## BASEBALL PROSPECTS.

### A Good Team Expected.

At this time it is rather risky to make any definite statements regarding the baseball team and its prospects. It perhaps would not be wise to do so for some reasons, not the least of which is, raising the hopes of the students to a high pitch only to see them shattered later on as such might possibly be the case. A comparison of candidates so far as known at this time with those of other years seems to indicate a strong team for Union this Spring. It is true that of the old players there are very few who are left or are available—Ladue, Dunn, Mackey and Stewart. The Freshman class has much promising material in it; in fact, more men of ability in this line than has been the case for some years past. The men from the Albany departments, no doubt, will be a big factor and a great help to the team this year. It is noticeable, also, that the number is larger and the ability greater than seems to have been the case for some time past. In addition, there are some men in the Sophomore class who, while perhaps not up to the mark last year, are giving a good account of themselves and it would not be surprising if one or more of these men were found among the regulars at the end of the season.

It is pleasing to note that one thing which has been very destructive to the make-up of a successful team for some time past is absent and that is lack of competition for the different positions. For instance there are four or five candidates who are catchers, pitchers and first base men, respectively, to say nothing of the other positions. Coach Bergen in reviewing the prospective players recently said: "It will be some task to pick the men who will represent us for the first few games at least."

It is urged that all men who play ball at all, come out and stay out, at least for these first few weeks. It is only by having a good scrub cut at all times that a team can get the training

which is necessary to put it in shape for the hard schedule which is soon to start. The diamond will soon be ready to play on and then good hard practice will set in and which at the same time will prove more interesting to every one, than the preliminary work so far done and under such adverse conditions.

It is planned to have a Union second team with a view to giving candidates more encouragement to stay out and besides to furnish a first class scrub for the 'Varsity at all times. If this idea is carried out a schedule will be arranged including both home and out of town games. The material is such that a very creditable second team can be formed and one that will be worthy of being so called. This idea has been talked up a great deal and it is hoped a second team will result which will appeal to all candidates and be worthy of the support of the student body.

In regard to the Albany men it is hoped that the fellows will get to know them and will make it interesting for them to come over here and play. It is difficult for the men to come over here and we should give them as much encouragement as possible and in this way further the feeling between the College and Albany departments. These men are making a big sacrifice in giving up so much of their time and we should do all we can to help them. It is all for the team and the glory of Old Union.

### COBURN PLAYERS HERE ON MAY 31.

Arrangements have been made with the Coburn players for two outdoor performances of Shakespeare on the college grounds on the afternoon and evening of May 31. The plays are to be given under the auspices of the English department. This summer the Coburn players intend to give several of the comedies of Shakespeare, the Canterbury Pilgrims, by Percy Mackaye, and the Elektra of Sophocles, and the selection of

plays for the performance here will be made from this list.

During the past season the Coburn players have given their open air productions at Harvard University, Yale University, Columbia University, Radcliffe College, Bryn Mawr, Smith College, Brown University and Barnard College. While their productions, owing to a decided educational value, appeal in a special manner to college students, they are by no means confined to that class, but are also calculated to charm the theater-goer who merely seeks amusement. In the open air the characters take on a new importance and seem to be living, rather than acting their parts.

The singing by a quartet of men's voices to furnish the incidental music instead of an orchestra is another feature that tends to add to the unartificial atmosphere of the performances. It was only after long and assiduous research that the songs sung by the choristers were found and arranged. The cast for the performance has been selected with special care from actors who are Shakespearean enthusiasts and who add the result of much study to their art, making a company of players of unusual ability.

#### UNION COLLEGE CHRISTIAN ASSOCIATION.

##### For the Year 1909-1910.

In looking back over the work of the association during the past year the President desires especially to render thankful acknowledgement for the staunch support of the members of the cabinet. Where we have succeeded, we have succeeded together. Where we have failed, we have failed together, but where there has been failure it has been mainly the fault of the President, because he has not made the best use of the faithful allies around him. To certain of the members of the cabinet the President is so deeply indebted that they can never know how much he appreciates the encouragement and the help that they have given him.

We feel that we have been able to accomplish something for the upholding of that which we consider the highest and best in college life. Yet we are conscious of many failures and neglected opportunities. May we not, however, with some feeling of satisfaction, but at the same time in a spirit of humbleness take some consideration of the things that through our feeble agencies have been somewhat instrumental in strengthening the spirit of Christ in our college?

