## UNION COLLEGE

The college offers the following undergraduate and graduate courses:

### 1. Courses leading to the degree of A. B.

CLASSICAL COURSE A.--Greek is required for admission to this course. French and German are included in addition to the ancient languages.

CASSICAL COURSE B.--This course may be pursued by candidates who satisfy the requirements for admission to the Ph. B. course. Greek is begun on entrance and is required for four years.

### 2. Course leading to the degree of Ph. B.

LATIN-SCIENTIFIC COURSE--This course offers Latin without Greek, for which is substituted additional work in modern languages and science.

### 3. Course leading to the degree of B. S.

SCIENTIFIC COURSE--This course is based upon the study of mathematics and the sciences.

### 4. Course leading to the degree of B. E.

GENERAL ENGINEERING COURSE--This course offers the foundation of a broad engineering education, comprising mathematics, the sciences, the fundamental principles of the special branches of the profession, and some training in history, economics and modern languages.

SIX YEAR PH. B.-B. E. COURSE--This course combines the above four-year engineering course with the Latin-scientific course.

SANITARY ENGINEERING COURSE--This differs from the general engineering course in substituting special work in sanitary engineering for some of the general engineering studies.

ELECTRICAL ENGINEERING COURSE--This course is intended to give a broad and thorough engineering education, with the special instruction requisite for electrical engineering.

### 5. Courses leading to graduate degrees.

COURSE LEADING TO DEGREE OF M. C. E.--This course of one year of graduate study consists of lectures, laboratory practice and research work.

COURSE LEADING TO DEGREE OF M. E. E.--This course of one year of graduate study consists of lectures, laboratory practice and research work.

COURSE LEADING TO DEGREE OF PH. D.--This course of two years of graduate study requires for admission the degree of M. E. E. or an equivalent.

YOU will get more out of your studies, you will find them more interesting, if you read the **ELECTRICAL WORLD**, regularly, during the Junior and Senior years. The **ELECTRICAL WORLD** affords you a birdseye view of the great electrical industries in action. It is complementary to your classroom work. It acquaints you with the engineering and commercial phases of electrical work.

The electrical art and science are in a state of rapid development. It is necessary to read the **ELECTRICAL WORLD** in order to keep in touch with the current progress of the profession.

Furthermore, the semi-annual volumes of the **ELECTRICAL WORLD** form an invaluable reference library on all branches of electrical work. **NOW IS THE TIME TO START YOUR FILE.**

The **ELECTRICAL WORLD** is published weekly and contains each year over 3,200 pages of valuable data on electrical subjects.

## WESLEYAN DEFEATS UNION IN LAST FEW MINUTES OF PLAY

**The Garnet leads heavier team by 6 - 3 Score until  
last period—Sarvey runs 105 yards  
for a touchdown.**

**By W. Earl Weller**

Captain Sellnow's men put up a game fight against Wesleyan in Middletown last Saturday and were only defeated in the last period of the last half. For three periods the lighter Union team withstood the battering of the Wesleyan backs. How well they played is evidenced by the score of 6 to 3 in favor of the Garnet at the end of the third period. In the last quarter of the game when Union's tired line simply could not hold, Wesleyan was able to carry the ball over the line three times and to kick two goals for a total of seventeen points, making the total score 20 to 6 in favor of the Red and Black.

### Wesleyan Uses Direct Pass

Every man on the Union team played football all the time and it was football against odds at that. The Wesleyan backs were big, strapping fellows and must have averaged about 185 or 190 pounds in their football togs. They used a direct pass from centre to the man who was to carry the ball, a method that seemed to give every opportunity for the formation of effectual interference. The result was that the whole backfield hit the line like one man and it was this constant hammering that wore out the Garnet team. Twenty-one Wesleyan men figured in the game, practically a fresh team facing the exhausted Union eleven in the last period.

### Individual Playing

Wood at full-back played a great game for the Garnet. He hit the Wesleyan line hard and for substantial gains but his chief strength was shown on the defensive. Here he seemed to figure in every play, smashing the red interference and breaking up attack after attack. Ulrich also deserves credit for his defensive work which several times won for him the cheers of the Wesleyan crowd. Dewey, Sarvey and Coward played until they could barely stand.

### Wesleyan Scores Field Goal

Wesleyan scored first in the first period on a field

goal, Ross doing the kicking. This was the only score until the middle of the third quarter. Then Union after a desperate defense on its own five yard line captured the ball on a fumble and carried it 105 yards for a touchdown. Sarvey's quickness was accountable for the score. The little half-back had the ball before it had touched the ground and was around the Wesleyan line and part way down the field before the Red team realized what had happened. Riley and Coward raced the whole distance behind Sarvey and were ready to render assistance had it been needed. Two blocked punts and an intercepted forward pass gave Wesleyan seventeen points in the last period.

