UNION UNIVERSITY

ANDREW V. V. RAYMOND, D. D., LL. D., Chancellor

UNION COLLEGE, SCHENECTADY, N. Y.

1. Course Leading to the Degree of A. B.
 2. Course Leading to the Degree of B. S.
 3. Course Leading to the Degree of Ph. B.
 4. General Course Leading to the Degree of B. E.
 5. Sanitary Course Leading to the Degree of B. E.
 6. Electrical Course Leading to the Degree of B. E.
- This differs from course 4 in substituting special work in Electricity and its applications, in place of some of the General Engineering Studies. This course is offered in co-operation with the Edison General Electric Company, under the immediate supervision of Prof. C. P. Steinmetz
7. Course Leading to the Degrees of Ph. B. and B. E.—A six-year course covering all the work of Course 4, and including much of Course 3, the literary studies being distributed through all except the last year. The qualifications for admission are those required in both courses, and at the conclusion the two degrees are given.
 8. Graduate Course in Engineering Leading to the Degree of C. E.—A course of one year offered to graduates of courses 4, 5 or 6.

UNION COLLEGE, APR. 27, 1907

No. 24

Union's Track Prospects.

For so long a time has Union been a weak factor on the track that with the revival of interest this spring it seemed fitting to have a forecast made of our prospects for the coming season. The work has been compiled by a member of the team who knows the strong and the weak points of all the positions.—Ed.

* * *

Union's track team for the past five or six years has been anything but a strong point in her intercollegiate activities. A glance backwards reveals the fact that we have won but one athletic meet in the past eight years—the dual meet against Rochester in 1905. Last year we lost the three dual meets in which we participated, and also the relay race against Colgate, and it seems as if the time for a reaction must be at hand and that this year Union must turn out a winning team. We have started the season in a proper fashion by taking the relay race from R. P. I. by a good margin. Dr. Macomber has shown his ability in turning out this winning team and it is upon him that we depend for our further success this season.

We have no stars in the athletic line—men who by their all-round superiority can make a winning team—but we have what is really more substantial, a good amount of solid, promising material—the material that such a man as "Doc" can round into winning form. Besides the material in college, we can draw from Medie this spring two men of no mean ability, Wheeler and Ayers. Wheeler has already shown his mettle by winning the hundred in the inter-class meet in 10:2, and by running fourth man on the relay team. Ayers is a good middle distance man, and he can also negotiate about 5:4 in the high jump.

What we need most especially, as the team

stands, are milers and hurdlers. In the hundred we have Wheeler, a sure point winner; Streibert, Dwyer and Roosa, all consistent runners. Hendricks, who ran a pretty race on the relay team, is a likely man in the sprints. So in the hundred, as in the two-twenty, we should more than hold our own in all of the meets this spring. This leaves out of calculation the freshmen, who may develop a good man before the season closes.

In the four-forty Wheeler and Streibert are very strong, the former carrying off honors in the inter-class event in the good time of 53:3. Dwyer, Hendricks and McCormick are all improving in form daily, and should develop into sure place men before our first meet.

In the half mile are Raymond, Levi Parsons and Ayers. "Young Prex" is a consistent runner, and may be depended upon for his points in this event. Parsons, too, won his "U" in the half at Rochester in '05, winning the event in 2:6 2-5.

It is in the mile run that there is a serious gap in our forces, and we have not a veteran miler on the team, Captain Flowers being properly a two-miler. Finch, who was out for a short time last year, has a free, easy stride, and is a likely man for honors in the position. Still there is a decided weakness here, and it seems to devolve upon the freshmen to produce a man who can make points in the event. There is a good squad out for practice daily, and perhaps a dark horse may appear who can take honors in the mile.

The two mile run is ably covered by Captain Flowers, but the lack of second and third place men makes this position rather weak the way it now stands.

In the low hurdles we have a sure man in Roosa, who captured that event at Rochester

last year in 27:2, within two-fifths of a second of the college record. He is the lone supporter of the Garnet in this event, and here, too, there is a gap to be filled in by second and third place men of ability. The high hurdles are taken care of by Langley, Streibert and Fullerton. The two former finished first and second in the Rochester meet, and Fullerton took second in the Trinity event. There is hope that with proper coaching these men may develop better form this season and be a little stronger in the event.

