GEORGE ALEXANDER, D. D., Chancellor *ad interim*

## UNION COLLEGE, SCHENECTADY, N. Y.

1. Course Leading to the Degree of A. B.
2. Course Leading to the Degree of B. S.
3. Course Leading to the Degree of Ph. B.
4. General Course Leading to the Degree of B. E.
5. Sanitary Course Leading to the Degree of B. E.
6. Electrical Course Leading to the Degree of B. E.

This differs from course 4 in substituting special work in Electricity and its applications, in place of some of the General Engineering Studies. This course is offered in co-operation with the Edison General Electric Company, under the immediate supervision of Prof. C. P. Steinmetz

7. Course Leading to the Degrees of Ph. B. and B. E.—A six-year course covering all the work of Course 4, and including much of Course 3, the literary studies being distributed through all except the last year. The qualifications for admission are those required in both courses, and at the conclusion the two degrees are given.

8. Graduate Course in Engineering Leading to the Degree of C. E.—A course of one year offered to graduates of courses 4, 5 or 6.

No. 7

## COLLEGE MEETING.

Before an enthusiastic gathering of the student body on Monday morning, November 23, Dr. Barnes commended the work that the Press Club has done for the College. Never before, he said, in his recollection, has such a systematic and combined effort been made to bring our college before the public eye. From east to west and north to south news of what Union is doing in the educational line and athletic field is being heralded. Dr. Barnes called for support to this newly revived organization. He asked that every man in the College give his best efforts for the College.

The benefit derived in helping the College, he continued, would be mutual.

Although the college is as yet smaller than Dr. Barnes would like to see it, however, present indications point to a larger freshman class this next year than ever before. Dr. Barnes considers about four hundred the ideal number, and as he expresses it, "We want a good College, but not so large but that one may know everyone else."

In view of the fact that many men are returning home for Thanksgiving, they all endeavor to spread the fame of New Union in their section of the country, for, he said, "Old Union can look after itself, we are interested in New Union."

President Lewis of the Senior Class spoke also of the work of the Press Club. He added, in closing, an invitation to all the men in College to join the Press Club and thereby insure its success. Due to the efforts of this organization reports of the recent Union-Wesleyan football game were corrected in three continental newspapers.

McCormick, '09, gave notice that a meeting of men interested in a hockey team at Union would meet directly after chapel.

Clark, '09, manager of the basket ball team reported ten games scheduled, but as yet not sanctioned by the faculty. He asked every man to come out for the team that could possibly play

basketball and make the team a success, thereby insuring profits through gate receipts.

A meeting of the musical clubs was held directly after chapel.

## THE CHRISTIAN ASSOCIATION.

The prayer meeting on Tuesday evening was an echo-meeting of the Student Volunteer Convention held at Syracuse on November 20-22. The meeting consisted of a report of the convention by the delegates from Union.

Maxon, '11, gave a brief history of the Student Volunteer Movement, which was organized in 1886. Since that time thirty-six hundred men have gone to the foreign field as Student Volunteers, and over three hundred last year. He then showed the difficulties which the volunteer has to encounter, and said that it took men of the highest type to carry on the work.

Chaffee, '10, then spoke on the relation of students to mission work. He showed the great awakening and changes that have taken place in China, India, Japan, Korea and all the heathen countries, and said that every student who wishes to get a world wide view of existing conditions should be interested in the study of missions, and that a good course in mission study would be presented at Union during the winter term.

Cavert, '10, took as his subject, "The Investment of a Life." He said that every student in choosing his life work should be free from selfishness and should be guided by a sense of duty. That there was no joy like the joy of service, and that the missionary experiences this joy more than any other class of men. In concluding he showed the great need in all heathen countries and made a plea for students to consider the cause of missions when choosing their life work.

The Dean's class in Bible study was held directly after the meeting. The Dean is certainly presenting a fine course and the class is being well attended.

At the next vesper services the Rev. LeRoy

Taylor of the Trinity Methodist Church will speak. Mr. Taylor was at one time a Union student and was here when Silliman Hall was built.

Wachter, '09, will lead the next Tuesday evening meeting. He will take as his subject, "Wanted—A Man."