The game was well played and the defeat brings no discredit to Union's eleven. In spite of the fact that the contest was a hard fought one and penalties were a frequent occurrence, it was nevertheless remarkably clean, neither team resorting to questionable tactics. While a year is some time to look ahead and while many things may happen before next fall, Saturday's game seemed to say one thing rather plainly and that was that Union will trim Wesleyan on the campus next season. This is a prophesy that will bear watching.

The teams lined up as follows.

### Buys Railway Waiting Room

The New-Hes-Mor Printing Co., the publication  
office of THE CONCORDIENSIS, has bought the build-  
ing now occupied by the Schenectady Railway Com-  
pany's waiting room at 420 State street. The New-  
Hes-Mor Company is a firm incorporated last Septem-  
ber. The officers of the company are: president,  
Thomas A. Heseltine; vice-president, George F. Morris;  
secretary, treasurer and general manager, J. C. A.  
Newman. Mr. Morris, vice-president of the company  
was manager of the job department of the recently  
dissolved Star Printing Co., and has had charge of  
THE CONCORDIENSIS for the past five years. The  
company will take possession of their new quarters  
on November 1st. 1911.

## PRIZE OF TEN DOLLARS FOR LITERARY CONTEST

Through the courtesy of President Richmond THE  
CONCORDIENSIS is able to announce a prize of \$10,  
which will be awarded to the winner of a contest  
along literary lines. The conditions of contest are now  
being arranged and details will be published next  
week.

**UNDERCLASS ELEVENS****ARRANGE SCHEDULES**

The sophomore class has arranged the following schedule for its football team through the efforts of Hickok, manager, and Jepson, captain. Thursday Oct. 12, the team played the Albany High School at Albany. Saturday Oct. 14, they played the Edison Drafting School School on the home campus. Friday Oct. 20, they will play the Amsterdam High School. Nov. 7, they will compete with the freshmen for honors on the home campus.

Baker, manager, and Rice, captain, of the freshmen football team have written to secure games with Johnstown, Albany and Lansingburg high schools.

**GLEE CLUB PROSPECTS**

The Glee Club under the direction of Leader Van-Arnum and Coach Weikle has been hard at work for the past two weeks. Prospects are very bright for an excellent club this year but there is still a scarcity of second bases. By the time scheduled for the first concert, the club will probably be in tip-top shape. A new finale and a four part chorus effect are now being tried out.

Several cuts have been made and another will take place shortly. But twenty-one men will be taken on trips, seven of these taking double parts. Manager Fink is hard at work on the schedule and prospects are most bright for an excellent season.

**MADAME MORIN LECTURES**

Madame Pilar Morin, the well-known pantomimist gave a lecture in the chapel last Wednesday. Her subject was, "Pantomimicy and the Silent Drama." A large number of students and of the Schenectady public were present.

Madame Morin opened her lecture with a definition of her art. She then showed its importance in life. In illustration of the fact that pictures leave a much more vivid and lasting impression upon the mind than words, she cited her experience with a child whom she had taught and who, in twelve lessons, had acquired a knowledge of geography and had learned to speak French fluently. She spoke of the importance of gesture in the expression of thought and also illustrated the difference between graceful and ungraceful use of the hands.

**BASKETBALL OUTLOOK BRIGHT**

The outlook for a successful season in basketball is especially bright, for we not only have three of last year's team, Capt. Fairbairn, Hequembourg, and Courard back again, but there seems to be a wealth of good material in the freshman class. No coach has been secured as yet, but it is very probable that "Okie" Koult, the football coach, will coach the basketball team again. The Armory has again been secured and the eight home games will be played there. Of these games as many as possible will be played in the evening, as it is not possible to get large audiences at afternoon games.

The first game will be played at West Point on January 6th and the season will last until the 1st of March. Practice will begin immediately at the close of the football season. Games have been secured with the following teams: Colgate, Rochester, Wesleyan, West Point, Syracuse, New York University, Mass. Institute of Technology, Williams and St. Lawrence.

**Y. M. C. A. NOTES**

Sunday October 8th the Rev. C. J. Potter spoke on the "Attitude of the Collegeman to the Bible." The purpose of his address was to start a Bible study campaign.

