UNION UNIVERSITY

CHARLES ALEXANDER RICHMOND, D. D., LL. D., Chancellor

UNION COLLEGE

The college offers the following undergraduate and graduate courses:

1. Courses leading to the degree of A. B.

CLASSICAL COURSE A.—Greek is required for admission to this course. French and German are included in addition to the ancient languages.

CLASSICAL COURSE B.—Students may, at the close of the Sophomore year, elect to become candidates for the degree of A. B. They will then be required to study Greek for two years. Proficiency in Latin is prerequisite.

2. Course leading to the degree of Ph. B.

LATIN-SCIENTIFIC COURSE—This course offers Latin without Greek, for which is substituted additional work in modern languages and science.

3. Course leading to the degree of B. S.

SCIENTIFIC COURSE—This course is based upon the study of mathematics and the sciences.

4. Course leading to the degree of B. E.

GENERAL ENGINEERING COURSE—This course offers the foundation of a broad engineering education, comprising mathematics, the sciences, the fundamental principles of the special branches of the profession, and some training in history, economics and modern languages.

SANITARY ENGINEERING COURSE—This differs from the general engineering course in substituting special work in sanitary engineering for some of the general engineering studies.

ELECTRICAL ENGINEERING COURSE—This course is intended to give a broad and thorough engineering education, with the special instruction requisite for electrical engineering.

5. Courses leading to graduate degrees.

COURSE LEADING TO DEGREE OF M. C. E.—This course of one year of graduate study consists of lectures, laboratory practice and research work.

COURSE LEADING TO DEGREE OF M. S. E. E.—This course of one year of graduate study consists of lectures, laboratory practice and research work.

COURSE LEADING TO DEGREE OF PH. D.—This course of two years of graduate study requires for admission the degree of M. E. E. or an equivalent.

For catalogues or other information address

F. C. BARNES, Secretary,
Schenectady, N. Y.

DEPARTMENT OF MEDICINE

ALBANY MEDICAL COLLEGE—Instruction by lectures, recitations, clinics, laboratory work, practical demonstrations and operations.

Hospital and laboratory advantages excellent.

Catalogues and circulars containing full information sent on application to:

WILLIS G. TUCKER, M. D., Registrar,
Albany, N. Y.

DEPARTMENT OF LAW

AMASA J. PARKER,

President.

J. NEWTON FIERO,

Dean.

ALBANY LAW SCHOOL—This department of the university is located at Albany, near the state capitol. It occupies a building wholly devoted to its use. The course leading to the degree of LL. B. is three years; each year is divided into two semesters.

Expenses: Matriculation fee, \$10; tuition fee, \$110. For catalogue or other information, address:

JOHN C. WATSON, Registrar,
Albany, N. Y.

DEPARTMENT OF PHARMACY

ALBANY COLLEGE OF PHARMACY—Graded course of instruction comprising two terms of seven months each. Fees, \$90.00 per term.

For catalogue giving full information, address.

ALFRED B. HUESTED, Secretary

The Favorite of Your Favorite

TEN chances to one, your favorite ball-player smokes Tuxedo. We have scores of testimonials from the *crack men* of the *crack nines* all over the country, saying that they enjoy Tuxedo and recommending it to you.

Also—look around you the next time you pick out that soft seat in the bleachers or grandstand and see *how many* of your *neighbors* are packing their pipes with Tuxedo or rolling it into cigarettes.

Size up the men who are smoking and endorsing Tuxedo. They're *real men*, full of life and the joy of life.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

Tuxedo is in a class by itself. It has many imitators—but *in the pipe* it has no equal. It is made of the best selected Burley Tobacco, the finest that Kentucky grows, ripened, cured and aged until it has reached the tiptop of mildness, mellowness and sweetness. Then it is treated by the original "Tuxedo Process" which takes out all the sting so it *cannot possibly bite*.

YOU CAN BUY TUXEDO EVERYWHERE

NO. 24

UNION, 3; HAMILTON, 2 Buff and Blue Defeated in Close Contest With Garnet Nine

From the beginning of the game it was evident to all the spectators that the teams were excellently matched and that a close score was to be expected. Until the fourth inning not a hit was tallied on either side and team work was perfect.