Of last year's high jumpers no one is left but Weyrauch, who negotiated 5:4 at last year's inter-class meet. He jumped for the first time last year, and shows a lack of coaching and experience. Dunn, a freshman, cleared 5:3 3-4 last fall, and Dr. MacComber is working to develop Paul, another promising freshman, in this event. Ayers from Medic has had considerable experience in the event and will doubtless prove a strong figure.

The broad jump is taken care of by Streibert, who last year broke the college record at Rochester, but men are needed for second and third place to clinch the event for Union in the coming meets.

Of last year's pole vaulters we have Shutler (who has not yet come out this spring) and Streibert, who tied for first at R. P. I. last year at 9:6. Dunn has done good work along this line, clearing over 9:4 in ont of last fall's meets, and if he will be able to compete this spring he will greatly strengthen the event.

The shot-put has but one champion—Rankin. He took second in the Rochester meet last year, and is now in practice, pushing the lead out for over 34 feet daily. Here again we are in decided need of place men. On the hammer Rankin and Weyrauch both made good last year and formed good seconds to Closson, who broke his own record at Rochester. Both, however, have lots of room for improvement. Dunn, who has been doing good work with the twelve-pound hammer, should prove a valuable addi-

tion in this event, and in every meet we should hold our own.

This completes then the list of events. The track team as it appears on paper lacks second and third place men. In nearly every event we have one good man, and in a few we have the full quota. The same trouble is manifest this year as in other years. One man has to fill the place of two or three, instead of two or three trying for the one position. However, there is a fine squad out for daily practice, and from the new men some good material ought to manifest itself, so as to balance the team more evenly.

The team, in spite of obstacles, is in a very favorable position to win its meets. Enthusiasm is one thing that should prove a great aid, and if the fellows would come out to express their interest at daily practice it would be a great encouragement to the men on the team. We have the material, and we think that it will be developed into a good, strong team before the end of the season.

Peace Conference.

A meeting of the students and the members of the faculty, who were interested in the Peace Conference, was held in Silliman Hall on Tuesday evening last to hear the report of the delegates from Union who were present at the conference in New York City.

Dr. Raymond was the first speaker, and he gave a most interesting account of the formation of the first Peace Societies in this country, from which have grown the great movement now commanding world-wide attention. He then spoke in detail of the cause of such a convocation, and of the interest and merit of the men who took part in it. Such men as Root, Hughes, Bryce, Hale, Eliot and others who are known as practical men always command attention, and for this reason, if no other, the convention attracted the attention of every thinking man.

Dr. Raymond concluded his remarks by saying that the principle thing emphasized in the

meeting was that "War ought to be abolished and some day it will be by civilized people."

Dr. Hoffman then spoke for a few moments about the different gatherings which were held during the three days, and of the principal speakers at each. He said that there was first a University meeting, then a meeting devoted to College interests, another for women, and yet another for children. He then gave us the substance of the addresses of Mr. Adler, Mr. Meade, Baron d'Estournelles de Constant, Dr. John Rhys, vice-chancellor of Oxford; Mr. Roberts, vice-chancellor of Cambridge, and Mr. Bryan. Dr. Hoffman fittingly ended his remarks by saying that Dr. Hiccock, who was president of Union, wrote of this "great peace movement," which he firmly believed would some day be considered by every nation of the earth.

Just before the adjournment of the Peace Conference the Cross of the Legion of Honor was given to Andrew Carnegie in token of his great work for the benefit of humanity, and Mr. Carnegie, in accepting it, made a short address that will be remembered for a long while by those whose fortune it was to be present at such a conference.

Dr. Raymond's Work Comes From The Press

Union University, Its History, Influence, Characteristics and Equipment, with the Lives and Works of Its Founders, Benefactors, Officers, Regents, Faculty and the Achievements of Its Alumni is the title of the work of Dr. Raymond that has just come from the press.

Dr. Raymond in his editorial note makes a resume of the contents, saying: "This is not so much a history as a compilation. It brings together from many sources authentic data connected with the origin and growth of Union College and the other departments of Union University. Care has been taken to include everything of permanent interest, and it is believed that no important document has been omitted. In this lies the chief value of the publication."