During the year we have tried to have the strongest possible men to speak at our Sunday Vespers on subjects that would be helpful to the best life of the college, such men as Dr. Alexander and William J. Schieffelin of New York, Hon. Thomas M. Osborne of Auburn, and Dr. Rockwell H. Potter of Hartford. We have been gratified to note that the attendance at the Vesper services has more than doubled during the year. Yet we feel that there is a great opportunity for development in this line, as increased funds may make it possible to secure more of the ablest outside speakers.

In the department of Bible study we have seen increased interest. The regular attendance at the Bible study classes shows a decided gain over previous years. Yet we have become convinced that Bible study can not mean what it should at Union until we can have the group plan that is meaning so much to the spiritual life of many other colleges.

From the standpoint of the missionary committee it is impossible to make a fair estimate now, for the class in foreign missions will not

begin till the opening of the spring term. The course on the social problems of the home field for six weeks during the fall term was well supported and aroused considerable interest. Further, we feel that the attitude toward foreign missions has been greatly strengthened through the influence of the Student Volunteer Convention at Rochester, and through the visits or talks in chapel of Wilbert Smith, Mr. Hillis, Dr. Zwemer and Sherwood Eddy. The intensifying of our missionary spirit is one of the most important tasks still before the Y. M. C. A.

The work of the deputations committee has been far more extensive than ever before; and I think that we have come to see far more clearly the great value of this outside work among other Y. M. C. A.'s, churches, boys' associations and the foreign speaking population of our city.

The work of the social committee has been more active than in previous years. Three delightful social events have taken place under the charge of this committee, a reception to our new President, the usual reception to the Freshman and an informal evening together when Dr. Alexander was with us. We feel keenly that as our funds permit, this phase of our work should receive more attention.

Through the faithful work of an efficient handbook committee the booklet has been made more attractive and valuable than any previous issue.

In the realm of our finances we have felt no serious stringency, although a great budget is our imperative need, if the scope of our work is to be increased to the extent that we all desire. The treasurer has introduced into our financial account careful, businesslike methods, which are to be especially commended.

The membership committee conducted an active and highly successful campaign during the early days of the college year. Subsequent work by this committee was seriously interfered with, because the valuable services of the chairman of the committee were needed as vice president in many other important phases of our work.

Through the efforts of the Northfield committee our delegation was the largest from New York State and the largest in the history of our association.

The newly created house committee has been

able to maintain a well stocked table in the reading room, and through a substantial surplus in our endowment fund the house committee has initiated plans which will meet a long-felt need of beautifying our association building in the very near future.

It might be added that good delegations have been sent to represent Union at the Student Volunteer Convention at Rochester, at the conference on the ministry in New York, and at the State Y. M. C. A. Convention at Syracuse. Also that at the invitation of our association the conference of Y. M. C. A. presidents is to meet with us in April and that plans for the conference have already been begun to be made.

It is fitting that we should give expression of our gratitude to Dr. Silliman, President Richmond, many loyal members of the faculty, many of the city ministers, to Mr. Cocks, '98; to Dr. Potter, '95, and members of the state and international committee. And surely we must not close this report without a word of hearty appreciation for the loyal support and kindness of the entire student body.

In conclusion: The retiring cabinet honestly feels that substantial progress has been made. Yet none realize more fully the mistakes that we have made, the opportunities that we have neglected. It is our deep conviction that our Y. M. C. A. can be made to become a far more powerful and wonderful force for right living and rational, manly Christianity in our college life. Upon the incoming cabinet rest our heartiest best wishes, and our earnest prayer and belief that through them the work will be carried to an influence hitherto unreached, to the position that we all feel it ought to occupy in college life.

Respectfully submitted,

SAMUEL MCCREA CAVERT,

March 15, 1910.

President.

**Y. M. C. A. CONFERENCE** This week Thursday there begins at Union a conference of the Y. M. C. A. Presidents from about fifty colleges and universities in the Eastern states. The number of delegates who will be present at the conference is expected to be about sixty or seventy. Last year this convention was held at Harvard University and we think that it is a great privilege both for the Y. M. C. A. and the College to be allowed to have this gathering of men at our institution. It certainly will mean a great deal to the work of the Christian Association for the next year and we hope that the fellows will enter into the spirit of the conference and secure much benefit from the meetings. The men will be entertained largely on the Hill by the fraternities who have kindly consented to help in that way. We must do our best to make these men see that our college in every way is one of the best in the country and we can do that in many ways. Show them how we can support the activities of the Association and in that way as well as in many others they will receive a good impression of our college and our student body. The results are for both the Y. M. C. A. and the college.

