UNION UNIVERSITY

CHARLES ALEXANDER RICHMOND, D. D., Chancellor

UNION COLLEGE

The college offers the following undergraduate and graduate courses:

1. Courses leading to the degree of A. B.

CLASSICAL COURSE A.—Greek is required for admission to this course. French and German are included in addition to the ancient languages.

CASSICAL COURSE B.—This course may be pursued by candidates who satisfy the requirements for admission to the Ph. B. course. Greek is begun on entrance and is required for four years.

2. Course leading to the degree of Ph. B.

LATIN-SCIENTIFIC COURSE.—This course offers Latin without Greek, for which is substituted additional work in modern languages and science.

3. Course leading to the degree of B. S.

SCIENTIFIC COURSE.—This course is based upon the study of mathematics and the sciences.

4. Course leading to the degree of B. E.

GENERAL ENGINEERING COURSE.—This course offers the foundation of a broad engineering education, comprising mathematics, the sciences, the fundamental principles of the special branches of the profession, and some training in history, economics and modern languages.

SIX YEAR PH. B.-B. E. COURSE.—This course combines the above four-year engineering course with the Latin-scientific course.

SANITARY ENGINEERING COURSE.—This differs from the general engineering course in substituting special work in sanitary engineering for some of the general engineering studies.

ELECTRICAL ENGINEERING COURSE.—This course is intended to give a broad and thorough engineering education, with the special instruction requisite for electrical engineering.

5. Courses leading to graduate degrees.

COURSE LEADING TO DEGREE OF M. C. E.—This course of one year of graduate study consists of lectures, laboratory practice and research work.

COURSE LEADING TO DEGREE OF M. E. E.—This course of one year of graduate study consists of lectures, laboratory practice and research work.

COURSE LEADING TO DEGREE OF PH. D.—This course of two years of graduate study requires for admission the degree of M. E. E. or an equivalent.

Electrical Engineers!!!

YOU will get more out of your studies, you will find them more interesting, if you read the **ELECTRICAL WORLD**, regularly, during the Junior and Senior years. The **ELECTRICAL WORLD** affords you a birdseye view of the great electrical industries in action. It is complementary to your classroom work. It acquaints you with the engineering and commercial phases of electrical work.

The electrical art and science are in a state of rapid development. It is necessary to read the **ELECTRICAL WORLD** in order to keep in touch with the current progress of the profession.

Furthermore, the semi-annual volumes of the **ELECTRICAL WORLD** form an invaluable reference library on all branches of electrical work. **NOW IS THE TIME TO START YOUR FILE.**

The **ELECTRICAL WORLD** is published weekly and contains each year over 3,200 pages of valuable data on electrical subjects.

UNION LOSES TO RUTGERS IN WELL FOUGHT CONTEST

Weight of Opponents and Slippery Field is Cause
of the Garnet Defeat

By W. Earl Weller

Union's football team lost to Rutgers on Saturday by a score of 6 to 0. The defeat was due mainly to the condition of the field. Four days steady rain had converted the gridiron, which was only partially covered with sod, into a veritable quagmire in which the known speed of Union's backs and ends was of no use. Their lightness on the other hand was a great disadvantage in stopping the rushes of their heavier opponents and many a time Union's secondary defense was pushed back over the slippery ground for several yards even after the Rutgers runner had been tackled. Rutgers early started to hammer the light Garnet ends. Riley and Starbuck did everything possible to stem the tide, but, unable to side step the interference, they were merely bowled over, the play going through them by sheer momentum. Vedder and Wood were unable to render much assistance in breaking the interference because of their inability to wade through the mud before the play reached the end.

Rutgers could do nothing with Union's line and made few attempts against it after the first period. Ulrich played a grand game at right tackle, his work being noticeable especially on the defensive. Union tried out the new defense against Rutgers. While the game is a poor one on which to base any conclusions, it would seem that the new defense is most successful. One thing is certain. Rutgers could not work a forward pass in the whole game and they tried it five times. Three of these passes were not completed and two were intercepted. Union also tried a new attack, all four of the backs forming a line behind the scrimmage line and the pass going direct to the man who was to make the run. Apparently this method is going to work, as Union's interference was the best of the season, not even discounting for the condition of the field.