In spite of the modest editorial announce-

ment the volume comprising the history of the college is replete with many personal touches of the president's own pen. The entire history is most exhaustive in its detail and the reader is led through the conditions of the first conception of the college and the presidencies of the many noted men of the past up to the present day Union as we all know it. Every topic of interest is given full consideration and the influence of our institutions of every nature made the subject of comment. This includes a history of the founding of the literary societies and the Greek letter fraternities. In Chapter XXVIII, entitled "Retrospect and Prospect," a resume of the work is made, part of which reads as follows:

"Union College owes its origin to the conditions created by the Revolutionary War, and was designed to meet the needs of the new national life, as was affirmed in the first petition presented by seven hundred and twenty citizens of Northern New York in 1779. . . . It has the distinction of being the oldest denominational college in America. For many years it was the only college in the State north of New York City. In the one hundred and ten years of its life it has enrolled 7996 students and graduated 5309. Among the Alumni have been a president of the United States, two Justices of the Supreme Court of the United States, six United States Envoys, six Cabinet Officers, two Speakers of the House of Representatives, one hundred and thirty Congressmen, twelve Governors, six Major Generals, eight Brigadier Generals, two Rear Admirals, and forty-five College Presidents."

The influence of Dr. Eliphalet Nott is made the subject of a considerable portion of the first volume. The second and third volumes are taken up with biographical sketches, compiled by the publishers, of a number of alumni at present living, and the University faculty.

An interesting feature of the work is the financial review. In this it is shown that since 1897 the college has incurred no debt, and at present does not owe a dollar. The invested

funds of the college at present amount to \$600,-000.

Dr. Raymond's work has been one of arduous compilation and careful collection of the documents of the entire history of the college. The work, as is intended, will on this account be a very valuable asset to the library of every one connected by association with Old Union.

College Briefs.

Assistant Manager Watson of the Glee Clubs is making arrangements for a trip to Gloversville, to occur in a week or two.

* * *

The Senior Engineers, by special notice, packed their lunch and made an early morning trip to Spier Falls on Friday. An eight-mile walk added interest to the inspection.

* * *

Chairman Parsons of the Senior Banquet Committee announces a decided novelty from the ordinary run of banquets. Just what is to be done and eaten will remain a secret until the proper time.

* * *

The Union College branch of the Intercollegiate Civic League will hold its initial meeting in a week or two, the date to be announced later. President LaCrosse has appointed an executive committee, consisting of Weyrauch, '08, Hanigan, '08, and Brunet, '09, to draw up a constitution, and this committee will report at the first meeting. The faculty members of the committee are Dean Ripton and Prof. Opdyke.

* * *

The track, with the advent of warm, dry weather, is getting into fast condition. The men out for the sprints are getting daily practice in starts on the north side of the track. The jumping pits are in condition and the long distance men are still doing cross-country work.

* * *

In a four-inning game on Thursday afternoon 'Varsity tied with S. H. S. by a score of 1-1. 'Varsity seemed to consider it too much in the

light of a practice game and did not get into the game with determination.

* * *

The Rutgers-Union Debating team has been selected and will consist of Hanigan, '08; LaCrosse, '08; Weyrauch, '08, and King, '08. On the night of the debate—the tenth of May—Hanigan will act as alternate and the other three men will speak in the order indicated.

* * *

The entire set of baseball bleachers is in position for the practice games and the regular intercollegiate game today. Pratt Institute will play on the campus and it is the hope of 'Varsity to retrieve the two other defeats of the season by a good victory. The diamond is in good condition, and with proper weather the game should prove an interesting one.

* * *

From the Junior Class those who made the prize stage are Shelley, LaCrosse, King and Hanigan. They will speak in competition for cash prizes as a part of graduation week's regular program.

* * *

Union's track meets this year will consist of dual meets with R. P. I. at Troy on May 11th, with the Edison Club on the campus on May 18th, and with Trinity at Hartford on the 30th. If our application receives favorable acceptance from the Intercollegiate Association the track team will also compete in the intercollegiate meet at Hamilton on May 25th.

* * *

President Raymond has announced that the authorities in charge of the armory have granted permission to the Alumni Association of the college to hold the annual Alumni dinner there during Commencement week. Owing to restrictions placed by law, this permission was obtained only with considerable trouble.

* * *

Manager Watson of the Garnet at last has the joyful news that that long-awaited publication will make its appearance in a week. The publication is one of unusual interest and we'll

tell more about it in our next week's edition.

* * *

C. B. has posted the annual announcement of the fee required from the Seniors in return for their sheepskin at commencement time.

* * *

Next winter term an interesting series of lectures on archaeological subjects will be delivered by Rev. J. Putnam Cady of Amsterdam.

* * *

Y. M. C. A. services will be held as usual Tuesday evening and Sunday afternoon in Silliman Hall.

Alumni Notes.