**FRESHMAN BASEBALL** The Freshman have already begun to come out for baseball but as yet only a few have answered the call. It is necessary that all who possibly can, come out at once. The schedule already includes many rather harder games and a good squad will be needed out daily in order to develop a good strong team. It will be of great help to the college if the freshman team can win a majority of the games on its schedule but this will be made possible only if the men get out early and practice regularly. Show your class spirit and your college spirit by getting into the game at once and in that way be of help to yourself and the college.

**SILLIMAN HALL** As many men already know there have recently been some repairs made in Silliman Hall. The walls downstairs have been retinted, some new furniture has been bought and there is more yet to be done. There has long been need of fixing up the interior of the building and this year the finances

of the Association allowed such a step. When it is completed it is hoped that many more men will use the building than formerly but it is hoped and expected that they will show more regard for it that has sometimes been shown in the past. It is for the use of all the students but that does not give the right to misuse it. Just bear this fact in mind when you are in the building and let everyone do his share in keeping the place in good condition so that it will always look well.

#### PRESIDENT'S CONFERENCE OPENS TONIGHT

The first session of the annual conference of the presidents and graduate secretaries of the Christian Associations of the colleges in the Eastern States will be held this evening at Silliman Hall. The most interesting feature of the meeting will be an address on "The Problem of the People" by Lawrence Vieller, chairman of the United Charities Organization of New York city.

About sixty delegates, representing all the important Eastern Colleges, including Yale, Harvard, Princeton and Cornell, are expected to be present. The majority of them are expected to arrive on Thursday morning or afternoon when they will be immediately assigned to places of entertainment. It is hoped that provision can be made for all the delegates on the "hill." The fraternities will take charge of a large number, while several are to be entertained at the home of the professors.

The conference is to continue until Sunday night and three sessions will be held each day with the exception of Friday when the afternoon will be spent in showing the delegates about the city. The Union Y. M. C. A. has procured passes allowing the delegates to visit the General Electric Works. A special car will take the delegates from the college to the works and guides will be obtained to take charge of the party on their inspection of the works.

Besides Mr. Vieller, who is to give the opening address there will be many other speakers who are prominent in the International Y. M. C. A. committee. Among these are E. C. Carter, the executive secretary; Frederick Harris, secretary from the East; F. P. Turner, the general secretary, who was in charge of the Student Volunteer convention held at Rochester; Wilbert Smith, as-

sistant field secretary; David R. Porter, secretary for preparatory schools; Frank C. Myers, New York State secretary, and Orin G. Cocks, Union, '98, who represents the Students Club.

#### A Graduate Secretary for Union's Y. M. C. A.

A movement has lately been started by those interested in the Y. M. C. A. work at Union to raise a fund for the securing of a graduate secretary for next year. All of the large colleges have such secretaries connected with the Christian Associations, and it is felt that an alumnus, filling this position at Union, would be of great aid to the work of the Y. M. C. A. A committee has been chosen to raise money for this purpose. The Y. M. C. A. hopes to secure a budget of \$1,200 with which to carry on the work of the Association next year. Part of this is to be used as the salary of the graduate secretary, and the rest will be spent in obtaining prominent speakers for the meetings, and in defraying the numerous other expenses connected with the work of the association.

#### Y. M. C. A. Cabinet Appointed.

After careful consideration President Faust has appointed as members of his cabinet to assist him in next year's work, the following persons as the heads of the different committees:

Bible Study—James H. Potter.

Mission Study—H. N. Trumbull.

Social Functions—Chatfield Bates.

Northfield Conference—Henry Schermerhorn.

Membership—K. Walser.

Deputations—Charles Duhscherer.

Silliman Hall—Ernest Gilbert.

Hand Book—Eugene Fink.

