign Missions. This Convention will be one of the most important student gatherings that has ever been held. Beginning on the afternoon of December 29th, it will continue for five days, ending with the evening session on January 2nd.

At this time three thousand delegates from more than seven hundred institutions of higher learning will spend five days in conference with student leaders from all over the world. The present situation in the Orient, the Near East, Africa, South America and other lands will be reviewed, with the purpose of ascertaining what contribution the colleges of North America can and ought to make toward the solution of social, political, industrial and religious problems now confronting these peoples.

Ours is a day of conventions, and Rochester is justly famous as a rendezvous for great gatherings of people who have a common aim, but neither the present generation of college students, nor even the City of Rochester itself, has seen anything that for potential power and future influence can compare with these great quadrennial assemblies of college men and women who come from every part of our country and from the nations of the world.

There have been five similar conventions: Cleveland in 1891, Detroit in 1894, Cleveland again in 1898, Toronto in 1902 and Nashville in 1906. The great growth in the attendance, increasing from 680 delegates in 1891 to 4,235 in 1906—when more than 1,500 registrations were returned because they could not be accommodated in Nashville—is striking evidence of the widespread interest aroused among the undergraduate body. The attendance at Rochester will be limited to 3,000 delegates; the careful selection thus made necessary will insure a personnel that for character, present influence and future possibility has never been equalled. Leaders in every phase of college activity attend these conventions—

athletic, literary, religious, social. College spirit runs high and the intercollegiate tie is mightily strengthened. It is a liberal education in itself to meet men of every type, race, and widely varying experience, such as will be at Rochester. Personal friendships will be formed to last a lifetime; world leaders met whose acquaintance and work will leave an impression never to be forgotten, and visions of world-wide service seen that will lift many a life from mediocrity to heights of enduring fame.

The missionary enterprise to-day commands an annual expenditure of over \$22,000,000. Great numbers of men and women are taking up the work. Since the birth of the Student Volunteer Movement in 1886 more than 4,000 student volunteers from American and Canadian colleges alone have gone to the foreign field. The Movement has spread to other countries, so that now more than 138,000 students and professors in Great Britain, Australia, France, Germany, Switzerland, Sweden, Norway, Denmark, India, Ceylon, Italy, Japan, China, and South Africa are united with those of North America in the World's Student Christian Federation, working together to spread the Gospel of love and service.

There is a rapidly increasing demand for more and better trained workers. During the past few months there have been definite openings for civil engineers; mechanical and electrical engineers; sanitary and steam engineers; chemists, teachers of physics and mathematics, biology, philosophy, manual training, agriculture, music, French, German, English, accounting and commerce; physical directors, coaches for athletic teams; architects, business managers, painters, stenographers, practical farmers, physicians and surgeons, and ordained preachers in great numbers. And for women physicians, physical directors, nurses, stenographers, Bible teachers, and specialists to teach biology, mathematics, music, and kindergarten, in schools and colleges. Christian students who want further information regarding such opportunities in other countries will have the opportunity to secure it from experts who know the situation thoroughly.

The special feature of the Convention will be the addresses by some of the greatest modern missionary leaders; the discussions of different phases of Christian work—industrial and educa-

“SKE-DADDLE TO HAMILTON.”

tional, as well as evangelistic and medical; personal conferences with men fresh from the great mission fields of the world who will be available for interviews regarding the work and the opportunities in every land; an exhibition of a practical nature covering books and periodicals dealing with the work.

All delegates are to be entertained in the homes of the citizens of Rochester, and elaborate preparations are now under way to make their visit memorable. Rochester is a city of unusual beauty, and her people are famous for their hospitality. A royal good time is assured.

Reduced rates have been granted on all lines entering Rochester, and by the lines in several other traffic associations. It is expected that nearly if not all the lines in the United States will make similar concessions.

The number of delegates from each college is necessarily limited. The basis of representation is one professor and two students for every institution and one additional student for each 200 students, or fraction thereof, above the first 200 students in the college. According to this basis Union will be allowed three student delegates and one delegate from the faculty. Our Y. M. C. A. is planning to have our full quota of delegates, and is now considering who are the strongest and ablest men that should attend this convention, which promises to be the greatest student gathering ever held.

