### THE MUSICAL CLUBS EN TOUR They Journey to the Wilds of Gloversville and Oneonta

Imbued with the idea that the wonderful ability of Union's musical undergraduates ought not to remain concealed behind the gray walls of Silliman Hall, Manager Parsons, with fear and

grift and Mead did a few stunts on their mandolins and received plenty of commendation also. Seven-thirty saw the embryo theatrical company at the First Baptist Church and barring the fact that Shelley unwittingly took a cool bath in the baptismal font it found commodious dressing quarters without mishap. At 8:15 the Glee Club appeared before an audience of over one thousand persons and made a ten-strike which was duplicated by the Instrumental Club, re-duplicated by the Quartette and triplicated by Wachter. It can confidently be said that the Union

trembling secured dates at Gloversville and Oneonta, and the Rubicon was crossed.

The Gloversville car was filled with music on the evening of April 26th and under Ey Reed's direction, the combined clubs and Carl Wachter gave a dress rehearsal. The first attempt was enthusiastically received by the other passengers and all boded well for Union. Vander-

Clubs have never appeared before a more enthusiastic audience. The 10:30 car bore away the club, including the manager flushed with coin in the shape of nickels and dimes which played sad havoc with the pockets of his new spring coat.

Being under strict orders to re-assemble the following morning at 10 A. M., in order to catch

the train for Oneonta most of the fellows did so and when the train drew in only Mark Watson and Eill Faust had failed—but no—they are tearing madly up the track and swing on the last car as it draws swiftly away.

Manager Parsons met trouble in the shape of a conductor who insisted that theatrical troupes could not travel on mileage but when Parsons gently but firmly insisted that he was carrying his family to which all heartily assented Sir Knight of the D. & H. skilfully removed twenty miles too much and passed us on. At Delanson we climbed down and after a hasty inspection and a short yell for mine host of the Red Lion we boarded the incoming express and disposed ourselves for the fifty-mile jaunt to fair Oneonta. Again Manager Parsons feared trouble but the saintly conductor smiled benignly and proceeded to remove thirty miles too much from the mileage book and we were safe for the nonce.

The genial host of the Windsor received us with open arms and consigned Welles, Vandergrift, O'Donnell and Snow to No. 23.

Assembled at dinner the regular patrons were treated to several popular selections and encores for more but as the hors d'oeuvres had been consumed it was necessary to hie ourselves to the theatre for the matinee. As a rehearsal for a few friends this performance was a decided success but as a full-dress performance to a Warfield audience it missed the mark by about 400 people. At 4:30 the audience put on her hat and went out to tell her friends how good it was. The clubs adjourned to see the Normal and other points of interest in this thriving town and did not assemble again till supper time.

Manager Parsons took a swift look at the assembled audience which filled the pretty play house and expressed himself gratified with the box-office results. The clubs gave the best performance of their trip and were applauded again and again.

At the close of the concert the clubs adjourned to the Normal where the girls tendered them

a very delightful dance.

Nine o'clock next morning found the fellows awake and ready for departure and after a farewell hand-shake with Proprietor Richmond and Nate Fenton they marched through the streets singing the good old college songs and bade Oneonta a fond farewell.

They reached Schenectady at noon tired but happy and voted that the trip was unparalleled success.

### DR. RAYMOND HONORED

#### Chairman of Rhodes Scholarship Committee

President Raymond has been selected as chairman of the Rhodes Scholarship committee from New York State, to succeed President N. M. Butler of Columbia University. The other two members of the committee are President Bush Rhees of the University of Rochester and the Rev. David W. Hearn, president of St. Frances Xavier College of New York City.

It will be remembered that these scholarships are made possible by the large fortune left by the late Cecil Rhodes. Each scholarship is valued at about \$1,500 a year for three years. They are awarded to students in American colleges as a result of distinction in both scholarship and athletics. The next qualifying examination will be held in January, 1907 and the final choice will be made before the end of March. Those chosen enter Oxford in the following October.

