UNION DEFEATS COLGATE.

The Garnet Adds Another to Its Long List of Victories, the Score Being 33-14.

Scoring 33 points to Colgate's 14, the Garnet five win last Friday evening in one of the fastest games ever seen on the armory court. From the first, the machine like passing and precise team work of the Union players showed that the Maroon never had a chance. Union's scoring machine, too, was in fine condition, while the guarding was very close. McKinstry and Fairbairn were the stars for the Garnet, while Hammond and Loeber shone for Colgate.

The first half started with a rush and after three short passes, Coward was able to cage the first goal for Union. From then on it was all Union's game, Colgate scoring but three points, all on free throws during the first half, the score standing 16-3. About the middle of the half, Colgate began to make substitutions, but was unable to stop the scoring by Union. Union kept the same line-up throughout.

The second half started with both sides playing their hardest and as a consequence the game was very rough. Colgate, however, committed the greater part of the fouls and only three were called on Union. Loeber, the Colgate captain, was disqualified for personal fouls, but through the courtesy of the Union players, he was allowed to continue in the game. Moore, Loeber and Schraedick were all, at various time against Micks, but were unable to do much.

During the last few minutes of play, Colgate, with nothing to lose, resorted to long shots in the hope of increasing the score, but were unable to make many of the shots. Union's guarding prevented the Maroon from getting the ball past the center of the floor, while Hequembourg, McKinstry and Fairbairn often carried the ball the entire length of the floor for a goal.

The line-up and score:

COLGATE (14)

UNION (33)

Roth, Hammond ----- McKinstry
Right Forward.

Kennedy, Platt, Loeber ----- Hequembourg
Left Forward.

Moore, Loeber, Schraedick ----- Micks
Center.

Collins, Hendrickson ----- Fairbairn
Right Guard.

Musk, Schraedick, Rich ----- Coward
Left Guard.

Umpire—Avery of Syracuse. Referee—Tilden.
Scorers—Clowe, Union; Piper, Colgate. Timers
—Weller, Union; Moore, Colgate. Twenty-minute
halves. Goals from field—Hequembourg, 2; Mc-
Kinstry, 4; Coward, 3; Fairbairn, 2; Micks, 1;
Hammond, 2; Kennedy, 1; Loeber, 2. Goals
from foul line—Coward, 9; Roth, 2; Hammond,
1; Rich, 1.

SPRING TRACK.

Within a short time the members of the track team will be on the oval under the direction of Dr. McComber and "Eddie" Felsthausen. Already some of the enthusiastic runners are training despite the arctic conditions that confront them and their showing in the Troy meet proves that we have at least makings of a good team. Probably the biggest gap to fill will be the places in the weights and in the hurdles. However, freshmen, who may show ability later are out and are training hard.

PRESIDENT RICHMOND'S

TRIP THROUGH THE WEST.

"Prexy" Richmond will start on his western trip during the second week in March. His purpose is to arouse more interest in the college and to keep more thoroughly in touch with the alumni. On his trip he will speak to alumni gatherings at Elmira, Buffalo, Detroit and Chicago.

GARNET LOSES TO ROCHESTER.

**In a Fast Game, Union Goes Down to Defeat
by the Score of 29-12.**

Rochester defeated the Union five at Rochester Wednesday evening, in a game marred by many fouls and much unnecessary roughness, by the score of 29-12. The Yellow team started the game with the intention of wiping out the defeat administered by the Garnet players at Schenectady a few weeks ago and succeeded even farther than they intended. However, the game was not as one-sided as the score would show, Rochester having a lead of but three points at the end of the first half, while some of the hardest and fastest basketball ever seen on the Rochester court was exhibited during the second half. Fairbairn, as usual, was the star for Union and was the one man who received praise from the Rochester papers. Kaiser made most of the baskets for the Yellow team and was one of the best players. McKinstry, who has been the Garnet's biggest score getter was watched so closely that he succeeded in caging but one basket.

During the entire game, the guarding was very close and the greater part of the baskets made were on long shots. Rochester was particularly lucky in these and scored most of her points on them. Union's greatest trouble was her inability to carry the ball up to the basket. In addition to other troubles, the referee was unfamiliar with the rules and was constantly engaged in discussions with the players. In the second half, Dunn, the Rochester guard, commenced slugging and was put off the floor. The Union players, however, courteously allowed him to re-enter the game.