The wonderful significance of the convention is evidenced by the fact that the Rochester Chamber of Commerce has taken the matter up, and is planning to provide free entertainment for all delegates in the homes of the city.

#### BIOGRAPHICAL SERIES.

##### Prominent Union Professors' Lives.

Within a short time, we are intending to run a series of articles in these columns concerning some of the men who have been connected with the college as presidents or professors in years past. Among the list of men who have served as presidents or professors at Union, are the names of many men who have been among the chief educators of their time. It has been through the influence of such men that the college has reached the position it now holds and that so

many men have been sent forth from here to take up active and energetic work in the spheres of Science and State and Religion. We think that a series of such articles will be of considerable interest to all students and to the alumni as well. Most of the articles will be written by present professors here and prominent alumni who have been in personal contact with the old professors and who are well qualified to give us interesting facts and anecdotes concerning their lives. We can assure all that they will be well worth careful reading. The first article in the series will be one entitled, "Eliphalet Nott, D. D., LL. D., Reminiscences," and written by Judge N. C. Giffin, a member of the class of 1859. The article is very well written and gives us many ideas concerning the life and habits of one who has our love and esteem because of what he did for Old Union in the days of its infancy. This article will be commenced in about two weeks and will serve well as an introduction to this series of articles.

#### COLLEGE BRIEFS.

"Prexy" Richmond preached for Dr. Alexander, in the University Place Presbyterian Church last Sunday.

Among the students who accompanied the team on the Wesleyan trip were, Trumbull, '12, Bates, '12, and Miller, '12, who was unable to be in the game on account of a game leg.

"When all my thinks in vain are thunk,  
When all my winks in vain are wunk,  
What saves me from an awful flunk?  
My Pony!"

If money talks,  
I wonder why,  
I only hear  
It say, "Good-bye."

Moses never went to college,  
Never played football—  
Ah! but he was in the rushes  
Very first of all.

"There was a young girl in the choir,  
Whose voice rose higher and higher,  
Until one Sunday night  
It went out of sight,  
And they found it next day in the spire."  
A LA MICKEY ANN.

"SKE-DADDLE TO HAMILTON."

## CHRISTIAN ASSOCIATION NEWS.

**Dr. Alexander on the "Hill" Again.****Speaks at Sunday Vespers and Attends Y. M. C. A. Reception.**

Last Saturday and Sunday ex-President George Alexander was again on the "hill." He came up from New York City solely for the purpose of being with the fellows once more and of speaking at the Sunday vesper service. Everyone should appreciate the efforts put forth by the Christian Association to persuade Dr. Alexander to make us this visit.

He took for the topic of his talk Sunday afternoon, the subject, "The College Man in the Ministry." He said that while he thought that the ministry was the noblest of callings, he had no desire to influence anyone who felt that he already had a call to engineering work or any other profession. His talk was very interesting and was filled with illustrations drawn from his own personal experience.

**Present at Y. M. C. A. Reception.**

Saturday evening Dr. Alexander was one of the speakers at the second fall reception given to the students by the Christian Association. He talked informally about affairs in New York City, and spoke particularly about the political conditions.

Professor Bennett also gave a humorous talk on his travels in Greece.

The reception was well attended by the students, many of whom were especially attracted by the refreshments,—doughnuts, apples, and sweet cider, which were served by the Association. Everybody came with an empty stomach and there was little trouble in disposing of two bushels of apples, 50 dozen doughnuts, and over half a barrel of cider.

**Dr. Vander Veer to Speak Next Sunday.**

Next Sunday afternoon Dr. Albert Vander Veer of the Albany Medical Department will speak on the subject, "The Christian College Man in Medicine." Dr. Vander Veer has a Doctor's degree from Union and is well qualified to speak on this subject. He was a surgeon in the United States army during the civil war, and for several years was dean of the Medical College. He is at present the surgeon-in-chief of the Albany Hospital.

## PRESS CLUB.

This small body of enthusiastic fellows is doing as much work for the benefit of our Alma Mater as any other organization, athletic or otherwise. All of the committees have important work to do and they do it well.