✓ '17. The settlement of the estates of Gabriel Bouck, a graduate of Union College, by the Wisconsin courts, discloses that he left a fortune valued at \$600,000. Mr. Bouck upon graduation was conferred the honor of Phi Beta Kappa, and since then he has been one of our most noted present day graduates. He was Speaker of the Wisconsin House of Representatives, Member of Congress from that State, Colonel in the Wisconsin Volunteers, Attorney General. His residence at the time of his death was at Oshkosh, Wisconsin, where he had taken up the study of law after his graduation from Union.

✓ '67. Rev. Teunis Slingerland Hamlin, D. D., one of the most illustrious Presbyterian clergymen in the East, died from a stroke of apoplexy on Wednesday evening, April 19, in New York City, where he had been attending the International Peace Congress.

Dr. Hamlin was born May 31, 1847, in Glenville, Schenectady County, New York, and resided at Washington, D. C., where for twenty-one years he had been pastor of the Church of the Covenant.

At the centennial anniversary of Union College in June, 1895, he was a member of the committee of five alumni appointed for furthering the financial interests of the university. At this celebration he delivered an admirable address on "Union College in the Ministry."

Dr. Hamlin was a member of the Union University Alumni Association of Washington, and in 1904 was president of that society.

✓ '01. Richard Warner, after three years traveling in South Africa and Japan, in the interests of the General Electric Company, has returned to the main office of the company in this city.

✓ Ex-'07. E. I. Rogers of Providence, R. I., will be married in July to Miss Ethel Hazard Cooper of the same city.

Junior Banquet.

The Junior banquet was held last night at the Edison Hotel in this city. The committee that had the affair in charge consisted of Hildreth, chairman; Curtis and Fullerton. Following the banquet the following men responded to toasts: H. W. Bell, toastmaster; H. Hildreth, Weyrauch, Shelly, King, Bailey, Helm, Vogt, Fullerton and Preston.

Campus Improvements.

On Tuesday and Wednesday the special meeting of college trustees to investigate the improvement of the campus met, and decided upon a definite course of action to pursue. The two days were spent in a thorough investigation of campus conditions, and the members of the committee, consisting of Dr. S. Barney, Hon. George F. Seward, and Frederick W. Cameron, carefully examined the entire campus. It is the purpose of the trustees to carry on the work of improvement until the grounds and all the buildings are in proper condition. All that will be attempted before commencement is the straightening of roads and paths, the opening of a new avenue from the library to Union Street, and the replacing of the broken parts of the terrace wall.

A special committee of the trustees is considering the general plan for the erection of a new engineering building and the erection of this will probably start before the end of another year.

Sigma Xi Elections.

During the week the local chapter of Sigma Xi held its annual election of undergraduate members to its body. The basis of election to the society is upon the basis of high general scientific or engineering ability. The men from the class of 1907 upon whom the honor of election was conferred are: Avery, Bishop, Girvin, Davis, Nicht, D. H. Osborne, and Weller.

OUR NEWSPAPER CORRESPONDENTS

A College newspaper correspondent, usually an undergraduate member of an institution, is in a position of peculiar responsibility, and he is bound by ties entirely different than those that hold the regular reporter. These are the ties that bind him to his Alma Mater.

At various times during the past year circumstances have arisen that seem to indicate that members of our local reportorial staff have ignored this duty to Alma Mater; while, strange to say, at other times they have also neglected their duty to themselves and to their papers.

No censure too strong can be placed upon a man who wilfully distorts news in a way to place his college in a bad light merely to get a "scoop", or to avenge a personal grudge. Glaring examples of articles of this nature have had frequent exploitation in our Schenectady dailies. It is not a personal matter in any such event, but one that concerns the entire college, and the student body would do well to express its disapproval of any such action in the future.

Our correspondents also seem to have a perverted sense of the place college news should hold in the city dailies. News of considerable moment is often crowded into an inch or two of space, or is left out entirely, while the general aim seems to be to present college news as if it came from a foreign country. Expressions like "upper-classman", "Old Union", "'Varsity", "Senior" etc., commonly appear enclosed in quotation marks, as if their use was condemned by polite society.

We have before us city newspapers of a number of college towns and in every case the articles concerning the college are written as if the author had a vital interest in his institution; as if he felt that the townspeople were in sympathy with his

views, and defeats in no instance are made the subject of glaring headlines.

A little reform will help a great deal.

COLLEGE IMPROVEMENTS.