The line-up and score of the game:

ROCHESTER.		UNION.	
Schoen	-----	Coward, Hequembourg	
		Left Forward.	
Kaiser	-----	McKinstry	
		Right Forward.	
Neary	-----	Micks	
		Center.	
Edwards	-----	Fairbairn	
		Right Guard.	

Dunn ----- Coward, Brumm
Left Guard.

Field goals—Kaiser, 6; Edwards, 1; Dunn, 1; Schoen, 2; Neary, 2; Coward, 2; McKinstry, 1; Fairbairn, 1. Baskets from foul line—Neary, 5; Coward, 4. Time of halves—Twenty minutes. Referee—Curtis of Simpson College.

BASEBALL PROSPECTS FOR 1911.

The baseball team will begin practice next Tuesday in the gymnasium. At first there will be practice only three days each week, Tuesday, Thursday and Friday, at 4:30 p. m.

It will be very necessary for the squad to get down to work at once as the season begins extremely early. The first game is to be played on April 8th at New York against New York University.

The prospects for a good team this year are very bright. There are nine men left from last year's squad. These men have played with each other before and so will be able to get together at once and play a fast game from the very start. Last year's men include Dunn '11, Mackey '11, Biche '12, Fairbairn '12, Shaw '12, Dennis '12, Peckham '12, Hutchins '13 and Giddings '13, while O'Keeffe, who played a star game in the box last season, will be over from the Albany Medical College and several other very fast men from Albany, are expected to try out for the team. Since the majority of the men have played together before and the usual trouble of organizing an entirely new team will be avoided, the men will be able to do signal work in the first game which in past years has not been the case.

With the material that should come from the Freshman class, Union ought to have one of the fastest teams that has ever represented her on the diamond.

PRATT HERE SATURDAY.

Union will line up against the fast Pratt five on the local court Saturday. Pratt has a reputation as having a fast team and the game will probably be one worth seeing. Last year Pratt won both games and Union is anxious to wipe out the old score.

PROF. ANGELL'S LECTURES.

Two more installments of the psychology lecture course were delivered by Dr. James R. Angell of Chicago University before exceptionally large audiences in the college chapel on Monday and Tuesday nights of the past week.

The subjects treated were "Individual," and "Social Psychology," respectively. As the course proceeds the lectures seem to become more interesting and the already large audiences larger so that chairs have been borrowed on different occasion from Silliman Hall with which the space between the chapel seats and the platform has been filled.

On Monday night Dr. Angell discussed briefly the subject of advertising during a part of the hour and compared the relative efficiency of many well known advertisements such as appear in our magazines. He expressed the opinion that an advertisement should have one main feature—or core as he called it—which should appear in every advertisement and which might be a name, picture of a person, scene, etc. The core should remain the same so that the impression on the mind might be kept fresh and permanent; but the rest of the advertisement—printing matter or what not—should be presented frequently in unique and new ways so as to arrest the readers attention and keep him from skipping over what would appear under ordinary circumstances as something he already knew all about.

On Tuesday night Dr. Angell included in his course a short talk on the function of play in the development of children and during his talk cited many amusing incidents relative thereto.

The last two lectures of the psychology course will be delivered on Monday and Tuesday nights of February sixth and seventh in the college chapel. The subjects will be "Comparative Psychology" and "General Genetic Psychology," respectively.

THE 1912 GARNET.

The first proofs have already been received from the printer and the work on the book is fast being completed. The book will contain more than sixty cuts of drawings and nearly two hundred other pictures. The book will break all records by appearing about April first, not on that day, however.

**MISSION STUDY IS ORGANIZED
BY CHRISTIAN ASSOCIATION.****Five Interesting Courses Are Announced.**

This year the Christian Association has for the first time undertaken a comprehensive policy in mission study. Five courses have been offered as follows:

1. "The Awakened Empire of China," led by Chas. N. Waldron '06.
2. "India; Its Life and Thought," led by Samuel M. Cavert '10.
3. "Medical Conditions in the Orient," led by Otto A. Faust '11.
4. "The Decisive Hour of Christian Missions," led by Mr. Warren C. Taylor.
5. "The Immigrant in Our Country," led by H. W. Baker '11.