#### INITIATION OF GAMMA ETA GAMMA AT LAW SCHOOL.

Saturday evening, November 17, the Gamma Chapter of the Legal Fraternity of Gamma Eta Gamma, of the Albany Law School, held its annual banquet and initiation at the New Kenmore Hotel, Albany. The fraternity is national in its scope and has chapters in all the New England colleges, supporting departments of law. The Gamma Chapter was established at the Law Department of Union in the year 1904. Lester W. Bloch, Ph. B., L. L. B., Beta Theta Pi, Union, '02, was the organizer of the chapter, and the other charter members were John Van Valkenburgh, Maurice B. Flinn, Charles J. Tobin, D. Veeder Clute, Charles E. Palmer, Jr., Timothy E. Roland, George A. Sleicher, Arthur E. LaMarche, Lewis M. Austin and Clinton N. Quimby and the Hon. William J. Grattan, of Cohoes, honorary member.

The initiation ceremonies were performed by the Degree Team of the Beta Chapter of the Fraternity, of the Boston University of Law, consisting of Messrs. Arthur W. Maclean, Thomas R. P. Gibb, Chester A. York and George Ellsworth, assisted by William Bowers, Chancellor of Delta Chapter of the Fraternity at University of Syracuse, and Lester W. Bloch, James J. Britt and James E. Carhart, alumni members of the Gamma Chapter.

The following is a list of the undergraduate members of Gamma Chapter: Alexander Bills, Chatham; Roy D. Boyd, Hoosick Falls; James S. Flannagan, Norwich; William V. Haviland, Sandy Hill; Raymond C. Martin, Albany; William M. Miller, Schenectady; Justin V. Purcell, Corning; George H. Zwick, Albany, of the class of '09, and Frederick M. Beckwith, Glens Falls; Norman W. Cole, New York; John J. Conway, Jr., Cohoes; James N. Dunleavy, Saratoga; Howard A. Glassbrook, Stony Creek; George C. Terry, Jr., Southold, and John C. Watson, Albany, of the class of '10.

The banquet hall of the Kenmore was beautifully decorated for the occasion with palms and flowers and the walls were emblazoned with the Fraternity's colors, Scarlet and Black, with pennants of Union, Boston, Maine, Syracuse and other universities having chapters.

The following toasts were responded to: "Our Fraternity," Arthur W. MacLean, Boston, Mass.; "Beta Chapter," Thomas R. P. Gibbs, Boston, Mass.; "Delta Chapter," William Bowers, Syracuse; "The Ladies," George Ellsworth, Boston, Mass.; "Laws of New England," Chester A. York, Chelsea, Mass.; "Gamma Chapter in 1904," L. W. Bloch, Albany; "The Future," George H. Zwick, Albany; "Our Spirit," Norman W. Cole, New York city; "Gamma Chapter," George C. Terry, Jr., Southold; "Toast to the Degree Team," William V. Haviland, Sandy Hill.

The Gamma Chapter is now in a more flourishing condition than ever before, and there are bright hopes of its soon being the possessor of a chapter house that will be the equal of the other fraternity's having chapters at Albany.

#### LETTER FROM DR. RAYMOND.

May I say that I am greatly pleased with the paper this year and with all the evidences of progress at the College. The students are certainly waking up and are doing the things that will make the College favorably known. I am especially interested in the work of the Press Club, as that is the kind of work that I tried to organize several years ago, but without any appreciable success. What pleases me most, however, is the fine spirit in the under-graduate body which leads them to co-operate heartily with the faculty and all the College officials. With this spirit dominant we may expect great things in the future.

Yours cordially,

ANDREW V. V. RAYMOND.

#### ALLISON-FOOTE DEBATE.

The subject of the Allison-Foote debate, scheduled for January 15, as submitted by the Philomathean Society to the Adelphics, is as follows:

Resolved, That the best interests of the U. S. require the discontinuance of the protective tariff (except for revenue only) within the next twenty years.

## SOPHOMORE—FRESHMEN MEET.

Freshmen are victorious, making 67 1-2 points to 32 1-2 for the Sophomores.

Saturday, November 21, the first regular general meet between the two under-classes was held on the campus. The weather was perfect for such events and there was a fair sized crowd present to witness the sports. The spirit, both on the part of the contestants and the spectators was especially pleasing to those who had the affair in charge, and it is hoped that this method of contest will become a regular one between the lower classes. If these sports are to be of real benefit to the college, the men must go through more thorough preparation for the different contests than they did for these. In such a case the 'varsity teams will be materially strengthened by the sports and the courage in general will be aided more thereby. Another year the meet will consist of more events to make it more interesting as well as more helpful.

The first event was the 100-yard dash, in which Case, 1912, took first place and McCormick, 1912, second. This gave the freshmen five points.