#### DR. HOFFMAN INVITED.

##### Will Read Paper at Yale.

Dr. F. S. Hoffman, of the philosophy department at Union, has been invited to read a paper at the commencement of the Yale Divinity School, which is to come May 30, 1910. The subject which he has been asked to discuss is "The Present Day Conception of the Imminence of God." His treatment of it will undoubtedly be very interesting and instructive and we hope to be able to give the students an opportunity of reading it.

**CONDENSED HISTORY OF UNION COLLEGE.****Proceeds to Go to Gym Fund.**

Some time ago we printed an article concerning a short history of Union which was to be on sale in the college office, the proceeds from which were to go toward the gymnasium fund. There has been some delay in having the books sent here and, consequently, have not been on sale in the office. However, it is expected that these books will be here about the last of this week when they may be procured.

It is through the kindness of Dr. Leander Hall of the class of 1856 that these histories are offered for sale at such a low figure. When printed they were to be sold for \$2.50 per copy, but the price to the students has been put down to \$1.00 per copy. However, no more than two copies can be sold to any one purchaser at that price. There is only a certain number of them to be had at this price, so those who are particularly anxious about having copies should put in applications in the office at once. The books will be delivered in the order of the application at the college office.

The book is a handsome volume, bound in heavy garnet cloth. It has 160 pages and contains a condensed history of Union College from 1795 to 1906, together with a brief history of the famous class of 1856, which includes some of Union's most widely known sons.

It contains these special features—historic and memory sketches of the faculty of 1856; forty-one full-page half tone illustrations, including three Union College presidents, eight professors, twenty-three members of the class of 1856, six college scenes and "Uncle Jimmie" with his mail bag.

This history is an excellent one for the price and will be read with great interest and profit by all who purchase copies. It is a fine opportunity for the student to obtain a history of his alma mater and every student should have such a history, which he may preserve for many years to come. This book is well written and will be a great inspiration to all who read it.

The entire proceeds will be turned over to the new gymnasium fund and this, not taking into consideration the fact that they are in themselves beautiful mementoes of old Union, should

make the demand far greater than the supply. Orders will be taken at any time now in the office and they will be filled as soon as the books arrive.

**SENIOR CLASS MEETING.**

After the regular college meeting last Monday the senior class held a short meeting to hear the reports of several committees on Commencement arrangements.

Walser, for the cap and gown committee, reported that two different prices had been obtained for the cap and gown, one of \$5.75, the other of \$6.50. These prices are about \$5.00 less than was paid last year and the cloth is guaranteed not to fade. Walser also stated that the committee would be at his room in Silliman Hall from 2:30 to 3:30 p. m. on Monday, Tuesday and Wednesday, in order to take the measurements for the caps and gowns, as it was necessary to have the order in this week.

Van Deusen, for the invitation committee, asked that the fellows decide as soon as possible on the number of invitations which each man desires. He also announced that the price would be 15 cents each or \$1 for seven.

Potter, for the senior ball committee, reported that the library had been obtained in which to hold the senior ball. The library committee had had some objections at first to the proposition, but it was finally decided to allow the ball to be held there as usual. He also stated that the orders had been decided upon and that all necessary arrangements are progressing as rapidly as possible.

Irish, in reporting for the senior memorial committee, showed a blue-print of a plan for remodeling the Blue Gate. The plan is in harmony with the general style of fence which is to be built from the Public Library to Library Lane and which is to be finished by May 25. The cost of such a gate would be \$300 or perhaps a bit less. Vedder moved that a tax of \$6.00 be levied on each man in the senior class to defray the expense of building this gate as the memorial of the class of 1910. This motion was carried and Irish moved that May 1st be the last day on which the tax can be paid and this motion was carried.

The class was then adjourned.

## THE FLONZALEY QUARTET.

On Thursday evening, March 31, the third musicale of the series arranged by President Richmond was given in the college chapel. The attendance was larger than that of either of the other two concerts, the chapel being crowded. The Flonzaley Quartet furnished the entertainment, delighting the audience by their superb rendition of their difficult program. The quartet is composed of two violins, a viola, and a 'cello. The program follows:

Mozart.....Quartet in B flat major  
(Koch 458)

Allegro vivace assai.

Menuetto.

Adagio

Allegro assai.

Guis Sanmartini "Sonata a tre" for two violins  
and 'cello

Introduzione quasi recitativo

Allegro con brio

Dolente—Andante amoroso

vivace

Dohnanyi.....Quartet in D flat major No. 2

Andante—Allegro

Presto acciaccato

Molto adagio—Animato

President Richmond hopes to be able to arrange other musical treats in the near future. This series of musicales was well patronized by the students and general public.