A meeting of the Bible study committee was called and it was decided to hold a meeting Friday evening, Oct. 13th of a larger committee consisting of one man from each fraternity and representatives of the neutral body. The purpose of this meeting was to discuss more definite plans for Bible study.

On Sunday October 15 Fred H. Rindge spoke on "What college men do for the foreigners." This week the Y. M. C. A. will start their regular work of teaching the foreigners to speak English.

**DR. RICHMOND HAS DATES**

Dr. Richmond will speak before the Yale Phi Beta Kappa on November 1st.

On October 27th, Dr. Richmond will give an address at the laying of the corner stone of the Schenectady high school.

The college has many famous and inspiring songs. Do you know them? You should get a copy of the College Song Book, giving words and music of all of these songs. It is published by Robson & Adee.—Adv.

## Union's Dramatic Association.

Union's dramatic association is about to begin its second year of actual existence. After several years of unproductive efforts on the part of those interested in forming such an organization, the club pleasantly disappointed sceptical students by staging a huge success during the winter term of last year. Tristram Coffin, '11, president of the association during the period of reconstruction, deserves much credit for the final self-supporting basis upon which the club now finds itself. Harry R. Sawyer, '12, a star in last season's success, has been elected president and the members of the organization are enthusiastic over the prospects for the coming year. Several plans for the presentation of performances are already well under way and now the ultimate success of the present season rests with the students. A professional coach will have the club in charge again and music, not yet produced upon the stage, has been written by the author of "The Isle of Spice", which may be used in the performance. When the call for candidates is made it is hoped that two score or more will be forthcoming from the student body.

## A Prize for Literary Work.

A prize for literary work in connection with THE CONCORDIENSIS, which is announced in the current issue of the paper, is something of an innovation in the history of our college weekly. It is through the courtesy of President Richmond that the sum of ten dollars has been turned over to the board of editors for the purpose and the contest will be of great benefit to the publication in fulfilling the idea contained in our aim to be a literary, as well as a news weekly. As a member of the faculty recently said, our publication should be considered more in the light of a distributor of digested news. We realize this and it is readily seen by our subscribers that THE CONCORDIENSIS can seldom contain news that has not been published in the city dailies. The board of editors sincerely appreciate the donation of the prize, which will be an incentive to an increased activity along literary lines among the undergraduates.

## The Date of the Allison-Foote Debate.

The change in the date for the annual Allison-Foote debate from the winter to the fall term will undoubtedly be greatly appreciated by the undergraduates, especially those who are directly connected with the debating societies. In making the change the debating council reasoned that, by having the inter-society debate in the fall term, it would give more time to pick carefully the varsity men for the intercollegiate debates. It will also give an opportunity for debating on questions that will later be subjects for these debates. The winter term seems to have more than its share of big dates and to transfer one of the most important events to the preceding term will be appreciated both by the faculty and the students.

Because of an increase in matter contained in THE CONCORDIENSIS it has been found impracticable to issue the paper Tuesday. Hereafter Wednesday will be the day of publication.

### M. I. T. Abolishes Hazing

The sophomores of Massachusetts Institute of Tech-

This action, taken in a meeting held Sept. 1st, was

termination of a movement started by 1912 of M. I. T., when they decided to cut out "The night - before - rough-house."

## NEWS OF THE DEBATERS

**Union to debate with St. Lawrence—Plans for the Allison-Foote Debate**

At a meeting of the Debating Council on Thursday, it was decided to open debating relations with St. Lawrence University in accordance with a request recently received by the Council. While no definite arrangements have been made as yet, it is probable that a debate will be held at the beginning of the winter term. The annual tri-angular debate will be held at the end of the winter term. Hamilton will send a team here and one of Union's teams will go to Colgate. It is not definitely known yet whether or not there will be a debate with Cornell.

## ALUMNI NOTES

**1858.** Rev. John K. McLean, D. D., is President of the Pacific Theological Seminary in Berkeley, Cal.

**1860.** Hon. Ira R. Curtiss, A. M., died at his home in Marengo, Ill., on Oct. 3rd. He was born at Mt. Morris, N. Y. After studying at both Oberlin and Antioch colleges, he entered Union and received his degree in 1860. During the Civil War he served with the Fifteenth Illinois Volunteers. After his return he practiced law in Marengo. He was one of the leading lawyers of his state, being State's Attorney of McHenry County for eight years and later served in both houses of the legislature. He was the president of the Dairyman's State Branch for seventeen years. Mr.

The date of the Allison-Foote has been changed. It will be held this year after Thanksgiving recess. This will give an opportunity for picking the teams for the intercollegiate debates but it will also cause some crowding in the schedules of the societies in order to have the requisite number of debates to compete.