Next came the wrestling matches, six in all. Riley, '12, won from Travis, '11; Coward, '12, from Bray, '11; Biche, '12, from H. Huthsteiner, '11; Dewey, '11, from Peckham, '12, and Streever, '12, from Vines, '11. The match between G. Huthsteiner, '11, and McEwan, '12, was called a draw. This gave four first places to the freshmen.

Then came the half-mile relay. The 1911 team, consisting of Thorne, Hubbard, Dunn, Mackey, Baker and Travis. The 1912 team was Lawsing, Coward, Hand, Riley, Case and McCormick. The freshmen won this event by a good margin.

The tug-of-war which was held between the halves of the football game proved to be as interesting as any event on the list. Each team consisted of 25 men from each class, and three minutes were given to decide the contest. The freshmen gained the first advantage making about 5 feet to start with. But the sophomores proved too heavy and when time was called they had pulled the freshmen about 35 feet, thus winning the event.

The football game, which was won by the freshmen was one of the best under-class games seen on the campus in a long time. The teams were

well matched and neither side had a decided advantage at any time. The one touchdown was made by Riley, '12, on a blocked forward pass. Goal was kicked.

Following is the line-up:

Miller .....	Riley
	Right end.
W. Huthsteiner .....	Mann
	Right tackle.
Honke .....	Case
	Right guard.
Bentley .....	Dunn
	Center.
Bowman .....	Peckham
	Left guard.
Atkin .....	Griffin
	Left tackle.
Hawkins .....	West
	Left end.
F. Baker .....	Fairbairn
	Quarterback.
Micks .....	McDermott, Dudley
	Right halfback.
Clowe .....	O'Laughlin
	Left halfback.
Weaver .....	Smith, Clark
	Touchdown—Riley, '12.
	Time of halves—15 minutes.

## FRESHMEN BANQUET.

Last Wednesday evening the Freshmen entertained the upper classmen at their annual class banquet at the Rensselaer Inn at Troy. The banquet was started at 9 when about seventy-five sat down to enjoy an excellent feed. The sophomores were in evidence but only on the outside, they could not outwit their younger mates and the Troy cops combined.

Dudley, '12, acted as toastmaster and introduced several interesting speakers.

The class officers which are supposed to remain secret until the banquet, are G. R. Chapman, president; T. S. A. Fairbairn, vice-president; W. H. MacMillan, treasurer; J. E. H. Randerson, secretary.

The chairman of the banquet committee is Ralph deP. Clarke.

## TERMS.

Concordiensis.....\$2.00 Per Year  
Single Copies ..... 10 Cents  
Publication Office, Schenectady Evening Star.

The editors have  
*The "Parthenon"* decided to continue  
*Issues.* the plan started by  
last year's Board in

making the issue just previous to Christmas, one given up entirely to literary attempts and to cut out all news. The plan proved more than successful last year and we hope to outdo that issue this time, but we can do so only with the hearty co-operation of all the students and faculty. There will probably be a number of cuts and several pages added thus making the issue quite an attractive one. We would like to have all men who have any good, original articles to hand them in. It does not matter whether you are on the Board, your work may even be better than theirs and will add to the glory of your college. To carry out this scheme the manager will have to expend quite a sum so we wish every student would at least order one extra copy and as many more as he can. The orders should be in early as only a limited number will be published on account of the expense. In the past a great many fellows have considered that the paper could run without their support, either financial or otherwise. True, the news and other articles are some times based on air but the publishing has some very material features which come to light when the bills begin to come in. Everyone should help make his college paper a thing to be proud of and to do so must assist the Board in all ways. Remember to order several copies and do it now.

It seems that some of our  
*A Fault.* students are either blind, lazy,  
or indifferent to the appearance of our campus. There are signs at either end of the former path across the football field ordering people to keep off. For several mornings, on our way over to

chapel, we have seen a Junior deliberately stalk up this path although he had plenty of time to walk around. But he is not the only offender, time after time have fellows crossed the field keeping the path well worn down and spoiling what little chance for beauty on this spot that we have.

Now it is evident that there are some fellows that never think of the good of the College, but they are here just to get all they can out of the place without rendering anything in return that is of any advantage. They are here to get all they can out of the courses offered, their main ambition is to graduate with as high honors as possible. They never indulge in any of the College activities and are usually found glued to their books at times when every man should be up and doing for his Alma Mater. Such men have no Alma Mater, however much and loudly they may claim her after they have graduated. Their chance for holding their College dear passes with the day they receive their diplomas. A man who is completely lost in his studies is selfish, he is an egotist and wherever he may be in after life, he will always think of himself first. Athletics are not the main part of College activities, but all departments should be blended into an harmonious whole. If you are needed to cheer an athletic team, go out and cheer, attend the Y. M. C. A. meetings, the debating clubs, in short everything that is for the good of the College with the same spirit and always bear in mind that whatever belongs to the College belongs to you and should be used as carefully as you would your own property.