It is probable that the picture calendar which was proposed will be definitely decided upon very soon. It will sell for one dollar. The committee appointed for the purpose has been to the various houses seeing how many calendars might be sold and reported favorably at the meeting last Wednesday evening. The photograph committee has taken pictures at all the football games and, besides sending them to various publications, has been printing postal cards. The latter have been going rapidly but the students could support the project better and each fellow should buy as many as he can possibly utilize and a few more in the bargain. An effort has been made to have them on sale in the college office and, no doubt, in the near future everybody will be able to get them there for five cents each and six for twenty-five cents. The cards may now be ordered from any member of the club.

All the football games have been boomed by the several committees. The advance work committee sends articles concerning the team to magazines and newspapers, especially those in the towns where games are played. Post cards are sent to all alumni living within a reasonable radius from the towns where the team plays, announcing the games and booming them to a great extent. A report of the Rochester game was wired to the New York papers and the Associated Press but our visitors brought a newspaper man with them and his reports were given precedence to ours.

Weekly bulletins containing all of the important college news are published throughout the country with the aid of the Associated Press. Notices appear in newspapers in Chicago and further west. Alumni as far out as the coast report that they read news about Old Union in their local papers.

Besides several very important ideas which will be published shortly, there is one which is of great importance at present though yet in its infancy. There are a great many fellows who often inquire where they can obtain an edition

**"SKE-DADDLE TO HAMILTON."**

of our college songs, words and music complete. There was a song book published at the time of the semi-centennial anniversary of the college but since then there have been several prominent and popular songs composed. A few years ago, Byron W. Reed of the class of 1906, as a result of great effort and labor, published seven or eight songs which he harmonized himself. These constitute but a minority of our songs which, without exaggeration, outnumber and surpass those of any other college in the country. To publish a book with all the songs properly harmonized for piano and male voice is a herculean task. The Press Club is considering plans for such an undertaking and if sufficient support is assured this plan will be carried out.

#### SHIV NARAYAN RETURNS TO INDIA.

##### Member of Class of 1909.

Shiv Narayan a Hindu who for the past two years has been studying electrical engineering at Union College, sailed from New York last week for the state of Cashmere in India.

Narayan was sent out in 1907 by the Hindu government to study modern engineering for the purpose of introducing new ideas into his native land. Recognizing Dr. Charles P. Steinmetz as the best authority on electricity, he was sent to Union College, where he began work in the fall of 1907, the government paying all of his expenses. He had already graduated from Forman College, one of the few Christian colleges in India, and was thus able to receive his diploma last June with the class of 1909. For several months past he has been employed in the test department of the General Electric Company.

##### High Caste Hindu.

Narayan is a Hindu of the highest caste and during his stay in America he has been very careful of his actions and has refused to eat many forms of food for fear of losing his caste on returning to India. It has often been the case that Hindus after living in a foreign country are compelled to fall from their caste on their return home, but he has done nothing that is not permitted a high caste Hindu.

He will be one of a very few of his country who have been instructed in the methods of modern engineering. He has acquired at Schenec-

## TRACK.

### Cross-Country With Hamilton.

The cross-country run with Hamilton last Saturday resulted in a decisive victory for Union. The fact that the whole team finished ahead of three Hamilton men showed our superiority. Every man on the team made an especially good showing, and the prospects for a very good team are excellent. The course of the run was as follows: From the track, up South College Lane, across Avon Road, up Nott Street some distance and then back over the same route, finishing with a half lap around the track, the entire distance being about four miles. The time made for the four miles was 21 minutes, 14 seconds.

Following is the score. Each man made as many points as the number of men that he came in ahead of.

| Men                     | Points |
|-------------------------|--------|
| Rogers, '13, U. ....    | 7      |
| Travis, '11, U. ....    | 6      |
| Knox, H. ....           | 5      |
| Coward, '12, U. ....    | 4      |
| La Barron, '13, U. .... | 3      |
| Renwick, H. ....        | 2      |
| Eggleston, H. ....      | 1      |
| Bates, H. ....          | 0      |

The total score for each team was: Union 20 points, Hamilton 8.

Next Saturday the team goes to Burlington to meet the Vermont team in a cross-country run. From the result of last Saturday's run a close score can be expected and everything points toward a victory for the Garnet team. Five men will make the trip and the fifth man will be chosen soon.

By the terms of the will of the late Dr. Levi I. Shoemaker, of Wilkes-Barre, Penn., which was filed for probate October 28, Yale University will get more than \$500,000, to be used in the medical department. This sum will revert to the university on the death of Mrs. Shoemaker, who is to