Royce pitched a fine game, but found the Union boys better versed in the art of hitting than were the Rochester men a week before, when he sent twenty-one to the bench on strikes. The Unionites succeeded in getting six hits and held Royce to seven strike-outs. He loosened up toward the end of the game after the rain had succeeded in mixing things up in general.

Hummer was steady throughout the game, excepting possibly parts of the fourth and fifth innings, when he allowed three hits out of the four charged against him. Hamilton made the almost fatal two in the following manner.

In the fourth inning, Higgins, the first man up for Hamilton, doubled to deep center. It was the first hit of the game. He scored a moment later on Griffith's single to right field. For a minute it looked like a batting feast, but Gow, the next man up, popped a foul to D. Beaver, and the other two men died easy.

Ogden, the first batter in the fifth, lifted

a long fly over the left fielder's head for a home run, but Hummer found himself and there was no more scoring on the Hamilton side.

The sixth and the first half of the seventh went off like a song. Then came the thunder storm, accompanied by a rain, which drove players and spectators to the shelter of various buildings on the campus. Hamilton smiled; Union frowned. Hamilton said "some luck"; Union called it "hard luck." The shower lasted only long enough to refresh the Garnet players, however, and not quite long enough to bring the Hamilton aggregation entirely back to life. The gracious sun shone out once more to lend its gracious assistance to the subordinate managers, who so diligently swept the water out of the baselines. The idea of this was, of course, to increase the friction between the base runner and the ground, thus preventing the ill-effects which nearly, but not quite, followed "Jake" Beaver's slide to third as he was stealing said base in the ninth.

Union made the three necessary scores in this manner: After Rosekrans struck out in the seventh, Friday singled, made second and third on a passed ball and came home on a wild throw by the catcher. J. Beaver then tripled to left field and scored on Zimmer's Texas leaguer. Hummer popped a short fly to Royce, and D. Beaver

lifted a foul to Miller.

After Royce had struck out two men in the ninth, an extra inning game seemed inevitable, but J. Beaver was hit by a pitched ball, stole second and third and came home with the winning run on a passed ball as Royce struck out Zimmer.

Among the features of the game Ogden's home-run, Griffith's catch of Naumann's line drive and "Jake" Beaver's clever base-running in the ninth stand out prominently.

The score:

Union.

Errors—McClouth, Roth. Two-base hits—Higgins, Friday. Three-base hit—J. Beaver. Home run—Ogden. Hits—Off Hummer, 4; off Royce, 6. Sacrifice hit—Royce. Stolen bases—Griffith, D. Beaver, J. Beaver, 2.

Bases on balls—Off Hummer, 1. Struck out—By Royce, 7; by Hummer, 2. Hit by pitched ball—J. Beaver. Passed balls—Miller, 2. Time—2:20. Umpire—Glenn. Attendance—500.

The Harvard library has acquired in the last year 7,000 pamphlets on English history between 1600 and 1800, and the collection now rivals that of the British museum, which is the best in the world.

THE VISIONARY

With dressing gown and slippers feet,
The Senior, in his easy chair,
Care thrown aside, while visions sweet
Float through the smoke wreaths in the
air.
Fixes his gaze, but not, I ween,
Upon the book which open lies;
Now on his lips a smile is seen,
Anon 'tis chased away by sighs.
Oh, Senior grave, will to me tell
What fancies now thy mind enthrall?
Dost hear thy tones like tocsin bell,
Ringing clear through court or hall?
Dost dream of times in the future bright
When Fame shall own thee as a son?
Leapest thou brave heroes to the fight,
When battles fought are battles won.
No? Not of these thou dreamest? forsooth,
I'll guess again: A maiden fair—
A smile I see, I'm near the truth—
With rosy cheek and waving hair,
Beside a hearth-stone, all thine own;
While "Peace, white winged," smilest
down.
This is thy fancy, this alone;
Then may success thy fond hopes crown.
Roy, '85.

Andrew Carnegie has given \$750,000 to Wellesley College toward the building of a new dormitory in place of the building recently destroyed by fire.