*Dramatic Club.* The recent talk of re-organizing the Dramatic Club at Union is to our mind an excellent thing if it only can

be carried to a successful organization. A few years ago this branch was attempted but an absolute failure was the result. The College has for several years needed a Dramatic Club and with the increased enthusiasm of this year the plan seems feasible. Yet we ought not to go into it blindly, but with the idea in mind that money is required to back the undertaking and too the money must come from the whole student body, not from the few interested ones. It will have to be as truly a College organization as the Musical Association and will need at the very least the financial support of every man. When the proposition is presented at College Meeting, it should be voted on with this idea in mind and those who intend to keep in the background in regard to financial support should not vote for it. But if you have the true spirit of helping Old Union you will give your support in every possible way.

#### AN ADDRESS TO ATHLETES.

An interesting address on "Athletics and Training" was given last night at the rooms of the Young Men's Christian Association by Stewart A. McComber, professor of physiology and director of physical training in Union College. Professor McCumber told how physical training promoted health, the great necessity for keeping the human machine in order. He said that the human body was a complex machine with more delicate and complicated mechanism than any yet devised by man. Use improves the machinery of the body. The human machine is the only one that repairs breaks in itself, and for the same amount of fuel it produces three times as much energy as any other machine. Prof. McComber told how important was physical training in making the body healthy and fitting it for a vigorous lifework. He said that athletics should be the means for an end and not the end itself. He gave some excellent directions for training for different athletic events and emphasized the importance of fair play in all sports.—Troy Times.

## COLLEGE BRIEFS.

Dr. McComber addressed the track team of the Troy Central Young Men's Christian Association on Tuesday evening, November 23.

Hawley '11 has returned to college after an absence due to appendicitis.

Prof. Ashmore was in New York Wednesday of this week.

Former Assistant Treasurer C. B. Pond spent Thanksgiving at his old home in Connecticut.

On Monday evening, November 23, Dr. Pollock delivered a lecture at the First Unitarian Church on the subject, "The Economic and Political Relations of the United States to the Rest of the World."

The musical clubs are planning a trip for Christmas vacation to take in some of the important places along the Central as far as Rochester and then to give concerts at Elmira and Binghamton.

The New York Alumni Association is to hold its annual reunion and banquet December 10 at the Hotel Manhattan in New York city. The officers of the association are: President, Frederick W. Seward '49; first vice-president, George F. Seward '60; second vice-president, Charles E. Sprague '60; Secretary Edgar S. Barney '84; treasurer, Clarence Johnson '90; assistant secretary, William Allen '95.

Dr. Putnam Cady will deliver the first of a series of five lectures on the "Romance of Archaeological Discoveries," in the chapel at 4:30 o'clock this afternoon. The special topic for this lecture which was postponed from November 20, because of the lecturer's illness, will be "Ancient Egyptian Art," illustrated by modern research. Dr. Cady's lectures are open to everyone and have in previous winters been popular because of the interesting and informal manner in which the subject is treated, and the many valuable illustrations by the stereopticon.

The Philomathean Debating Society has announced the following as the subject for the Allison-Foot debate: "Resolved, That the best interests of the United States require the discontinuance of the protective tariff." This year the debate is scheduled for Friday evening, January 15, somewhat earlier than in former years. This change was made in order that the teams for the inter-collegiate debates with Colgate and Hamil-

ton could be picked and have some time for preparation. Within a few days the Adelpic Society will announce which side of the question it wishes to defend.

## UNION'S NEXT CAPTAIN.

The football men consisting of the wearers of the U. and the A. U. A. met on the Tuesday before Thanksgiving and elected Louis A. Hequembourg captain of Union's football team for the season of 1909.

This, the highest of athletic honors, has come to Mr. Hequembourg as a result of two years of hard and consistent work for the Garnet team.

Captain Hequembourg gained his first football experience while a student at the Schenectady High School. As halfback he was Schenectady's star man for several seasons.

In the early fall practice of the season of 1907 Captain Hequembourg was one of the first to work out for the 'varsity team. He made the position of halfback, where he played throughout the season. Owing to illness Hequembourg was unable to play in the early part of the season just closed, but he succeeded in getting into shape for the Hamilton game and appeared in this old form, doing much in helping secure that glorious victory.