By appointing a committee to investigate the condition of the college grounds and to prescribe reforms where necessary, the college trustees have given an impetus that will help Old Union a long stride forward on the road of progress.

True, our campus has never been in execrable shape, but there has been room for a few improvements for a long time. Decided legislation for firmer roadbeds, the fixing up of crumbling ruins, and the consideration of a general plan for improvement is one that should be highly commended.

With the erection of a new engineering building under contemplation by the same committee we hope that Union will again make a start to regain her proper place as one of the leaders of educational progress.

BASEBALL.

Varsity Loses to Williams by 12-2.

Last Saturday the Garnet suffered its second defeat of the baseball season, losing to Williams on the latter's diamond by the score of 12-2. The game from our side was marked by a lack of vim and snap. Every player doubtless played his best but a considerable part of the time that best was very mediocre.

The day was cold and disagreeable and this contributed largely to the lack of spirit displayed on both sides, and at the end of the sixth inning the game was called by mutual consent of both captains. Williams started to score in the first inning when two hits, two errors and a base on balls netted two runs. In the second they sent eleven men to the bat, and three hits, two errors and two bases on balls tallied up to five more runs. The Garnet held together then in good shape until the sixth, when four more Williams men ambled across the plate for scores. It was in the second that Union's two sole runs came in; then Davis got to first on balls, King made a neat sacrifice, Hoffman made a hit and an error landed Davis and

Hoffman across home plate for a run each.

As the score shows Union had but four errors as against Williams' three. They came however at critical periods and made points for Williams. Davis pitched a good consistent game, but lacked snappy support from the infield. Williams excelled at infield work and caught 11 men on first. Davis struck out eight men as against Williams' five.

During the latter part of the game, when the outcome was no longer in doubt, Coach Lauder of the Williams team put several new men into the game, including three freshmen.

The score stands as follows:

WILLIAMS—	A.B.	R.	1B.	P.O.	A.	E.
Young, s. s.....	4	2	3	1	2	1
Wadsworth, 2b....	4	2	1	0	3	0

College Meeting.

Practically a full attendance of the entire student body marked last Monday's chapel meeting. The meeting grew somewhat monotonous towards the end on account of the amount of time necessarily devoted to the compilation of the report of the athletic advisory committee relative to the adoption of the by-laws of the athletic association. This matter was not fully settled and will come up again for consideration at Monday's meeting.

At the opening of the session President White of the student body appointed Mr. Cantwell chairman for the meeting on account of the report that the president had to make as chairman of the committee concerning the athletic by-laws.

Bishop, '07, spoke first. He announced the track schedule for the coming season, and made the statement that Dr. MacComber was very well pleased with the work being done by the team. He also gave an account of the New York State Intercollegiate League that formerly consisted of Hobart, Hamilton, Rochester, Colgate and Union. Several years ago, he said, Union, through what was probably her own fault, dropped out of the league, and that it was "up to" the student body as being interested in intercollegiate relations with these other colleges to make application for readmission to the league. The motion to apply for readmission was passed by a unanimous vote.

Captain Harvey then spoke on the Williams game—that poor playing was a marked feature, and the players for some reason were not in baseball game. He said that it was a poor

proper condition to play a good game of ball on that day. Each player did his absolute best, but a lack of snap spoiled our chances for winning the game. There was one redeeming feature of the game, however, and that was the base running ability showed by the team, and if they had been only able to locate the ball better in batting the score for our side would have been much larger than it was. As it was, one hit and one error scored two runs for us. Hard work from now on is an absolute necessity so that the team can get into proper condition to meet our other opponents with a little more confidence.

Captain Flowers, in speaking for the track team, urged all the basketball men to come out and try for places on the track team. Since they have had a winter's training they should be in fit shape to do well on the track this spring, and should be sure point winners.

Brennan, '07, spoke for the managerial side of the baseball team. He said that the new suits for the 'Varsity team would be here this week and that there would then be sufficient material to equip two full teams. He also urged the college men to bring around the "feminine element" to the campus games this spring.

On account of a misapprehension, White, '07, made the statement that all the money collected by special assessment for the tennis association had to pass through the hands of the athletic board, and was subject in the regular way to their supervision.

Davis, '07, spoke unfavorably of the press club, and especially of the members of the college reportorial staff on the local newspapers. He said that the account of the Williams game as it appeared in one of the Schenectady dailies was a disgrace to its author, and showed an

entire lack of college spirit on his part.

The athletic rules as revised by the committee were then brought up for discussion. Part of them were adopted and the matter was then laid on the table for further consideration at the next meeting.