JUNIOR ELECTRICS BEATEN BY CHEMISTS

In the early hours of Thursday morning, like a thunderbolt from the heavens, the organic chemistry class loaded with ionization constants and deadly dope, defeated the electrical engineers. The score reads 9 to 2, but the great mass and multitude realize that the game was a keen contest from start to finish.

For five innings the game was nick and tuck, and only slightly in favor of the precipitators. Then the engineers' phenom, "Teedy" Woods, retired in favor of "Hoke," and the band played a funeral march.

Dr. Ellery's odorizers started the ball a rolling in the first inning by putting one run across the pan. Voltage regulation was constant then until the alternator of the electricals sped up a notch and the IRs dropped two runs across the pan in the third inning. The next inning and so on for the rest of the game those H₂S manufacturers continued pouring oil on the commutator until the electrical machinery became one confused mass of short circuits and flashes.

The stars of the game were the Hon. Dr. Salathe, Captain Vosburgh, (*a plus j b*) Stoetzel and "Mugs" Morgan.

The score in detail:

COSMOPOLITAN CLUB ENJOYS EVENING WITH MR. TAYLOR

The Cosmopolitan Club met at Prof. Taylor's house Monday evening, May 4. Mr. Taylor gave a very interesting talk on the Champlain Canal and illustrated it by lantern slides. After this, the club enjoyed music and songs by Mrs. Richard Hutchins and Mr. Taylor. Refreshments followed, among which was a novel feature in the form of a cake of which each member received a piece surmounted by his native flag. Inasmuch as Mr. Bueno was unable to be present, Mr. Taylor sent him a bouquet of flowers, for which the Club desires to express its thanks. The Club is grateful to Mr. Taylor for a very enjoyable time, which was considered the best meeting of the year.

Election of officers for next year will take place on May 18th.

Clat suggests that hereafter the baseball team be sprinkled before taking the field. It will save trouble during the seventh inning.

Young lady from boarding school visiting in the country, as the honey is passed to her:

"Ah, I see you keep a bee."

Baseball, track and tennis all in one week! Pretty good, eh?

Dear Clat—Was Rome founded by Romeo? Frosh.

Dear Frosh—No, it was Juliet who was found dead by Romeo. Clat.

One consolation about war is that we are relieved for a time of the rag songs, and the "Good-bye, Dolly, I Must Leave You" kind step in and fill the gap.

DELIGHTFUL PLACES

Hope, Alaska.
Fairplay, California.
Enterprise, Alabama.
Deposit, New York.
Safety, Alaska.
Eden, New York.
Liberty, Arizona.

Freshmen, sophomores and juniors will all move up Saturday. What the seniors will do depends on the seniors. Oh! you cold, cold world.

Dear Clat—You asked last week if "Bence" Page will lead the Prohibition Club next year. We haven't asked "Bence" as yet, but the other party concerned says, "He ain't." Information.

Somers, '13; Hackney, ex-'15, and Helm, '08, were guests at the Delta Phi House last week.

You've heard about golf on the campus. Well, the latest craze is aviation. "Art" Hawley, '14, gave his first public performance of aeronautic tactics at Proctor's last Friday evening. It's rumored that there is a low rate for passengers!

Who said "pajama parade"? That's a good hunch!

CONCORDIENSIS DOWNS GARNET ON DIAMOND

Last Monday afternoon at four-thirty o'clock the Concordiensis nine lined up for battle, their opponents being the men of the 1915 Garnet board. The old athletic field was chosen as the battle ground and the captains agreed on a five-inning contest. The Garnet was outclassed in every feature of the game except that of making errors at which they excelled. The aptitude of the Concordys along this line, however, entitles them to honorable mention as close seconds. The line up was as follows: Garnet: Keating, p; Hunter, c; Faust, 1b; Mandeville, 2b; Brewster, 3b; Hawn, s.s; Hughes, r.f; Churchlil, c.f; Bain, l.f. Concordiensis: Agan, p; Finch, c; Atwood, 1b; Porter, 2b; Glenn, s.s; Schaffer, 3b; Delchamps, r.f; Knight, c.f; Taylor, l.f.

Evans, of electrical fame, umpired. The stars of the game were "Tilly" Hughes for the Garnet and "Romeo" Knight for the Concordiensis. The final score was 13 to 5 in favor of the "Concordy."