Captain Hequembourg's popularity with the members who will compose the old material for next year's team, his thorough understanding of the game and his undaunted perseverance gives promise that he will lead out a team next fall which will do honor to Old Union.

THE GLEASON BOOK CO.

A BIT OF HISTORY.

When Union College was founded in 1795 there existed but one other college in New York State, Columbia, and but eleven others in the whole country. It was the first college in the United States established without regard for any particular religious sect and from this fact derived its name.

The faculty at first consisted of but two men besides the president and at the first commencement, which was held in 1797, degrees were conferred upon but three young men.

At this time the college was situated on the spot where the Union school now stands, at the corner of College and Union Streets. It consisted of a three-story stone building which contained the residence of the president, the chapel and recitation rooms, besides several dormitories.

In 1804 Dr. Nott became president of the college, which event marked an epoch in its history. He at once realized that the site in the city was not large enough so he immediately began to look around for one more suited to the needs of a growing college. He selected the grounds upon which the college now stands and immediately set out to buy and improve them. It was at this time that the terrace was built in order to provide a level site for the buildings and campus proper.

From the time of the erection of the buildings on the hill the number of students in the college steadily increased until in 1820 it reached three hundred. In 1825 Union passed both Yale and Harvard and with the exception of a few intervening years held for a quarter of a century the honor of being the largest college in the United States.

The fame of Dr. Nott as an educator, spread far and wide as also did the high reputation of Union as a college, with the result that students came from all over the country. Large numbers of students from the lower classes of other institutions came here to obtain the benefit of Dr. Nott's senior lectures and to receive their diploma from his hand.

The college enjoyed the highest degree of prosperity during his administration until the time of the Civil War. For nearly twenty-five years previous to this the South had been sending more students to Union than to any other college, but

as the controversy over slavery became more bitter she gradually withdrew her young men from Northern institutions and when the war broke out the Southern students that remained left in a body to take up arms. Besides these over three hundred Union men became Union soldiers in that great struggle.

Since then the college has been gradually recovering from the shock which the Civil War gave it. What the future has in store for it remains to be seen.

In the past it has stood out pre-eminently among colleges. Its name has been heard upon the lips of every college-bred person and it has always stood for the very best. It is not its mission to ever become a great university, it is a small college and will always remain so.

Its past should be the pride and its future the responsibility of every man who has studied beneath its old gray walls.

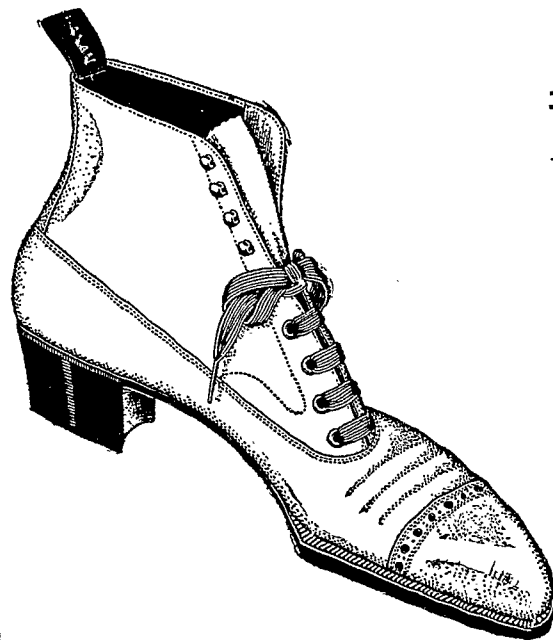

C. L. M.

HEARD IN PHILOSOPHY.

Prof. Hoffman—Plato was not able to settle this point.

Elmer K.—Well, neither can I.

—the newest and best Drug Store

TO SENIORS--- TO JUNIORS---  
 TO SOPHOMORES--- TO FRESHMEN---

THE QUINN STORE SAYS TO YOU ALL---

"It would be a fine thing for us if every man on the hill knew what we're doing here in supplying Delicious Candy—Superbly Delicious Hot Soda and good things in all other lines relating to a drug store. And too, it would be just as much to your advantage as ours—because of the way we sell them."

**WM. H. QUINN**

 11 a. m.

Argumentation

2 p. m.

Advanced Argumentation  
 Qualitative Analysis  
 Greek (A) (Fresh.)  
 Greek (B) Fresh.)