## THE COMPLETE TENNIS SCHEDULE.

The tennis schedule for this spring now contains many of the best colleges of the country. The tennis management has been especially fortunate in arranging for all but the first three games to be played on our own courts. The complete schedule is as follows:

May 7—Wesleyan at Middletown.

May 9—Trinity at Hartford.

May 10—Amherst "Aggies" at Amherst.

**TO IMPROVE THE QUALITY OF ORATORY.**

A practical plan to improve the quality of oratory in the American colleges has been launched by the International Lyceum Association, which is the clearing house of all the interests of the Lyceum and Chautauqua movement of America. It is proposed to offer prizes for a grand clearing contest of those who have been winners in the various leagues; and have this "meet" in connection with the annual convention of the association, which is held this year at Winona Lake, Indiana, at the famous assembly grounds, September 1-10, inclusive. Some three hundred dollars are to be offered in prizes and a spirit of co-operation on the part of the colleges is already manifested.

The work is in charge of an academy of the leading critics and educators of the I. L. A., of

which Dr. Richard C. Hughes, secretary of the Presbyterian Board of Education for State Universities, is chairman.

For further particulars, address the International Lyceum Association, Steinway Hall, Chicago.

**OFFICERS FOR CLASS DAY EXERCISES.**

At a recent meeting of the senior class the officers for the class day and ivy exercises were elected. Among the officers are some of the ablest members of the senior class and the exercises should be unusually interesting this year. The following is a list of the officers:

Marshal, Philip F. Shutler; class orator, A. E. Carmichael; pipe orator, William Neilson; ivy orator, H. C. Macomber; class historian, R. M. Bartlett; class poet, H. K. Hutchens; class prophet, H. P. Stewart.

**A TYPEWRITER FOR STUDENTS.**

Many students and teachers all over the country, especially those having literary aspirations, find the typewriter a great convenience. In fact, any one who intends to become an author or a contributor to magazines or newspapers, will find the typewriter a necessity, for publishers nowadays will not accept hand-written manuscript. Furthermore, the typewriter is a valuable assistant to the student during his school years, for it greatly facilitates the preparation of his essays and other written work, and the ability to use the typewriter proficiently is an advantage to any person, and one that will never be regretted.

For many years the price of typewriters has been beyond the reach of most students and teachers, but now a first-class machine can be bought at a reasonable price, and on very easy terms of payment—small monthly installments if desired. The Royal Typewriter Company is selling many machines to students and teachers in all parts of the country on very liberal terms. Their advertisement appears for the first time in this issue of the Concordiensis. The Royal