### SIGMA XI SOCIETY

#### Initiation and Lecture

The local chapter of the Sigma Xi Society has admitted to membership the following men: A. H. Kruesi, B. E. '98, M. E. E. '05, and Melvin Casler, Arnold Chapman, Clarence Darby, Daniel Imrie, Warner King, Leon Lewis, Leighton Peebles, Carl Otto Von Donnenburg at Silliman class of 1906. They were initiated at Silliman Hall, May 2nd, 1906, after which Prof. James H. Stoller, president of the society introduced Prof. Olin H. Landreth, who delivered an address upon "The Protection of Pure Streams and Water Supply."

In the course of the lecture Prof. Landreth cited the different causes of stream pollution, and gave concrete examples of each. He then described clearly the various methods of overcoming these dangers and even utilizing the apparent waste-matter. The laws governing the different departments of sanitary supervision were quoted in part, and their effectiveness and suitability discussed.

After the lecture, which was illustrated by diagrams and points, pertinent topics were taken up by the lecturer and several of the audience. Not only were the members of the society present, but also several people from the city and vicinity who are especially interested in the subject.

#### Mr. Darling's Lecture.

An extremely interesting lecture was given in Silliman Hall last Sunday afternoon by Mr. H. W. Darling, Treasurer of the General Electric Company.

Mr. Darling is a thorough business man himself and consequently his lecture on "Business as a Life Work" was extremely interesting.

He put considerable stress on the importance of choosing a life work; the thought and consideration that it ought to receive and the fitness of one's self to follow any profession.

Mr. Darling spoke of the great changes that had come over the business world in the past few years; how it was conducted by consolidated corporations rather than by individuals.

He then spoke of habits as having a great influence upon success in business; he claims that the American is a born trader and that business is in great part a natural instinct with him. Good business ability may not always be born in a man but it is not beyond the power of acquisition.

Mr. Darling then mentioned the essentials of a good business man; method, perseverance, regularity, accuracy, thoroughness, decision, ability to act calmly in times of emergencies; and above all truth. He also showed wherein the English method of training young men differed from the American. Whether a man become engineer, doctor or lawyer, some business ability is necessary and Mr.

Darling's speech showed how important this is. His talk was highly appreciated as indicative of the interest which he has in the college. It is hoped that Mr. Darling may be persuaded to lecture again before the students.

#### Edwin Wilbur Rice, Union, '56.

Edwin Wilbur Rice, D.D., of Philadelphia, lectured in the college chapel last Friday. Dr. Rice is an alumnus of Union and father of one of the present trustees of the college. His subject was, "Early Colonial Household Literature of America."

In the course of the lecture he showed how little literature the early colonists had, and to what an extensive use they put that which they did have.

The unusual humor and peculiar ideas held by the critics of the earlier times served to make Dr. Rice's lecture highly interesting.

He was kind enough to read some examples of the ballads and other literature common to the earlier times. Particular reference was made to the "New England Primer" and "Poor Richard's Almanac."

The few that attended the lecture were amply repaid. It is to be regretted that more students did not avail themselves of such an exceptional opportunity.

#### Christian Association

**SUNDAY VESPERS**—Dr. Lunn, of the First Reformed Church, will speak on "The Ministry" as a life work.

**TUESDAY EVENING**—Leader, Stevens, '08. Subject, Northfield.

The Tuesday evening meeting of the Christian Association will be taken up with a description of the Northfield Conference, which occurs this year from June 22 to July 1, and some of the plans that have been made to have Union represented by a large delegation of men. Stevens, '08, will have charge of the meeting, while Dr. Ellery and some of the students who have attended the Northfield Conference will give some of their impressions of it. The conference is a very important event, being attended by nearly a thousand students from colleges all over the East. Union should be represented this year by

at least ten men. The association will be able to pay a large share of the expenses of that number of men, and every effort will be made to send them. It depends only on the students. The delegates will be chosen from the college at large, not from the membership of the Christian Association. A large number of men should come out to the Northfield meeting, even though it may not be possible for them to go as delegates.