Dewey and Starbuck nearly worked the "shoe string" trick on the Rutgers team in the second period.

The end had drawn away from the line and had a clear field, but the ball was too slippery for good handling and the pass went wrong.

A small crowd of Union alumni braved the elements and were on the side lines cheering the team. They all expressed satisfaction with the team and were apparently agreeably surprised with the spirit the Garnet team put into the game. When Rutgers scored the first touchdown after a very short period of playing time, the hearts of the Union rooters landed in their boots with some of those "dull, sickening thuds" we read about, but the hearts of the men out on the firing line stayed right where they belonged. This is why the score was six to nothing rather than the 48 or more to nothing that Rutgers expected.

The game was studded with those little exciting moments that make football "the" game. Twice in the third period Rutgers brought the ball deep into Union's territory only to lose it on downs to the Union eleven. Once Martin circled Union's right end, avoided Coward's tackle and started down the field for what looked like a certain touchdown. Dewey did a little fast work and nailed Martin from behind on Union's ten yard line.

Sarvey did some fine work in the punting line, placing his kicks in a manner that was most bewildering to the Rutgers backs. On a dry field Union would have made considerable distance on on-side kicks.

The officiating in the game was most unsatisfactory. Penalties were frequent, but the officials seemed unable to hold the players in check, especially in regard to holding and off-side work.

The teams lined up as follows.

Y. M. C. A. NEWS

On Sunday afternoon, October 15, Fred H. Rindge spoke to the members of the Y. M. C. A. on "What college men can do for the foreigners" using as illustrations what Yale, Columbia and other colleges are doing. He also spoke of opportunities open to unions among the twenty-five thousand foreigners in Schenectady. At seven o'clock in the evening he talked to a small group on "How English is taught" and at eight o'clock met a committee for definite action. Those on the committee are W. H. Macmillan '12, chairman; V. R. Tremper '13, H. M. Stoller '13, J. Kruesi '14, Prof. Howard Opdyke, faculty member.

The committee decided to push the work more vigorously than was done last year as there were only seven organized classes with a total membership of about ninety men. This year they expect to reach twice that number as the various foreign clubs of the city have offered the use of their rooms while the use of the night school rooms has been promised by Dr. A. R. Burbacher, city superintendent of schools. The work will be carried on among the Italians, Poles and Austrians.

Last Sunday, October 22, Rev. Charles G. Sewall, Williams '93, rector of the State St. Presbyterian Church, spoke on "The college man and his doubts." The coming Sunday, October 29, Mr. Ralph B. Colson, Hamilton '11, will speak on "What it means to be a Christian."

The Y. M. C. A. has also made plans for securing noted lecturers to give talks on immigration and other phases of industrial work. A few of the speakers who have been secured are Dr. Edmund A. Steinen of Grinnell College, Dr. Peter Roberts who invented the present system for teaching English to foreigners and Mr. Charles Towson, chairman of industrial service movement.

A conference was held in Sillman Hall, on Tuesday, October 17, by representatives from all the fraternities and from the neutrals, at which time it was decided to pursue the same plan as last year in the course of Bible study, viz: that all meetings, both of the neutral body in the dormitories and of fraternity men in their respective fraternities, should be led by upper classmen.

The normal course for leaders will be a discussion of "The Life of Christ" outlined by Dr. George Kellogg, head of the Latin department.

Johnny—"Pa, what's a bustle?"

Father—"Hush, my boy. It isn't right to speak of anything behind a lady's back."

JUNIOR PROM COMMITTEE

At the junior class meeting held last Thursday, president Mayham announced the following committee for the class "prom."

William J. Lewis, Kappa Alpha, chairman.

Harold H. Dickinson, Sigma Phi.

M. Sutphen Somers, Delta Phi.

Philip N. Riedinger, Psi Upsilon.

Harry E. Mull, Delta Upsilon.

Theodore W. Hanigan, Neutral.

George S. Van Antwerp, Neutral.