Wilbert B. Smith of New York, candidate secretary of the Student Volunteer Movement, was on the Hill on Monday and at college meeting spoke on the value of mission study to college men.

The various classes met for organization last Tuesday evening. The regular time of meeting is to be Tuesday evening at 7:15 o'clock.

H. N. Trumbull '12 is chairman of the committee that has charge of the mission study work. Any men who have not already enrolled in one of the courses may do so by seeing him at Silliman Hall.

MUSICAL CLUBS.

The Musical Clubs gave a concert at Emma Willard School at Troy, Monday evening. The auditorium was crowded to the utmost and everyone was pleased with the concert. This is the first time that any college Glee Club has been admitted to the Emma Willard School.

Owing to the illness of Manager Fink, Churchill, assistant manager, has charge of the clubs during the New York trip. Last night the clubs gave a very successful concert at Tarrytown and tonight they are scheduled to appear in Brooklyn. This is the first time that any Union College Glee Club has visited New York. This trip will do much toward making a name for the college in southern New York. The clubs are handicapped on the trip by the absence of some of the best men, several of whom are ill.

TO THE BROAD-MINDED MAN.

The subject of mission study, as presented at the college meeting last Monday by Wilbert Smith of the Student Volunteer Movement, is one that deserves the honest consideration of college men.

The average college student is, naturally enough, most concerned with what is going on upon the campus. It is little that he knows of great world movements that are taking place in some of the greatest nations of the world. "But why," it may be asked, "ought he to think of things outside of his fraternity, his class, his team, and his college?" Why? Because he has much to gain thereby. Stop and think for a minute.

You came to Union to develop yourself, to get a wider view and a deeper understanding of the world, to receive broad culture and education. If your point of view is limited to the little part of life that you see within the college walls, you are dwarfing the possibilities of your college education. Mission study has a decided contribution to make by giving breadth of outlook, a world view-point, a knowledge of other peoples, of the ethnic religions, of the great world movements of today.

The study of missions reveals some facts that you as a college man ought to know. **Are you an engineer?** If so, do you know that China has more coal, iron and general resources than any other nation in the world, that these resources are practically untouched, and that there is hardly a power house in the whole empire? **Are you interested in teaching?** If so, do you know that China has just adopted a new system of education that will rival ours, and that she will probably soon have more students than any other nation in the world? **Are you interested in politics?** If so, do you know that Turkey and Persia are just trying constitutional government? **Are you interested in sociology or history?** If so, what is the cause of the great tide of unrest in India?

And all this is aside from the fact that the question of foreign missions is so essential to the Christian religion, that no argument should be needed to convince Christian students of its importance.

**OVERDOING
STUDENT
ACTIVITIES.**

Most college men have considerable antipathy for the "grind," by which is meant, of course, the student who has no apparent aim in college, but the accumulation of a mass of book learning. This feeling is natural, and also justifiable, because the world needs today not mere book-worms but broad, "all-around" men.

The resulting tendency is to consider as the best developed and most commendable college man him who can fill the "Garnet" with the longest string of college honors, because he has engaged in the greatest number of student activities. And just here a note of warning is needed, because in a college of Union's size there is a constant temptation for one man to become engaged in so many activities, that he has not the time to give to all of them the attention that they deserve, to say nothing of giving serious thought to his regular college work.

Students of ability are needed at Union in every college activity; but it is far wiser for each man to concentrate his energy and ability upon a few phases of work for which he is best fitted, and to which he can confine his interest and enthusiasm. If such a course were followed, both the student activities and the regular college work would show increased efficiency.

**THE EDITOR
IN ERROR.**

Through the kindness of Professor Bennett, the editor has learned that he was in error when saying in last week's issue that the first picture hanging down from the rear railing from the balcony on the right hand side represents, Jonathan Edwards, the younger. The portrait is really that of the Rev. John Blair Smith, Union's first president.

The editor wishes to express to Professor Bennett his appreciation of the interest taken in the Concordiensis. Other criticisms or articles from any of the faculty, alumni or students will also be appreciated. Following is Professor Bennett's letter printed in full.