#### LAW SCHOOL NOTES.

Our genial secretary has, after considerable time and diligent effort, published an "Alumni Catalogue" which contains the names, classes, college and residence addresses of all the graduates of the school from its establishment to and including the class of 1908. It is very nicely arranged and is a handy and useful book.

Beginning to-day the Senior Class commences to take the first semester examinations in the subjects finished thus far this year.

# 1-4 SIZES

UNLESS you wear Regal Shoes, the chances are that you've often bought ill-fitting, uncomfortable shoes, rather than take the time and trouble to go from store to store, hunting an accurate fit.

That's all unnecessary.

Regal Quarter-Sizes give you *double* the assurance of a perfect fitting--- because they provide a special *quarter-size in between* each regular half and whole size.

*No other shoes give you this advantage.*

The 243 Regal styles for this season are exact reproductions of the made-to-order metropolitan models.

The name REGAL is itself a guarantee of style-correctness and highest quality.

And Regal Shoes are sold directly from the factory to *you*, with all intermediate profits eliminated. Nowhere else in the world can you obtain equal shoe value at anywhere near Regal prices.

## \$3.50

\$4.00

## Barney & Berry Skates

Skating under the open sky or in a properly ventilated hall is one of the best of exercises and it carries with it much of pleasure.

Reliable Skates are necessary to the full enjoyment and we solicit the consideration of "Concordiensis" readers, knowing that we have the most reliable and satisfactory line of Skates in the world.

Not always the cheapest priced but by far the cheapest to buy.

BARNEY & BERRY

203 BROAD ST. SPRINGFIELD, MASS.

## You who Study at Night

should protect your eyes.

There's nothing like

### ELECTRICITY

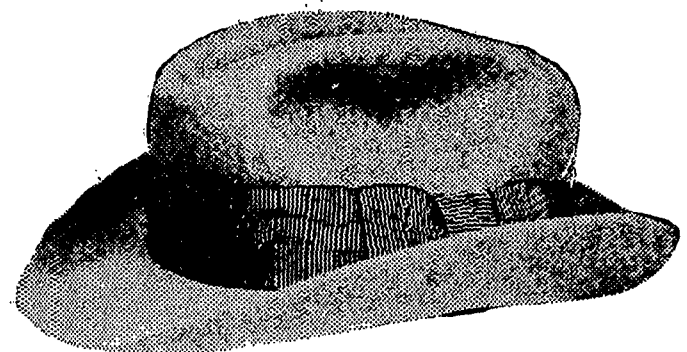

to be read by.

Then after study, it is so easy to prepare an "Electric Feed" with the water heater, chafing dish and toaster.

Schenectady Illuminating Co.

## *The Prince of Wales Hat*

**A** NEW English Felt Hat. Absolutely indestructable. Made in twelve different mixtures, including all the new brown and olive colorings. Handsome iridescent band, made at considerable expense, exclusively for this hat. No hat ever made more attractive to look at or more comfortable to wear. Can be shaped in many different ways.

THE PRINCE OF WALES  
*Made in England, worn in many different shapes*

The Prince of Wales sells for \$3.00.

The Henley, made in the same colorings in a knockabout hat, for \$2.00.

336 State Street

*Joe Nusbaum*

The Men's Shop

*The Brown Store*

**"Stearns-Foster" \$10 Cotton Felt Mattresses**

They measure *almost up to the \$15 standard!* If you wish something that is sanitary, comfortable, altogether good and quite unusual in its quality and make-up, you will not be disappointed in these mattresses.

# Winter Tans

— Are the Proper Thing —

We make a specialty of Nobby Shoes for Young Men, and as fashion calls for Tans this season, we are showing a large variety in all the new shades, with all the new effects, such as the New Punch and Wing Tips and Ball strap vamps; some with one strap and buckle at top, others with the new flange and oblong eyelets. Everything that's new in Tans are here. Tans are not only more up-to-date but are built to stand the wet weather better than blackleathers.

# BLACK OVERCOATS

## \$10-\$15-\$18-\$20

So Jet Black that you can  
fairly feel their Blackness  
and that hold their jetness

Wool  
Underwear  
\$1.00-\$1.50

in white and  
grey and blue  
and red and tan.

There's not a  
wool underwear  
idea that you  
may have that  
we will fail to  
show you--if it's  
a good idea.

We know that the biggest  
part of mankind are going  
to want Black Overcoats  
this winter.

We've sold the same make  
Black Overcoats in our  
different stores for a good  
many years--we know they  
are good coats--we want  
you to know it.