CIVIL ENGINEERS'

TRIP TO NEW YORK

Twelve students from the Civil Engineering department left for New York City last Wednesday evening on an inspection trip to various engineering works in and around New York. The party was accompanied by Professor Lyon, and returned home Saturday evening. Some of the men went to New Brunswick Saturday to witness the Rutgers-Union football game. Among the works inspected were the subway construction work in Brooklyn, the East River bridges, the United States Navy Yard in Brooklyn, the garbage disposal plant in Richmond borough, the dock department, and the Pennsylvania railroad yards at Greenville.

BUFFALO CLUB ELECTION

At the annual meeting of the Buffalo Club of Union College the following men were elected to office: president, T. S. A. Fairbairn, '12; secretary and treasurer, W. M. Beck, '13.

The club was founded two years ago. It is now in a very prosperous condition and is recognized by the college as an organization which has a bright future. The following Buffalo men are members: Graduate member, Charles W. Waldron, '09; Beck, Fairbairn, Coward and Shade, '12; Fischle and Dickinson, '13; Ewens, Morgan and Wadsworth, '14; Hauenstein, Vought, Persons, Fischer, Doyle and Baldy, '15.

UNION VICTORIOUS IN CROSS COUNTRY RUN

Although the weather conditions were unfavorable a good sized crowd turned out to see the cross country run with Hamilton on Saturday. Union won by eight points, the score being 18-10. Eggleston of Hamilton crossed the line first but the next four were Union men, LeBarron, Elmore, Rogers and Tremper. After them came Dayton, Keddy and Matton of Hamilton. The winner's time was twenty minutes and fifty-nine seconds.

UNDERCLASS FOOTBALL

The sophomore football team played its first game in Albany on Columbus Day. The Albany high school won the game by the score 5 - 0. Last Friday the team played in Amsterdam. The score was 5 to 0. in favor of sophomores.

The freshmen won their game from Lansingburg high school in the first period of play. After this goal no further score was made so the final result was 6-0. Huthsteiner carried the ball over the line for the freshmen and then kicked the goal.

The freshman team went to Saratoga on Saturday, October 14th. The score there was 16 - 5 in favor of the freshmen. The team has a game scheduled with Lansingburg high school to be played soon. Both the sophomore and the freshman teams will play the Edison Drafting school and the games will take place on the campus but the dates have not been definitely decided upon.

NEW RECORD SYSTEM FOR UNDERCLASSMEN

At the suggestion of Dr. Rogers '77 and Dr. Duane '78 the faculty has adopted a system of keeping an accurate record of the scholarship of the two under-classes throughout the term. At the end of every month the members of the faculty will send the marks of each sophomore to the office where such marks will be kept on record and at the disposal of fraternity upper classmen and others interested in them. Much the same plan will be followed for the freshmen except that their reports will be turned in every two weeks. This should prove very beneficial as it will enable a man to find out just how he stands without causing any inconvenience.

The Concordiensis Competition.

This fall finds the registration for positions on the editorial board of THE CONCORDIENSIS the largest in years. Competition for appointment is necessary to carry on the work of the paper in an efficient manner, and it naturally follows that the greater the competition the greater will be the efficiency. There is room for several more registrations from among the freshmen and sophomore classes and it is hoped that those among the first and second year men who are interested in literary work, especially along newspaper lines, will appear at the next meeting of the board, which occurs in Silliman Hall, at 7:15, Monday evening, October 30th.

There is probably no other college activity that has more advantages than the competition for positions on THE CONCORDIENSIS board. To those who have previously been engaged in newspaper work the competition should particularly appeal; and those who take up reporting for the first time will find ample opportunity to get practical experience not found in

any other college activity. There is doubtless much dormant ability to be found in scores of students, who have never suspected that they have even the slightest leaning towards newspaper work. THE CONCORDIENSIS competition will develop this ability and may disclose talent unknown to the possessor.

CONCORDIENSIS competition keeps a student continually informed upon matters of interest to the undergraduates. It does much to bring him into personal contact with the members of the faculty and affords him an opportunity of meeting many students in all classes. It is valuable training in the expression of ideas and is found serviceable throughout the literary side of the college course. It is a training in accurate thinking and accurate expression, and it is one of the best ways of showing loyalty to Union.

The Wearing of the Green.