After the Troy meet, some one asked LaBaron '13 if he ran the 600-yard dash against time. "No," he replied "for time."

Union College, February 20, 1911.

My dear Mr. Editor:

You are in error about "the first picture hanging from the rear railing of the balcony on the right hand side." It presents, not the Reverend Jonathan Edwards the younger, second president of Union College, but the Reverend John Blair Smith, our first president. In the interest of truth, which "is mighty and will prevail" and which, "if ye know it, shall make you free,"—a great desideratum surely—will you kindly give space for this correction in your columns. A portrait of President Edwards, a man of mark but far more virtuous than handsome, hangs in the library,—the first portrait to the left of President Potter's.

President Smith and President Edwards were both of the Princeton line which has come down to us from former generations. President Smith was somebody in his day. In Doctor Raymond's "Union University" (Volume I, Chapter V) may be found a brief record of his life written by

Your friend and obedient servant,
JOHN IRA BENNETT.

SENIOR CLASS ELECTS.

A meeting of the senior class was held Tuesday afternoon in the chapel and all the class day officers were elected. The officers are:

Class Poet	-----	R. R. Micks
Marshall	-----	T. S. Ingham
Class Song Leader	-----	L. W. Bentley
Pipe Orator	-----	E. J. O'Connell
Ivy Orator	-----	Leo Hanigan
Prophet	-----	B. A. Gray

At the same meeting it was decided to hold a banquet, which all the former members of 1911 as well as the present seniors are expected to attend. The time and the place will be decided upon by the committee in charge of the matter.

The following members of the Union chapter of the Chi Psi fraternity went to New York to the seventieth annual convention, held at the Hotel Astor Thursday, Friday and Saturday of this week: Stanley C. Miller, Harry R. Sawyer, Everett K. Hawley and Richard W. Evans.

TO DEAR PROF.

On Failing to Pass a Condition Exam.

He's stuck me once more—he's been planning
to do it

Since I got a good laugh on him—that made
him sore.

They said at the time that I'd have cause to
rue it—

He's stuck me once more!

It's no use to cram what I've studied before,

And besides, if I boned till my face became
blue, it

Would be all the same; he'd just stick me some
more.

I haven't the ghost of a show to get through it,
And there's no sense in re-learning what I've
once been o'er.

I've heard of a job—guess I'll go down-town
and glue it.

He's stuck me once more!

—Targum.

UNION MEN IN TROY MEET.

Union men showed up strongly in the athletic
meet at Troy last Wednesday evening and car-
ried off three prizes. LaBarron, '13, the two-
mile record holder, added to his laurels by carry-
ing off first prize in the 600-yard dash. He did
not need his 40-yard handicap to win, for he led
the field from the start. Daly captured third
place in the 150-yard dash, and Baker, '14, won
second in the high jump with a mark of 5 feet
and 4 inches and a 6-inch handicap. The other
Union entrants were unable to capture a place.

STUDENT PUBLICATION BOARD.

The members of the Student Publication
Board of Union College are at present working
over the constitution and by-laws for the Board.
Meetings have been held in the Press Club room
and it is hoped that within a week the matter
will be in fit shape to lay before the student
body. The members of the Board include Presi-
dent Richmond, Dean Ripton, Dr. Barnes, Faust
'11, Bowman '11, Gray '11, Cavert '11, Harden-
bergh '12 and Hequembourg '12.

INTERCLASS BASKETBALL.

Now that the sophomores have beaten the
freshmen for the underclass championship of the
college, the juniors, the interclass champions for
the past two years are getting up a team to
trounce the presuming underclassmen. The first
game will probably take place early in the week,
for the 1912 men are willing to play without any
previous practice.

The sophomores have won several outside
games and the frosh have been defeated only by
the 1913 men. 1914 won from Amsterdam High
School 27-23 and from the Albany State Normal
College 27-20. The 1912 class team possesses
the reputation of never having lost a class game.

FRATERNITY CONVENTIONS.

The seventy-ninth annual convention of the
Alpha Delta Phi fraternity was held in New
York under the auspices of the Columbia chap-
ter on Wednesday, Thursday and Friday. The
Hotel Astor was the headquarters of the conven-
tion and the banquet was held there Friday even-
ing. Besides many Schenectady alumni, the fol-
lowing active members from the Union chapter
attended: Robert B. Shepard, Walter S. Hoyt,
Raymond D. Shepard and Harry C. Ewens.