### THE TERRACE COUNCIL New Senior Society

At the Senior Class meeting last Monday morning a new honorary society was organized. Its members are to be selected from the senior class, the basis of memberships depending upon scholarship, athletic honors and prominence in college activities. The name of the new society is to be called the "Terrace Council." The following men were elected from the class of 1906: Casler, Chapman, Cook, Dann, Hagar, Imrie, King, Moon, Nutt, Peebles, Putman, Reed, Rider, Vedder and Waldron.

It is with no little trepidation that we of the new board assume the duties of office. Fully aware of the care and attention that even the smallest paper demands, we cannot fail to see the elements of responsibility that devolves upon us. Frequently we recognize responsibility—not always does our judgment further the acquaintance. Influenced by personal ideas we may lose sight of higher and more worthy motives. Should such be the case we can do no more than correct the evils of our way. But should aught of good enter these columns we seek little by way of praise. We will constantly strive to follow the example set by the retiring board, so far as the dignity and general tone of the paper is concerned. We will do our utmost to cultivate the rare gifts of discrimination and sound judgment which our predecessors possess in such full measure. The old board has given the paper strength and character. The editor has worked with tireless industry and his efforts have been crowned with signal success, not alone in the trying field of journalism, but also in the greater sphere of scholastic attainment. For one who has tried either the one or the other the difficulties overcome will be very apparent. Only then can we realize the great sacrifice of time and individual pleasure.

It is only fitting that in this connection a word be spoken for the business manager. He has allowed the publication of a paper that ranks far above most of those on our exchange table. He has made promises to merchants which will be fulfilled. All his business affairs have been attended to with unquestioned honesty and fairness. He has every reason to feel satisfied with the appearance of the paper. But has he any reason to feel satisfied with the subscription list? Are you, who haven't paid up, exactly satisfied with yourselves?

The Senior Caps and Gowns are in town.

## BROWN STUDENTS TO CONTROL ATHLETICS.

### Radical Change of Management.

A supplement to the *Brown Daily Herald* gives an account of matters in which all students are keenly interested. The corporation of Brown University some time ago requested the Faculty to assume control of athletics, and in discharging the duty, the following statements were presented to the student body:

"That intercollegiate athletic contests as at present conducted are attended by evils demanding immediate remedy is a conviction that has forced itself recently on all our educational institutions. Exaggeration of the importance of athletics; systematic evasion of rules of eligibility; secret inducements in money or its equivalent; excessive luxury, extravagance, and often mismanagement in the use of funds; frequent discourtesy, unfairness, and brutality in the conduct of games—these are evils apparently characteristic of intercollegiate athletics everywhere. Unless they can be eliminated, it is evident that these contests cannot be allowed to continue."

\* \* \* \*

"In so far as it is impossible to eradicate evils by means of legislation, and in so far as matters are by their very nature of particular concern to the students themselves, the students should be made responsible for them. Thus to students should be entrusted the choice of regulations concerning organization, rules of play and eligibility, apart from matters of scholarship and attendance; and of them must be demanded that they conduct their games and affairs honestly and fairly.

In accordance with this principle the Faculty has decided to adopt a set of regulations, subject to such additions and revisions as circumstances may seem to require. The main features of these regulations, so far as they differ from those now in force, are as follows:

1. The appointment, subject to the approval of the Corporation, of a Supervisor of Athletics, among whose duties shall be the exclusion from teams of men who are physically unfit; control of finances; supervision of the work of managers;

supervision of coaching and training; and so far as he can accomplish it, the maintenance of proper standards of play and conduct.

2. Limitation of the absences allowed for athletic purposes to a number not exceeding that which any student may take without being required to account for them.