PRESS CLUB

Moving-Up Day will be a big day for the Club. News will be sent to the papers of all towns which are represented in the meet, besides the others papers which the Club ordinarily takes care of. Plans are already under discussion for next year. It is going to be the best year of the Club. Dr. Hill and the executive committee are at work on a more efficient system, where some restrictions can be had in membership, with the idea to secure better results and at the same time to make membership worth while.

GLEE CLUB ELECTS LEADER

At a meeting of the Glee Club, on May sixth, Gerrit V. Wood, of the class of 1915, was elected leader for the coming year. Mr. Wood has a very pleasing bass voice and has had experience with the club in solo work. Under his leadership the club should enjoy a very prosperous year.

Now you're looking at this space
Strictly speaking, in the face.
Would you really like to know
That "PUSHER'S GUSHER" is a show?
Holy Gee! My pencil slid!
That's a fact I should have hid!
Honest, I'm too scared to say
Any more of it today.
But what I *have* said's only half,
"PUSHER'S GUSHER" means a *laugh*,
Means a slogan, means a password
Means a host of pleasant things;
Means an evening's long-remembered
Entertainment fit for kings.
Gee! My pencil is unruly
I must stop its footless race
(That's a bum joke, we'll do better,
Next week, if you'll watch this space.)

HERE'S FOR A REVERBERATING CHUCKLE

Did you hold that breath we advised last week? Well you can let it out now in a long whistle of satisfaction. *On the level*, that play is a four-time winner. When they start springing their brand-new gags everybody tumbles backward. *Honest*, if you have a weak heart I wouldn't risk it, but, at that, you can't have more than just so much pleasure in life anyway, so you might as well get it concentrated.

If you are at all interested in the Mexican embroglio, you will be so glad of an opportunity to witness the high order of military tick-tacks displayed by the highly intelligent army in the piece. The said army would put the combined "Hurthers" to flight with a loo or two.

You are sure you have the date now? I don't suppose we need tell you that the date is May 29, at the Majestic. We fear that in your eagerness to fix the date you might have written a memorandum on your cuff and as the week passed consigned same to the laundry and obliteration.

Stick around, we are going to let you a little further in next week.

Dancing used to be called the "smile of the limbs," but recently it seems to have developed into a huge guffaw.

FRESHMAN BASEBALL

The freshman baseball nine is working out every day with the 'varsity. Most of the men have been with the 'varsity since the baseball season began, and have thus received the best kind of practice. There is no doubt but that the frosh will make a classy showing when the games Manager Miller is arranging are played. One of the best games will be with the strong Pawling Academy team on Decoration Day. The freshmen have enough out for nearly two teams, and if they don't have a good season it won't be on account of lack of spirit.

BE ON DECK

Moving-up Day is a time when each and every man should be ready to lend a hand toward making all events which take place very successful, for unless we have an interesting Moving-up Day we cannot hope that it will have the desired effect as regards attracting to our college a number of the high school men who visit us on that day. It is necessary for each of us to show a lively interest in all things at hand, not only because by so doing we may help in making those things to which we lend our assistance more successful, but because unity and co-operation shown by the student body are assets which will be even more effective in

attracting new men than is the beautiful campus which we have. A man who is sufficiently far-sighted will, to a certain degree, look casually over the superficial side of a community—its buildings and its natural surroundings—but he will make a careful observation into those things which really make a community, and especially a college community, worth living in. He will say to himself, "Are these men hospitable, are they interested in the welfare of the community and of one another, are they generous, are they democratic, do they co-operate with one another in all things which tend toward the upbuilding of their college?" He will take observations throughout the day and will answer these questions for himself from the mental notes which he has taken from seeing the students and the faculty working in conjunction on a holiday which is a workday. If he is not shown the attention which a visitor should receive how can he pronounce us hospitable? If he does not see us all working together toward the success of our plans for the day, how can he decide that we are interested in the welfare of the community? If he does not notice that we work together harmoniously and without friction, how can he believe that we are generous toward one another or that we have the welfare of Union at heart?