Alumni News.

EDITED BY GRADUATE COUNCIL

CLASS REUNION.

The classes of 1908, 1906, 1901, 1896, 1891, 1886, 1881, 1871 and 1861 are to hold reunions this commencement and it is a pleasure to note that several of the classes have begun their preparations. The class of 1881 has been most active in this respect and under the direction of its secretary, Mr. Samuel P. McClellan, has prepared a good program for their thirtieth reunion. On Monday, June 12th, at 6 p. m., they will hold a reunion dinner at the Mohawk Club. This dinner is to be given by a resident member and following it will come the election of officers, including a representative on the Graduate Council. Its program for Tuesday, Alumni Day, is not ready for announcement further than that it will cover the entire day and wind up with an automobile ride and supper.

WHO'S WHO.

In the last issue of the Concordiensis there was an article on college efficiency, the material for which was furnished by Dr. Alexander Duane, '78. To quote from his article further we get information of special interest to the classes. "Excluding the earliest classes, which have less than ten surviving members, the banner classes are 1863 with 28 per cent. of its members in Who's Who—a truly remarkable record—then 1858 with 21 per cent., 1872 with 19 per cent., 1849 with 15 per cent., 1865 with 10 per cent., 1859 and 1882 with nearly 9 per cent., and 1870 and 1876 with 8 per cent. Certainly the showing is one of which Union may well be proud."

NOTES.

1892. William T. Dougan is chief engineer for the Metropolitan Street R. R. of New York City.

1881. Alexander V. Campbell is practising

law, with offices at 203 Broadway, New York. William P. Williams is president of the Art Marble Co., corner of Flourney and Rockwell Streets, Chicago.

1883. Rev. James Cantine of Muscat, Arabia, has done much to give Union a reputation among contemporary missionaries. His work as a teacher in Arabia has been most successful and receives attention at the great missionary conventions.

1884. Rev. W. N. P. Dailey of Amsterdam has recently sent the secretary of the Graduate Council copies of the tenth, twentieth and twenty-fifth reunion publications of his class. These books are well gotten up and might well serve as a model for other classes. The secretary of the council would like to have copies of all such class books as they are of great value as records.

1885. Mr. Robert E. Speer, who recently spoke in chapel, congratulated us on the work of Harvey DeWitt Griswold, D. D., of Lahore, India. Mr. Speer told us that Dr. Griswold was one of the most highly respected foreigners in Northwestern India and a Sanskrit scholar of distinction.

1886. The class of 1886 has appointed as committee to arrange for its twenty-fifth reunion: Hon. W. W. Wemple of Schenectady, Dr. Jesse M. Mosher of Albany, George R. F. Salisbury of Saratoga and T. Warren Allen of Albany.

1904. Herbert D. Allter is general manager of the Union Knitting Mills of St. Johnsville, N. Y. Robert W. Clark is with the H. W. Carter Paper Co., of Springfield, Mass. Mr. Clark spent Washington's Birthday on the campus looking up old friends on the faculty. He rejoiced in the proud name of "Zaza," was the founder of Tiger's Eye, the leading dramatic star of that day, and in many other ways a popular undergraduate figure.

1909. F. T. Chase is studying medicine in the New York Homeopathic Medical College.

THE TRI-LEAGUE DEBATE.

At the date of writing, the results of the Tri-League debates are unknown. But we still feel that Union will win. Both her teams are made up of seasoned men, and Professor McKean has been an efficient coach. Indeed the record of the past four years are a proof of this. The worth of the team was clearly shown in the Cornell debate, and with this record we feel that we have little to fear as to the result.

Mary had a new sheath gown.
 It covered her by half.
 Who cares a darn 'bout Mary's Lamb
 When they can see her calf?

Elderly Husband (lately married) to an old college chum—"And what do you think of my wife?"

College Chum—"Gee, but she'll make a stunning widow."

Harvard Student—"Is there no way for me to get the key of your heart?"

Miss New Haven—"I'm afraid not. It has a Yale lock.—Ex.