The outlook for both societies is bright. There is some promising material in the freshman class and new men have also come out from the sophomore and upper classes. Each club has had two debates this term.

News-photos of Union events sold by Doyle, '10, North Colonnade. Amateur work, special rates. Adv.

Curtiss had been in poor health for several years but not in a serious condition until August 22nd, when he was attacked with uraemia which the most skilled specialists could not cure.

**1863.** Col. Solomon W. Russell of Salem, N. Y., was recently elected president of the society of the famous Sixth Army Corps. Col. Russell is a prominent veteran and is highly deserving of this honor.

**1874.** Dr. Edward Jackson, A. M., has been elected president of the American Ophthalmological Society. This is a high honor. The Society is composed only of leading medical men and of one hundred and ninety-two members, three are Union men. Dr. Jackson has had a distinguished career. He is the author of "Essentials of Diseases of Eye," "Spiascopy,"

Manual of Diseases of the Eye and the Ophthalmic Year Book (published annually). He is one of the editors of the Ophthalmic Record, editor of the Ophthalmic department of the American Journal of Medical Sciences and also American editor of the Ophthalmic Review, (London). ### "NINE POINTS OF THE LAW"

From the P. I. P.

A little child had been sitting in the garden, on a lonely summer's day, gazing at the sun, which was very brilliant and trying to the eyes. All at once she commenced to cry. Her mother ran to her and asked her what was the matter. The child told her that the sun was making her eyes ache, "Why don't you move away?" said her mother.

"Boo-oo-oo," was the reply; "I was here first!"

### OLD UNION WHEN YOUNG

The following extracts are taken from a pamphlet entitled "Laws for the Government of Union College." The pamphlet was published between 1795 and 1800, and contains rules, curriculum and miscellaneous matters. It is printed in old type in which the "s" resembles the modern "f".

#### CHAPTER 1.

##### Section 5

It shall be the duty of the President, Professors and Tutors, whenever the Faculty shall think necessary and proper, to visit the rooms of the Students, at their respective quarters, for which, at all times, they ought to have free admission; and if refused by the Students, to enter the same by force, with permission of the owner and at the expence of the Students.

All Students shall regularly assemble for divine worship, in the public hall, every morning, at six o'clock in the summer, and at half an hour past eight in the winter; and every evening, at six o'clock in the summer season, and at half past four in the winter. The service to be performed by the President in the evening, and by the Professors and Tutors weekly, in rotation, in the morning.

##### Section 4.

The stated hours for study shall be the following, namely: from six to eight, and from nine to twelve in the forenoon, and from three to six in the afternoon, during the summer session; from nine to twelve in the forenoon, and from two till five in the afternoon in the winter.

#### CHAPTER II.

##### Section 1.

There shall be four Classes in the college, namely: the first, of Languages; the second of history and Belles-lettres; the third, of Mathematics; and the fourth, of Philosophy.

##### Section 3.

Every student admitted into either of the aforesaid Classes, shall pay to the Treasurer for the time being, the sum of two dollars and fifty cents, to be applied to any purpose which the Trustees may judge calculated to promote the interest of the College.

#### CHAPTER III.

##### Section 2.

##### Section 5.

No student shall be absent from his quarters in the evening after seven o'clock in the winter and ten o'clock in the summer.

#### CHAPTER IV.

##### Section 1.

EVERY student shall salute and address the President, Professors, and Tutors with due respect, and while within the college walls, remain uncovered in their presence. They shall also treat all men with decency and good manners, and appear clean and neat whenever they attend the business of the college, upon penalty of admonition, as the case may require.

## ALBANY HIGH SCHOOL DEFEATS SOPHOMORES

Last Friday afternoon the sophomores played Albany high school at Ridgefield Park, Albany, who won by the score of 5 to 0. The game although marred by considerable roughness was hard-fought and exciting throughout. The high school was out-played during the entire game, both on the offence and defense but won on the inability of the sophomores to handle punts and the failure of several forward passes. In the second period the high school recovered a fumbled punt on the sophomores fifteen yard line. Here a pretty forward pass was executed for a touchdown. The only allowed score of the game. In the third quarter the sophomores continually threatened Albany's goal line but were unable to score, being held on the one yard line for downs. The fourth period was a repetition of the third, the sophomores scoring a touchdown on a free fumble, Hagar covering the ball. The referee allowed the touchdown only to re-

verse his decision on a doubtful technicality within a few minutes. The high school was given the ball punting out of danger, time being called after the next play.