We have here a small college, and one of the greatest advantages of such a college is that all of the students are able to become personally acquainted with one another and with each member of the faculty. Let us show the sub-freshmen that we who have been here for one or more years have not failed to gather fruit from

these intimate relations. Let us show them that we believe in every Union man; that we are interested in every Union man, and that we stand ready with our assistance, to be offered in case any project involving Union men as such should be put before us.

Saturday is the great day. Let us see everyone on hand, let us see all who are on hand hustling; let us see all who are hustling accomplishing an end. Let us "be there with a wallop" throughout the day, and as far into the night as we deem necessary.

THE DEBATING SEASON

Outside of the intercollegiate contests, two public debates have been held this year. Everyone seemed satisfied with the result of the clash between the Philomathean and Adelpic societies; it was seen at the time that there was material in college for a dangerous 'varsity team. The results of the initial sophomore-freshman meeting were the same; we feel that it was a wise move to start under-classmen in the game as early as possible, for it is evident that they must soon assume the responsibility in the larger sphere of intercollegiate work. If it were always possible to secure judges as fair and unbiased as the men who served for the Allison-Foote debate, if it were always possible to get men like Professors Bennett, March and Chase, who served on the under-class debate, this activity would be far more attractive than it is at present.

The results of the intercollegiate season were one victory, one defeat, and a lost decision. The Adelpic Society of Union defeated the championship society of Columbia University, Cornell defeated Union, and

New York University got the decision over Union. The first two debates were satisfactory to both sides, but the last was anything but satisfactory. A very fine agreement was drawn up between the two institutions, but New York failed to do its part. Consequently the board of judges was not as representative as it might have been. It was indeed fortunate that Professor McKean was in New York with the team, for he heard the debate and knows what happened. The N. Y. U. coach also heard it, and considered Union the victor. As in the two former debates, the captain of the Union team was pronounced the individual star of the contest.

It was natural that the result of this last debate of the year should be discouraging to the team; but, to tell the truth, that was not the only discouraging feature of the season. In the first place, there was not enough competition for positions. In the second place, that quarter tax did not come in fast enough. From fifteen to twenty-five dollars a year for athletics, given cheerfully! Hearts broken at the thought of twenty-five cents for debating! The team wishes to thank the sophomore treasurer for his prompt remittance. Sincere thanks is also due to Professor McKean for his unselfish interest in the team. It could not get along without him.

A YARN

It was after lunch at the fraternity house and, as was the custom, the boys were all gathered together on the lawn discussing the ladies and spinning yarns, when Carl, who had been quiet for quite some time broke into the conversation by saying:

"You're speaking of the water in the tank

being cold reminds me of an event that has a distinct mark on my life."

And with cries of "Well, let's have it?" "What is it?" etc., he spun this yarn:

"Well, you see, it happened this way. You fellows all remember I stayed out of college last year and worked in a lumber camp down in the Maine woods.

"Now, as you all know, the winters there are severe and the thermometer sometimes drops to 30 or 40 degrees below zero. Well, several of us fellows had a notion of taking a dip in the river each morning even though it was cold. On the morning in particular of which I speak about, the weather was so cold that we could scarcely cut a hole big enough to get down in before it would be all frozen over solid again. So we decided to swim under the ice and not be cheated out of our bath.

"Accordingly, when one of us would duck under and swim beneath the ice the other would run along on top and chop a hole for the fellow in the water to come up through when he signified that he wanted to come up.

"When it came my turn to duck under I swam so far and so deep that the fellows lost track of me, and when I came up my head hit something hard. Right away I figured my days were numbered.

"Upon investigation I found that I had swam under a raft of logs floating down the river to the mill. So I pulled up close to them and, seeing a knot-hole, pulled a soda-water straw from my pocket and, running it up through, breathed through it, waiting patiently for the raft of logs to float by.

"I knew that this sometimes took two or three days, but this didn't bother me at all, as I had taken the precaution to slip a fishline in my pocket and I amused myself, and incidently kept myself in food, by catching and roasting the fish in a hollow of the log.