Considerable comment has been made recently in regard to the regulation freshman cap because of a tendency among a few of the first year students to discard the green head piece upon frequent occasions. It seems almost unnecessary to have to remind the members of the class of 1915 that there is an existing rule compelling freshmen to wear the designated cap. The rule was passed some years ago and strict compliance with it is expected. The recent amendment to the rule, by which the first year men are permitted to discard the green cap on Sunday, is a decided concession and due appreciation of the seventh-day relief should be shown by rigorous observance of the six-day rule. As it was stated at the meeting of the student body, violation of the rule will result in the withdrawal of the Sunday privilege.

SMOKING RESTRICTED

Smoking is under a ban at Columbia University, except within certain restricted areas. The incoming horde of students who arrived at the university found posted in conspicuous places in all of the university buildings the following notice:

"At a meeting of the committee of buildings and grounds held on February 28, 1911, the following res-

olution was adopted: Resolved, That on and after July 1, 1911, smoking be prohibited in all parts of the library building and in all lecture-rooms, seminary-rooms, reading-rooms, laboratories and store-rooms and also in all halls, lavatories, corridors and stairways above the basement in all other university buildings, except Earl Hall, the Faculty Club, the Commons and the

residence halls.' The trustees ask for the loyal co-operation of all members of the university in the strict enforcement of the above regulation."

Hitherto smokers have enjoyed practically a free rein in the Morningside Heights buildings, and even during examinations it was not uncommon to see half a class in shirt sleeves pulling at pipe, cigar or cigarette.

INTERCOLLEGIATE SOCIALIST SOCIETY GAINING STRENGTH

The Intercollegiate Socialist Society, with Headquarters at 105 West 40th St., New York City, reports the existence of 29 active Chapters for the study of Socialism in the colleges and universities of the United States. Of these, 10 are in the middle West, 10 in the middle Atlantic States, 6 in New England and 3 on the Pacific Coast. Eighteen of the 29 Chapters were organized during the college year 1910 - 11.

Perhaps the strongest of the group is the Harvard Socialist Club of which S. A. Eliot, Jr., grandson of Ex-President Eliot, is Secretary. The other colleges represented at the beginning of the season 1911-12

Walling, J. G. Phelps Stokes, B. O. Flower, Leonard D. Abbott, Jack London, Upton Sinclair.

The present Officers of the Society are J. G. Phelps Stokes (Yale), President; Morris Hiltquit (New York Law School), Treasurer; Leroy Scott (Indiana), Secretary, and Harry W. Laidler (Wesleyan), Organizer.

On Sunday, October 15, Dr. Charles Alexander Richmond preached before the students of Vassar College. Dr. Richmond was the guest of president Taylor and attended a reception given in his honor by the seniors of the college.

Dean Ripton was confined to his home one day last week on account of illness.

THE PRIZE STORY CONTEST.

Following are the conditions of the literary contest for the prize of \$10, that was announced in the last issue of THE CONCORDIENSIS.

1. Competition is open to all members of the undergraduate classes
2. Each story shall contain not less than 1000 and not more than 2000 words.
3. The number of stories submitted by one student is not limited.
4. The story shall be suitable for publication in a college paper. This does not limit it to a story of college life, but on the contrary affords a wide scope in the choice of material. Contestants should remember, however, that a story is called for and not a descriptive sketch.
5. Each story submitted shall be typewritten with double spacing.
6. A fictitious name shall be signed at the end

of each story submitted. A sealed envelope containing the writer's own name, with the fictitious name on the outside, shall accompany each story.

7. All stories shall be handed to B. R. Butler, '12, Delta Phi house, 605 Union street, not later than December 1, 1911.

8. The winner of the prize will be announced and the winning story published in a special number of THE CONCORDIENSIS, December 13, 1911.

9. THE CONCORDIENSIS reserves the right to publish any story submitted during the contest.

10. THE CONCORDIENSIS reserves the right to withhold the prize and call for another contest, if in the opinion of the judges, no contribution is deemed worthy of publication.