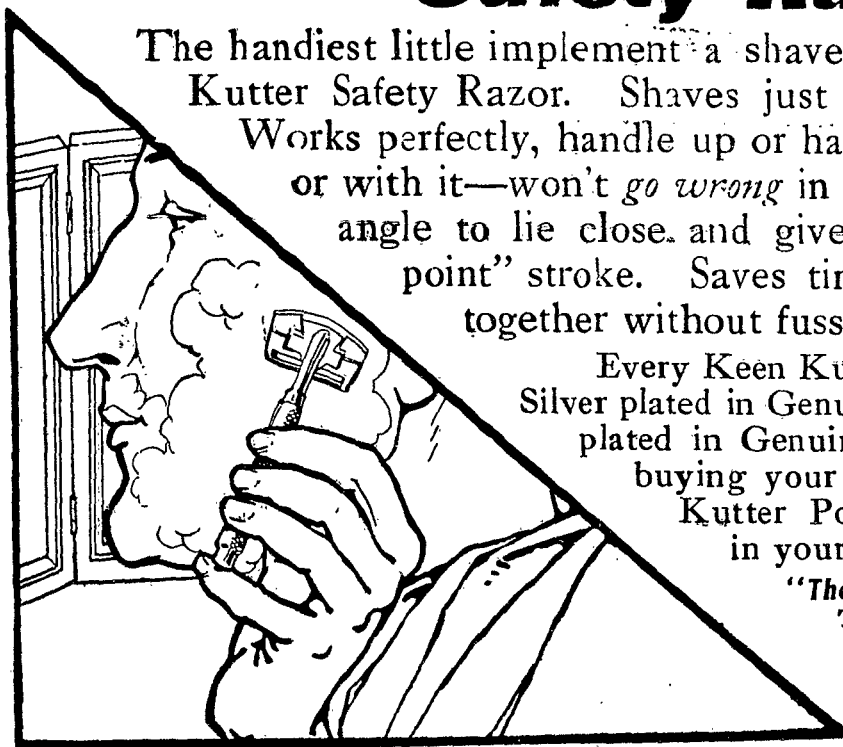

Standard Typewriter is peculiarly adapted to the use of students and teachers; being light, compact and portable, and, if simplicity contributes to durability, it certainly should be a durable machine, for it is undoubtedly the simplest typewriter made. It is a visible writer, with standard keyboard and all other essential up-to-date features. Those contemplating the purchase of typewriters should by all means examine the Royal.

The next issue of the Concordiensis will be the last one under the present board. It is absolutely necessary, therefore, that all members of the board be present at the last meeting which will be held Thursday afternoon at five o'clock in the Chapel instead of Silliman Hall.

Among the editorial contributors to the two new volumes of the Century Dictionary are Dr. Landreth, who writes on civil engineering, and Dr. Steinmetz, who writes on electricity.

If you have any college spirit, keep off the grass. The college is doing its best to improve the appearance of the campus and the students should lend their aid in every way possible.

## Right Hand or Left Hand—but Never Be- hindhand if Shaving with a **KEEN KUTTER** **Safety Razor**

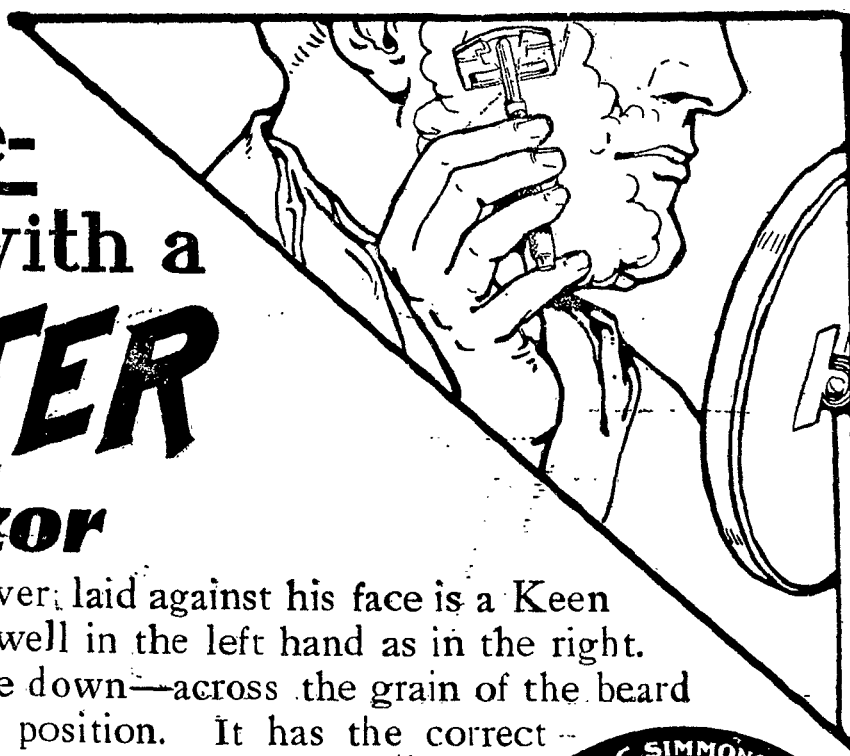

The handiest little implement a shaver ever laid against his face is a Keen Kutter Safety Razor. Shaves just as well in the left hand as in the right. Works perfectly, handle up or handle down—across the grain of the beard or with it—won't go wrong in any position. It has the correct angle to lie close and give the genuine, slanting, "heel to point" stroke. Saves time to the shaver because it goes together without fussing.

Every Keen Kutter Safety Razor is fully guaranteed. Silver plated in Genuine Black Leather Case, \$3.50. Gold plated in Genuine English Pigskin Case, \$5.00. When buying your Keen Kutter Safety Razor, get a Keen Kutter Pocket Knife, too—it's the handiest thing you can put in your pocket.