"For three days and three nights I stayed there, and then the last of the raft passed over my head and I bobbed up into the morning air at precisely 8:31 A. M. Why I know the time so accurately is because I kept my watch wound up and—"

But here he was interrupted and his penalty is best understood by the words of the prophet on his way to afternoon "lab" when he said:

"Carl is the sweetest little liar on the map and we must cool his ardor with a pail of water at 2 A. M. tomorrow morning." Yes?

PREP-SCHOOL TRACK TEAMS MEET HERE SATURDAY

On Saturday, which is Moving-Up Day and also Sub-Freshman Day for old Union, there will be the usual intr-scholastic track meets representing nine different schools from cities in the near vicinity of Schenectady. Although only three of the schools who participated last year have entered again this year there are six others who have entered men for several events and the meet promises to be one of interest. The try-outs will start at eleven o'clock Saturday morning and the finals will be run off at two o'clock in the afternoon. The officials for the day will all

be track men from Union's squad and Dr. McComber and Manafer Case will also act as officials.

Manager Case has received applications from the following high schools and academies: Schenectady High School, Ogdensburg Free Academy, Greenwich High School, Hudson High School, Sharon Springs High School, Port Henry High School, Hoosic Falls High School, Kingston Academy and Glens Falls High School.

The number of entrees from each school for the events are as follows:

100-yd. dash—Ogdensburg, 5; Port Henry, 4; Hoosic Falls, 1; Glens Falls, 1; Sharon Springs, 1; Hudson Falls, 1; Schenectady High, 5. Twelve-pound hammer—Ogdensburg, 3; Port Henry, 1; Glens Falls, 1; Schenectady High, 2. 120-yd. low hurdles—Ogdensburg, 2; Schenectady High, 4. 220-yd. dash—Ogdensburg, 4; Port Henry, 4; Hoosic Falls, 2; Glens Falls, 2; Sharon Springs, 1; Schenectady High, 3. One-half mile run—Ogdensburg, 4; Sharon Springs, 1; Port Henry 12; Glens Falls, 1; Hudson Falls, 1; Greenwich, 1; Schenectady High, 3. Running High Jump—Ogdensburg, 2; Greenwich, 2; Glens Falls, 2; Hudson Falls, 1; Hoosic Falls, 1; Schenectady High, 2. 440-yd. dash—Ogdensburg, 3; Greenwich, 2; Sharon Springs, 2; Port Henry, 2; Hoosic Falls, 2; Kingston, 2; Glens Falls, 2; Schenectady High, 4. One mile run—Ogdensburg, 3; Sharon Springs, 3; Hudson Falls, 1; Kingston, 1; Schenectady High, 4. Running broad jump—Ogdensburg, 1; Kingston, 2; Glens Falls, 2; Greenwich, 1; Schenectady High, 3. One-half mile relay—Schenectady High, Port Henry, Ogdensburg, Kingston and Glens Falls.

Unlike previous years, Union has the best of accommodations to offer her visitors. There is a new cinder track which is of great advantage over former years, and the new gymnasium with its locker rooms, pool and shower baths is certainly a great improvement.

FUNNY THINGS

As They Occurred to the Concordiensis a Number of Years Ago.

Sophomore(putting up freshman)—
"Give three cheers for '87."

Frosh—"Three cheers for '87. Rah! Rah! Rah!"

Soph—"Say '88 is no good."

Frosh—"88 is no good, but Lord help '89."

Kiss the girls when the light is low,
Stack the cards so your hand you'll know,
Make the Frosh on the Idol go,
But don't get caught.

Oh! Leo! Leo! Leo! Leo!

The sweetest ever seen!

'T were butter we had never met,

Oh! Leo Margerine!

"The new elevator recently put in at Vassar College is not much used, as the girls prefer to slide down the banisters."

"South College has a new pump. What's the matter of North College having one, too?"

"I guess you don't know anything about that mystery connected with the Lab, do you?" said Spriggins to his chum.

"No, I don't," said his chum, who had flunked that morning because he didn't know the difference between sodium chloride and salt. "What is the mystery?"

"Chem-mystery," said Spriggins, as he crawled under the bed to escape getting hit.