The judges for the contest are: Professor Edward E. Hale, Professor Horace G. McKean, and Instructor Stanley P. Chase.

were Yale, Brown, Clark, Columbia, Barnard, Cornell, Rochester, New York University, C. C. N. Y., Chicago, Washington (Mo.), Stanford, the Universities of Pennsylvania, Michigan, Wisconsin, Kansas, Oklahoma, California and Washington, Marietta College, Springfield (Intern'l Y. M. C. A.), Union Theological Seminary, Meadville Theological School, Connecticut Agricultural College, New York City Dentals, and the Morris Pratt Institute.

The Society was formed in 1905 "to promote an intelligent interest in Socialism among college men and women", in response to a call issued by Oscar Lovell Triggs, Thomas Wentworth Higginson, Charlotte Perkins Gilman, Clarence S. Darrow, William English

PRESS CLUB NEWS

There was no regular meeting of the Press Club last week because of lack of attendance. Not enough men were present to constitute a quorum so no business could be transacted. The various committees made their reports after which the meeting was adjourned. Several new men registered as trying out for membership on the club.

ALUMNI NOTES

1865—John Keyes Paige, had a narrow escape from death on October 14, when he fell from a trolley car on the Scotia bridge and barely escaped falling into the river. He was standing on the steps of the car when it suddenly stopped, jolting him out. Fortunately he landed on a piece of the steel structure and managed to remain there until aid was brought. He was bruised in several places but no dangerous injury was received. Mr. Paige is the Secretary of his class.

1868—At the annual convention of the New York State Historical Association held at Kingston on September 13th, Hon. Greenville M. Ingalsbee of Hudson Falls was elected first vice-president of the association. Mr. Ingalsbee is County Judge of Washington County

at the school will be Edward J. Wheeler, Union '85.

1899—Edmund L. Hegeman of Plainsfield, N. J., an engineer in the employ of the Westinghouse Electric Company, has charge of electric railway and lighting construction in Chile.

1901—On October 10th, Miss Ethel Scott Lyons of Newtonville, Mass., and Neil Gilmour Medbery '01, were married at the home of the bride. Mr. Medbery is a resident of Ballston Spa, but after the wedding moved to New York City.

1903—Chaplain Le Roy N. Taylor, U. S. N., left September 25th for San Francisco where he has been assigned to the U. S. S. South Dakota, the first ship of the Pacific fleet. The fleet will remain at San Diego during the winter months.

and one of the prominent legal men in the state.

1874—At the Beakley homestead near Sharon Springs Editor and Mrs. George F. Beakley of Johnstown celebrated the twenty-fifth anniversary of their wedding on August 12th.

1882—Edward C. Whitmyer, Judge of Schenectady County, has been nominated for Supreme Court Judge of the fourth judicial district. Judge Whitmyer is a member of the class of 1882.

1893—The New York University department of journalism has announced the addition of two new men to its faculty. One of these is George T. Hughes, city editor of the New York Globe. Mr. Hughes who is a member of the class of 1893, will give an advanced course in newspaper practice. Among the lecturers

1908—David Grant '08, has left the General Electric Company to become manager of the Lyman Gun Sight Corporation at Middlefield, Conn.

Mr. and Mrs. Simkins left for an eastern wedding trip and upon their return will make their residence at 1487 State Street, Schenectady, where the former is employed by the General Electric Company.

OLD UNION WHEN YOUNG

The following extracts are a continuation of those published last week. They are taken from the "Laws for the Government of Union College" edited between 1795 and 1800.

Section 2.

No student shall be guilty of frequenting houses of ill repute, of associating with persons of low and bad characters, of cursing, swearing, or any unbecoming language, or of playing at cards, dice, or any unlawful game, nor be present at horse racing, card-playing or any unlawful assembly; nor shall any Student keep any cards, dice, or any other instrument of gambling at his lodging or elsewhere, neither shall anyone be guilty of drunkenness, fraud, or wilful falsehood, or quarreling, insulting, or fighting with his fellow Students, or with any other person, or engage in any kind of riots; and in case he be found guilty, he shall be admonished, or prohibited the usual familiarity and intercourse with his fellow students, for a term not exceeding eight days, at any one time, unless the fault for which it is inflicted be repeated within that term, in which case the infliction shall be renewed for a similar period of time.

CHAPTER V.

Mode of Punishment.

Section 1.