Athletic Board Meets.

On Wednesday evening the Athletic Board held an important meeting in Silliman Hall, with a full attendance of all the members. The main work of the evening consisted in the ratification of the football schedule as arranged by Manager MacMullen for next fall. The schedule adopted stands as follows:

- Sept. 28—Rutgers, on the Campus.
- Oct. 5—Colgate, on the Campus.
- Oct. 12—Middlebury, at Middlebury.
- Oct. 19—Rutgers, on the Campus.
- Oct. 26—C. C. N. Y., on the Campus.
- Nov. 2—Hamilton, at Clinton.
- Nov. 5—St. Lawrence, on the Campus.
- Nov. 9—Rochester, on the Campus.
- Nov. 16—Trinity, on the Campus.
- Nov. 23—N. Y. U., at New York.

A special committee was appointed to make an investigation into the matter of securing a suitable football coach for next fall. The committee, it is said, already has a definite man in mind, and should his acceptance of the position occur, the matter will be settled in a few days.

The other business transacted consisted in the ratification of the R. P. I. and the Trinity track meets to be held this spring on May 11 and May 30, respectively. The matter of applying for readmission of Union into the New York State Intercollegiate League, as voted for by the student body, was placed in the hands of the secretary of the committee, and it is expected that the matter will be favorably acted upon before the time scheduled for the meet of the league, to be held near the end of May.

The Glee Club Trip.

Vischer's Ferry was accorded the honor of a visitation from the Glee Clubs and Carl Wachter on Wednesday evening. The expedition started out from the waiting room at six-thirty and in due season arrived at the church at the Ferry where the audience was gathered to hear the concert. The program rendered was as follows:

- "The Jolly Smiths".....Glee Club
- "Stein Song".....Kline, '08,
- "Mammy Loo".....Quartette
- "April and November".....Davies, '08, and Club
- "The Rosary".....Richardson, '07
- "Dixie Kid".....Quartette
- Piano Selection.....Mr. Mausert
- "Fishing".....Kline, '08, and Club
- "Sing Me to Sleep".....Kline, '08
- "Who Built the Ark?".....Quartette
- Piano Selection.....Mr. Mausert
- "The Tale of the Tack".....Glee Club
- Imitations.....Fuller, '08
- Terrace Song.....Glee Club
- Piano Selection.....Mr. Mausert
- WATCHER ARRIVES**.....CARL
- Carolina.....Quartette
- Reading.....Wachter, '09
- Imitations on the Piano.....Mr. Mausert
- "Winter Song".....Glee Club
- Reading.....Wachter, '09
- College Medley.....Glee Club

The audience from the first seemed rather unsympathetic and encores were rather scarce. The work done by Mr. Mausert in coaching the club, however, showed its effect in the way in which the

numbers were handled, and the entire concert was a great improvement over the Castleton venture.

There was plenty of fun for those who took the trip, and all enjoyed the collation served in the chapel after the concert. Davies, in his solo, made a hit as an extemporizer with the club. The audience, however, did not see the point, because that came later—in the tack song.

Watcher made an ineffectual attempt to be absent from the proceedings, but arrived in time to deliver one or two of his readings to the audience. As an encore he told of his experience in getting to Viscers Ferry from the end of the Troy line, and scored a hit. After the concert the club held an informal Salvation Army meeting at the car line.

Those who participated in the concert were:

Stearns, '07, Richardson, '07, Fairbairn, '07, Davies, '08, Fuller, '08, Keith, '10, Marx, '08, Watson, '08, Kline '08 Leader, Corbin '09, Faust, '09, Coplon, '10, Paul, '10, Ferguson, '10, Walser, '10, Hutchens, '10, and Robinson, '10.

The College Man's Favorite Store

"Varsity" chaps hereabout are deucedly partial to Holtzmann's doughter-know—they like the little "quips" and turns (if we may be allowed the expression) in Tailorcraft that makes their ready-for-wear gorments for fresh, middler, soph and seniors so typically collegian. Boys, we just want to say that your favorite store is ready to make you look every inch the college man. You know quite well that college cut clothes are the characteristic of the College spirit. No young man can be said to be thoroughly inoculated with the indefinable exuberance who is lax in this particular. The rah! rah! rah! cannot be evoked with the same gusto in an ill-fitting suit, so get ready to "holler" in a Holtzmann's Perfection fit college tog. Hats—Haberdashery.