THE WAY IT IS DONE

"Ed, you play on second. Ever play ball before? No? All right, you'll do." In this and similar ways are all those stars picked out for the fraternity and some of the class baseball games on the "hill." Christy Matthewsons and Ty Cobbs couldn't entertain us half as much as these, and that's

why you always see such a crowd watching these ball (?) games. Even when the junior engineers played the chemists at six o'clock Monday morning there were a few early birds on the bleachers. The game that the junior engineers took away from the senior engineers Monday, the fourth, cannot be described, owing to the presence of the editor-in-chief on one of the teams. Thursday was a good day for baseball, so the Delta Phis beat the Sigma Phis about nine to one. This baseball enthusiasm is a good thing, nevertheless, because it keeps the students' minds off the evil labs and classrooms.

SIGMA XI ELECTIONS

At the meeting of the Theta Chapter of Sigma Xi, held in the electrical laboratory on the evening of May 5, the election of members occurred. The following men were elected to membership: Luther A. Hagar, '14; John A. Hall, '14; Bert M. Hubbard, '14; George W. Lutz, '14; William A. Mudge, '14; Warren C. Vosburgh, '14; Morgan L. Williams, '14; Walter C. Smith, '14; Walter D. Tiedeman, '13, and Nicholas S. Diamant.

Y. M. C. A. NOTES

Rev. L. H. Downing of the African Inland Mission addressed the Vespers last Sunday evening. The meeting was held in the chapel, and lantern slides were used. Different phases of the work were brought out, as well as the great accomplishments. Mr. Downing is in this country on a furlough, and the association was very fortunate in obtaining such a speaker, direct from the field.

TENNIS TEAM WINS FROM AGGIES

The tennis team added another victory to their record by defeating Massachusetts Agriculture College last Thursday 6-0. The team showed excellent form and overwhelmingly defeated M. A. C. in both the

singles and doubles. The scores of the matches are as follows:

Singles

Union	M. A. C.	Score
Wadsworth....Archibald		3-6, 7-5, 6-4
Howell.....Draper		6-2, 8-6
Girling.....Hall		6-1, 6-1
Soler.....Whitney		7-5, 6-2

Doubles

Union—Wadsworth-Howell	
M. A. C.—Archibald-Draper	6-3, 6-4
Union—Soler-Girling	
M. A. C.—Hall-Whitney	8-6, 6-2

The team has procured Mr. Robert James of Saratoga as coach, under whose direction they will train for the four remaining matches of the season. Matches have been arranged to be played on the campus as follows: Vermont, May 16th, Inter-scholastic Day; Williams, May 23rd; Rutgers, May 30th; R. P. I., June 6th (pending).

TRACK TEAM HANDS OUT DEFEAT TO R. P. I.

Union's track team beat up Rensselaer pretty conclusively over in Troy Saturday, and thereby smoothed over accounts with the polytechs for the time being at least. Final reckoning placed us in front by 65½ points to 51½, 14½ of which, let it be noted, were carried off by Jimmy himself, making him high-score man of the meet.

The meet was a sort of see-saw affair, R. P. I. running all around us in a good share of the track numbers while we were cleaning up everything in the field events. "Phil" Malen's first in the 120 high hurdles, Captain Baker's win in the 220 lows and "Tommy" Dent's speedy victory in the 440 were the means of finally swinging the teeter down on our side. We can excuse our poor showing on the track with the lack of a good place to work out on. The new track on Alexander field is coming around fast now and, according to Jimmy, we will be well built up on the runs before the next meet.

The times and distances throughout the meet were unusually good. "Tommy" Dent probably hung up the best one when he broke the string in the 440 at 54 and made the engineers trail as well behind in at least one of the races. "Tommy" will bolster us up a lot this season. Morrison, '17, in spite of a recent illness, looked mighty good in the 100-yd. It was very encouraging to see the general work of our freshmen in the meet, twelve out of the squad of twenty-three being '17 men. "Doc" Mac tells us they are all coming strong and will be a big help next year in the absence of our present senior material.

Score—Union, 65½; R. P. I., 51½.

100-yd. dash—Trow, R.; May, R.; Morrison, U. Time, 10 seconds.

Mile run—Parsons, R.; Sibley, R.; Stephens, U. Time 4:53 1-5.

U. Time, 4:53 1-5.

120-yd. high hurdles—Mallen, U.; MacNorton, R.; Butler, U. Time, 16 4-5.