No student shall be publicly or privately admonished, unless he shall have been cited to appear before the Faculty at an appointed time, which shall be at least one day after such citation, and he shall be allowed to make his defense.

Section 2.

Students publicly admonished shall be registered in a book kept for that purpose by the President, which he shall produce to the board of Trustees of the College whenever called upon for that purpose.

CHAPTER VI.

Examinations

Section 1.

There shall be two Vacations every year in this College; one of which shall commence the first Wednesday in May and continue for the space of six weeks; the other shall begin the first Monday in October and continue for the space of four weeks.

Section 2.

There shall be three public examinations every year: one to commence on the Wednesday preceding

the public Commencement; the second on the Wednesday preceding the fall vacation, and the third on the first Tuesday in February.

Section 4.

All Examinations shall be public, and conducted by the President, Professors and Tutors, in preference of the Trustees of the College, and other gentlemen as may attend.

Section 5.

Those Students who shall be found sufficiently qualified at the examinations in the spring, shall be admitted into the next superior Class; but such as shall not give satisfaction shall be put into the next inferior class; provided, however, that if they revise such studies as shall be pointed out, and at the next examinations, or at any time previous to that, be found acquainted therewith, they may again be restored by the Trustees.

Section 6.

Those students who have passed through the various studies specified in the plan of education, in this College, with approbation, shall be entitled to the degree of Bachelor of Arts, on his paying to the President, for his use, the sum of four dollars, and after an interval of three years, shall be entitled to the degree of Master of Arts, provided he be of good moral character, and provided he deliver an Oration, or compose an Essay on some subject and pay to the President, for his use, the sum of six dollars.

Section 8.

The Commencement for conferring degrees, shall be on the first Wednesday in May, in every year.

CHAPTER VII.

Buildings

Section 1.

If any Student shall wilfully do any injury to the Buildings belonging to the College, or to property of any member of the college, he shall be charged in his quarterly bill, with all expenses incurred by repairing such injury, and shall be moreover admonished at the discretion of the Faculty.

Section 2.

If any damage shall be done to any apartment, or its property in the Buildings belonging to the College, by persons unknown, the expense of repairing the same shall be charged equally to all the students, unless they shall discover the person who committed the same, in which case it shall be charged to him only.

NEWS OF THE LAW SCHOOL

Edward J. O'Connell has been elected president of the freshman class of the law school.

The total registration of the school this year numbers 145 of which seven are girls. The entering class is smaller on account of the three years' course, which is new this year, but it is expected that in two years time the total number will be greater than heretofore. The seniors are following the old curriculum and will be graduated in June leaving no senior class in 1913.

The following men entered the school from Union this year:

O'Connell '11, Blodgett '11, Bray '11, Coffin '11, Gray '11 and Murray '13.

COLLEGE MEETING

At the college meeting last Monday afternoon, President Fairbairn of the honor court, reminded the freshmen that if the new rule which permits freshmen to wear ordinary hats and caps on Sunday is abused, this privilege will be taken away. He also said that students entering the freshman class from higher classes in other colleges must abide by all the regular freshmen rules, and so are not exempt from the hat rule. A meeting of the neutral body was called after the college meeting to elect a representative for the Honor Court.

A UNIQUE TELEGRAM

Dr. Jordan, the well-known minister, was at one time rather doubtful as to whether his son would pass his final examinations at college. He told him to telegraph the results as soon as they were received. In due time a telegram arrived: "Hymn No. 213, third verse, last two lines." On looking up the reference he found the words: "Sorrow vanquished, labor ended, Jordan passed."

BLUE BOOKS DISPLACED

BY NEW YELLOW BOOKS

With the beginning of this term the custom of using the "blue books" in all tests and examinations has been discontinued. In place of the "blue books" the College now furnishes "yellow books" for class tests and examinations. The "blue books" are still on sale at the College office but their use is no longer obligatory.

A continued perusal of the "daffydils" in our esteemed contemporary "The New York Journal," has produced the following:

"Have you seen the Red Building?" "No, but I've seen Clarence Hall."

"If you gave Duane beer would you give Davenport?"

"There are several good newspaper men in college but Hanigan is our Star reporter."

If Stoller is sick is "Spike" Hale?

If Whitney is pork is Mayham?