3. The exclusion of all students who have entrance conditions; and of all who have deficiencies amounting to more than four hours for the preceding term, or more than nine hours for all previous terms.

4. The exclusion of all students in their first year of residence, and of graduate students.

5. The retention in the hands of the Faculty of the power and obligation imposed upon it by the Corporation to make such modifications in the future as the interests of the university may seem to require."

\* \* \* \*

"Subject to the restrictions enumerated above, the Faculty herewith entrusts to the students the power to determine and the obligation to enforce the rules of organization, of eligibility and of play, under which their contests shall be conducted. The only further conditions it imposes are that the first set of rules passed by them shall be submitted to the Faculty for approval; that no change in existing rules or in rules subsequently adopted shall go into effect until the beginning of the academic year following their adoption; that such changes shall not be inconsistent with the ends which the plan hereby announced has in view; and that a copy of every change in these rules shall be filed with the Secretary of the Faculty as soon as it is adopted."

## UNION, 7—COLGATE, 1.

### Union Wins an Interesting Game.

The first game of the season on the campus took place last Saturday and resulted in a victory for Union. The game was an interesting one throughout and showed the home team up in first rate style. There was no over-confidence felt and therefore the team played the best they knew how.

For Union Davis excelled in the box. His pitching was steady and effective, only six hits being

made off his delivery and these well scattered. Vogt, who caught did most excellent work, making several difficult throws with surety. Hagar put up a star game in centerfield, having three difficult chances which he took without error. There was a decided improvement throughout the whole team in batting, Union making eleven hits. Osborne, Davis and Perry each scoring two. Welch pitched for Colgate and although a trifle erratic still did fine work especially in the fifth and sixth innings when his twirling pulled the Colgate team out of a hole. Union's runs were made, one in the first, one in the second, four in the third and one in the fourth. Colgate scored one in the sixth. In the third inning Colgate went up in the air a little owing to Hayden's wild throw to first base and before the team steadied down Union scored four runs. At several critical periods of the game Union played especially good ball; twice Colgate had a man on second and third base and twice Union cut short her chances. In the fifth Colgate had men on second and third bases with none out. Risley came to bat, knocked a hot grounder which Davis neatly stopped. He held it long enough to keep the man on third, threw a speedy one to Rider who caught the batter out and put it home to Vogt in time to catch the man trying to come in from third on the play. In the ninth Rider made a pretty catch of a foul, retiring the side and ending the game.

The score in detail is as follows:

### BASKETBALL CAPTAIN

Shutler, '08 is Elected

At a meeting of the members of the three class basketball teams Thursday afternoon, Philip H. Shutler of the class of 1908 was elected captain of next years team.

The meeting was called to order by Haight '06. He announced that all these men who had participated in one whole game or two halves of different games were entitled to a vote. He

further announced that the office could be held only on condition that the captain-elect be able to make the team next year. In case he should be unable to do so, he is expected to tender his resignation to the Athletic Board.

Nominations were then called for. Shutler, '08 and D. H. Osborne, '07 were the only two men proposed. The vote was then cast, the result being Shutler 9, Osborne 8.

Shutler played a steady consistent game this season, and will undoubtedly make good as captain of next year's team, which will be the first to represent the college in this branch of athletics.

### Freshmen, 19—Watervliet High School, 18

The freshmen team went to Watervliet on last Saturday and played the High School baseball team. The final score was 19 to 18, in favor of the freshmen.

The game was very loosely played. Maughan played the best ball for the freshmen and Johnson for the High School.

There is something distinctive about the clothing we sell, that feature which marks it as decidedly different and gives each garment individuality. A few years has wrought wonderful changes in the clothing trade, a change that makes possible buying clothing, ready to wear, excelling in every way the handiwork of the ordinary tailor.

The "K. B." shoulder and coat front is the lasting foundation upon which our clothing is built. Over this foundation is carefully marked by hand the perfect fitting, shape retaining garment we sell.