440-yd.—Dent, U.; Reeves, R.; Mudge, U. Time, 54.

Two mile run—Sibley, R.; Reeves, R.; Hoffman, U. Time, 10:6 2-5.

220 low hurdles—Baker, U.; May, R.; Coover, U. Time, 27 4-5.

Half mile—Parsons, R.; Vosburgh, R.; Sibley, R. Time, 2:8 2-5.

220-yd. dash—Trow, R.; Morrison, U.; Bardwell, R. Time, 23 seconds.

16-pound shot—Hagar, U.; Stoller, U.; Fletcher, U. Distance, 35 ft. 8 in.

Pole vault—Butler and Jamieson, U., tied for first; Baker, U. and Kiergsley, R., tied for third. Height, 10 ft. 3 in.

High jump—Baker, U. and Peterson, U., tied for first; Maslen, R. Height, 5 ft. 5 in.

16-pound hammer—Stoller, U.; Jamieson, U.; Hagar, U. Distance, 109 ft. 9 in.

Broad jump—Baker, U.; Mallen, U.; May, R. Distance, 20 ft. 10 in.

Union's next meet will be with Hamilton here May 23. Before that time Captain Baker will put his team through some strenuous out-

of-door work on the new athletic field. He now has a good line on the ability of each individual man and can go on strengthening the glowing weaknesses of the squad.

Knight, '17.

CLASSICAL CLUB ENJOYS EVENING WITH HIGH SCHOOL SOCIETIES

Before the joint meeting of the Classical Club and the Agora and Aencidal societies of the Schenectady High School, held in the High School building the evening of May 5, a paper on "Socrates" was read by Doctor John I. Bennett. After the meeting refreshments were served by the Classical Club in the luncheon room of the building.

THE 1915 GARNET

The class of 1915 always tries to do things better than previous classes. Last Monday you saw how progressive the Garnet board was when it lined up against the **Concordiensis**. But wait 'till you see the Garnet itself; it is undoubtedly the best published for years. Of course, you will want a copy. It has already been announced in this paper that the book will appear on the first of June. If you wish to be sure of getting your book, it would be advisable to put in your order now, for, as in previous years, the supply is not unlimited.

Some of last week's scores are:

N. Y. National substitutes, 2; Army, 7.

R. P. I., 6; Stevens, 0.

Dartmouth, 5; Wesleyan, 4.

Rutgers, 4; N. Y. U., 0.

Williams is considering the adoption of a student council system of undergraduate government. The proposed plan is to have the council consist of twelve men—six seniors, three juniors, two sophomores, and one freshman. The freshman shall not be allowed to vote.

PATRONIZE YOUR PAPER'S PATRONIZERS

The Language of "The Makings"

is known all over the world. You can go to any tobacco store, booth or bazaar, from Calcutta to Stockholm, from Yokohama to Buenos Aires—make the sign of rolling a cigarette—and the native dealer will hand you a sack of "Bull" Durham tobacco. He understands what you want, because "Bull" Durham is identified with *hand-made cigarettes* the world over.

Millions of men of all nations and all classes *roll their own* cigarettes from "Bull" Durham. This ripe, mellow tobacco makes fresh, fragrant cigarettes that they *prefer* to any kind they can buy ready-made.

GENUINE "BULL" DURHAM SMOKING TOBACCO

(Enough for forty hand-made cigarettes in each 5-cent sack)

You can tell "Bull" Durham as far as you can smell it. It has a unique, peculiarly delightful aroma, possessed by no other tobacco. An exclusive process known only to the makers of "Bull" Durham gives this added delight.

Ask for FREE
book of "papers"
with each 5c sack

An Illustrated Booklet, **FREE** showing how to "Roll Your Own," and a Book of cigarette papers, will both be mailed, *free*, to any address in U.S. on postal request. Address "Bull" Durham, Durham, N. C., Room 1210.

SAY MEN:

We sell Hart, Schaffner & Marx Clothes, and you know that a store that sells H., S. & M. Clothes sells the right kind, and naturally must sell the right kind of other things to wear too. If you look us over a little we think you'll like us and our way of doing business.
